Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of National Frozen Foods Corporation Employees' Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended April 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2022 Financial Statements* section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of National Frozen Foods Corporation Employees' Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Frozen Foods Corporation Employees' Pension Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Administrative Committee
National Frozen Foods Corporation Employees' Pension Plan

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Frozen Foods Corporation Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Frozen Foods Corporation Employees' Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of April 30, 2022 and schedule of reportable transactions for the year ended April 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Administrative Committee
National Frozen Foods Corporation Employees' Pension Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of National Frozen Foods Corporation Employees' Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated February 15, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NATIONAL FROZEN FOODS CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following description of National Frozen Foods Corporation Employees' Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all employees of National Frozen Foods Corporation (the Company) who were hired or rehired before May 1, 2009. The Plan was originally effective January 1, 1985. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits

Each employee, hired prior to the partial freeze date of May 1, 2009 (unless required by the terms of a collective bargaining agreement), is eligible for annual pension benefits after reaching normal retirement age (the later of age 62 or the fifth anniversary in the Plan) and completing one year of service during which 500 hours of service have been credited, as defined by the Plan. Participants who are at least 55 may be eligible for early benefit payments adjusted by a factor, as defined by the Plan. Employees may elect to receive the value of their accumulated plan benefits as a lump sum distribution upon retirement or termination, providing the lump sum value is under \$10,000 or the benefits were accrued through April 30, 1993, or they may elect to receive their benefits as an annuity payable monthly upon retirement.

As a pension plan subject to Internal Revenue Code (IRC) Section 412, participants receive their accrued vested benefits in the form of a Qualified Joint and Survivor Annuity. Under the terms of the Plan, a Qualified Joint and Survivor Annuity is a joint and 100% survivor annuity. In the event that the participant is married and the participant's spouse waives the Qualified Joint and Survivor Annuity, the participant may elect to receive his or her accrued benefit in the form of a straight-life annuity, the normal form of benefit in the Plan.

Participants become fully vested in the Plan upon attaining normal retirement age or a participant's early retirement date, death, total disability, or upon the completion of five years of vesting service. Normal retirement age is defined as the older of age 62 or the age of the participant on the date five years after the first day of the Plan year in which his Plan entry date occurred. A participant's early retirement date is the first day of the month on which the participant ceases to be an employee and has attained age 55 and completed two years of vesting service.

Death and Disability Benefits

In the event of a death of a participant prior to retirement, the beneficiary will receive a death benefit equal to the value of the employee's accumulated pension benefits. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Funding Policy

The Company contributes to the Plan as determined by an independent actuary and minimum funding standards under current federal income tax laws. Participants may not make contributions to the Plan. The Company contributions for the year ended April 30, 2022 met the minimum funding requirements of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses (consisting of management fees, trustee fees, and investment consulting fees) associated with operation of the Plan are paid by the Plan. Other administrative expenses are paid by the Company.

NATIONAL FROZEN FOODS CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through March 8, 2023, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to:

- a) Retired or terminated employees or their beneficiaries,
- b) Beneficiaries of employees who have died, and
- c) Present employees or their beneficiaries.

Benefits under the Plan are based on specific rates and hours of service completed subsequent to April 30, 1993, the effective date the regular plan and seasonal plan were merged and the Plan was restated entirely, plus cumulative benefits earned as of April 30, 1993. This cumulative benefit is based on the employees' annual compensation during the two years of credited service prior to April 30, 1993, using the highest calendar year compensation of that two-year period. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date.

Benefits payable under all circumstances (retirement, death, and termination of employment) are included, to the extent they are deemed attributable, to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, Northwest Plan Services, April 30, 2022 and 2021, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of April 30, 2022, were:

- a) Life expectancy of participants - RP-2014 Blue Collar Mortality Table (adopted on May 1, 2016) projected for all future years using the Scale MP-2021.
- b) A discount rate of 4.16%.
- c) Participants are assumed to retire at their normal retirement age, age 62. Participants who are older than their normal retirement age are assumed to retire immediately.
- d) The expense of administration is paid by the Plan Sponsor.

NATIONAL FROZEN FOODS CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The significant actuarial assumptions used in the valuation as of April 30, 2021 were:

- a) Life expectancy of participants - Sex-distinct RP-2014 Blue Collar Mortality Table (adopted on May 1, 2016) projected for all future years using the MP-2020 projection scale).
- b) A discount rate of 2.85%.
- c) Participants are assumed to retire at their normal retirement age, age 62. Participants who are older than their normal retirement age are assumed to retire immediately.
- d) The expense of administration is paid by the Plan Sponsor.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computations of the actuarial present value of accumulated plan benefits were made as of May 1, 2022 and 2021. Had the valuations been performed as of April 30, there would be no material differences.

