INDEPENDENT AUDITOR'S REPORT

To the Trustee of Bolthouse Farms, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Bolthouse Farms, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Great-West Trust Company, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by Great-West Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by Great-West Trust Company that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the Bolthouse Farms, Inc. 401(K) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan was established effective as of July 8, 2019 and it was restated and amended in its entirety effective October 20, 2020, removing the requirement for the non-elective employer contribution. The Plan was amended and restated effective again on September 20, 2021, to calculate the safe harbor match on a pay period basis and exclude compensation paid by a related employer not participating in the Plan retroactive to January 1, 2021. Also included in the Plan amendment and restatement was the implementation of hardship distribution provisions of the Bipartisan Budget Act of 2018. After the effective date, participants do not need to take plan loans before taking hardship distributions. Additionally, earnings on elective deferrals may be withdrawn on account of a hardship. Hardship needs include residential casualty losses (without regarding to whether the casualty was in a federally declared disaster area) and disaster losses. The effective date is the first day of the first Plan Year beginning after December 31, 2018, or as soon as administratively feasible thereafter, and in no event later than September 20, 2021.

Coverage and Eligibility

The Bolthouse Farms, Inc. 401(K) Retirement Plan is a defined contribution plan that was established to provide benefits to eligible employees of Wm. Bolthouse Farms, Inc. (the “Company”). The Plan covers all eligible employees of the Company. An employee is considered an eligible employee if they are not:

- Represented by a collective bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits.
- A nonresident alien with no U.S. income or all such income is exempt from U.S. income tax.
- An employee who is not considered part-time/seasonal, with regularly scheduled hours less than 1,000 hours of service in the relevant eligibility computation period.
- An individual who receives compensation solely in the form of a retainer or consultant fee.
- A resident of Puerto Rico.
- An individual who receives compensation solely for personal services in connection with preparation, production and broadcasting of any radio or television program and whose services are performed primarily at a location other than a regular place of business maintained by the Employer or Related Employer.
- A leased employee.
- A part of a Controlled Group Employer that doesn’t affirmatively adopt this Plan.
- Reclassified employees (an employee who was previously not treated as an employee of the Employer but you are reclassified as being an employee).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for distributions, waive required minimum distributions for 2020 that were made after April 1, 2020, and increase the age requirement for required minimum distributions. Written amendments to the Plan to reflect these operational changes were adopted in 2022, subsequent to year-end, as noted within Note 13.

Contributions

Prior to October 2020, each year participants may contribute up to 50% of annual compensation, as defined in the Plan. Subsequent to October 2020 when the Plan was amended and restated, the deferral limit was raised to 90% of annual compensation. For the calendar year 2021, annual deferrals are not to exceed \$19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to \$6,500 for calendar year 2021. At the participant's election, these contributions may be on a before or after tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may direct the investment of their contributions into various investment options offered by the Plan.

The Plan is a safe harbor 401(k) plan, and as such, offers a safe harbor matching contribution equal to 100% of an employee's elective deferrals, not to exceed 4% of Plan compensation. Additionally, each year, the Plan Sponsor may make a discretionary nonelective contribution, credited to participant accounts in the same ratio that the individual salary bears to the total salary of all participants in the Plan. Plan Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in all accounts.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of (a) 50% of their vested account balance in the Plan, or (b) \$50,000, reduced by the highest loan balance during the prior twelve months minus the loan balance on the date of the new loan. Loan terms shall not exceed 5 years, except in the case of a loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.24%, which is based on 2% over the prime rate on the first business day of the month the loan is originated prior to October 2020. Subsequent to October 2020, the interest rate charged became 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan was originated. Principal and interest is paid ratably through weekly payroll deductions. No more than one loan outstanding per participant is allowed at any time. Any loans that were issued on or before August 31, 2019 will not count towards the total number of loans allowed.

Withdrawals and Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances, in compliance with provisions of the Internal Revenue Code. There are provisions for disability, death, hardship (safe harbor) withdrawals, in-service distributions at age 59 ½, including roth rollovers, qualified reservist distributions, and deemed severance distributions, and benefit payments made in either lump sum payments or annual installments. Participants with vested account balances less than \$5,000 will be automatically distributed as soon as administratively feasible following termination of employment whether or not the participant has not reached Normal Retirement Age.

Forfeitures

Forfeited excess employer contributions are used to pay plan expenses or used to offset employer contributions. As of December 31, 2021 and 2020, forfeited accounts totaled \$86,219 and \$20,087, respectively. For the year ended December 31, 2021, \$52,593 was used to pay Plan expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on a cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on a cash basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in administrative expenses.

