Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Participants and KBR Benefits Committee of the
NUS Corporation Employees' Pension Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NUS Corporation Employees' Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020 and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and KBR Benefits Committee of the
NUS Corporation Employees' Pension Plan

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NUS Corporation Employees' Pension Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the NUS Corporation Employees' Pension Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a noncontributory defined benefit pension plan, established on January 1, 1972 to provide specified benefits for eligible employees of NUS Corporation (the Company), upon retirement, death, or disability. The Plan was amended and restated in its entirety effective January 1, 1987 in order to comply with the provisions of the Tax Reform Act of 1986. No new participants were allowed in the Plan on or after January 1, 1993. Participants are 100 percent vested in their benefits. Effective December 31, 1993, the benefits accrual under the Plan was frozen.

The Kellogg Brown & Root LLC (KBR) Benefits Committee maintains all control, management, and administration of the Plan. The KBR Investment Committee maintains all powers and duties related to the Plan's investment fund or funds.

Contributions and Funding Policy

The Company contributes such amounts as are necessary, on an actuarially determined basis, to meet the minimum funding requirements of ERISA. Employer contributions in excess of the required minimum may be made at the discretion of the Company. The minimum funding requirements under ERISA regulations for the years ended December 31, 2021 and 2020 have been met by the Company.

Pension Benefits

Normal retirement benefits equal the sum of the following:

- The member's past service benefit as of December 31, 1987.
- For the year 1988, before the participant completed 15 years of service, and the participant completed 1,000 hours of service during 1988, one percent times total wages per Form W-2 plus any salary reductions made under the Internal Revenue Code of 1986, as amended (IRC) Section 401(k) or IRC Section 125 Plan (applicable compensation) up to an amount determined based on the employee's sixty-fifth birthday (covered compensation) plus 2 percent times applicable compensation in excess of covered compensation.
- For any year after December 31, 1988, before the participant completed 15 years of service and the participant completed 1,000 hours of service during that year, 1.25 percent times applicable compensation up to covered compensation plus 2 percent times applicable compensation in excess of covered compensation.
- For any year after December 31, 1987, after the participant completed 15 years of service but before the participant completed 35 years of service and the participant completed 1,000 hours of service during that year, 1 percent times applicable compensation.

The normal retirement benefit accrued after 1988 is reduced 1/15 for each year by which normal retirement date precedes unreduced social security retirement age.

NUS Corporation Employees' Pension Plan

Notes to Financial Statements

The early retirement benefit for accruals prior to 1989 equals the accrued benefit reduced by 1/15 for each of the first five years and 1/30 for each of the next five years that payments commence prior to age 65. The early retirement benefit for accruals after 1988 equals the accrued benefit reduced by 1/15 for each of the first five years, 1/30 for each of the next five years, and 1/24 for each year thereafter that payments commence prior to unreduced social security retirement age.

Disability benefit is an amount payable at age 65 equal to the benefit the participant would have accrued assuming their applicable compensation continued to age 65 at the rate in effect at the date of disability.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Investment Income of the Master Trust

The Plan participates in the KBR Employee Benefit Master Trust (Master Trust) with State Street Bank and Trust Company (State Street). The Plan assets are held in the Master Trust (See Note 3).

The Plan's investments in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities in the Master Trust are recorded on a trade-date basis. Interest income on the Master Trust investments are recorded on the accrual basis. Dividends on the Master Trust investments are recorded at the ex-dividend date. Net appreciation includes the gains and losses on Master Trust investments bought and sold as well as held during the year. Included with interest, dividends and other income and presented as Plan interest in investment income of Master Trust in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Master Trust pays substantially all plan expenses on behalf of the Plan. Generally, trustee fees, actuarial fees to the extent allowable by law, audit fees, investment management fees, and Pension Benefit Guaranty Corporation (PBGC) premiums were paid from Master Trust assets and were charged to the applicable plans participating in the Master Trust. Expenses related to the direct management of the Master Trust were shared on an equitable basis by the participating plans. Expenses specifically related to an individual plan are charged to the assets of the plan that incurred the charges. These expenses are shown as a component of Plan interest in Master Trust investment income.

Notes to Financial Statements

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through March 23, 2023, the date the financial statements were available to be issued.

Note 3. Participation in Master Trust

All of the Plan's investments are in the Master Trust, which was established for the collective investment of certain defined contribution and defined benefit plans. The assets of the Master Trust are segregated into funds in which the plans may participate. Each participating plan has a divided interest in the Master Trust. The combination of the plans' assets is only for investment purposes and the plans continue to be operated under their current plan documents, as amended.

Certain information related to investments disclosed in the accompanying financial statements, including investments held in the Master Trust at December 31, 2021 and 2020, and net income of the Master trust for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street, the trustee of the Plan.

