Independent Auditors' Report

To the Plan Administrator of the
ACTS 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of ACTS 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from two qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by each institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institutions. In our report dated March 25, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements; and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ACTS 403(B) PLAN

Notes to Financial Statements

June 30, 2022 and 2021

(1) **Summary of Significant Accounting Policies**

(a) **Accounting Basis**

The financial statements of ACTS 403(b) Plan (the “Plan”) are prepared on the accrual basis of accounting.

(b) **Financial Accounting Standards**

The Financial Accounting Standards Board (“FASB”) issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (“GAAP”) - authoritative and non-authoritative - and making the Accounting Standards Codification (“ASC”) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance was incorporated into ASC Topic 105, *Generally Accepted Accounting Principles*.

(c) **Valuation of Investments**

The Plan has adopted FASB guidance regarding *Fair Value Measurement* as codified in ASC Topic 820, which provides a common definition of fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and requires additional disclosures about fair value measurements.

The Plan’s investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The fair value of the units owned by the Plan in pooled separate accounts are based on the net asset value of shares in registered investment companies held in the pooled separate accounts at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(d) **Estimates in Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes therein during the period. Actual results could differ from those estimates.

ACTS 403(B) PLAN

Notes to Financial Statements - Continued

(1) Summary of Significant Accounting Policies - Continued

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits are recorded when paid.

(2) Description of Plan

The Plan is a defined contribution plan covering all eligible employees of the Agency for Community Treatment Services, Inc. ("ACTS"), as defined in the Plan. The Plan provides retirement and death benefits to eligible participants. All permissible employees of ACTS, as defined in accordance with the universal availability standards are eligible to enroll on their date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Each year, participants may contribute the maximum amount of pre-tax annual compensation allowable by law. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are immediately vested in their salary deferral contributions.

Participants may be credited annually with a discretionary employer contribution. Contributions made by ACTS to participant accounts vest on a graduated scale and become fully vested after five years of continuous service. Effective January 1, 2021, the Plan was amended to include a two-month service period to be eligible for employer contributions.

Forfeitures of non-vested balances are used to first reduce plan expenses, and then are used to reduce the amount that the employer may contribute as a matching or non-elective contribution in the plan year in which the forfeiture occurred. For the year ended June 30, 2022, forfeitures of \$9,770 were used to reduce plan expenses and forfeitures of \$19,972 were applied to reduce employer contributions. There was \$1 and \$11,652 of unallocated forfeitures remaining in the Plan at June 30, 2022 and 2021, respectively.

The Plan provides for three methods of distribution for the payment of benefits. Participants may elect to receive payment in a lump sum, fixed installments, or as an annuity as described in the plan document. The Plan also allows for hardship withdrawals. Account balances that are \$5,000 or less will automatically be paid out in a lump-sum distribution.

ACTS 403(B) PLAN

Notes to Financial Statements - Continued

(2) Description of Plan - Continued

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans can be granted for any purpose. Loan terms can extend from a minimum of 1 year to a maximum of 5 years except for loans related to the purchase of a primary residence which may extend up to a maximum of 30 years. Participants may not have more than one loan outstanding at any time unless one loan is for the purchase of a principal residence amortized over a period greater than 5 years. The loans are secured by the balance in the participant's account and bear interest at prevailing market rates. Principal and interest are paid ratably through payroll deductions. At June 30, 2022 and 2021, participant loans in the amount of \$165,581 and \$145,775, respectively, were outstanding.

Participants with an account with Voya Retirement Insurance and Annuity Company ("Voya") may borrow directly from Voya a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance funded through group annuity contracts issued by Voya. The loans are secured by the balance of the participant's account and bear a reasonable rate of interest. At June 30, 2022 and 2021, the total amount of outstanding loans directly with Voya was approximately \$22,000.

Although it has not expressed any intent to do so, ACTS has the right to amend, modify, suspend or terminate the Plan or contributions thereunder provided no such action shall adversely affect participants to the extent of their vested benefits subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

Additional information about the plan agreement is contained in the *Summary Plan Description*, copies of which are available from the plan administrator.

(3) Information Certified by Insurance Company Contract Issuers

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by or derived from information prepared by Standard Insurance Company ("Standard"), Charles Schwab Bank ("Schwab") and Voya. The plan administrator has obtained a certification from Standard, Schwab and Voya that the information is complete and accurate as of June 30, 2022 and 2021 and for the year ended June 30, 2022:

	<u>2022</u>	<u>2021</u>

(3) **Information Certified by Insurance Company Contract Issuers - Continued**

The insurance company contract issuers' certifications also cover all information included in Note 4 and presented in the accompanying supplementary schedule.

(4) **Fair Value Measurements**

The *Fair Value Measurement* Topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the *Fair Value Measurement* Topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Investment Contract with Insurance Company - General Accounts: valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

ACTS 403(B) PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

In determining the reasonableness of the methodology, the plan administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

Investment Contract with Insurance Company - Shares of Registered Investment Companies Held in Pooled Separate Accounts: valued at net asset value (“NAV”) of underlying units held by the Plan. The NAV is determined and published based on the value at which the underlying mutual fund shares are actively traded. There are no unfunded commitments. The redemption frequency (if currently eligible) is daily. The redemption notice period is one day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of June 30, 2022 and 2021:

Description	Assets Measured at Fair Value at June 30, 2022	Fair Value Measurements at June 30, 2022 Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Shares of registered investment companies held in pooled separate accounts	\$ 3,322,403	-	3,322,403	-
Investment contract with insurance company - general account	39,943	-	-	39,943
Total investments at fair value	\$ <u>3,362,346</u>	<u>-</u>	<u>3,322,403</u>	<u>39,943</u>

