Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of SBG Employee 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of SBG Employee 401(k) Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated **REPORT DATE**, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the SBG Employee 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Sudler and Company, Inc. (Company) and provides for retirement benefits to all participants. During 2019, the Company became a 100% owned entity of PMG Holdings, Inc.; however, the Company is treated as a separate legal entity for 401(k) and testing purposes. Upon satisfying the requirement of attaining the age of 21 and completing one year and 1,000 hours of service with the Company, employees become eligible to participate in the Plan on the first day of each plan year and the first day of the seventh month of each plan year. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. The Plan was adopted on June 30, 1992, and restated July 1, 2014 and April 1, 2021.

Contributions

Participants may elect to contribute the lesser of 1% to 100% of their eligible compensation or the maximum amount allowed in accordance with the Internal Revenue Code, as defined (\$19,500 in 2021). If a participant has attained age 50 by year-end, the participant may make a catch-up contribution of up to \$6,500 in 2021. The Company may make discretionary matching contributions of a percentage, if any, to be determined annually but subject to a maximum of 4% of the eligible compensation contributed by a participant to the Plan. Matching contributions were equal to 25% of the amount contributed by the employee up to the first 4% of compensation for the plan year. The Company may also, at their discretion, make a profit-sharing contribution to the Plan. There were no profit-sharing contributions made in 2021. A participant's account may include contributions made to another plan and transferred to the Plan as part of a rollover contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's contributions and (b) plan earnings including increases or decreases in fair value of investments, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Each participant has a nonforfeitable right to the entire value of their salary reduction contribution account and rollover contribution account. A participant shall have a vested interest in their Company contribution account according to the following vesting schedule:

Years of Service	Vested Interest
Less than 2	0%
2 less than 3	20%
3 less than 4	40%
4 less than 5	60%
5 less than 6	80%
6	100%

A participant or their beneficiary shall be fully vested in the entire value of the participant's account upon the participant's attainment of his normal retirement age, early retirement age, or upon such participant's disability or death.

Notes Receivable From Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their nonforfeitable account balances. The loans are secured by the remaining nonforfeitable balance in the participant's account and bear interest at rates that range from 5.00% to 6.00% at December 31, 2021. Loan terms are not to exceed five years except for those loans utilized for the purpose of purchasing a primary residence. Generally, loan repayments (principal and interest) are repaid through payroll deductions.

In April 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$2,009 and \$2,565, respectively. These accounts will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions payable under the Plan. During 2021 and 2020, \$2,585 and \$1,444, respectively, of forfeitures were used.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

If a participant retires, the balance of the participant's account is payable at their option in a lump-sum distribution, cash distribution, or a rollover into a qualified plan or IRA unless the participant's balance in the Plan is less than \$1,000, in which case the participant will receive a lump-sum distribution. Upon death or termination of a participant, the trustee of the Plan advises the beneficiary or participant of the various methods of distribution of the participant's account available to the participant or their beneficiary. Beneficiaries are entitled to 100% of the participant's account balance upon death or disability, as defined.

Participants are allowed to make in-service withdrawals from their fully vested interest in the Plan prior to age 59½ for reasons of financial hardship, as defined in the plan document. In 2020, the Company adopted the SECURE Act provision permitting eligible participants who are giving birth or adopting a child to withdraw up to \$5,000 without incurring the 10% penalty tax on early distributions.

In April 2020, the Company implemented the CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Investment Options

Participants in the Plan have the right to direct the investment of their account balances in one or more investment funds made available by the plan committee of the Plan. The Plan currently offers investment options in pooled separate accounts and a general account.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as disclosed in Note 3.

Investments held in pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Administrative Expenses

The Company employs certain personnel who administer the Plan, and the Company pays these expenses without reimbursement from the Plan. Administrative expenses paid by the Plan are expensed as incurred. Additionally, certain investment management fees are netted in the net appreciation in fair value of investments.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of the Plan's interest in the general account is based upon the net asset values of the general assets of Minnesota Life Insurance Company, reflecting all investments at fair value, and is classified as Level 3 in the fair value hierarchy. The inputs used in deriving the estimated fair values of the fund are based upon an effective annual interest rate that is established each month. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for each month. There is no stated minimum or maximum interest rate for the general account.

Publicly traded common stock values in the self-directed brokerage account are determined by obtaining quoted prices on nationally recognized securities exchanges, and interest-bearing cash values in the self-directed brokerage account are valued at cost, which approximates fair value based on quoted market prices (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

	<u>\$ 8,769,130</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 320,005</u>

(A) This general account invests primarily in high quality fixed income investments, including bonds, mortgage and private placements.

