Independent Auditor's Report

To the Plan Administrator of the
PPRM 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PPRM 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of June 30, 2022 and 2021, and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of June 30, 2022 and schedule H, line 4a - schedule of delinquent participant contributions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PPRM 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the PPRM 401(k) Plan (the “Plan”), as amended, provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan, which was established effective July 1, 1992, and was amended and restated effective July 1, 2021. The plan is a defined contribution 401(k) plan available to qualifying employees of Rocky Mountain Planned Parenthood, Inc. dba Planned Parenthood of the Rocky Mountains, Inc. (the “Employer” or “PPRM”). Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration of the Plan

Empower Trust Company, LLC serves as Plan custodian and recordkeeper and Empower Annuity Insurance Company of America (collectively, “Empower”) is the issuer of the fixed group annuity contract held by the Plan. Empower was formerly known as Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively, “Great-West”). Two officers of PPRM serve as the Plan’s trustees. The Employer is the Administrator of the Plan. Assets of the Plan are held in accordance with the provisions of the trust and custodial agreements and service provider contract with the Employer. The Employer and trustees determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

Eligibility

An employee is eligible to become a participant of the Plan on the first day of the month coinciding with or following the completion of three months of service. For the purpose of the Employer’s Safe Harbor non-elective employer contributions, eligible employees are those who are at least age 21 and have completed at least one year of service (1,000 hours), as defined. Participants will begin receiving the Employer Safe Harbor non-elective contributions on the first day of the quarter coinciding with or following the date requirements are met. A discretionary non-elective employer contribution is allowable under the Plan. Participants must have reached age 21, completed 1 year of service and be employed on the last day of the year and have 1,000 hours of service in the Plan year in order to receive the discretionary non-elective employer contribution. Leased employees are not eligible to participate in the Plan.

The Plan includes an automatic-enrollment provision whereby all employees that are hired or rehired are automatically enrolled in the Plan at a 3 percent pre-tax deferral rate, unless they affirmatively elect to defer a different amount or opt-out of participation. Deferral amounts are automatically increased 1 percent per year, on January 15, up to a maximum of 10 percent, unless a participant affirmatively elects not to participate in the automatic increase.

Contributions

Participants may contribute, on a pre-tax or after-tax Roth basis, up to 90 percent of their qualifying annual compensation, as defined in the Plan Document. Participant contributions are subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age of 50 or older subject to certain IRC limitations. Participants may change their contribution percentage, including ceasing contributions, as of each payroll period.

PPRM 401(k) Plan

Notes to Financial Statements

In addition, each plan year, the Employer makes a Safe Harbor non-elective contribution to the account of each eligible participant in an amount equal to 3 percent of the participant's eligible compensation, as defined. There was no discretionary non-elective employer contribution made for the plan year ended June 30, 2022.

Rollover contributions from other qualified plans or individual retirement accounts ("IRAs") may also be made to the Plan if certain criteria are met.

Participants' Accounts and Investment Options

Each participant's account is credited with the participant's pre-tax, after-tax Roth, and rollover contributions, the Employer Safe Harbor non-elective and discretionary non-elective employer contributions and an allocation of net investment earnings or losses and debited with withdrawals and certain expenses. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balance into various investment options offered by the Plan and may change their investment elections at any time. The Plan offers a fully benefit-responsive guaranteed investment contract and various mutual funds as investment options for participants.

Notes Receivable from Participants

A participant may, with the consent of the plan administrator, borrow a minimum of \$1,000 up to the lesser of \$50,000 or one-half of their vested account balance. A participant may only have two notes outstanding at a time and the maximum note term is 5 years (unless for the purchase of a principle residence, which may be up to 10 years). The note is considered to be defaulted if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. The notes are secured by the participant's account balance and bear interest at a rate equal to 1 percent over the prime rate as published and is fixed for the term of the note. Principal and interest are paid ratably through bi-weekly payroll deductions.

Vesting

Participants are 100 percent vested in their salary deferral, rollover contributions and the Employer Safe Harbor non-elective contributions, plus the allocated earnings thereon. The discretionary non-elective employer contribution is subject to a 3-year vesting period for all employees hired July 1, 2018 or later. Participants are fully vested upon reaching normal retirement age (65), death, disability or termination of the Plan.