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.
- Level 2 Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued using the NAV which is based on the fair value of the collective trust's underlying investments as reported by the audited financial statements of the trust at year end. The NAV is used as a practical expedient to estimate fair value. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no unfunded commitments related to its investments, or significant restrictions on redemptions. The Plan may redeem its investment on a daily and immediate basis.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN**NOTES TO FINANCIAL STATEMENTS****Note 3 – Fair Value Measurements (Continued)**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 60,426,746	\$ 60,426,746	\$ -	\$ -
Total assets in the fair value hierarchy	60,426,746	60,426,746	-	-
Investments measured at net asset value (a)	4,080,643	-	-	-
Total investments at fair value	<u>\$ 64,507,389</u>	<u>\$ 60,426,746</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2020				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 48,503,003	\$ 48,503,003	\$ -	\$ -
Total assets in the fair value hierarchy	48,503,003	48,503,003	-	-
Investments measured at net asset value (a)	2,096,887	-	-	-
Total investments at fair value	<u>\$ 50,599,890</u>	<u>\$ 48,503,003</u>	<u>\$ -</u>	<u>\$ -</u>

(a) In accordance with Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 – Assets Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA).

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN**NOTES TO FINANCIAL STATEMENTS****Note 4 – Assets Certified by the Trustee (Continued)**

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

	<u>2021</u>	<u>2020</u>

Total assets certified	<u>\$ 66,200,515</u>	<u>\$ 52,026,986</u>

Great-West Trust Company also certified to the completeness and accuracy of (\$1,665,827) of depreciation in fair value of investments, \$8,560,124 of dividend income related to the aforementioned investments, and \$80,456 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 5 – Tax Status

Effective July 8, 2019, the Plan has adopted a volume submitter plan sponsored by TransAmerica Retirement Solutions Corporation. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service dated March 31, 2014 as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Effective October 20, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan provider has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The prototype plan has been amended since the date of the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC).

Effective September 20, 2021, the Plan adopted a non-standardized form of a pre-approved plan sponsored by Great-West Trust Company, LLC. The pre-approved plan provider has received an opinion letter dated June 30, 2020 from the Internal Revenue Service as to the Plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 – Tax Status (Continued)

The pre-approved plan has been amended since the date of the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC).

Under the accrual basis of accounting, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress. The Plan is subject to income tax examinations for all years.

Note 6 – Reconciliation to 5500

The Plan files a Form 5500 annually with the IRS. Differences can exist between financial statements prepared in accordance with the accrual basis of accounting and IRS regulations governing the preparation of Form 5500.

The following are reconciliations of individual line items of the Form 5500 to the Statement of Changes in Net Assets Available for Benefits per the financial statements as of December 31, 2021:

Reconciliation to Form 5500

Net investment gain from common/collective trusts per 5500	\$ 421,297
Net investment loss from registered investment companies per 5500	(2,087,124)
Net depreciation in fair value of investments per financial statements	<u>\$ (1,665,827)</u>

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100 percent vested in their accounts.

Note 9 – Business Risk

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Plan. The inherent risk and volatility of financial markets during the pandemic make it reasonably possible that the Plan is vulnerable to the risk of a near-term impact.

Note 10 – Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of funds managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules.

Note 11 – Operational Defects

During the years ended December 31, 2021 and 2020, and the period from July 8, 2019 to December 31, 2019, the Plan sponsor discovered that an incorrect definition of compensation was used when determining certain employee deferral contributions. Further operational defects were discovered relating to compliance with plan provisions. The cumulative total dollar amount related to these operational defects is not estimated to be material to the financial statements based on management's analysis and is not reflected in the financial statements for the years ended December 31, 2021 and 2020. The Plan sponsor is evaluating these errors and taking corrective action. Required contributions or distributions, when applicable, will be made as soon as administratively possible, in accordance with Department of Labor and Internal Revenue Service requirements.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 12 – Prohibited Transactions

During the years ended December 31, 2021 and 2020, and the period from July 8, 2019 to December 31, 2019, the Company failed to remit to the Plan's trustees certain employee contributions totaling \$690,727, \$1,722,285, and \$1,580,039, respectively, within the prescribed time frame established by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Plan sponsor plans to make contributions including estimated lost earnings to affected participants' accounts as soon as administratively feasible. See Note 13 for discussion regarding an ongoing investigation of the Plan.

Note 13 – Subsequent Events

Subsequent events have been evaluated through March 21, 2023, the date that the financial statements were available to be issued.

On August 1, 2022, the Plan Sponsor acquired Evolution Fresh. In conjunction with this acquisition, the Plan was amended to include Evolution Fresh as a participating employer.

Beginning in October 2022, the Department of Labor began an investigation of the Plan covering the Plan years from 2019 – 2022. As of the date that the financial statements were available to be issued, the investigation was ongoing.

During 2022, the Plan document was amended and restated to bring the Plan into compliance with the legislative and regulatory changes made by the Coronavirus Aid, Relief, and Economic Security Act (CARES) and the Setting Every Community Up for Retirement Enhancement Act (SECURE).

Effective January 1, 2023, the Plan was amended to include a service requirement of 90 days as an eligibility condition. Plan participants will enter the Plan on the first day of each month following the date that eligibility is satisfied.