The following statements of net assets available for benefits are presented for the Master Trust at December 31, 2021 and 2020:

Note 4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances are included, to the extent they are deemed attributable to employee service rendered prior to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NUS Corporation Employees' Pension Plan

Notes to Financial Statements

The accumulated plan benefits information at December 31, 2021 and 2020 were as follows:

	2021	2020
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ 39,346,630	\$ 39,057,184
Other participants	<u>11,473,697</u>	<u>12,576,114</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 50,820,327</u>	<u>\$ 51,633,298</u>

The change in the actuarial present value of accumulated plan benefits for the years ended December 31, 2021 and 2020 is attributable to the following:

	2021	2020
Actuarial present value of accumulated plan benefits, beginning of the year	\$ 51,633,298	\$ 50,719,519
Increase (decrease) during the year attributable to:		
Benefit payments	(4,302,500)	(3,667,864)
Increase for interest accumulation	2,574,484	2,812,395
Benefits accumulated and other changes	768,399	(75,784)
Assumption changes	<u>146,646</u>	<u>1,845,032</u>
Net increase (decrease)	(812,971)	913,779
Actuarial present value of accumulated plan benefits, end of the year	<u>\$ 50,820,327</u>	<u>\$ 51,633,298</u>

The significant actuarial assumptions used in the Plan valuations as of December 31, 2021 and 2020 were: (a) life expectancy of participants (in 2021, the Plan used the Internal Revenue Service (IRS) weighted rates from the Pri-2012 Mortality table projected to 2021; in 2020, the Plan used the IRS weighted rates from the Pri-2012 Mortality table projected to 2020), (b) retirement age assumptions (age 65), and (c) 5.20% for 2021 and 2020 expected investment return.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before Plan termination.

NUS Corporation Employees' Pension Plan

Notes to Financial Statements

2. Annuity benefits which former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. governmental agency, up to the applicable limitations.
4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

Note 6. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

NUS Corporation Employees' Pension Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets in the Master Trust measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest-bearing cash: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

Collective trust fund: Valued at the NAV of the shares held, which is based on the fair value of the underlying investments using information reported by the investment advisor at year end. The NAV is used as a practical expedient to estimate fair value.

Stable value fund: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value of the underlying investments using information reported by the investment advisor at year end. The NAV is used as a practical expedient to estimate fair value.

The Master Trust consider all highly liquid investments with an original maturity of three months or less to be cash equivalents.

The following table sets forth by level, within the fair value hierarchy, the Master Trust investments at fair value as of December 31, 2021 and 2020:

	2021	2020
Level 1:

Other redemption restrictions	None	None
Redemption notice period	None	None

^(a) The investment objective of this fund is to provide interest income consistent with prevailing market and interest rate conditions, principal stability, capital preservation, and liquidity for participant activity. The fund seeks to achieve these goals by investing in a combination of stable value contracts and fixed income investments.

Note 7. Risks and Uncertainties

The investments of the Master Trust are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that some changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are determined and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8. Tax Status

The Plan obtained its latest determination letter on November 6, 2015, in which the IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NUS Corporation Employees' Pension Plan

Notes to Financial Statements

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Related-Party and Party-in-Interest Transactions

The Plan, through its participation in the Master Trust, may invest in investment securities issued and/or managed by State Street, the trustee for the Plan. Aon provides actuarial and related services for the Plan. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various services providers. These transactions are all party-in-interest transactions under ERISA.

Note 10. Concentration Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk principally consist of cash and cash equivalents. At times, such investments may be in excess of federally insured limits.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, Part V—Summary of Plan Provisions

General Information

Original Effective Date	January 1, 1972
Effective Date of Last Amendment	January 1, 2014
Plan Year	January 1 to December 31
Employer Fiscal Year	January 1 to December 31
Employer ID Number	20-3897734
Plan Administrator's ID Number	53-0258114
Plan Number	003
Plan Administrator	KBR Benefits Committee

Eligibility

All employees of the employer are eligible to participate in the plan as of the January 1 preceding attainment of age 21 following the completion of one qualifying year of service. Effective January 1, 1994, no additional participants will enter the plan.

Normal Retirement Date

Normal retirement date is the first of the month coincident with or next following the attainment of age 65.

Early Retirement Date

Early retirement date is the attainment of age 55 and completion of 10 years of service.

Normal Retirement Benefit

The amount of annual benefit based on service to normal retirement date is:

- (1) The member's past service benefit as of December 31, 1987.
- (2) For any year after December 31, 1987, before January 1, 1989, and before the participant completed 15 years of service, 1% times applicable compensation up to covered compensation plus 2% times applicable compensation in excess of covered compensation.

