Independent Auditor's Report

To the Plan Administrator
Infinisource, Inc. 401(k) Profit Sharing Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Infinisource, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Infinisource, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Infinisource, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted effective January 1, 1997, by Infinisource, Inc. and its subsidiaries and affiliates (collectively, the “Employer” or the “Company”) and is the sponsor of the Plan. The Plan is a contributory defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

The Principal Trust Company is the trustee of the Plan. The contract holder and recordkeeper of the Plan is Principal Life Insurance Company. The administrator of the Plan is the Company. Principal Trust Company and Principal Life Insurance Company (collectively, “Principal”) hold all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

A participant must be 21 years of age to participate in the Plan. All employees are eligible unless they are covered by a collective bargaining agreement and non-resident aliens who receive no compensation from the Employer which constitutes U.S. source income.

Contributions

The amount of contributions for any Plan year will be equal to the sum of the following:

- a) Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan.
- b) The Plan also allows for Roth 401(k) contributions.
- c) The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund. The automatic deferral amount has annual increases of 1% up to a maximum of 10% of compensation.
- d) Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.
- e) The Company may make a discretionary employer matching contribution. During 2021, the Company matched 35% of participant contributions up to 6% of eligible compensation.

Infinisource, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

- f) The Company may also make a non-elective discretionary contribution (profit-sharing contribution) to the Plan as a supplemental contribution for participants who are employed by the Company at the end of the year for which the contribution is made, or experienced one of the following events during the plan year: death, disability, or normal retirement age (65). The Company did not make additional discretionary contributions for the year ended December 31, 2021.
- g) Bonuses paid by the Company are included in the definition of compensation. Participants may change their deferral election up to 100% at any time; however, if a bonus is paid on the same payroll run as regular wages, the deferral election must apply to both regular and bonus wages. Participants are not able to elect different deferral rates for bonus and regular wages paid on the same payroll run.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral and rollover contributions and the allocated earnings thereon. A participant's vested interest in the discretionary employer matching contributions are based upon the participant's years of continuous service. A participant vests 25% after one year of service, 50% after two years of service, and is fully vested at 100% after three years of credited service. Participants become fully vested in the event of death, total disability and Plan termination.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$140,000 and \$67,000, respectively. These accounts may be used to reduce employer contributions. For the year ended December 31, 2021 no forfeitures were used to reduce the employer's contribution.

Notes Receivable from Participants

Participants may borrow from a minimum of \$1,000 up to a maximum of 50% of the participant's vested account balance, not to exceed \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Each participant is permitted to have a maximum of one loan outstanding at any time. The maximum term of repayment for loans, other than those utilized to purchase a primary residence, is five years. The loans are secured by the balance in the participant's vested account and bear interest at prime plus 2%. Principal and interest are paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code ("IRC").

Infinisource, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Benefits Payments

Participants may receive benefits upon termination of service, attainment of normal retirement age, death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal annual installments over a period of not more than the participant's assumed life expectancy. For participants who have account balances of less than \$1,000 as of the date of termination of service, the Employer may automatically distribute the participant's account with a lump-sum payment. Alternatively, for balances between \$1,000 and \$5,000, the Employer may automatically rollover the participant's account to a qualified retirement account.

Participants may receive in-service withdrawals in the form of hardship distributions from the participant's deferral contribution account only, subject to spousal consent. Participants may also receive in-service withdrawals upon attainment of age 59½ from their vested account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the Trustee. See Note 4 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Infinisource, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are participant loans measured at the unpaid principal balance plus unpaid accrued interest. The Plan considers a loan to be in default if any repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. For the year ended December 31, 2021, there was approximately \$74,000 of deemed distributions. No allowance for credit losses has been recorded as of December 31, 2021, and 2020.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative fees paid by the Plan consist of recordkeeping, loan and other account maintenance fees. Investment management fees are recorded net of appreciation in the fair value of investments in the statement of changes in net assets available for benefits. Administrative fees and participant-requested service fees are charged directly to the participant's account. During the year ended December 31, 2021, the Plan made direct payments to Principal of approximately \$218,000. All other expenses of the Plan are paid by the Employer and excluded from the financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, Principal Life Insurance Company, and Principal Life Insurance Company on behalf of Principal Global Investors Trust Company, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Investment income, net, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Investment information included in the schedule H, line 4i-schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing net asset value as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Common/collective trusts (“CCTs”) represent investments with various investment managers. Units held in CCTs are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, that are traded in an active market, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments or redemption restrictions for the CCTs held by the Plan. The CCTs held by the Plan are direct filing entities.

Notes to Financial Statements

Pooled Separate Accounts (“PSAs”): Units held in PSAs are valued based on the underlying investments (i.e., mutual funds, domestic and international stocks, fixed securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the PSAs is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at the NAV on the measurement date. However, certain PSAs may limit transfer activity and require a 30-day notice period. Principal may place transfer or liquidation restrictions on the U.S. Property Separate Account. No such restrictions were in place during 2021. As of March 4, 2020, a withdrawal limitation was enacted and partial plan payments were made during 2020 for participants requesting withdrawals from the U.S. Property Separate Account. There are no unfunded commitments.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan’s investment assets measured at fair value on a recurring basis:

<i>December 31, 2021</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>

5. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

6. Related Party and Party-in-Interest Transactions

Certain plan investments are units of CCTs and PSA managed by Principal, the Plan's trustee, contract holder, and recordkeeper. Certain administrative fees are paid to Principal (as described in Note 2). These transactions qualify as exempt party-in-interest transactions. In addition, notes receivable from participants are also considered exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Employer contributions.

8. Income Tax Status

The Plan uses a prototype non-standardized profit sharing plan document from National Pension Prototype Services, Inc. ("National Pension"), which received an opinion letter from the IRS on March 31, 2014 which states that the volume submitter plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter and restated during 2022, as described in Note 10, the Plan's management believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC for the year ended December 31, 2021.

In accordance with ASC 740, *Income Taxes*, GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2021, participant contributions totaling approximately \$200 were not remitted to the Plan within the period prescribed by DOL regulations. The lost earnings related to the 2021 untimely remittances were remitted to the Plan during 2022. During the Plan year ended December 31, 2020, participant contributions and loan repayments totaling approximately \$12,000, were also not remitted to the Plan timely. The lost earnings related to the 2020 untimely remittances were remitted during 2021. These transactions constitute prohibited transactions as defined by ERISA and are also considered a non-exempt party-in-interest transaction.

10. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through March 31, 2023, the date the financial statements were available to be issued. During this period, no material subsequent events were identified, except as follows:

Effective January 1, 2022, a restated plan document was adopted which changed the name of the Plan to Isolved 401(k) Plan. The sponsor of the Plan also changed its legal name to Isolved. The Company adopted a pre-approved plan document written by National Pension and obtained an opinion letter dated June 30, 2020 issued by the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax qualified status. Additionally, the Company changed the discretionary employer matching contribution to match 50% of participant contributions up to 6% of eligible compensation.

In June 2022, transfers of approximately \$1.4 million were transferred into the Plan from the TPC Qualified Plans LLC Retirement Savings Plan.

Effective September 1, 2022, the Company adopted the Principal Financial Group Pre-approved Document for Savings Plans and obtained an opinion letter from Principal Life Insurance Company dated June 30, 2020 issued by the IRS for its Non-Standardized Pre-Approved Profit Sharing Plan with CODA. There were no other significant changes to the terms and conditions of the Plan that would have a material impact on the financial statements or participant account balances.