Description	Assets Measured at Fair Value at June 30, 2021	Fair Value Measurements at June 30, 2021 Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investment contract with insurance company - general account	45,169	-	-	45,169
Total investments at fair value	\$ <u>3,827,194</u>	<u>-</u>	<u>3,782,025</u>	<u>45,169</u>

ACTS 403(B) PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2022:

	<u>General Accounts</u>
Balance, beginning of year	\$ 45,169
Realized gains (losses)	-
Unrealized gains (losses)	-
Purchases	1,535
Issuances	-
Sales	(6,761)
Settlements	<u>-</u>
Balance, end of year	<u>\$ 39,943</u>

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements is not presented in tabular format. The plan sponsor determined that the insurance company investment contract - general account has no stated maturity date (represents an "evergreen" contract). Therefore, the plan sponsor was not able to identify inputs necessary to determine fair value using discounted cash flows. The plan sponsor believes that the contract value approximates fair value at June 30, 2022 and 2021 based on information provided by the insurance company.

(5) Contract with Standard Insurance Company

Participants can elect to invest amounts allocated to their accounts in a stable asset fund guaranteed investment contract with Standard or units of various funds of the pooled separate accounts which invest in shares of registered investment companies.

General Account

Standard maintains general account contributions in a stable asset fund account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Standard, as the general account contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is established by the issuer based on factors similar to that used by banks or other insurance companies for similar products but may not be less than 1 percent. The crediting interest rate is reviewed on a quarterly basis for resetting.

Because the general account contract with Standard is fully benefit-responsive, contract value is the relevant measurement for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

ACTS 403(B) PLAN

Notes to Financial Statements - Continued

(5) **Contract with Standard Insurance Company - Continued**

The Plan's ability to receive certain amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events are defined in Section G of the Standard Stable Asset Fund Rider made as part of the contract. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The insurance contract permits the insurance company to terminate the agreement prior to the scheduled maturity date if certain events or circumstances occur. Such events and circumstances are defined in Article VII of the contract. The plan administrator does not believe that the occurrence of any such event is probable.

Shares of Registered Investment Companies Held in Pooled Separate Accounts

Participants may direct that all or a portion of their account balance be used to purchase shares in various registered investment companies held in pooled separate accounts. The registered investment companies include a wide variety of managed portfolios. Standard does not guarantee the monies invested in registered investment companies as to principal or income.

Benefit payments to participants or their beneficiaries are made directly by Standard from the funds accumulated under the contract.

(6) **Contract with Voya Retirement Insurance and Annuity Company**

The Plan has a group annuity contract with Voya to which contributions under the Plan were made through June 30, 2009. Currently, plan contributions are remitted and invested in the Standard contract. Participants invested their account balances with Voya in fixed income option accounts and pooled separate accounts which invest in shares of registered investment companies.

General Accounts

Voya maintains contributions in fixed income option accounts. The general accounts' contracts are not fully-benefit responsive and are included in the financial statements at contract value, as reported to the Plan by Voya, which approximates fair value. Each fixed income option account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya, as the general account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fair value of the investment contracts at June 30, 2022 and 2021 were \$39,943 and \$45,169, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting. The crediting interest rate for the general accounts ranged from 3% to 4% for the year ended June 30, 2022. The minimum guaranteed annual effective yield for the accounts is 4%.

Registered Investment Companies Held in Pooled Separate Accounts

Participants may direct that all or a portion of their account balance be used to purchase units in various funds of registered investment companies held in pooled separate accounts. The registered investment companies include a wide variety of managed portfolios. Voya does not guarantee the monies invested in registered investment companies as to principal or income.

Benefit payments to participants or their beneficiaries are made directly by Voya from the funds accumulated under the contract.

(7) **Income Tax Status**

The Plan adopted a volume submitter 403(b) plan, which obtained a favorable opinion letter dated March 31, 2017. The Plan is required to operate in conformity with the Internal Revenue Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator and the Plan's management believe that the Plan is being operated in compliance with the Internal Revenue Code, and as such, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2019.

(8) **Party-in-Interest Transactions**

The Plan's expenses are paid either by the Plan or ACTS, as provided in the plan document. Expenses that are paid directly by ACTS, such as professional fees and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Certain plan investments are managed by Standard and Voya, the issuers of the insurance contracts, and therefore these transactions qualify as party-in-interest transactions.

StanCorp Financial Group ("StanCorp") provides certain recordkeeping and administrative services to the Plan. As such, StanCorp is considered to be a party-in-interest. Fees paid by the Plan to StanCorp of \$40,110 for the year ended June 30, 2022 are considered to be party-in-interest transactions.

(8) Party-in-Interest Transactions - Continued

LPL Financial Corporation (“LPL”) provides certain investment advisory services to the Plan. As such, LPL is considered to be a party-in-interest. Fees paid by the Plan to LPL of \$17,370 for the year ended June 30, 2022 are considered to be party-in-interest transactions.

Mayer Hoffman McCann P.C. (“MHM”) provides audit services to the Plan. As such, MHM is considered to be a party-in-interest. Fees paid by the Plan to MHM of \$9,770 for the year ended June 30, 2022 are considered to be party-in-interest transactions.

Voya Retirement Insurance and Annuity Company (“Voya”) provides certain recordkeeping and administrative services to the Plan. As such, Voya is considered to be a party-in-interest. Fees paid by the Plan to Voya of \$163 for the year ended June 30, 2022 are considered to be party-in-interest transactions.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain plan investments, it is at least reasonably possible that changes in the value of plan investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

(10) Subsequent Events

The Plan evaluated subsequent events through April 6, 2023, the date the financial statements were available for issuance.
