INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Rainforest Alliance 403(b) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Rainforest Alliance 403(b) Retirement Savings Plan, ("The Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, present fairly, in all material respects, the financial position of the Plan in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report.

We are required to be independent of Rainforest Alliance 403(b) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, schedule H, part IV, line 4(i) - schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rainforest Alliance 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following brief description of the Rainforest Alliance 403(b) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Rainforest Alliance, Inc. (the “Employer,” “Agency” or “Plan Sponsor”) and their beneficiaries, funds for retirement.

Eligibility

Employees of the Employer are eligible to participate in the Plan at the commencement of their employment. Employees are eligible for Employer contributions after 12 months of employment. Employees who work less than 20 hours per week are excluded from Employer contributions. The Plan entry date is the first payroll period following the date eligibility is attained.

Employee Contributions

A participant of the Plan may make contributions to the Plan through payroll deductions, Roth and pretax deferrals, of any whole percentage up to 100% of compensation, as defined, up to the limit prescribed by the Internal Revenue Code (“IRC”). Any participant, age 50 or over, may make an additional “catch up” contribution as determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation according to procedures established by the Employer.

Employer Contributions

The Employer may make a discretionary matching contribution for all eligible participants who earned at least 20 hours per week of service. The matching contribution can be determined annually. For the year ended December 31, 2021, the Employer made matching contributions of 100% of the participant’s deferral up to 5% of compensation, as defined by the Plan.

The Employer may also make a discretionary elective contribution. Elective contributions shall be allocated to each eligible participant pursuant to the Plan document. In order to share in elective contributions, a participant must satisfy the following conditions: 1) the employee must be employed by the Employer on the last day of the Plan year; 2) the employee must have completed 182 days of employment with the Employer during the Plan year; 3) the previous conditions do not apply in the Plan year of an employee’s death; 4) the previous conditions do not apply to the Plan year in which an employee terminates employment with the Employer because of the employee’s disability; 5) the previous conditions do not apply in the Plan year in which an employee terminates employment with the Employer at or after their normal retirement age. Participants who work less than 20 hours per week are not eligible for discretionary elective contributions. No elective contributions were made to the Plan for the year ended December 31, 2021.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investments with varying investment objectives as investment options. Each participant’s account is credited with the participant’s contributions, the Employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant’s account is reduced by withdrawals and losses on investments and administrative expenses.

Rainforest Alliance 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participant's contributions, Employer contributions, and earnings thereon credited to their accounts are 100% vested at all times.

Distributions and Withdrawals

During employment, a participant may make withdrawals of vested amounts upon retirement, death, disability, separation from service, attainment of age 65 or hardship. A distribution will be made on account of hardship, for the Internal Revenue Code's safe harbor reasons, only if it is necessary in light of immediate and heavy financial needs of the participant.

Benefit Payments

Upon termination of employment due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. The method in which a participant's account is distributed depends on their marital status and elections made by the participant and their spouse. Participants may elect to receive their distributions in the form of a lump-sum or installments. If a participant's account does not exceed \$5,000, the participant's account may only be distributed in a single lump-sum payment.

Notes Receivable From Participants

The Plan allows for loans to be extended to participants for financial hardship or financial needs. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a rate reasonable at the time of application, which was 3.25% to 5.00%, with maturities through 2025, on outstanding loans in 2021. Principal and interest are paid ratably through payroll deductions. All loan payments of principal and interest are credited to the participant's account. Notes receivable from participants amounted to \$27,843 and \$86,771 as of December 31, 2021 and 2020, respectively, and are included in the statements of net assets available for benefits..

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized and unrealized gains and losses are included in the net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Rainforest Alliance 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Services

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, and an investment advisor are paid by the Employer. Administrative fees have been paid by the Plan, some of which have been reflected as an offset against net investment income by the investment Custodian. Investment related fees offset with net investment income are not readily determinable. Expenses incurred by the participants are included in administrative expenses and amounted to \$ 23,250 for the year ended December 31, 2021.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Forfeited Accounts

Forfeited accounts are retained in the Plan and will be applied first to pay administrative costs of the Plan, with any excess used to reduce future Employer contributions. The balance in the forfeiture account was \$11,451 and \$11,272 on December 31, 2021 and 2020, respectively. No forfeitures were utilized in the current year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Rainforest Alliance 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds: Shares held in mutual funds are valued based on the market price of the shares held by the Plan at year end, which are based on the share prices quoted by the fund, representing the fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All the Plan's investments at fair value as of December 31, 2021 and 2020 are comprised of mutual funds and are valued using Level 1 inputs.

4. PLAN INTEREST IN GUARANTEED INTEREST ACCOUNT

The Plan invests in the fully benefit responsive guaranteed interest account provided through a group annuity contract. The funds are held in the MassMutual capital preservation separate investment account. The capital preservation separate investment account is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the capital preservation group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the capital preservation investment option at contract value.

Contract value represents contributions plus credited interest less participant withdrawals and fees. The capital preservation investment option also allows the Plan Sponsor to withdraw the contract value after a deferral period of up to twelve months. The total contract values of the guaranteed interest account at December 31, 2021 and 2020 were \$579,535 and \$983,705, respectively. The Plan determined that the occurrence of an event that would limit the availability to transact at contract value is not probable. There are no reserves against contract value for credit risk on the credit issue or otherwise.

5. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Investment Custodian, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the Investment Custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2021 and 2020.

6. INCOME TAX STATUS

Currently, 403(b) plans are not required to submit plans to the Internal Revenue Service ("IRS") for determination. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and ERISA. The Plan intends to apply for a determination letter once the IRS opens such a program. The Plan is required to operate in conformity with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There are no tax related interest or penalties for the periods presented in these financial statements.

7. TERMINATION OF THE PLAN

The Employer intends to continue the Plan indefinitely; however, the Employer reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Trustees. If a termination takes place, 100% interest in all of the amounts in a participant's account may be distributed to the participant at that time or in accordance with the benefit distribution rules.

8. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of the guaranteed interest account, mutual funds, and participant notes receivable held by MassMutual. MassMutual is the investment Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, certain fees charged directly or indirectly by this party in interest have been netted with investment income and are not readily determinable.

December 31, 2021 and 2020

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of March 16, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no events have occurred which would require disclosure in or adjustment to the financial statements.