Schedule SB Attachment (Form 5500)—2021 Plan Year
NUS Corporation Employees' Pension Plan
EIN: 20-3897734 PN: 003

- (3) For any year after December 31, 1988, but before January 1, 1994 and before the participant has completed 15 years of service, 1.25% times applicable compensation up to covered compensation plus 2% times applicable compensation in excess of covered compensation.
- (4) For any year after December 31, 1987 and before January 1, 1994 and after the participant has completed 15 years of service but before the participant has completed 35 years of service, 1% times applicable compensation.

The maximum annual benefit payable from the plan shall be based on the Social Security normal retirement age maximum. The normal retirement benefit portion accrued after December 31, 1988 will be reduced one-fifteenth for each year by which normal retirement date precedes Unreduced Social Security retirement age.

Effective January 1, 1994, all future benefit accruals ceased.

Covered Compensation

Sample amounts are as follows:

Year of Birth	1993 Amount
1925	\$18,312
1930	\$25,728
1935	\$32,276
1940	\$41,880
1945	\$48,324
1950	\$53,340
1955	\$56,604
1959 or Later	\$57,600

Applicable Compensation

The total wages, including overtime, shift differential, bonuses and commissions (as reflected on Form W-2) paid to a member during any plan year by Halliburton NUS Environmental Corporation or its subsidiaries, plus any salary reductions made under any Code section 401(k) or Code section 125 Plan maintained by Halliburton NUS Environmental Corporation. Compensation for each year shall not exceed the IRC section 401(a)(17) limit.

Schedule SB Attachment (Form 5500)—2021 Plan Year
NUS Corporation Employees' Pension Plan
EIN: 20-3897734 PN: 003

Early Retirement Benefit

Accrued benefit calculated after December 31, 1988, reduced one-fifteenth for each of the first five years, one-thirtieth for each of the next five years, and one-twenty-fourth for each year thereafter that payments commence prior to unreduced Social Security retirement age. The accrued benefit earned prior to December 31, 1988 is reduced one-fifteenth for each of the first five years and one-thirtieth for each of the next five years that payments commence prior to age 65.

Disability Retirement Benefit

A participant who becomes totally and permanently disabled before his normal retirement date will receive a benefit at age 65 equal to the benefit the participant would have accrued assuming his applicable compensation continued to age 65 at the rate in effect at the date of disability.

Death Benefit

The spouse of a participant who is eligible for vesting upon termination will, in the event of his death, receive a benefit equal to the benefit payable had the participant retired on the later of the day before his death or age 55 and elected a 50% joint and survivor benefit. If the participant dies prior to attaining age 55, the benefit will be deferred to the date he would have been age 55.

Vesting on Termination

Prior to December 31, 1993, 20% after three years of service, increasing 20% a year to 100% after seven years of service. Effective July 1, 1994, all active participants are 100% vested.

Normal Form of Payment

The normal form of payment is 120 monthly payments certain and life thereafter.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of payment. If a married participant does not elect the normal form of payment or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option (1) below. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with one-twelfth of the reduced benefit to be continued to his spouse for her lifetime after his death.

Schedule SB Attachment (Form 5500)—2021 Plan Year
NUS Corporation Employees' Pension Plan
EIN: 20-3897734 PN: 003

- (2) A reduced benefit to be paid during the participant's lifetime with three-fourths of the reduced benefit to be continued to his spouse for her lifetime after his death.
- (3) A reduced benefit to be paid during the participant's lifetime with the same reduced benefit to be continued to his spouse for her lifetime after his death.
- (4) A reduced benefit to be paid for life.

Amendment or Termination of Plan

The employer reserves the right to amend or terminate the plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the plan if the employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure, and the employer shall be liable for any unfunded vested benefits to the extent required by law.

Additional Information

The above description is a summary only; for additional details, reference should be made to the formal Plan Document.

Plan Changes Since the Prior Year

The funding and plan reporting valuations do not reflect any plan changes.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

This Schedule SB reflects stabilized 2021 minimum funding interest rates that are adjusted for ARPA. Via this filing, KBR, Inc. will irrevocably commit the NUS Corporation Employees' Pension Plan to use of those rates for the 2021 plan year.

Schedule SB, line 24—Change in Actuarial Assumptions

- The unlimited expected return on assets was changed from 5.75% to 5.20%.

This change was made to better reflect the anticipated plan experience. This assumption change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.

Schedule SB, line 24—Change in Actuarial Assumptions

- The unlimited expected return on assets was changed from 5.75% to 5.20%.

This change was made to better reflect the anticipated plan experience. This assumption change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, Part V—Summary of Plan Provisions

General Information

Original Effective Date	January 1, 1972
Effective Date of Last Amendment	January 1, 2014
Plan Year	January 1 to December 31
Employer Fiscal Year	January 1 to December 31
Employer ID Number	20-3897734
Plan Administrator's ID Number	53-0258114
Plan Number	003
Plan Administrator	KBR Benefits Committee

Eligibility

All employees of the employer are eligible to participate in the plan as of the January 1 preceding attainment of age 21 following the completion of one qualifying year of service. Effective January 1, 1994, no additional participants will enter the plan.