The change in the actuarial assumption is primarily related to the change in the mortality table used. The RP-2014 Blue Collar Mortality Table was updated from MP-2020 to MP-2021 to incorporate improvements in life expectancy into liability results. As a result, the discount rate was updated from 2.85% to 4.16% for the year ended April 30, 2022.

The following is a summary of actuarial present value of accumulated plan benefits as of April 30:

	<u>2022</u>	<u>2021</u>
Actuarial Present Value of Accumulated Plan Benefits:		
Vested Benefits:		
Retired Participants	\$ 16,888,044	\$ 24,502,422

Benefits Paid	<u>(1,454,002)</u>
Actuarial Present Value of Accumulated	
Plan Benefits - End of Year	<u><u>\$ 45,976,223</u></u>

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at April 30, 2022 and 2021, and net depreciation in fair value of the investments, interest, and dividends for the year ended April 30, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NATIONAL FROZEN FOODS CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at April 30, 2022 and 2021.

Investments in Money Market Deposit Accounts – Valued at carrying value, which approximates fair value, based on the amount of net contributions plus any investment earnings allocated to the account.

Investments in Mutual Funds (including money market funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments in Common Stock – Valued at the closing price reported in the active market in which the individual security is traded.

Investments in Limited Partnerships – Valued at fair value based on the NAV of the fund as reported by the general partners to the trustees. Fair values in this category have been calculated using the practical expedient provided by the fund managers. NAV is based upon the fair value of the underlying investments using pricing models maximizing the use of observable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30:

	2022			
	Level 1	Level 2	Level 3	Total
Money Market Deposit Account	\$ -	\$ 237,610	\$ -	\$ 237,610
Mutual Funds	36,162,038	-	-	36,162,038

Mutual Funds	33,262,648	-	-	33,262,648

Investments at Net Asset Value (a)				<u>4,443,231</u>
Total Investments				<u>\$ 40,406,016</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarizes investments for which fair value is measured using the net asset value per share practical expedient as of April 30, 2022:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021

The following is a brief description of the nature and significant investment strategies of the private equity funds and hedge funds:

Mudrick Distressed Opportunity Fund: Mudrick Distressed Opportunity Fund invests in public equity and fixed income markets, primarily in distressed debt and equity securities, distressed companies, distressed bonds and other distressed type investment instruments. The hedge fund was created on July 1, 2009 in the United States.

Rimrock Structured Product CL (RSP): RSP was formed under the laws of the Cayman Islands on November 29, 2011. The Fund was organized for the purpose of serving as an “Offshore Feeder Fund”, for offshore investment in Rimrock Structured Product (Master) Fund, Ltd. via the purchase of participating shares in the Master Fund. Pursuant to an investment manager agreement, Rimrock Capital Management, LLC is the investment manager of the fund. RSP is considered a commodity pool under regulations of the Commodity Futures Trading Commission. RSP also qualifies under the exemption provisions of Regulation 4.13(a)(3) of the Commodity Exchange Act. RSP invests substantially all of its assets through a master-feeder structure in RSP Master, an investment company that has the same investment objectives as the RSP.

TRF Feeder Fund (Cayman), L.P.: TRF was organized as an exempted limited partnership under the laws of the Cayman Islands and will continue until December 31, 2057. The Fund is regulated under the Mutual Fund Law of the Cayman Islands. The Fund adopted a master feeder structure whereby the Fund invests in TRF Master Fund (Cayman), L.P., a Cayman Islands exempted limited partnership (the Master Fund). Affiliates of the Fund and the Master Fund have been organized as private equity investment vehicles to take advantage of investment opportunities in water, wastewater, and water-related companies as well as various water resource assets.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits to former employees or their beneficiaries that have been receiving benefits for at least three years, or employees eligible to retire for that three-year period that would have been receiving benefits if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed subsequently).
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

NATIONAL FROZEN FOODS CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

NOTE 6 PLAN TERMINATION (CONTINUED)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2022 and 2021, that ceiling, which is adjusted periodically, was \$6,205 and \$6,034, respectively, for each year, per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination, whichever comes later. For younger annuitants, or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial level of benefits guaranteed by the PBGC.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has not been amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Trust Bank, the trustee, as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These arrangements qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

EMPLOYEES' PENSION PLAN**

ACTUARIAL ASSUMPTIONS

May 1, 2021

The funding method used for this valuation is the "Unit Credit" funding method as required by the Pension Protection Act of 2006. For purposes of Exhibit 9, Pension Expense Under ASC 715, the "Projected Unit Credit" funding method was used. The requirements set forth in this report have as their basis the following valuation assumptions.

