Plan Administrator and Participants
Claxton Poultry Farms Employees' Savings Plan
Claxton, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Claxton Poultry Farms Employees' Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

1. Summary of Significant Plan Provisions

The following description of the Claxton Poultry Farms Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. **General** – The Plan is a defined contribution plan which covers substantially all employees of Norman W. Fries, Inc. and Fries Farms, LLC collectively doing business as Claxton Poultry Farms (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.
- b. **Eligibility** – Each employee who is not a member of a union or a nonresident alien shall be eligible to participate in the Plan. Participants are eligible to enter the Plan after attaining age 21 and completing six months of service. Entry dates are the first day of the Plan quarter coinciding with or immediately following the date the participant meets the eligibility requirements.
- c. **Contributions** – Participants may contribute through payroll deductions and rollover contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer will make a safe harbor Employer matching contribution of 100% of a participant's contributions up to 3% of the participant's eligible compensation plus 50% of the participant's contributions up to the next 2% of the participant's eligible compensation. The Employer may also make additional discretionary matching contributions. The Employer did not make a discretionary contribution during 2021. The Internal Revenue Code ("IRC") imposes restrictions as to the maximum annual additions that can be made to a participant's account.
- d. **Participant accounts** – Each participant's account is credited with the participant's contributions and allocations of any Employer contributions and Plan earnings/losses, and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on the participant's compensation, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- e. **Vesting** – Participants are immediately fully vested in their employee contributions, Employer safe harbor matching contribution, discretionary Employer contributions, and the accumulated earnings thereon.
- f. **Investment options** – Upon enrollment in the Plan, participants may direct contributions into the investment options offered under the Plan. Participants may change their investment selections at any time.
- g. **Forfeitures** – The portion of a participant's account to which they are not entitled as a result of being less than fully vested is deemed a forfeiture. Forfeitures may be used to pay Plan expenses or otherwise used at the Employer's discretion. Forfeitures available for future use amounted to approximately \$118,000 and \$116,000 as of December 31, 2021 and 2020, respectively.

Notes to Financial Statements**December 31, 2021 and 2020****1. Summary of Significant Plan Provisions (cont.)**

- h. **Payment of benefits** – Upon termination of service with the Employer, a participant may elect to receive a lump sum payment of their vested account balance. Participants may elect to defer payment of their account balance if it exceeds \$5,000. If a participant's vested account balance is equal to or less than \$5,000, the account will be automatically distributed. Any distribution greater than \$1,000 that is made to a participant without the participant's consent will be rolled over to an individual retirement plan designated by the Plan administrator. In-service withdrawals are available to participants who have reached age 59½ or who meet certain hardship requirements. In-service withdrawals are also available any time from participants' accounts resulting from rollover contributions.
- i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value as disclosed in Note 3. See Note 5 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

- d. **Payment of benefits** – Benefits are recorded when paid.
- e. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Any administrative expenses paid by the Employer are excluded from these financial statements. Fees related to distributions are charged directly to the participant's account.

Notes to Financial Statements

December 31, 2021 and 2020

3. **Fully Benefit-Responsive Investment Contracts**

The Plan has entered into fully benefit-responsive guaranteed investment contracts ("GICs") with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

These contracts meet the fully benefit-responsive investment contracts criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract or termination of the Plan. The Plan's management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following represents the contract value of the GICs held by the Plan at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Traditional investment contracts	<u>\$ 8,605,465</u>	<u>\$ 10,190,378</u>

4. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Voya, the trustee, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

- a. Total investments as shown on the accompanying statement of net assets available for benefits of \$22,970,979 and \$22,440,254 as of December 31, 2021 and 2020, respectively.
- b. Dividends and interest income as shown on the accompanying statement of changes in net assets available for benefits of \$179,812 for the year ended December 31, 2021.
- c. Net change in value of investments as shown on the accompanying statement of changes in net assets available for benefits of \$2,063,788 for the year ended December 31, 2021.

