REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Participants and Administrator of

The 401(k) Plan of Arrowood Indemnity Company

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of The 401(k) Plan of Arrowood Indemnity Company (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or

is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The 401(k) Plan of Arrowood Indemnity Company

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of The 401(k) Plan of Arrowood Indemnity Company (the "Plan") is provided for general informational purposes only. Participants should refer to the Summary Plan Description or the Plan document for more complete information.

General

The Plan is a qualified voluntary defined contribution plan sponsored and administered by Arrowood Indemnity Company (the "Company" or "Plan Administrator"), a wholly owned subsidiary of Arrowpoint Group, Inc., whose ultimate parent is Arrowpoint Capital Corp. The Plan applies to all employees of the Company and its affiliates. Certain individuals that are not eligible to participate in the Plan include independent contractors and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Vesting

All participants are 100% vested in their entire account balance, including company matching contributions, regardless of their service.

Contributions

Under the terms of the Plan, eligible employees may contribute to the Plan through payroll deduction via a salary reduction agreement, up to a maximum of 75% of eligible compensation. Eligible employees may elect to make after-tax Roth contributions to the Plan. Contributions (pretax and/or Roth) were limited to \$19,500 for calendar years 2021 and 2020, as stipulated by the Internal Revenue Code ("IRC").

The Company's matching contributions are contributed to the Plan on a biweekly basis. As a safe harbor plan, the Company provided a notice to employees of the safe harbor matching formula. The Company's matching contribution formula effective January 1, 2021 is 117% of the first 6% of eligible compensation contributed by participating employees. Previously, the matching contribution formula was 100% of the first 5% of eligible compensation contributed by participating employees.

Catch-up Contributions

All employees who are eligible to make contributions under the Plan, who have met the Plan's limit for contributions (pretax and Roth) or deferral percentage, and who have attained the age of 50 before the close of the Plan year, are eligible to make catch-up contributions (pretax and/or Roth) during the Plan year in accordance with, and subject to, the limitations of Section 414(v) of the IRC. These catch-up contributions are eligible for company match and were limited to \$6,500 in 2021 and 2020.

Participant Accounts

Upon enrollment in the Plan, participants may, subject to a procedure established and applied in a nondiscriminatory manner, direct the Trustee (Bank of America, N.A.) to invest their account in one or more of the investment options. Each participant's account has transactions including the participant's contribution, allocation of the Company's matching contribution, plan investment earnings or losses, a quarterly recordkeeping fee and monthly fee rebates as applicable for revenue sharing that is re-invested in certain funds.

The 401(k) Plan of Arrowood Indemnity Company
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Payment of Benefits

Upon retirement or termination from employment, a participant's entire interest in the Plan, including the Company's matching contributions and the participant's own contributions and related investment gain or loss, is payable, regardless of the number of years of participation.

In the event of disability or death before retirement or termination, a participant's entire interest in the Plan, including the Company's matching contributions and the participant's own contributions and related investment gain or loss, is payable to the participant or the participant's designated beneficiary, regardless of the number of years of participation. A participant is eligible to receive payment if the participant qualifies for disability benefits as determined under the terms of any long-term disability plan maintained by the Company.

In the event of a financial hardship, an active participant may be allowed to withdraw all or part of their interest in the Plan attributable to the participant's contributions and related investment gain or loss.

While actively employed, a participant may be allowed to withdraw all or a portion of his account subject to Plan rules regarding certain sources of contributions and age requirements.

A Coronavirus Related Distribution was available to participants in 2020 subject to requirements of the Coronavirus Aid, Relief and Economic Security ("CARES") Act. Another law, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act, increased the required minimum distribution age to 72 (up from 70 ½) effective January 1, 2020. The CARES Act waived required minimum distributions for 2020.

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their account balance or \$50,000, with a minimum note amount of \$500. The note repayment terms are for a minimum of one year and a maximum of five years unless the loan is used to purchase their principal residence in which case the term can be up to 10 years. Payments, including principal and interest, are made according to the Company's payroll frequency or lump sum if the entire balance is repaid. The interest rate is based on the prime rate as listed on the last business day of each month in the Wall Street Journal plus 1%. The notes bear interest at rates from 4.25% to 6.50% as of December 31, 2021 and 2020. As of December 31, 2021, participant loans have maturities through 2025. The principal and interest paid are allocated to the appropriate funds according to the participant's investment election at the time of payment. Also, a CARES Act loan was available in 2020 subject to coronavirus-related eligibility rules.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

The 401(k) Plan of Arrowood Indemnity Company
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note 3). Purchases and sales of securities are recorded on a trade-date basis.

