INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of
ADP TotalSource Retirement Savings Plan
Miami, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ADP TotalSource Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company (Voya), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2020 and 2019 and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions – Modified Cash Basis for the year ended December 31, 2020 and the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – Modified Cash Basis as of December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ADP TOTALSOURCE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS
December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ADP TotalSource Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General: The Plan is a multiple-employer defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is made available to worksite employees of ADP TotalSource Group, Inc. (the "Company" or "Plan sponsor") for whom the adopting employer has agreed to allow participation, and who have attained the age of 21 with completion of service requirements as elected by each adopting employer.

Contributions: Contributions to the Plan are made by the participating employees through salary reductions. Each year, participants may contribute up to 99% of their annual compensation on a pretax or Roth after tax basis, subject to the maximum amount allowed by the Internal Revenue Code (IRC). Participants may also contribute eligible rollovers from other qualified defined benefit or contribution plans.

Each adopting employer, at its discretion and with consent from the Plan sponsor, may make a matching contribution based on a specific matching formula and/or an additional contribution, known as a profit-sharing contribution, to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, the adopting employer's matching and/or profit sharing contribution, if any, investment earnings and/or losses, and charged with applicable transactional charges which are considered administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the adopting employer's contribution portion of their accounts, plus actual earnings thereon is based on years of service ranging from immediate to six years graded, as elected by each adopting employer.

Investment Options: The Plan's investment options are administered by Voya Institutional Trust Company (Voya) which gives the participants the opportunity to invest in various professionally managed funds.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate equal to the prime rate as published in the Wall Street Journal plus 1%, determined as of the 1st of the month prior to the loan origination date. Principal and interest are generally paid through payroll deductions.

Payment of Benefits: Upon termination of service for any reason, a participant is entitled to receive the vested balance in his or her account. Benefits are distributed in one lump-sum payment or installment payments. The Plan also allows for participants to withdraw all or a portion of their vested account if (1) the participant has attained age 59-1/2 or (2) the participant incurs a hardship as defined in the Plan.

In response to the impacts of COVID-19, the U.S. federal government enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") on March 27, 2020. The goal of the CARES Act is to prevent a severe economic downturn through various measures, including direct financial aid to American families and economic stimulus to significantly impacted industry sectors. In May of 2020, the Plan incorporated certain provisions under the CARES Act including, but not limited to, tax-favored in-service withdrawals

NOTE 1 – DESCRIPTION OF PLAN (Continued)

requested before December 31, 2020, regardless of age, of up to \$100,000 of a participant's vested account and certain temporary changes in loan provisions.

Retirement, Death and Disability: A participant is entitled to 100 percent of his or her account balance upon retirement, death, or disability.

Administrative Expenses: The Company absorbs certain administrative costs of the Plan. However, there are some administrative costs paid by the Plan, such as, fees for recordkeeping and direct reimbursement expenses incurred by the Company. Additionally, certain transaction charges associated with withdrawals, loans, and distributions are deducted from each participant's account and are recorded as administrative expenses by the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Forfeitures: Forfeitures of employer contributions are generally used by the Company to offset future contributions made to the Plan by the adopting employers.

Transfer of Funds: Upon termination/new entrance of an adopting employer, funds are transferred to/from other qualified plans. Transfers from other qualified plans were \$566,443,198 and \$555,328,655 for the years ended December 31, 2020 and 2019, respectively. Transfers to other qualified plans were \$730,855,526 and \$708,868,612 for the years ended December 31, 2020 and 2019, respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under the modified cash basis of accounting, contributions and interest income are recorded when received and expenses and refunds of excess contributions are recorded when paid.

Use of Estimates: The Company prepares its Plan financial statements in conformity with the modified cash basis of accounting. This method requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties: The Plan utilizes various investments. Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity, overall market volatility, as well as risk associated with the ongoing Coronavirus pandemic. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the values of the investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded when received. Dividends are recorded on a cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

December 31, 2020 and 2019

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the investment income/(loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya, the Plan trustee. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

(Continued)

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS
December 31, 2020 and 2019

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Self-Directed Brokerage Accounts: The self-directed brokerage accounts are invested in mutual funds and common stocks for which the fair values are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below.

Fair Value Measurements at December 31, 2020, Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 13, 2014, that the Plan is designed in accordance with applicable sections of Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. In October 2016, the Plan received notice from the U.S. Department of Labor (DOL) that the Plan was selected for audit for plan years ending on December 31, 2014 to present. The plan administrator has received correspondence from the DOL upon which the plan administrator has provided response. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Some administrative expenses of the Plan are paid directly by the Company and may be reimbursable from Plan assets. The Plan paid \$4,725,477 to the Plan Sponsor during 2020 for costs associated with the administration of the Plan. The Plan holds mutual funds and investments of units of collective trusts managed by Voya; therefore, these transactions and the Plan's payment of fees to Voya qualify as party-in-interest transactions. The Plan also holds and is the only participating plan in a stable value fund trustee by Global Trust Company, managed by Standish Mellon Asset Management Company LLC and held in custody by State Street Bank and Trust Company, and therefore, these transactions and associated fees qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. These activities qualify as party-in-interest activities as defined in Section 3(14) of ERISA, and is expressly exempted from the prohibited transaction rule.

NOTE 7 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2021, which is the date the financial statements were available to be issued.
