Independent Auditor's Report

To the Plan Administrator and Participants
LifeStore 401(k) Profit Sharing Plan
West Jefferson, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LifeStore 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LifeStore 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the LifeStore 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LifeStore Financial Group (the “Company” or “Employer”) who have completed 90 days of service and are age 21 or older. Employees may begin participation as of July 1, October 1, January 1, or April 1 of the year in which they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Eligible employees are automatically enrolled at a 6% deferral percentage, which will increase by increments of 1% annually up to a maximum of 10%, unless they elect an alternative deferral percentage or decline participation. Participants may otherwise contribute up to the maximum amount of their pre-tax or after-tax annual compensation allowable by the Internal Revenue Service (“IRS”). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company makes safe harbor matching contributions equal to 100% of the first 4% of compensation contributed by participants. The Company may also make a discretionary profit sharing contribution as determined annually by the Board of Directors which is allocated to eligible participants based upon the percentage of their compensation to total compensation of all eligible participants. The Company made discretionary profit sharing contributions of \$200,000 and \$240,000 for 2022 and 2021.

Participant Accounts

Each participant’s account is credited with the participant’s and Company’s contributions and an allocation of the Plan’s net earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company’s safe harbor matching contributions, plus any income or loss thereon. Vesting in the Company’s discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service according to the following schedule:

Years of Continuous Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

See accompanying independent auditor’s report.

LifeStore 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan (Concluded)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to offset plan expenses or to reduce Company matching contributions. During 2022 and 2021, forfeitures of \$8,197 and \$2,614 were utilized to reduce Company matching contributions. There was no balance in the forfeited non-vested account at June 30, 2022 and 2021.

Notes Receivable from Participants

A vested participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Terms are generally up to five years and two notes may be outstanding at a time. The notes are secured by the participant's vested account balance and bear interest at rates charged by commercial lending institutions for similar loans under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. Certain plan expenses, such as fees for recordkeeping and advisory services, are permitted to be paid from the Plan's assets. Distribution and loan fees are paid from the affected participant's account.

Coronavirus Aid, Relief, and Economic Security Act ("CARES Act")

The Plan adopted certain provisions of the CARES Act, which allowed eligible participants negatively impacted by COVID-19 to receive Coronavirus-related distributions and loans. Distributions of up to \$100,000 could be taken through December 30, 2020, with the portion repaid in full or part within three years not subject to tax. Loans of up to \$100,000 or 100% of the participant's vested account balance could be taken through September 22, 2020. Participants could also suspend payments on new or existing loans for payments due between March 27, 2020 and December 31, 2020 for up to one year.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

See accompanying independent auditor's report.

LifeStore 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated events occurring subsequent to the date of the financial statements through November 18, 2022, the date the financial statements were available to be issued, and has determined that no events have occurred that require adjustments to or additional disclosure in the financial statements.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at June 30, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended June 30, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company ("Principal"), the trustee of the Plan.

4. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Income Tax Status

The Plan has adopted a prototype plan document sponsored by Principal. The IRS has determined and informed Principal by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

See accompanying independent auditor's report.

LifeStore 401(k) Profit Sharing Plan

Notes to Financial Statements

7. Party-in-Interest Transactions

Certain plan investments are shares of common collective trust funds and pooled separate accounts managed by Principal. Principal is the trustee and recordkeeper as defined by the Plan and, therefore, those transactions qualify as party-in-interest. Fees paid by the Plan to Principal for administrative services were \$6,517 and \$4,901 in 2022 and 2021.

8. Fair Value Measurements

The Plan adopted Accounting Standards Codification, "Fair Value Measurements and Disclosures" ("ASC 820"), which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurements

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Valued at NAV as determined by the issuer using the estimated fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs. As the value of these investments is readily determinable, these funds are classified within Level 2 of the valuation hierarchy.

Pooled separate accounts: Valued at unit value as reported by the issuer based on quoted market prices of the underlying assets, which is then adjusted for dividends and separate account fees. As the value of these investments is readily determinable, these investments are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See accompanying independent auditor's report.