(B) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2021 and 2020

Changes in fair value of assets measured on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2021, are as follows:

Beginning of year balance	\$ 320,005
Purchases	3,616
Sales	(18,732)
Interest and dividend income	6,437
Transfers in from other investments	22,802
End of year balance	<u>\$ 334,128</u>

The following table represents the Plan's Level 3 financial instruments at December 31, 2021 and 2020, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
December 31, 2021				
General Account	\$ 334,128	Assumed	Average yield	1.97%
Group Contract		proceeds at discontinuation	Credited interest rate	1.00% - 2.02%
December 31, 2020				
General Account	\$ 320,005	Assumed	Average yield	2.52%
Group Contract		proceeds at discontinuation	Credited interest rate	1.92% - 2.79%

Note 4: Investment Contract With Insurance Company

The Plan entered into a General Account Group Contract (contract) with Minnesota Life Insurance Company (Minnesota Life). Minnesota Life maintains the contributions in an unallocated fund. The contract is increased with earnings on the underlying investments and decreased for plan withdrawals and administrative expenses charged by Minnesota Life. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is benefit-responsive, in that the full contract value is accessible, but not all at once in the case of certain transfers. Benefit-responsive does not equate to fully benefit-responsive. General account transfer provisions in the contract prevent the contract from meeting the definition of fully benefit-responsive, since the participant is not allowed immediate full access to the general

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

account balance at contract value in all situations. The contract is reported on the statements of net assets available for benefits at fair value.

The crediting interest rate is based on an agreed-upon formula with the issuer but cannot be less than zero. Such interest rates are reviewed quarterly for resetting.

Note 5: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021 (and the accompanying schedule of reportable transactions for the year ended December 31, 2021).

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 6: Party-in-Interest Transactions

The Plan's investment funds are managed by Minnesota Life Insurance Company, the trustee for the Plan. Accordingly, these transactions qualify as party-in-interest transactions. Fees paid by the Plan during the year for investment management, recordkeeping, auditing and other professional services were rendered primarily by parties-in-interest. Fees paid by the Plan totaled \$4,211 during 2021.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA as amended by subsequent legislation. In the event of plan termination, full-time employees will become 100% vested in their account balances.

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by Minnesota Life Insurance Company. This volume submitter profit sharing plan has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 9: Subsequent Events

Subsequent events have been evaluated through _____, 2021, which is the date these financial statements were available to be issued.

Independent Auditor's Report

Plan Administrator
SBG Employee 401(k) Plan and Trust
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of SBG Employee 401(k) Plan and Trust (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of SBG Employee 401(k) Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 28, 2023, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the SBG Employee 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Sudler and Company, Inc. (Company) and provides for retirement benefits to all participants. During 2019, the Company became a 100% owned entity of PMG Holdings, Inc.; however, the Company is treated as a separate legal entity for 401(k) and testing purposes. Upon satisfying the requirement of attaining the age of 21 and completing one year and 1,000 hours of service with the Company, employees become eligible to participate in the Plan on the first day of each plan year and the first day of the seventh month of each plan year. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. The Plan was adopted on June 30, 1992, and restated July 1, 2014 and April 1, 2021.

Contributions

Participants may elect to contribute the lesser of 1% to 100% of their eligible compensation or the maximum amount allowed in accordance with the Internal Revenue Code, as defined (\$19,500 in 2021). If a participant has attained age 50 by year-end, the participant may make a catch-up contribution of up to \$6,500 in 2021. The Company may make discretionary matching contributions of a percentage, if any, to be determined annually but subject to a maximum of 4% of the eligible compensation contributed by a participant to the Plan. Matching contributions were equal to 25% of the amount contributed by the employee up to the first 4% of compensation for the plan year. The Company may also, at their discretion, make a profit-sharing contribution to the Plan. There were no profit-sharing contributions made in 2021. A participant's account may include contributions made to another plan and transferred to the Plan as part of a rollover contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's contributions and (b) plan earnings including increases or decreases in fair value of investments, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Each participant has a nonforfeitable right to the entire value of their salary reduction contribution account and rollover contribution account. A participant shall have a vested interest in their Company contribution account according to the following vesting schedule:

Years of Service	Interest
Less than 2	0%
2 less than 3	20%
3 less than 4	40%
4 less than 5	60%
5 less than 6	80%
6	100%

A participant or their beneficiary shall be fully vested in the entire value of the participant's account upon the participant's attainment of his normal retirement age, early retirement age, or upon such participant's disability or death.

