INDEPENDENT AUDITORS' REPORT

The Trustee of
Q Labs LLC 401(k) Profit Sharing Plan
Cincinnati, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Q Labs LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Q Labs LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in the Certified Investments note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Q Labs LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Q Labs LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Q Labs LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Q Labs LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplementary schedules, as noted in the table of contents, together referred to as "supplementary information", are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Q LABS LLC 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Q Labs LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

Prior to October 1, 2021, the Plan is a defined contribution plan covering all employees of Q Labs LLC (the Company) who had six months of service, which includes having worked at least 500 hours, and are age twenty-one or older. Employees had the opportunity to become a participant on the first "entry date," January 1 or July 1 of each year, once that employee satisfied those requirements.

On October 1, 2021, the plan was restated to cover all employees of the Company who have 3 months of service and are age twenty-one or older. Employees have the opportunity to become a participant on the first "entry date", which is the first day of the plan quarter, January 1, April 1, July 1, or October 1 of each year, once that employee satisfies those requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan. As of October 1, 2021, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Employer Contributions

The Company may make matching contributions, as well as a profit-sharing contribution to the Plan. These amounts will be determined by the Company's Board of Directors on an annual basis. For both the years ended December 31, 2022 and 2021, the Company made matching contributions equal to 20% of the participant's deferrals up to the first 5% of the participant's compensation. There was no profit-sharing contribution for either 2022 or 2021. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes are collateralized by the balance of the participant's account. The interest rate on these loans is set at 1.0% above the prime rate and is reviewed by the Plan administrator on a regular basis. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after six years of credited service.

Forfeitures

If a participant is not fully vested on their termination date, the non-vested amount of their account is forfeited. Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$5,000 will receive a lump sum amount equal to the vested portion of their account upon termination. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian (see Fair Value Measurements note).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants by the IRS deadline.

Payment of Benefits

Payments of benefits are recorded when paid.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2022 and 2021 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service, dated June 30, 2020. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Q Labs LLC 401(k) Profit Sharing Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit, nor has it been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through March 27, 2023, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by the observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2022 or 2021.

Investments Held in Pooled Separate Accounts – Valued at the net asset value (NAV) per share or its equivalent of the funds, which is based on the fair value of the funds' underlying investments.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There were no participant redemption restrictions for these investments.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Investments Held in Pooled Separate Accounts	\$ 2,980,510	N/A	Daily	None
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Investments Held in Pooled Separate Accounts	\$ 3,283,285	N/A	Daily	None

NOTE 4 – FUNDS HELD IN INSURANCE COMPANY GENERAL ACCOUNT

The Plan invests in the Voya Fixed Account (the Account), which is available through a group annuity contract issued by Voya Retirement Insurance and Annuity Company. The Voya Fixed Account guarantees principal and a guaranteed minimum interest rate ("GMIR") for the life of the product as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rates may change after a defined period, but they will never be lower than the GMIR that applies for the life of the contract. The Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Voya Retirement Insurance and Annuity Company's general account. The net crediting rate was 1.25% for 2022.

As described in the Summary of Significant Accounting Policies note, because the Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Account. The Account is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$187,494 and \$170,224, respectively. Contract value approximates fair value for this Account.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedules, including investments held at both December 31, 2022 and 2021, and the net appreciation (depreciation) in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – FORFEITURES

For the years ended December 31, 2022 and 2021, forfeitures of \$5,085 and \$-0-, respectively, were used to pay Plan expenses. No forfeitures were used to offset employer contributions for either year. As of December 31, 2022 and 2021, there were \$6,122 and \$8,035 respectively, in unallocated forfeitures.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Financial. Voya Retirement Insurance and Annuity Company is the custodian and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Fees paid by the Plan to the custodian are included in either administrative expenses or net appreciation (depreciation) in fair value of investments. The Company pays directly any other fees related to the Plan's operations.

Several employees of the Company provide administrative services to the Plan, such as day to day administration and oversight. The Company does not charge the Plan for these services.

NOTE 11 – RISKS AND UNCERTAINTIES

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12 – DELINQUENT REMITTANCES

During 2022, the Company failed to timely remit to the Plan's custodian certain participant contributions totaling \$94 within the period prescribed by the Department of Labor regulations. The Company intends to reimburse the Plan during 2023 for the lost interest and earnings.
