INDEPENDENT AUDITOR'S REPORT

Galaxy Digital Retirement Plan Committee and Plan Participants of
Galaxy Digital Services LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Galaxy Digital Services LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Galaxy Digital Services LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Galaxy Digital Services LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Galaxy Digital Services LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Galaxy Digital Services LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Galaxy Digital Services LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4a Schedule of Delinquent Participant Contributions and Schedule H, Part IV, Line 4i Schedule of Assets (Held at The End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Galaxy Digital Services LLC 401(k) Plan
Notes to the Financial Statements
For the Years Ended December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Galaxy Digital Services LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Galaxy Digital Services, LLC (the “Company”) established a 401(k) plan effective January 1, 2018, known as the Galaxy Digital Services LLC 401(k) Plan for the exclusive benefit of its eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was most recently restated effective December 1, 2022.

General

The Plan is a defined contribution plan covering all employees of the Company other than (i) any employees covered by a collective bargaining agreement which does not provide for participation in the Plan, (ii) non-resident aliens with no U.S.-source earned income, (iii) interns and (iv) those employees whose employment arrangements contemplate less than 1,000 hours of service during a Plan year. Employees become eligible to participate in the Plan as of their date of hire and are 21 years of age.

Administration

The Company is the Plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan. Matrix Trust Company was the Plan’s custodian at December 31, 2021 and 2020 and for the year ended December 31, 2021. Human Interest provided recordkeeping services for the Plan for the years ended December 31, 2021 and 2020.

Contributions

Eligible employees can enter the Plan upon their date of hire and may contribute up to 100% of their eligible compensation, as defined by the Plan, up to the Internal Revenue Code maximum allowance of \$19,500 in 2021. Catch-up contributions are permitted for those participants over age 50 up to \$6,500, increasing the maximum allowance to \$26,000 for 2021. The Plan allows for Roth contributions.

The Company provides for a 3% safe harbor non-elective employer contribution each year for all participants. Safe harbor non-elective contributions are based on a percentage of a participant’s compensation.

In addition, the Company can provide discretionary contributions of an amount determined by the Company each year. Participants are eligible for discretionary contributions if they are employed as of the last day of the Plan year. The Company did not make any discretionary contributions during the year ended December 31, 2021.

Participants direct the investment of their contributions and Company contributions into the various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with any contributions from the participant as well as the employer and related earnings, losses, withdrawals and fees. The participant is entitled to the benefit that can be provided from the participant’s vested account.

Vesting of Benefits

Participants are always fully vested in the value of their own contributions and the Company’s contributions.

Notes Receivable from Participants

Galaxy Digital Services LLC 401(k) Plan
Notes to the Financial Statements
For the Years Ended December 31, 2021 and 2020

At the discretion of, and subject to, the terms as set forth in the Plan document or the associated loan procedures, loans may be made to a participant of not less than \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's total vested balance. The notes receivable bear interest and, in general, repayment must be made over a period not to exceed five years. As of December 31, 2021 and 2020, the interest rates on the outstanding loans ranged from 4.30% to 7.50%.

Payment of Benefits

Upon termination of service or death, the participant, or the designated beneficiary, may elect to receive a single lump-sum payment in cash or to transfer their vested benefits to another qualified plan or to an individual retirement account. The Plan also allows for certain distributions after a participant attains the age of 59-1/2 or in the event of certain hardships.

Effective January 1, 2019, the Plan adopted the provisions of the Bipartisan Budget Act of 2018 relating to hardship withdrawals. The provisions eliminated the requirement for participants to obtain participant loans prior to requesting and obtaining a hardship withdrawal and the six month suspension of employee deferrals follow a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

Plan Expenses

Certain expenses of maintaining the Plan are directly paid by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Refer to Note 5 – Fair Value Measurements for related disclosures. Purchases and sales of securities are recorded on a trade-date basis. Investment interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Interest Bearing Cash

The balance in the non-interest bearing cash represents over funded employer contributions which are unallocated at December 31, 2021 and 2020.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by the Plan management. Principal

and interest are repaid through payroll deductions. Upon default, these receivables are deemed to be a distribution to the participant.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

During the year ended December 31, 2021, \$18,280 was paid directly from the assets of the Plan for administrative expenses. Investment fees are included in net appreciation in the fair value of investments and are not readily determinable.

3. INCOME TAX STATUS

The Plan adopted a volume submitter plan document effective January 1, 2018 which received an opinion letter dated March 31, 2014 indicating that the Plan is qualified and that the trust established under the Plan is tax exempt under the appropriate section of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter and was most recently restated effective December 1, 2022 and received its latest opinion letter dated June 30, 2020. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS") or the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in process. There are no tax related interest or penalties included in the financial statements presented.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Matrix Trust Company (the "Custodian"), as the custodian for the Plan and successor to the Plan's prior custodian LT Trust Company, has certified the completeness and accuracy of all investments as of December 31, 2021 and 2020 in the accompanying statements of net assets available for benefits and the related investment activity for the year ended December 31, 2021 in the accompanying statement of changes in net assets available for benefits, as well as the supplementary Schedule H, Part IV, Line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2021. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodian, except for comparing such information with the related information included in the financial statements and supplementary schedule. Based on information provided and certified by the Custodian, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2021 and 2020.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Notes to the Financial Statements
For the Years Ended December 31, 2021 and 2020

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the closing prices reported on the active market on which the individual securities are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, by class of asset, as of December 31, 2021 and 2020:

(in thousands)	As of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,008	\$ —	\$ —	\$ 11,008

(in thousands)	As of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,605	\$ —	\$ —	\$ 3,605

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Plan participants' account balances and the amounts reported in the financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are party-in-interest transactions. All such transactions qualify as exempt transactions from the prohibited transactions rules.

8. PROHIBITED TRANSACTIONS

During 2021, the Plan sponsor inadvertently failed to deposit \$1,353,269 of participant deferrals within the required time frame as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Plan sponsor will contribute the lost earnings on late contributions to the Plan in accordance with the DOL's Voluntary Fiduciary Correction Program during the December 31, 2023 Plan year.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through March 23, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred, other than those described in Note 1, which would require an adjustment to or disclosure in the financial statements.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan, for the years ended December 31, 2021 and 2020, was prepared by the third-party administrator. The following is a summary of differences, generally attributable to accruals between the financial statements and the Form 5500:
