INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
PO1K Retirement Plan
Oceanside, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of PO1K Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the six months ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended June 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PO1K Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PO1K Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Plan Merger

As described in Note 1, the Plan was merged with BioHorizons Implant Systems, Inc. 401(k) Retirement Plan on July 1, 2022.

Other Matter – Supplemental Information Required by ERISA

The supplemental information as of June 30, 2022 and for the six months then ended is presented for purposes of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**PO1K RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2022 AND DECEMBER 31, 2021**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the PO1K Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan covers substantially all employees of Precision One Medical, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the Plan's Sponsor and serves as the Plan Retirement Committee. The Plan Retirement Committee is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings, and investment performance.

The Plan is a defined contribution plan under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan became effective on January 1, 2010 and was restated on January 1, 2021. Effective January 15, 2020 the Company contracted with JP Morgan Invest Holdings, LLC through its agency relationship with Great West Financial Services to provide recordkeeping and plan administration services; and Reliance Trust Company to provide Plan asset custodial services. Effective July 1, 2020, Reliance Trust Company serves as Trustee and Custodian of the Plan.

Effective July 1, 2022, PO1K Retirement Plan merged into the BioHorizons Implant Systems, Inc. 401(K) Retirement Plan with recordkeeping and trustee services and investment option provided by Fidelity Investments.

The Plan completed the transfer of all assets and participant accounts on June 30, 2022.

Eligibility

Generally, an employee is eligible to participate in the Plan upon attaining age 18 and completing 3 months of service. Plan entry dates are on the first day of the month following the date eligibility requirements are met.

Participant Contributions

Participants are automatically enrolled in the Plan, on a pre-tax basis, at a deferral rate of 6% unless they affirmatively decline or elect a different percent. Participants may affirmatively contribute a portion of their annual compensation into a pre-tax deferral account and/or an after-tax Roth account, subject to the limits allowable under the Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Employer Contributions

The Company provides a discretionary matching contributions equal to a uniform percentage or dollar amount of participants' elective deferrals each year. For the year ended June 30, 2022, the Company made a discretionary matching contribution of \$178,658.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of all assets attributable to their account. Each participant designates the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's Retirement Committee.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. Loans may not be made for less than \$1,000 and may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The interest rate for loans is prime plus 1% as of the date the loan is processed. Principal and interest is paid ratably through payroll deductions not to exceed five years unless the note proceeds were used for the purchase of a principal residence. The number of loans a participant may have outstanding at a time is 2.

In April 2020, the Plan adopted the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions for loan relief to delay certain required loan repayments for one year. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020; subsequently extended to June 25, 2021 by the Consolidated Appropriations Act of 2021 (CAA). Following the suspension period, these loans will be re-amortized over the remaining period of the loans plus the suspension period. Qualified participants are permitted to take a loan up to \$100,000, but no more than 100% of their vested account balance.

The CAA, signed into law on December 27, 2020, temporarily replaced or extended some of the provisions of the CARES Act provisions for loan relief, as noted above.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum, a partial lump-sum, or installment payments equal to the value of the participant's vested interest in his or her account. Participants may also receive payment as a direct rollover to an individual retirement account or to another employer's tax qualified plan. Active participants may withdraw a portion in the event of

undue financial hardship or attainment of age 59 1/2. If the terminated participant's account is \$1,000 or less, the Plan may distribute the account balance in a lump-sum without prior approval of the participant.

In April 2020, the Plan implemented CARES Act provisions for coronavirus-related distributions (CRD). Through December 31, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a 3-year period, with the ability to recontribute the full amount of the distribution within 3 years and not be subject to Federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

The CAA, signed into law on December 27, 2020, temporarily replaced or extended some of the provisions of the Coronavirus Aid, Relief and Economic Security Act (CARES Act) provisions for coronavirus-related distributions (CRD). It also included some new provisions affecting 401(k) plans that were not in the CARES Act. Although the CARES Act provisions regarding "coronavirus-related distributions" (see below) expired on December 30, 2020, the CAA added a similar provision permitting "qualified disaster distributions", that are effective through June 25, 2021.

Vesting

Participants are 100% vested in their salary reduction and rollover accounts plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is vested in Company contributions based on the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 or more	100%

A year of qualified service, for vesting purposes, starts with a participants' hire date and consists of a consecutive twelve-month period in each Plan year in which 1,000 or more hours of service are completed.

Forfeiture Account

Generally, a participant's unvested portion of the Company matching contribution is forfeited upon termination of employment. Forfeitures are maintained in a separate account and may be used to pay Plan expenses or reduce matching contributions.

The balance in the forfeiture account was \$0 and \$6,615 at June 30, 2022 and December 31, 2021, respectively. During the six months ended June 30, 2022, \$5,585 were used to pay plan expenses or reduce matching contributions.

Administrative Expenses

Certain expenses of the Plan are paid by the Company; therefore, excluded from these financial statements. All other expenses of the Plan are deducted from participant accounts or non-vested forfeiture accounts and are included in these financial statements. Fees related to the administration of loans are deducted from the borrowing participant's account and are included in administrative expenses.

Certain investment management fees and other charges paid to investment providers are offset against fund performance in the net appreciation section of the statement of changes in net assets available for benefits and are not, therefore, separately reflected as investment expenses. Effective January 15, 2020, the Plan utilizes a reimbursement spending account to collect third party investment management fees from participant accounts and periodically remits them to third party service providers.

Plan Termination Provision

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants become fully vested in their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting which is in accordance with accounting principles generally accepted in the United States of America (GAAP). Employee and employer contributions are recognized in the period that contributions are due.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's Retirement Committee to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2022 and December 30, 2021, no allowance for credit losses has been recorded.

**PO1K RETIREMENT PLAN

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Retirement Committee determines the Plan's valuation policy utilizing information provided by the Plan Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits to Participants

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**PO1K RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2022 AND DECEMBER 31, 2021**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used for the six months ended June 30, 2022 and for the year ended December 31, 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily closing price and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value (NAV) of units of the bank collective trust. Since the NAV is a readily determinable value, it is included in the fair value hierarchy table.

As of June 30, 2022, the fair value of the Plan's assets was \$0 (see Note 1).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
Investments:	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,619,634	\$ -	\$ -	\$ 8,619,634
Stable value fund	-	463,390	-	463,390
Total investments, at fair value	\$ 8,619,634	\$ 463,390	\$ -	\$ 9,083,024

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan's Retirement Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, Custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of June 30, 2022 and December 31, 2021.
- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participant reflected on the accompanying Statements of Changes in Net Assets Available for Benefits for the six months ended June 30, 2022.

**PO1K RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the Custodian of the Plan; therefore, these transactions are considered to be exempt party-in-interest transactions. Administrative expenses paid by the Plan to Reliance Trust Company and other service providers are considered to be exempt party-in-interest transactions.

NOTE 6 - TAX STATUS

The IRS has informed the Plan sponsor by a letter dated January 1, 2021, for the prototype plan adopted by the Plan, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

GAAP requires the Plan's Retirement Committee to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions for potential recognition or disclosure through March 17, 2023, the date the financial statements were available to be issued and concluded that there were no events or transactions; other than the plan merger discussed at Note 1 that needed to be disclosed.
