INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Johnson, Mirmiran and Thompson, Inc. Plan, Administrator and Plan Participants
Pioneer Holdings Profit Sharing Plan
Hunt Valley, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pioneer Holdings Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – liquidation basis as of August 23, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits – liquidation basis for the period from January 1, 2022 through August 23, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pioneer Holdings Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of August 23, 2022 and December 31, 2021 and for the period from January 1, 2022 through August 23, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pioneer Holdings Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

As discussed in Note 6 to the financial statements, the governing body of Pioneer Holdings Profit Sharing Plan approved a plan of liquidation on December 24, 2021, and management determined liquidation is imminent. As a result, the Plan financial statements are prepared on the liquidation basis of accounting. All Plan assets were distributed during 2022. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pioneer Holdings Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PIONEER HOLDINGS PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Pioneer Holdings (the Company) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. Effective January 1, 2019, there are no age or service requirements to participate in the Plan. The latest restated plan documents are effective September 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

On December 24, 2021, the Company's Board of Directors elected to amend and terminate the Plan effective December 31, 2021 due to the Company's stock being acquired by Johnson, Mirmiran and Thompson, Inc. (See Note 6).

Contributions

Prior to September 1, 2019, participants could elect to contribute up to 50% of their pre-tax annual compensation, as defined in the Plan, limited to the maximum legal limit as determined by the Internal Revenue Service (IRS). Effective September 1, 2019, participants may elect to contribute up to the maximum legal limit as determined by the IRS. A participant's elective contribution shall be nonforfeitable at all times. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary contributions to match a percentage of the participants' elective deferrals. The Company may also make discretionary profit sharing contributions which are allocated to participants based on a percentage of their compensation. Profit sharing contributions are contributed at the option of the Company's Board of Directors subsequent to the end of each plan year. The discretionary contributions are invested in a portfolio of investments as directed by the participant. The Company elected to make no matching or profit sharing contribution for the period from January 1, 2022 through August 23, 2022. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Forfeited Accounts

At August 23, 2022 and December 31, 2021, forfeited non-vested accounts were zero. The non-vested portion of a participant's account will be forfeited on the date the terminated participant receives a cash-out of the non-forfeitable percentage of his or her accrued benefit. Any forfeitures will be reallocated to reduce Company contributions. During the period from January 1, 2022 through August 23, 2022, no forfeitures were utilized.

Vesting

Participants employed on or before December 31, 2018 are 100% vested at all times in both their contributions and the Company's matching discretionary contributions plus the actual earnings thereon. Effective for employees hired on or after January 1, 2019, the vesting schedule is based on years of continuous service for employer matching and employer profit sharing accounts. A participant is 100% vested after three years of credited service. Participants who reach normal retirement age or terminate service due to disability or death become 100% vested in their account balance. Upon termination of the Plan effective December 31, 2021, all participants became 100% vested in any amounts held under the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 (or \$1,000 effective September 1, 2019) and up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) notes receivable from participants. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus 2%. Principal and interest are paid ratably through payroll deductions. Effective September 1, 2019, a participant may only have one loan outstanding. Loans may not be refinanced, and the Plan will accept a direct rollover of a loan. If a loan is outstanding when a participant terminates employment, it must be paid back immediately or be deemed a taxable distribution. Effective December 31, 2021, upon the Plan's termination, loan payments were deducted and remitted to the Plan until a complete distribution or rollover into another plan occurred.

Payment of Benefits

Prior to the Plan's amendment and restatement effective September 1, 2019, upon a participant's separation from service, the value of the participant's vested interest was payable by a lump-sum amount if the vested account was \$1,000 or less. If the vested amount was greater than \$1,000, but less than \$5,000, and the participant did not provide the Plan with an affirmative distribution election, the distribution was rolled over to an individual retirement account set up in the name of the participant. Distributions of account balances exceeding \$5,000 were subject to participant consent and distribution elections. A participant with an account balance exceeding \$5,000 could elect to commence distribution of the balance as soon as administratively practicable in a lump sum or in monthly, quarterly, or annual installments over a period of not more than the participant's assumed life expectancy.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Effective September 1, 2019, vested balances up to \$5,000 are eligible for a lump-sum distribution, as soon as administratively possible. Distributions of account balances exceeding \$5,000 are subject to participant consent and distribution elections. A participant with an account balance exceeding \$5,000 could elect to commence distribution of the balance, except for accounts originating from the Pioneer Holdings, Inc. Employee Stock Ownership Plan (ESOP transfer accounts), as soon as administratively practicable in a lump sum or in monthly, quarterly, or annual installments over a period of not more than the participant's assumed life expectancy. Total amounts transferred from the Pioneer Holdings, Inc. Employee Stock Ownership Plan were zero during 2022.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the liquidation basis of accounting. Under the liquidation basis of accounting, net assets are recognized at the amount of the expected cash proceeds from liquidation.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 23, 2022 or December 31, 2021.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value at August 23, 2022 and December 31, 2021, except for the stable value fund which is stated at contract value. For 2022 and 2021, fair value and contract value approximates liquidation value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS and ineligible contributions to satisfy relevant provisions of the Plan are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments are recorded when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at period end, if any. There were no unpaid distributions at August 23, 2022 and December 31, 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The administrative costs paid by the Company for 2022 totaled \$12,729. The Company does not intend to request a reimbursement from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