Notes to Financial Statements**December 31, 2021 and 2020****4. Investments (cont.)**

- d. All investment transactions that occurred during the year ended December 31, 2021.
- e. All information included in the schedule of assets (held at end of year).

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2021 and 2020

5. Fair Value Measurements (cont.)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 or 2020.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>				
Mutual funds	<u>\$ 14,365,514</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,365,514</u>
<u>December 31, 2020</u>				
Mutual funds	<u>\$ 12,249,876</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,249,876</u>

6. Tax Status

The Plan is utilizing a non-standardized, pre-approved plan document (the "Plan document") which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated the Plan document is designed in accordance with applicable sections of the IRC. As permitted by the IRS, the Plan is relying on the opinion letter on the Plan document for its own qualification. Although the Plan document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Notes to Financial Statements**December 31, 2021 and 2020****7. Parties-in-Interest Transactions**

Voya is the trustee of the Plan. The Plan pays Voya for their services. Because Voya serves as trustee of the Plan, they are by definition a party-in-interest and, as a result, the investments in GICs issued by Voya and investment transactions pertaining to these GICs were with a party-in-interest. Morningstar Investment Management LLC ("Morningstar") provides investment advisory services to the Plan and participants and, therefore, is considered a party-in-interest. The Plan pays Morningstar for their services. All of these transactions are exempt from being prohibited transactions under ERISA.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	\$ 23,072,831
Total contributions receivable	<u>(101,852)</u>
Net assets available for benefits per the Form 5500	<u>\$ 22,970,979</u>

The following is a reconciliation of total contributions per the financial statements to the Form 5500 for the year ended December 31, 2021:

Total contributions per the financial statements	\$ 1,199,555
Total contributions receivable	<u>(101,852)</u>
Total contributions per the Form 5500	<u>\$ 1,097,703</u>

9. Subsequent Events Evaluation Date

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2021 financial statement date and determined there were no significant events necessary for disclosure through February 15, 2023, which is the financial statement issuance date.

Independent Auditor's Report

Plan Administrator and Participants
Claxton Poultry Farms Employees' Savings Plan
Claxton, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Claxton Poultry Farms Employees' Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Summary of Significant Plan Provisions

The following description of the Claxton Poultry Farms Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. **General** – The Plan is a defined contribution plan which covers substantially all employees of Norman W. Fries, Inc. and Fries Farms, LLC collectively doing business as Claxton Poultry Farms (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.
- b. **Eligibility** – Each employee who is not a member of a union or a nonresident alien shall be eligible to participate in the Plan. Participants are eligible to enter the Plan after attaining age 21 and completing six months of service. Entry dates are the first day of the Plan quarter coinciding with or immediately following the date the participant meets the eligibility requirements.
- c. **Contributions** – Participants may contribute through payroll deductions and rollover contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer will make a safe harbor Employer matching contribution of 100% of a participant's contributions up to 3% of the participant's eligible compensation plus 50% of the participant's contributions up to the next 2% of the participant's eligible compensation. The Employer may also make additional discretionary matching contributions. The Employer did not make a discretionary contribution during 2021. The Internal Revenue Code ("IRC") imposes restrictions as to the maximum annual additions that can be made to a participant's account.
- d. **Participant accounts** – Each participant's account is credited with the participant's contributions and allocations of any Employer contributions and Plan earnings/losses, and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on the participant's compensation, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- e. **Vesting** – Participants are immediately fully vested in their employee contributions, Employer safe harbor matching contribution, discretionary Employer contributions, and the accumulated earnings thereon.
- f. **Investment options** – Upon enrollment in the Plan, participants may direct contributions into the investment options offered under the Plan. Participants may change their investment selections at any time.
- g. **Forfeitures** – The portion of a participant's account to which they are not entitled as a result of being less than fully vested is deemed a forfeiture. Forfeitures may be used to pay Plan expenses or otherwise used at the Employer's discretion. Forfeitures available for future use amounted to approximately \$118,000 and \$116,000 as of December 31, 2021 and 2020, respectively.