1) **INTEREST RATE**

Interest rate assumptions employed in this valuation are summarized below:

Liability Measured	Rates	Date Adopted
Minimum Funding (Exhibits 1 through 7)	4.75%/5.36%/6.11%	May 1, 2021
Minimum Funding Effective Rate	5.66%	May 1, 2021
ASC 960 (Exhibit 8)	2.85%	May 1, 2021
PBGC Premium (Appendix G) and Maximum Deductible Contribution (Exhibit 7)	1.75%/3.04%/3.65%	May 1, 2021

The *Minimum Funding Effective Rate* is used to discount receivable contributions for determining the Market Value of Assets for both Funding and PBGC Premium purposes. It is determined as the single rate that is be used to calculate the same liability amount as the required three segment rates used for funding purposes. The *ASC 960 Discount Rate* of 2.85% is the single rate that is equivalent to discounting the expected benefit payment stream for expected future payments using the annual spot rates from the April 2021 Citigroup Pension Discount Curve.

2) **MORTALITY**

For Funding and PBGC premium purposes, the sex-distinct RP-2014 (Combined) Mortality Table projected using the MP-2020 projection scale was used to estimate participant mortality rates (adopted on May 1, 2021). For Pension Disclosure (ASC 960) purposes, the sex-distinct RP-2014 (Blue Collar) Mortality Table (adopted on May 1, 2016) projected for all future years using the MP-2020 projection scale was used to estimate participant mortality rates (adopted on May 1, 2021).

3) **TERMINATIONS**

Voluntary termination rates were developed based on actual plan experience from 1987 through 1992 (adopted May 1, 1993):

<u>Age</u>	<u>Number Terminating Per 1,000 Covered</u>
20	300
25	225

<u>Age</u>	<u>Number Terminating Per 1,000 Covered</u>
30	160
35	115
40	85
45	75
50	65
55	55
60	45

4) **EXPENSES**

Non-Investment expenses paid by the Trust Fund are not taken into account since the employer pays these expenses directly. However, investment expenses are assumed to be paid out of trust assets (adopted May 1, 1993).

5) **VALUATION OF ASSETS**

Plan assets are valued at fair market value (adopted May 1, 2008). Prior to May 1, 2008, plan assets were valued using a 3 year smoothing method (adopted May 1, 2001). Prior to May 1, 2001 plan assets were valued at fair market value (adopted prior to May 1, 1993).

6) **RETIREMENT AGE**

Participants are assumed to retire at their normal retirement age, age 62. Participants who are older than their normal retirement age are assumed to retire immediately (adopted prior to May 1, 1993).

CHANGES SINCE THE PRIOR YEAR AND REASONS FOR CHANGE

All actuarial assumptions described above are the same as used in the prior year's report, except for the Funding and PBGC Premium interest rate assumptions, which are mandated changes by law. The projection of mortality in the RP-2000 Combined Mortality Table was updated from 2019 to 2020 to incorporate improvements in life expectancy into liability results. Also, for Funding and PBGC Premium purposes, the mortality scale was updated from the to the MP-2019 scale to the MP-2020 scale to incorporate improvements in life expectancy into liability results as required by law.

Finally, the ASC 960 Discount Rate was changed from 2.59% to 2.85% to reflect the expected benefit payment stream using the April 2021 Citigroup Pension Discount Curve spot rates.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**NATIONAL FROZEN FOODS CORPORATION
EMPLOYEES' PENSION PLAN**

SUMMARY OF PLAN

May 1, 2021

1) **EFFECTIVE DATE OF PLAN**

The plan was originally effective on July 1, 1985. It was amended on May 1, 1993 to enact the merger of the Seasonal Plan with the Regular Plan and the change in benefit formula that occurred. Subsequent changes include benefit increases as bargained from time to time and the inclusion of Moses Lake and Albany hourly employees as of May 1, 1997. Effective May 1, 2009, non-union hourly employees of Moses Lake and Albany hired after April 30, 2009 are not eligible for the Plan. Effective May 1, 2010, hourly employees of Chehalis hired after April 30, 2010 are not eligible for the Plan. Effective November 1, 2010, participants rehired after October 31, 2010 are not eligible for the Plan.