Notes Receivable From Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their nonforfeitable account balances. The loans are secured by the remaining nonforfeitable balance in the participant's account and bear interest at rates that range from 5.00% to 6.00% at December 31, 2021. Loan terms are not to exceed five years except for those loans utilized for the purpose of purchasing a primary residence. Generally, loan repayments (principal and interest) are repaid through payroll deductions.

In April 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100 % of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$2,009 and \$2,565, respectively. These accounts will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions payable under the Plan. During 2021, \$2,585 of forfeitures were used.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

If a participant retires, the balance of the participant's account is payable at their option in a lump-sum distribution, cash distribution, or a rollover into a qualified plan or IRA unless the participant's balance in the Plan is less than \$1,000, in which case the participant will receive a lump-sum distribution. Upon death or termination of a participant, the trustee of the Plan advises the beneficiary or participant of the various methods of distribution of the participant's account available to the participant or their beneficiary. Beneficiaries are entitled to 100% of the participant's account balance upon death or disability, as defined.

Participants are allowed to make in-service withdrawals from their fully vested interest in the Plan prior to age 59½ for reasons of financial hardship, as defined in the plan document. In 2020, the Company adopted the SECURE Act provision permitting eligible participants who are giving birth or adopting a child to withdraw up to \$5,000 without incurring the 10% penalty tax on early distributions.

Investment Options

Participants in the Plan have the right to direct the investment of their account balances in one or more investment funds made available by the plan committee of the Plan. The Plan currently offers investment options in pooled separate accounts and a general account.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as disclosed in Note 3.

Investments held in pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

The Company employs certain personnel who administer the Plan, and the Company pays these expenses without reimbursement from the Plan. Administrative expenses paid by the Plan are expensed as incurred. Additionally, certain investment management fees are netted in the net appreciation in fair value of investments.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of the Plan's interest in the general account is based upon the net asset values of the general assets of Minnesota Life Insurance Company, reflecting all investments at fair value, and is classified as Level 3 in the fair value hierarchy. The inputs used in deriving the estimated fair values of the fund are based upon an effective annual interest rate that is established each month. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for each month. There is no stated minimum or maximum interest rate for the general account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

(A) This general account invests primarily in high quality fixed income investments, including bonds, mortgage and private placements.

(B) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value of assets measured on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2021, are as follows:

Beginning of year balance	\$	320,005
Purchases		3,616
Sales		(18,732)
Interest and dividend income		6,437
Transfers in from other investments		22,802
End of year balance	\$	334,128

The following table represents the Plan's Level 3 financial instruments at December 31, 2021 and 2020, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
December 31, 2021				
General Account	\$ 334,128	Assumed proceeds at discontinuation	Average yield	1.97%
Group Contract			Credited interest rate	1.00% - 2.02%
December 31, 2020				
General Account	\$ 320,005	Assumed proceeds at discontinuation	Average yield	2.52%
Group Contract			Credited interest rate	1.92% - 2.79%

Note 4: Investment Contract With Insurance Company

The Plan entered into a General Account Group Contract (contract) with Minnesota Life Insurance Company (Minnesota Life). Minnesota Life maintains the contributions in an unallocated fund. The contract is increased with earnings on the underlying investments and decreased for plan withdrawals and administrative expenses charged by Minnesota Life. The contract issuer is

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is benefit-responsive, in that the full contract value is accessible, but not all at once in the case of certain transfers. Benefit-responsive does not equate to fully benefit-responsive. General account transfer provisions in the contract prevent the contract from meeting the definition of fully benefit-responsive, since the participant is not allowed immediate full access to the general account balance at contract value in all situations. The contract is reported on the statements of net assets available for benefits at fair value.

The crediting interest rate is based on an agreed-upon formula with the issuer but cannot be less than zero. Such interest rates are reviewed quarterly for resetting.

Note 5: Information Certified by the Trustee of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 6: Party-in-Interest Transactions

The Plan's investment funds are managed by Minnesota Life Insurance Company, the trustee for the Plan. Accordingly, these transactions qualify as party-in-interest transactions. Fees paid by the Plan during the year for investment management, recordkeeping, auditing and other professional services were rendered primarily by parties-in-interest. Fees paid by the Plan totaled \$7,884 during 2021.

SBG Employee 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA as amended by subsequent legislation. In the event of plan termination, full-time employees will become 100% vested in their account balances.

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by Minnesota Life Insurance Company. This volume submitter profit sharing plan has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 9: Subsequent Events

On December 1, 2022, the retirement plan business of Securian Financial, recordkeeper, was acquired by The Standard. This did not result in any changes in plan provisions.

Subsequent events have been evaluated through April 6, 2023, which is the date these financial statements were available to be issued.
