INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Woodberry Forest School Defined
Contribution Retirement Plan
Woodberry Forest, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We were engaged to perform an audit of the 2022 financial statements of WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022 stating that the certified investment information, as described in the **INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN** note to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2022 Financial Statements

We do not express an opinion on the accompanying 2022 financial statements of WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN. Because of the significance of the matters described in the **Basis for Disclaimer of Opinion for the 2022 Financial Statements** section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

To the Board of Trustees

INDEPENDENT AUDITOR'S REPORT

Basis for Disclaimer of Opinion on the 2022 Financial Statements

Because of inadequacies in the Plan's prior-years' records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan, or to satisfy ourselves as to the basis on which participants' equity is stated as of June 30, 2022, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended June 30, 2022. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our responsibility is to conduct an audit of WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the ***Basis for Disclaimer of Opinion on the 2022 Financial Statements*** section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H (Line 4i) Form 5500 - Schedule of Assets (Held at End of Year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the ***Basis for Disclaimer of Opinion for the 2022 Financial Statements*** section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, because of inadequacies in the Plan's prior-years' records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of June 30, 2021, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended June 30, 2021. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated February 18, 2022, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements.

WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF THE PLAN

The following brief description of the Woodberry Forest School (the School) Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of retirement plan commonly referred to as a 403(b) plan. The Plan was originally established on December 1, 1953. The Plan was most recently amended and restated on July 1, 2018; there were no significant changes to the Plan. The Plan comprises two components: an Employer Sponsored Matching ("Matching") plan and a Supplemental Tax Deferred Annuity ("Supplemental") plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the elective deferral limit, which is set by law. For the Supplemental plan, employees are eligible in accordance with universal availability provisions and may contribute on a voluntary basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon enrollment in the Plan, participants may direct their contributions in any of various investment options offered by the Plan. Participants may change their investment options periodically. Participants may contribute a portion of pre-tax and Roth annual compensation as defined in the Plan document. For the Matching plan, employees may participate on a voluntary basis following the completion of one year of service and the attainment of age 21. Pursuant to the Plan document, the School made safe harbor matching contributions to the Plan for every eligible employee in the amount of \$2 for every \$1 the employee deferred, up to 5% of eligible compensation of the eligible employee. Contributions are subject to Internal Revenue Service limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, School matching contributions, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in all contributions and earnings thereon at all times.

WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's or beneficiary's assumed life expectancy, or the purchase of annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

There were no forfeited non-vested accounts at June 30, 2022 and 2021. These accounts could be used to reduce future employer matching contributions.

SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the **FAIR VALUE MEASUREMENTS** note for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain Plan fees and expenses are paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Any administrative expenses paid by the Plan Sponsor will not be reimbursed by the Plan. Certain expenses related to the administration recordkeeping and investment advisory fees are charged directly to the participant's accounts and are included in administrative fees. Investment-related expenses are included in the net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

The Plan has evaluated subsequent events through March 30, 2023, which is the date the financial statements were available to be issued by the Plan Sponsor.

INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF) as of June 30, 2022 and 2021 and for the year ended June 30, 2022 and was not subjected to any auditing procedures performed:

- a. Total investments as shown in the accompanying statement of net assets available for benefits of \$57,532,013 as of June 30, 2022 and \$68,373,295 as of June 30, 2021.
- b. Net investment loss as shown in the accompanying statement of changes in net assets available for benefits of \$(7,104,622) and other income of \$46,017 for the year ended June 30, 2022.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2022.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:
<div style="margin-left: 20px;">Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</div> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

WOODBERRY FOREST SCHOOL

DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2022 and 2021.

- Mutual funds are stated at fair value as reported by TIAA and CREF, and are based on the fair value of the underlying securities. The fair value of the underlying securities is based on quotations from national exchanges.
- The pooled separate accounts (PSA) as reported by TIAA and CREF invest mainly in real estate and real estate-related investments. The fair value of the PSA is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The PSA sometimes hold securities as well. These are generally priced using values obtained from independent pricing sources. The unit values are updated overnight for each day that NASDAQ is open.
- Fixed annuity contracts (non-fully benefit-responsive portion) are stated at fair value, which approximates contract value as reported by the custodian. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021:

	ASSETS AT FAIR VALUE AS OF JUNE 30, 2022

Transfers in and out of level 3 assets are due to changes in participant directed investments.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of June 30, 2022 and 2021, and the significant unobservable inputs and ranges of values for those inputs.

* Unobservable inputs include discount rate applied.

The TIAA account balance is reported at fair value, which approximates contract value as reported by the custodian. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually-established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Traditional Annuity's historical crediting rates.

GROUP ANNUITY CONTRACTS WITH TIAA

The Plan has entered into four guaranteed investment contracts with Teachers Insurance and Annuity Association of America (TIAA). These contracts hold both benefit-responsive and non-benefit-responsive funds. The amount of fully benefit-responsive funds held in these contracts was \$5,369,149 and \$4,932,766 at June 30, 2022 and 2021, respectively. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, generally 3%, but between 1% and 3% for some contracts, with the potential for additional interest, if declared by TIAA. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

School contributions to the Plan or benefits accrued or paid by the Plan for participants are not considered party in interest transactions.

The Plan invests in insurance contracts and annuities sponsored by the Plan's custodian, as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions.

Certain investment fees originating from investments managed by TIAA and CREF, the custodian, is netted against investment income and would be considered party in interest transactions. Fees paid to TIAA and CREF by the Plan for the investment management and recordkeeping services amounted to \$45,147 for the year ended June 30, 2022.

During the year ended June 30, 2022, the Plan also paid \$66,299 in investment advisory fees to Lowe, Brockenbrough & Company, and audit fees of \$13,500 to Hantzmon Wiebel LLP, both service providers. Payment of these expenses qualify as party in interest transactions.

The Plan may also receive investment revenue credits from Plan investments, handled through the custodian, which can be used to pay certain Plan administrative fees. During the year ended June 30, 2022, the Plan received \$46,017 of investment revenue credits, of which \$7,299 was used to pay Plan fees.

PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

WOODBERRY FOREST SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

TAX STATUS OF THE PLAN

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such program. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