2) **FUNDING**

The plan is funded by employer contributions to a trust fund.

3) **EMPLOYEES INCLUDED**

The plan covers union employees at Chehalis hired before May 1, 2010 and hourly employees at Moses Lake and Albany, hired before May 1, 2009, who complete at least 500 hours of service in a plan year. Participants rehired after October 31, 2010 are not eligible for the Plan. Employees who meet the eligibility requirements enter the plan on the May 1 or November 1 following the date on which they complete 12 months of service and meet the 500-hour requirement. The Burlington plant closed in late 2001.

4) **PLAN YEAR**

The plan year is the 12-month period from May 1 to April 30.

5) **EMPLOYER CONTRIBUTIONS**

The employer contributes amounts sufficient to maintain the trust at an adequate level.

6) **EMPLOYEE CONTRIBUTIONS**

Participants in the plan are neither required nor allowed to make any contributions.

7) **YEAR OF SERVICE**

For vesting purposes, a year of service is credited for each plan year in which an employee completes 500 hours of service. Prior to May 1, 1993, a year of vesting service was earned each plan year in which an employee had 137.5 hours of service.

**NATIONAL FROZEN FOODS CORPORATION
EMPLOYEES' PENSION PLAN**

APPENDIX A
(Continued)

**SUMMARY OF PLAN
May 1, 2021**

8) RETIREMENT DATE

The normal retirement date for any participant shall be the first day of the month coincident with or next following the attainment of age 62 but not earlier than the fifth anniversary of participation. An early retirement date is permitted provided the participant has attained age 55 and completed five years of vesting service.

9) RETIREMENT BENEFIT

The monthly normal retirement benefit is payable as a single life annuity and is equal to a participant's accrued benefit as of April 30, 1993 plus the accumulation of annual accruals, which are the product of: (1) a participant's hours (not to exceed 2,080) for the plan year; (2) a rate based upon accumulated vesting service as of the beginning of the plan year (.02 for service less than 20 years and .0265 otherwise); and (3) a specified rate based upon the participant's hours for each plan year as follows:

	<u>Less Than 1,000 Hours</u>	<u>1,000 or More Hours</u>
5/1/93 - 4/30/95	\$ 0.11	\$ 1.05
5/1/95 - 4/30/96	\$ 0.15	\$ 1.10
5/1/96 - 4/30/97	\$ 0.15	\$ 1.15
5/1/97 - 4/30/98	\$ 0.15	\$ 1.20
5/1/98 - 4/30/99	\$ 0.20	\$ 1.30
5/1/99 - 4/30/00	\$ 0.25	\$ 1.40
5/1/00 - Future	\$ 0.30	\$ 1.50

10) ACCRUED BENEFIT

A participant's accrued benefit is equal to the normal retirement benefit earned to date and is payable at the normal retirement date. The early retirement benefit is equal to the accrued benefit times a percentage given in the following table:

<u>Age</u>	<u>Percentage</u>	<u>Age</u>	<u>Percentage</u>
62	100.0	58	71.2
61	92.8	57	64.0
60	85.6	56	59.2
59	78.4	55	54.4

**NATIONAL FROZEN FOODS CORPORATION
EMPLOYEES' PENSION PLAN**

APPENDIX A
(Continued)

**SUMMARY OF PLAN
May 1, 2020**

11) **RETIREMENT BENEFIT OPTIONS**

The following forms of payment are available to retirees:

- a) Life annuity.
- b) 10-Year Certain & Life annuity.
- c) Joint and survivor annuity with continuation of 50%, 66-2/3%, or 100%.
- d) Lump Sum (with limitations).

12) **DEATH BENEFIT**

If death occurs prior to the commencement of benefit payments, a participant's spouse is entitled to receive the Actuarial Equivalent of the participant's accrued benefit, or to elect the optional Joint and Survivor Annuity form of coverage.

13) **DISABILITY BENEFIT**

A participant who becomes totally and permanently disabled shall be able to receive the actuarial equivalent of the accrued benefit.

14) **VESTED BENEFIT**

If the terminating participant has completed five or more years of Vesting Service, the participant is fully vested in the accrued benefit. For termination prior to May 1, 1993, participants vested in their benefits according to the following: 0% until 20% after 2 years of service, increasing by 20% per year, until 100% vested after 6 years of service.

Upon the attainment of normal retirement age, death, or disability, a participant will become fully vested in his or her accrued benefit. (Burlington employees who met the requirements of the stay package are also fully vested.)