Interest income and fee credits from certain funds with revenue sharing are recorded when earned. Dividend income is recorded on the ex-dividend date.

Net gain from investment activity is comprised of realized, as well as unrealized, gains and losses resulting from investment transactions. Net realized gains and losses from investment activity represent the difference between proceeds received from the sale of investments and the fair market value of such investments at the beginning of the Plan year, or the cost of such investments, if the investments were purchased during the current plan year. Net unrealized gains and losses from investment activity represent the difference between the fair market value of investments at the end of the Plan year and the fair market value of such investments at the beginning of the Plan year, or the cost of such investments if the investments were purchased during the current plan year.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and in the statements of changes in net assets available for benefits.

The outbreak of the novel coronavirus ("COVID-19") and subsequent global pandemic began significantly impacting the U.S. and global financial markets and economies beginning in March 2020. The worldwide spread of COVID-19 has created significant uncertainty in the global economy. The duration and extent of COVID-19 over the long-term cannot be reasonably estimated at this time. There have been no comparable recent events that provide guidance as to the effect the spread of COVID-19 as a global pandemic may have on the Plan's financial performance. The ultimate impact of COVID-19 and the extent to which COVID-19 impacts the fair value of the Plan's investments and the amounts reported in the financial statements will depend on future developments, which are highly uncertain and difficult to predict.

Administrative Expenses

Mutual fund fees and common collective trust fees are reflected in the investment performance of the respective investment funds. Plan recordkeeping fees are charged on a fixed rate per participant.

The quarterly recordkeeping fee is charged to all participants. Separately, participants invested in funds that provide revenue sharing receive a monthly credit (fee rebate) that is re-invested as a dividend in the same fund(s).

For 2021 and 2020, the Company paid other expenses related to operating and administering the Plan which are not recorded in these financial statements.

Payment of Benefits

Benefits and withdrawals are recorded when paid.

The 401(k) Plan of Arrowood Indemnity Company
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Any notes considered in default are treated as deemed distributions and included in benefits paid to participants on the statements of changes in net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020. There were no transfers in or out of any level during the years ended December 31, 2021 and 2020.

The Plan's investments are stated at fair market value as determined by the Trustee. The Trustee primarily applies the market approach for recurring fair value measurements and endeavors to utilize the best available information. The Trustee utilizes the quoted net asset values ("NAV"), as reported on national security exchanges, of the mutual fund and money market investments held by the Plan to determine the market value of such investments. The Trustee reports the investment in the collective trust fund at NAV as the practical expedient to estimate fair value, as determined based on the market value of underlying investments of the State Street S&P Midcap Index fund. The investment objective of the collective trust fund is to provide an investment return that approximates as closely as practicable, before expenses, the performance of the S&P Mid Cap 400 Index over the long term. There are no redemption restrictions on this investment.

The 401(k) Plan of Arrowood Indemnity Company
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	2021			
	Level 1	Level 2	Level 3	Total

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.

The 401(k) Plan of Arrowood Indemnity Company
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

- Net investment income and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - INCOME TAX STATUS

The Plan Administrator has received a favorable determination letter from the Internal Revenue Service ("IRS") dated May 31, 2017, which indicated the Plan, as designed, was in compliance with the IRC. The Plan has been amended since the date of submission for the determination letter. However, the Plan Administrator believes that the Plan is designed and is operating in accordance with the applicable requirements of the IRC, and thus, the Plan and the related trust continue to be tax exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the participants' accounts shall be distributed to the participants or their beneficiaries under the terms of the Plan document.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan has notes receivable from participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 8 - PROHIBITED TRANSACTIONS

During 2020, the Company became aware that \$618, representing participant CARES Act loan repayments, was inadvertently not deposited within the time frame required under ERISA. These loan repayments were deposited beyond the earliest expected date on which the assets could be segregated from the employer's assets. The Department of Labor considers late deposits to be prohibited transactions. The Company filed the required Form 5330 and has paid the excise tax relating to the prohibited transactions from the Company's assets and not from the assets of the Plan, in addition to calculating the lost earnings on these repayments. The Company corrected the loan repayments outside of the DOL's Voluntary Fiduciary Correction Program in 2020. No prohibited transactions occurred during the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

NOTE 9 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through June 17, 2022, the date the financial statements were available to be issued.

Beginning in 2022, the Plan will be paying additional administrative expenses previously paid by the Company including, but not limited to, audit, legal and communication costs. To the extent those expenses related to the 2021 plan year they were accrued as of December 31, 2021.