Notes to Financial Statements**December 31, 2021 and 2020****1. Summary of Significant Plan Provisions (cont.)**

- h. **Payment of benefits** – Upon termination of service with the Employer, a participant may elect to receive a lump sum payment of their vested account balance. Participants may elect to defer payment of their account balance if it exceeds \$5,000. If a participant's vested account balance is equal to or less than \$5,000, the account will be automatically distributed. Any distribution greater than \$1,000 that is made to a participant without the participant's consent will be rolled over to an individual retirement plan designated by the Plan administrator. In-service withdrawals are available to participants who have reached age 59½ or who meet certain hardship requirements. In-service withdrawals are also available any time from participants' accounts resulting from rollover contributions.
- i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value as disclosed in Note 3. See Note 5 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

- d. **Payment of benefits** – Benefits are recorded when paid.
- e. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Any administrative expenses paid by the Employer are excluded from these financial statements. Fees related to distributions are charged directly to the participant's account.

Notes to Financial Statements

December 31, 2021 and 2020

3. **Fully Benefit-Responsive Investment Contracts**

The Plan has entered into fully benefit-responsive guaranteed investment contracts ("GICs") with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

These contracts meet the fully benefit-responsive investment contracts criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract or termination of the Plan. The Plan's management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following represents the contract value of the GICs held by the Plan at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Traditional investment contracts	<u>\$ 8,605,465</u>	<u>\$ 10,190,378</u>

4. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Voya, the trustee, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

- a. Total investments as shown on the accompanying statement of net assets available for benefits of \$22,970,979 and \$22,440,254 as of December 31, 2021 and 2020, respectively.
- b. Dividends and interest income as shown on the accompanying statement of changes in net assets available for benefits of \$179,812 for the year ended December 31, 2021.
- c. Net change in value of investments as shown on the accompanying statement of changes in net assets available for benefits of \$2,063,788 for the year ended December 31, 2021.

Notes to Financial Statements**December 31, 2021 and 2020****4. Investments (cont.)**

d. All investment transactions that occurred during the year ended December 31, 2021.

e. All information included in the schedule of assets (held at end of year).

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (cont.)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 or 2020.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>				
Mutual funds	<u>\$ 14,365,514</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,365,514</u>
<u>December 31, 2020</u>				
Mutual funds	<u>\$ 12,249,876</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,249,876</u>

6. Tax Status

The Plan is utilizing a non-standardized, pre-approved plan document (the "Plan document") which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated the Plan document is designed in accordance with applicable sections of the IRC. As permitted by the IRS, the Plan is relying on the opinion letter on the Plan document for its own qualification. Although the Plan document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Notes to Financial Statements**December 31, 2021 and 2020****7. Parties-in-Interest Transactions**

Voya is the trustee of the Plan. The Plan pays Voya for their services. Because Voya serves as trustee of the Plan, they are by definition a party-in-interest and, as a result, the investments in GICs issued by Voya and investment transactions pertaining to these GICs were with a party-in-interest. Morningstar Investment Management LLC ("Morningstar") provides investment advisory services to the Plan and participants and, therefore, is considered a party-in-interest. The Plan pays Morningstar for their services. All of these transactions are exempt from being prohibited transactions under ERISA.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	\$ 23,072,831
Total contributions receivable	<u>(101,852)</u>
Net assets available for benefits per the Form 5500	<u>\$ 22,970,979</u>

The following is a reconciliation of total contributions per the financial statements to the Form 5500 for the year ended December 31, 2021:

Total contributions per the financial statements	\$ 1,199,555
Total contributions receivable	<u>(101,852)</u>
Total contributions per the Form 5500	<u>\$ 1,097,703</u>

9. Subsequent Events Evaluation Date

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2021 financial statement date and determined there were no significant events necessary for disclosure through February 15, 2023, which is the financial statement issuance date.