Management has evaluated subsequent events through February 10, 2023, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at August 23, 2022 and December 31, 2021, and net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the period from January 1, 2022 through August 23, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 3. Certified Investments (Continued)

The following table summarizes the certified information:

	2022	2021
Investments:		
Mutual funds, at fair value	\$ --	\$20,416,303
Stable value fund, at contract value	--	3,250,154
Notes receivable from participants	--	240,922
Investment Income:		
Net depreciation in fair value of investments	(2,054,057)	
Dividends and interest	13,156	
Interest income on notes receivable from participants	8	

Note 4. Fair Value Measurements

U.S. GAAP provides a framework for fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methodology for measuring fair value specifies a three-tier hierarchy of valuation techniques based upon whether the inputs to those valuation techniques are based on quoted prices of identical assets or liabilities (Level 1), significant other observable inputs (Level 2), or significant other unobservable inputs that reflect a plan's own assumptions of market participant valuation (Level 3).

All financial assets and liabilities as of August 23, 2022 and December 31, 2021, except for the stable value fund, are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date.

Shares of publicly traded mutual funds are measured at Level 1 since they are valued at net asset value which is the published market price in an active market.

Note 5. Stable Value Fund

The Plan entered into a fully benefit-responsive investment contract with Invesco Trust Company during 2019. Invesco Trust Company maintains certain assets of the Plan in a collective trust fund, the Invesco Stable Value Fund. The stable value fund's key objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 5. Stable Value Fund (Continued)

The stable value fund invests primarily in investment contracts such as traditional guaranteed investment contracts (GICs), separate account insurance contracts and wrapper contracts (also known as synthetic GICs).

In a traditional GIC, an issuer takes a deposit from the fund and purchases investments that are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the fund.

In a separate account insurance contract, the underlying investments are segregated from the insurance company's general account in a separate account set up specifically for the plan or a group of plans. The fund purchases a contract from an insurance company and that contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Fund for the underlying investments). The issuer of the contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

In a wrapper contract structure, the underlying investments are owned by the stable value fund and held in trust for plan participants. The fund purchases a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate. The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

The investment contract meets the criteria to be considered fully-benefit responsive and therefore contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Invesco Trust Company, represents contributions made under the contract, less participant withdrawals and administrative expenses, plus interest credited. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. These events include a) termination of the plan, b) a material adverse change to the provisions of the plan, c) if the employer elects to withdraw from a contract in order to switch to a different investment provider, or d) if the terms of a successor plan do not meet the contract issuer's underwriting criteria for issuance of a clone contract. Upon occurrence of any of these events, a market value adjustment may apply. Upon termination of the Plan effective December 31, 2021, the plan administrator rolled these investments out of the Plan in a manner during 2022 which limited the need for a market value adjustment at December 31, 2021, and therefore, continued to record these investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the stable value fund at August 23, 2022 and December 31, 2021 was zero and \$3,250,154, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

On December 24, 2021, the Company's Board of Directors, subject to the provisions of ERISA, elected to amend and terminate the Plan effective December 31, 2021, due to Johnson, Mirmiran and Thompson, Inc.'s (JMT) acquisition of the Company's stock. Effective August 23, 2022, the governing body of the Plan has liquidated all investments and has paid out benefits to all participants. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Note 7. Tax Status

The Plan is based on a volume submitter plan which has received a favorable advisory letter on March 31, 2014 from the IRS that the volume submitter plan is designed to qualify as being exempt from federal income taxes. The plan administrator has not separately applied for a determination letter from the IRS. However, the plan administrator and the Plan's legal counsel believe the Plan was designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Note 8. Related Party Transactions

The Plan has a number of service providers. Retirement Management Services, LLC is the Plan's third-party administrator. The Plan's trustee is Capital Bank and Trust Company and the custodian is American Funds. Jones, Nale & Mattingly PLC is the Plan's independent audit firm. Such parties are parties-in-interest under ERISA. Fees of \$29,887 were paid by the Plan for administrative services for the period from January 1, 2022 through August 23, 2022. Certain service provider fees are paid for by the Company.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
