Independent Auditor's Report

To the Plan Administrator of the Dicerna Pharmaceuticals, Inc. 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dicerna Pharmaceuticals, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of June 30, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2022 through June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2022 and December 31, 2021 and for the period from January 1, 2022 through June 30, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Plan Termination and Liquidation Basis of Accounting

As further discussed in Note A to the financial statements, the Board of Directors of the Company approved the Plan of liquidation on December 16, 2021, and management determined liquidation was imminent. As a result, the financial statements are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Dicerna Pharmaceuticals, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Dicerna Pharmaceuticals, Inc. (the "Company") who had attained the age of 21. Eligible employees were allowed to participate on the first day of the month after the eligibility requirements were met. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Termination

On December 16, 2021, the Company approved the termination of the Plan, which became effective December 27, 2021. Upon the effective date of the termination of the Plan, all Plan participants became fully vested in their accounts. As of June 30, 2022, all account balances were distributed from the Plan in accordance with the terms of the Plan.

Contributions

Effective December 27, 2021, in accordance with the resolution to terminate the Plan, employee deferral and employer matching contributions to the Plan ceased. Participants were able to contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

Prior to the termination of the Plan, participants could contribute up to 90% of their eligible compensation on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. New hires were automatically enrolled in the Plan with a pre-tax deferral contribution of 2%, unless they signed a waiver indicating they did not wish to participate in the Plan or made another affirmative election. Participants who attained the age of 50 before the Plan year end could make an additional "catch up" contribution subject to IRC limitations. Prior to the termination of the Plan, the Company made an enhanced safe harbor matching contribution of 300% of the first 2% of participants' compensation, for a maximum match of 6% of compensation. The Company could also elect to make a discretionary non-elective profit-sharing contribution.

Participant Accounts

Each participant's account was credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses were allocated to participants' accounts based on each participant's account balance within each fund. Participants determined the percentage in which contributions were to be invested in each fund. Participants could change their investment elections as set forth in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

DICERNA PHARMACEUTICALS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants were immediately fully vested in their accounts.

Distribution of Benefits

Benefits could have been distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Distributions under the Plan could have been made in lump sums, partial withdrawals, or installment payments.

A participant could have also requested a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the Plan administrator that the participant was suffering from "hardship", as defined in the Plan document. A \$500 minimum withdrawal applied for age 59 1/2 and hardship distributions. A participant could have requested a distribution from rollover funds at any time.

Notes Receivable from Participants

Participants could have borrowed from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account. Loans were required to bear a reasonable rate of interest. All loans were required to be repaid within five years unless the proceeds were used to acquire a principal residence, in which case a longer repayment period was allowed. Plan participants were not permitted to have more than one outstanding loan at any given time. Principal and interest was generally paid ratably through payroll deductions each pay period. Unpaid participant loans were distributed in connection with the termination of the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

As a result of the termination of the Plan, the Plan's financial statements are presented using the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences could be material.

Investment Valuation and Income Recognition

Investments as of December 31, 2021 were reported at fair value which approximated liquidation basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

DICERNA PHARMACEUTICALS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the period from January 1, 2022 through June 30, 2022.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses was recorded at June 30, 2022 or December 31, 2021. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document, but such loans were infrequent in nature.

Expenses of the Plan

Substantially all the administrative expenses incurred by the Plan were paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Certain participant-initiated transaction fees were paid by the participant through the Plan. Investment-related expenses were included in net depreciation in the fair value of investments.

Payment of Benefits

Benefits were recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DICERNA PHARMACEUTICALS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded and were therefore classified as Level 1 assets.

There were no assets held for investment at June 30, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

<u>Description</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	<u>\$ 29,875,200</u>	<u>\$ 29,875,200</u>	<u>\$ -</u>	<u>\$ -</u>
Total investments at fair value	<u>\$ 29,875,200</u>	<u>\$ 29,875,200</u>	<u>\$ -</u>	<u>\$ -</u>

D. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee were considered party-in-interest transactions.

E. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed ADP, LLC by a letter dated July 16, 2014, that the prototype profit sharing plan document adopted by the Company and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended and terminated since the date of the opinion letter, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan was qualified, and the related trust was tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

F. CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at June 30, 2022 and December 31, 2021, and net depreciation in the fair value of investments and interest and dividends for the period from January 1, 2022 through June 30, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

G. RISKS AND UNCERTAINTIES:

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the value of investment securities could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation.

H. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through March 20, 2023, the date these financial statements were available for issuance.

I. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits in liquidation presented on the financial statements to the Form 5500 as of December 31, 2021:

Net assets available for benefits in liquidation on the financial statements	\$ 30,155,587
Contributions receivable not on the Form 5500 Employer contributions	<u>(205,983)</u>

Independent Auditor's Report

To the Plan Administrator of the Dicerna Pharmaceuticals, Inc. 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dicerna Pharmaceuticals, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of June 30, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2022 through June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2022 and December 31, 2021 and for the period from January 1, 2022 through June 30, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Plan Termination and Liquidation Basis of Accounting

As further discussed in Note A to the financial statements, the Board of Directors of the Company approved the Plan of liquidation on December 16, 2021, and management determined liquidation was imminent. As a result, the financial statements are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Dicerna Pharmaceuticals, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Dicerna Pharmaceuticals, Inc. (the "Company") who had attained the age of 21. Eligible employees were allowed to participate on the first day of the month after the eligibility requirements were met. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Termination

On December 16, 2021, the Company approved the termination of the Plan, which became effective December 27, 2021. Upon the effective date of the termination of the Plan, all Plan participants became fully vested in their accounts. As of June 30, 2022, all account balances were distributed from the Plan in accordance with the terms of the Plan.

Contributions

Effective December 27, 2021, in accordance with the resolution to terminate the Plan, employee deferral and employer matching contributions to the Plan ceased. Participants were able to contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

Prior to the termination of the Plan, participants could contribute up to 90% of their eligible compensation on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. New hires were automatically enrolled in the Plan with a pre-tax deferral contribution of 2%, unless they signed a waiver indicating they did not wish to participate in the Plan or made another affirmative election. Participants who attained the age of 50 before the Plan year end could make an additional "catch up" contribution subject to IRC limitations. Prior to the termination of the Plan, the Company made an enhanced safe harbor matching contribution of 300% of the first 2% of participants' compensation, for a maximum match of 6% of compensation. The Company could also elect to make a discretionary non-elective profit-sharing contribution.

Participant Accounts

Each participant's account was credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses were allocated to participants' accounts based on each participant's account balance within each fund. Participants determined the percentage in which contributions were to be invested in each fund. Participants could change their investment elections as set forth in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

DICERNA PHARMACEUTICALS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants were immediately fully vested in their accounts.

Distribution of Benefits

Benefits could have been distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Distributions under the Plan could have been made in lump sums, partial withdrawals, or installment payments.

A participant could have also requested a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the Plan administrator that the participant was suffering from "hardship", as defined in the Plan document. A \$500 minimum withdrawal applied for age 59 1/2 and hardship distributions. A participant could have requested a distribution from rollover funds at any time.

Notes Receivable from Participants

Participants could have borrowed from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account. Loans were required to bear a reasonable rate of interest. All loans were required to be repaid within five years unless the proceeds were used to acquire a principal residence, in which case a longer repayment period was allowed. Plan participants were not permitted to have more than one outstanding loan at any given time. Principal and interest was generally paid ratably through payroll deductions each pay period. Unpaid participant loans were distributed in connection with the termination of the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

As a result of the termination of the Plan, the Plan's financial statements are presented using the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences could be material.

Investment Valuation and Income Recognition

Investments as of December 31, 2021 were reported at fair value which approximated liquidation basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

DICERNA PHARMACEUTICALS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the period from January 1, 2022 through June 30, 2022.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses was recorded at June 30, 2022 or December 31, 2021. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document, but such loans were infrequent in nature.

Expenses of the Plan

Substantially all the administrative expenses incurred by the Plan were paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Certain participant-initiated transaction fees were paid by the participant through the Plan. Investment-related expenses were included in net depreciation in the fair value of investments.

Payment of Benefits

Benefits were recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DICERNA PHARMACEUTICALS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded and were therefore classified as Level 1 assets.

There were no assets held for investment at June 30, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

<u>Description</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 29,875,200	\$ 29,875,200	\$ -	\$ -
Total investments at fair value	\$ 29,875,200	\$ 29,875,200	\$ -	\$ -

D. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee were considered party-in-interest transactions.

E. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed ADP, LLC by a letter dated July 16, 2014, that the prototype profit sharing plan document adopted by the Company and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended and terminated since the date of the opinion letter, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan was qualified, and the related trust was tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