Forfeitures

At June 30, 2022 and 2021, forfeited non-vested and unallocated accounts were insignificant. Forfeitures arise mainly due to excess Employer Safe Harbor non-elective contributions. Forfeitures may be used to offset any employer non-elective contributions or to pay plan expenses. For the year ended June 30, 2022, \$1,697 of forfeitures were used to fund the June 30, 2021 plan year end true-up of employer non-elective contributions and \$0 of forfeitures were used to pay plan expenses.

PPRM 401(k) Plan

Notes to Financial Statements

Benefit Payments

Upon termination of service, due to death, disability, attaining retirement age or separation of service, a participant may elect to receive a lump-sum cash distribution, installment payments or may roll over the amount to another qualified retirement plan. If no affirmative election is made by the participant to receive a distribution, distribution of account balances not greater than \$5,000 will be rolled into an IRA for the benefit of the participant. Hardship distributions and other in-service distributions at age 59-1/2 are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will immediately become fully vested and non-forfeitable, to the extent not already vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value (except for fully benefit-responsive guaranteed investment contracts which are reported at contract value) as further discussed in Note 4, *Fair Value Measurements*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by an investment advisor and Empower.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

PPRM 401(k) Plan

Notes to Financial Statements

Investment Contracts with Insurance Company

The Plan entered into the Key Guaranteed Portfolio Fund (the “Fund”) with Great-West, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than zero percent and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

Certain events can limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This could cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value are probable of occurring.

The Plan’s ability to receive amounts due in accordance with the contracts is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Contributions

Participant contributions, Employer Safe Harbor non-elective contributions, and discretionary non-elective employer contributions are recognized in the plan year during which PPRM makes payroll deductions from the participants’ compensation or in the period to which the contribution is deemed to be due to the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

PPRM 401(k) Plan

Notes to Financial Statements

Expenses of the Plan

Administrative expenses, net of revenue sharing, including loan, withdrawal fees and plan administrative fees, which totaled \$42,251, for the year ended June 30, 2022, were paid by the Plan. Certain expenses, in the form of an expense ratio, are net against the earnings of the investments. All other expenses of the Plan for the year ended June 30, 2022 were paid by the Employer and are excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower (formerly, Great-West) has certified that the following information included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reported on the Statements of Net Assets Available for Benefits as of June 30, 2022 and 2021;
- Net investment loss and interest earned on notes receivable as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2022;
- Investment information included in the Notes to Financial Statements and in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - June 30, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

PPRM 401(k) Plan

Notes to Financial Statements

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>June 30, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,408,627	\$ -	\$ -	\$ 13,408,627
Total investments in the fair value hierarchy table	\$ 13,408,627	\$ -	\$ -	\$ 13,408,627

PPRM 401(k) Plan

Notes to Financial Statements

5. Party-in-Interest Transactions

The Plan invests in a fixed-rate group annuity contract managed by Empower. Certain investment fees were paid to Empower and reflected within the net investment income for the year. Other fees paid directly by the Plan or plan participants to Empower totaled \$42,251, net of revenue sharing, for the year ended June 30, 2022. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain other fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. Transactions with related parties qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Income Tax Status

The Employer adopted a Volume Submitter Plan Document which received an advisory letter from the IRS dated June 30, 2020 indicating that the non-standardized prototype plan document and trust are designed in accordance with the applicable section of the IRC. The plan administrator and PPRM management believe the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust were tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investment securities in mutual funds and a fixed-rate group annuity contract. Investment securities, in general, are exposed to various risks such as interest rate, overall market volatility and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

At June 30, 2022 and 2021, there were three investments and four investments, respectively, which individually represented more than 10 percent of the total investments held. Refer to the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for investments held at June 30, 2022.

8. Delinquent Participant Contributions

During the year ended June 30, 2019, the Company failed to timely remit certain employee contributions and loan repayments to the Plan. The Company completed the process of restoring the Plan for lost earnings related to the corrected late remittances. Refer to the accompanying supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2022.

9. Subsequent Events

The Plan has evaluated subsequent events through March 16, 2023, the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
