Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Continental Resources, Inc. 401(k) (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2021 Financial Statements" section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2021 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified to by a qualified institution. In our report dated September 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of Continental Resources, Inc. 401(k) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Continental Resources, Inc. (the Company) as of June 1, 1980. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the record-keeper and trustee of the Plan. Full-time employees are eligible to participate in the Plan after one month of employment. Part-time, seasonal, and intern employees will become eligible to participate after reaching age 21 and completing 1,000 hours of service during an eligibility computation period.

Contributions

Participants can contribute up to the lesser of 90% of eligible compensation, as defined in the plan document, or \$19,500 (\$26,000 for participants age 50 or older) for 2021 and 2020 to the Plan in accordance with Internal Revenue Code (IRC) Section 402(g). Employee rollover contributions are also permitted. The Company makes discretionary matching contributions of 100% of the employee's deferral contributions subject to a maximum of 10% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective April 1, 2020, the Company matching contribution was discontinued. Effective January 1, 2021, the Company elected to reinstate company matching contributions. Contributions are subject to certain limitations.

Automatic Enrollment

The Plan contains an automatic enrollment feature. Participants subject to automatic enrollment will be notified approximately 30 days prior to the date when the Company begins automatic deductions of 8% from their eligible compensation on a pre-tax basis as a deferral contribution to the Plan. The participant may stop or change this automatic contribution by following the instructions in the notice. Deferral contributions made automatically for the participant are treated the same under the Plan as deferral contributions made by election. The Plan includes previously hired employees in automatic enrollment as well as new employees. The automatic feature increases the deferral contribution rate by 1% each year until it reaches a maximum of 10% of eligible compensation, unless the participant elects otherwise.

Participant Accounts and Investment Account Options

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and plan net investment income or loss. Allocations are based on participant earnings or account balances, as defined. Participants are allowed to direct the investment of their contributions among numerous funds offered by the Plan or self-direct in

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

certain investment options of their choosing within the self-directed brokerage account (SDBA) options offered by the Plan. Fund allocation changes can be made daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Hardship Withdrawals

Participants may elect to withdraw from their account a minimum of \$500 up to the amount necessary to satisfy certain immediate and heavy financial needs of the participant, as defined by the Plan. The withdrawal may be requested from account balances of salary deferrals, matching contributions, and employer discretionary contributions. Requirements for a hardship withdrawal include: a) the distribution is not in excess of the financial need and b) all other distributions available have been obtained.

Other In-Service Withdrawals

After reaching age 59½, a participant may elect to withdraw all or a portion of their entire vested account while still employed by the Company. The minimum in-service withdrawal amount is \$500. Starting in the calendar year in which a participant reaches age 70½, an election may be made to receive distributions calculated in the same manner as minimum required distributions. A participant may elect to withdraw their vested account balance after reaching the Plan's normal retirement age, 55 (62 for employees hired after January 1, 2011), or delay until retirement. Notwithstanding the above, by law, certain contributions, including employee deferral, qualified matching, safe harbor matching, qualified nonelective, and safe harbor nonelective contributions, cannot be withdrawn prior to age 59½ without penalty. All or a portion of rollover accounts may be withdrawn. There is no limit on the number of withdrawals of after-tax or rollover contributions.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer matching contributions and employer nonelective contributions vest to the participant 100% after two years of service. Forfeitures are used to reduce any future company contributions.

Payment of Benefits

Vested benefits of retired, disabled, deceased, or terminated employees are distributed as a single lump-sum payment or installment payments and partial withdrawals. Each participant is entitled to the benefit that can be provided from the participant's vested account.

In April 2020, the Company implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

At December 31, 2021 and 2020, the Plan did not have any assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan repayment term is for a period not to exceed five years, except for loans used to acquire a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate of prime plus 1%. Principal and interest are paid through bi-weekly payroll deductions.

In April 2020, the Company adopted CARES Act provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans plus the suspension period.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$8,000 and \$420,000, respectively. These accounts will be used to reduce future company contributions. Also, in 2021 and 2020, company contributions were reduced by approximately \$549,000 and \$0, respectively, from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and money market mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

The Plan's interest in the common collective trusts is valued at NAV of units of the common collective trusts. Plan management has determined that there is not a readily determinable fair value of these trusts and, therefore, these trusts use NAV as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds and money market mutual funds in SDBAs are valued at NAV of shares held by the Plan at year-end. Common stocks and U.S. government securities in the SDBAs are valued at the closing price reported on the active market on which the individual securities are traded. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Company pays mutual fund management fees outside of the Plan. Loan setup fees are charged to the participant when a loan is issued. All other costs associated with the administration of the Plan are paid for by the Company. Personnel and facilities of the plan sponsor have been used by the Plan for its administrative activities at no cost to the Plan.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

- (a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits. There are no participant redemption restrictions for these investments or unfunded commitments. The redemption notice period is 12 months and only applicable to the Plan and does not apply to individual participant transactions, which are allowed daily.

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan did not hold any Level 2 or Level 3 investments at December 31, 2021 or 2020.

Note 5: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in shares of mutual funds, a common collective trust, and self-directed brokerage accounts offered by the Plan's trustee, Fidelity; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are paid by the plan sponsor. The plan sponsor pays directly any other fees related to the Plan's operations.

The Plan paid \$21,764 and \$61,374 of record-keeping and related trust fees to Fidelity during 2021 and 2020, respectively.

Note 6: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit-sharing/401(k) plan and trust/custodial document sponsored by Fidelity Management & Research Company, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Continental Resources, Inc. 401(k)

Notes to Financial Statements

December 31, 2021 and 2020

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8: Reconciliation of Financial Statements to Form 5500

The 2021 Form 5500 shows total administrative expense of \$(21,765), while the accompanying statements of changes in net assets available for benefits has administrative expenses of \$21,764. This difference of \$43,529 relates to the refund of mutual fund management fees and is reclassified in net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits and has no effect on the net increase of \$52,263,102 reported on the accompanying statements of changes in net assets available for benefits and the Form 5500.

The 2020 Form 5500 shows total administrative expense of \$(1,890), while the accompanying statements of changes in net assets available for benefits has administrative expenses of \$61,374. This difference of \$63,264 relates to the refund of mutual fund management fees and is reclassified in net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits and has no effect on the net increase of \$38,903,707 reported on the accompanying statements of changes in net assets available for benefits and the Form 5500.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Additionally, the outbreak of the SARS-CoV-2 virus and the incidence of COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen that have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 20, 2022, which is the date the financial statements were available to be issued.