Normal Retirement Date

Normal retirement date is the first of the month coincident with or next following the attainment of age 65.

Early Retirement Date

Early retirement date is the attainment of age 55 and completion of 10 years of service.

Normal Retirement Benefit

The amount of annual benefit based on service to normal retirement date is:

- (1) The member's past service benefit as of December 31, 1987.
- (2) For any year after December 31, 1987, before January 1, 1989, and before the participant completed 15 years of service, 1% times applicable compensation up to covered compensation plus 2% times applicable compensation in excess of covered compensation.

Schedule SB Attachment (Form 5500)—2021 Plan Year
NUS Corporation Employees' Pension Plan
EIN: 20-3897734 PN: 003

- (3) For any year after December 31, 1988, but before January 1, 1994 and before the participant has completed 15 years of service, 1.25% times applicable compensation up to covered compensation plus 2% times applicable compensation in excess of covered compensation.
- (4) For any year after December 31, 1987 and before January 1, 1994 and after the participant has completed 15 years of service but before the participant has completed 35 years of service, 1% times applicable compensation.

The maximum annual benefit payable from the plan shall be based on the Social Security normal retirement age maximum. The normal retirement benefit portion accrued after December 31, 1988 will be reduced one-fifteenth for each year by which normal retirement date precedes Unreduced Social Security retirement age.

Effective January 1, 1994, all future benefit accruals ceased.

Covered Compensation

Sample amounts are as follows:

Year of Birth	1993 Amount
1925	\$18,312
1930	\$25,728
1935	\$32,276
1940	\$41,880
1945	\$48,324
1950	\$53,340
1955	\$56,604
1959 or Later	\$57,600

Applicable Compensation

The total wages, including overtime, shift differential, bonuses and commissions (as reflected on Form W-2) paid to a member during any plan year by Halliburton NUS Environmental Corporation or its subsidiaries, plus any salary reductions made under any Code section 401(k) or Code section 125 Plan maintained by Halliburton NUS Environmental Corporation. Compensation for each year shall not exceed the IRC section 401(a)(17) limit.

Schedule SB Attachment (Form 5500)—2021 Plan Year
NUS Corporation Employees' Pension Plan
EIN: 20-3897734 PN: 003

Early Retirement Benefit

Accrued benefit calculated after December 31, 1988, reduced one-fifteenth for each of the first five years, one-thirtieth for each of the next five years, and one-twenty-fourth for each year thereafter that payments commence prior to unreduced Social Security retirement age. The accrued benefit earned prior to December 31, 1988 is reduced one-fifteenth for each of the first five years and one-thirtieth for each of the next five years that payments commence prior to age 65.

Disability Retirement Benefit

A participant who becomes totally and permanently disabled before his normal retirement date will receive a benefit at age 65 equal to the benefit the participant would have accrued assuming his applicable compensation continued to age 65 at the rate in effect at the date of disability.

Death Benefit

The spouse of a participant who is eligible for vesting upon termination will, in the event of his death, receive a benefit equal to the benefit payable had the participant retired on the later of the day before his death or age 55 and elected a 50% joint and survivor benefit. If the participant dies prior to attaining age 55, the benefit will be deferred to the date he would have been age 55.

Vesting on Termination

Prior to December 31, 1993, 20% after three years of service, increasing 20% a year to 100% after seven years of service. Effective July 1, 1994, all active participants are 100% vested.

Normal Form of Payment

The normal form of payment is 120 monthly payments certain and life thereafter.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of payment. If a married participant does not elect the normal form of payment or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option (1) below. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with one-twelfth of the reduced benefit to be continued to his spouse for her lifetime after his death.

Schedule SB Attachment (Form 5500)—2021 Plan Year
NUS Corporation Employees' Pension Plan
EIN: 20-3897734 PN: 003

- (2) A reduced benefit to be paid during the participant's lifetime with three-fourths of the reduced benefit to be continued to his spouse for her lifetime after his death.
- (3) A reduced benefit to be paid during the participant's lifetime with the same reduced benefit to be continued to his spouse for her lifetime after his death.
- (4) A reduced benefit to be paid for life.

Amendment or Termination of Plan

The employer reserves the right to amend or terminate the plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the plan if the employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure, and the employer shall be liable for any unfunded vested benefits to the extent required by law.

Additional Information

The above description is a summary only; for additional details, reference should be made to the formal Plan Document.

Plan Changes Since the Prior Year

The funding and plan reporting valuations do not reflect any plan changes.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

This Schedule SB reflects stabilized 2021 minimum funding interest rates that are adjusted for ARPA. Via this filing, KBR, Inc. will irrevocably commit the NUS Corporation Employees' Pension Plan to use of those rates for the 2021 plan year.
