INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Plan Participants
Pension Plan for Plumbers and Pipefitters
Local Union No. 776 (Lima, Ohio)
P.O. Box 1330
Holland, OH 43528

Opinion

We have audited the accompanying financial statements of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio) as of June 30, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2022, and the schedule of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

For current liability (RPA '94): Interest rate was changed from 2.68% to 1.99% and the statutory mortality tables have been updated as required by law.

The administrative expense assumption was changed from \$145,000 to \$125,000 payable as of the beginning of the year due to a continued lower level of expenses.

Appendix A – Summary of Actuarial Methods

Actuarial Cost Method

The true cost of a pension plan will ultimately be determined by the excess of benefits actually paid and the expenses incurred in its administration over investment income earned on monies set aside for its funding. Thus, the ultimate cost of a plan cannot be known until the last payment has been made to its last participant. The actuarial cost method establishes the amount and incidence of annual actuarial costs. The actuarial cost method determines the portion of the ultimate cost of a pension plan which should be allocated to each plan year (known as the normal cost). The cost method is thus a budgeting tool which helps to ensure that the pension plan will be adequately and systematically funded.

The annual costs for a pension plan can be determined using any one of several actuarial cost methods. The methods differ in how much of the ultimate cost of the plan is assigned to each prior year, the current year and to each future year. Although the ultimate cost for a pension plan will be determined not by the cost method, but by the benefits and expenses which become payable and the earnings which are obtained on the investments of the plan, the pattern of annual contributions from year to year and the rate of funding for the benefits will vary with the choice of actuarial cost method. In addition, the choice of actuarial assumptions for a given actuarial cost method will affect the current level of contributions and pattern of future contributions.

The actuarial cost method used in the valuation of this plan is known as the projected unit credit cost method. Under this cost method a projected retirement benefit at assumed retirement age is computed for each participant. The normal cost for each participant is computed as the present value of the pro-rata portion of the participant's projected benefit which is accrued or earned during the plan year being valued. The normal cost for the plan is the total of the individually computed normal costs for all participants including the costs for any death or disability benefits under the plan.

The funding cost of the Plan is derived by making certain specific assumptions as to rates of interest, mortality, turnover, etc. which are assumed to hold for many years into the future. Since actual experience may differ somewhat from the assumptions, the costs determined by the valuation must be regarded as estimates of the true costs of the Plan.

Asset Valuation Method

For purposes of applying the actuarial cost method, plan assets are valued based on a five-year smoothing method. Under this method the current year's Actuarial Value of Assets equals the current year's Market Value of Assets plus/(minus) 80% of the prior year's gain/(loss), plus/(minus) 60% of the second preceding year's gain/(loss), plus/(minus) 40% of the third preceding year's gain/(loss), and plus/(minus) 20% of the fourth preceding year's gain/(loss).

Appendix B – Summary of Actuarial Assumptions

Investment Return

	2021	2020	2019	2018
Funding	6.75%	6.75%	7.00%	7.00%
Current Liability	1.99%	2.68%	3.07%	3.00%

Expenses (Adopted July 1, 2021)

Annual administrative expenses are assumed to be \$125,000 payable as of the beginning of the year.

Mortality Rates (Adopted July 1, 2020)

Healthy: Pri-2012 Blue Collar Dataset Mortality (male/female) tables with generational improvement using Projection Scale MP-2020 from 2012.

Disabled: Pri-2012 Total Dataset Disabled mortality (males/female) tables with generational improvement using Projection Scale MP-2020 from 2012.

Withdrawal Rates (Adopted July 1, 2014)

Withdrawal rates (employee turnover) were assumed as follows:

Age	Number Withdrawing Annually per 1,000 Active Employees
20	94
25	94
30	70
35	54
40	38
45	22
50	6
55	0

Participants terminating employment prior to becoming vested in their accrued benefits are assumed to not earn additional vesting service through reciprocal arrangements.

Disability Rates

Disability rates were assumed as follows:

Age	Number Becoming Disabled Annually per 1,000 Active Employees
25 and under	0.6
30	0.6
35	0.9
40	1.8
45	3.1
50	4.9
55	8.0
60	8.0
62	8.0

Retirement Age (Adopted July 1, 2014)

Terminated vested employees are assumed to retire at the earlier of: a) 85 points (age at commencement and years of vesting service at termination), b) age 62 if they have 20 years of vesting service, or c) age 60 if they have 25 years of vesting service. Other terminated vested employees are assumed to retire at age 65.

Active employees are assumed to retire according to the following table:

Age	Percentage Retiring at Stated Age			
	Satisfies Rule of 85	Earliest Unreduced Retirement Age		
		60	62	65
65	100%	100%	100%	100%

Future Benefit Accrual and Employer Contributions

For purposes of projecting future benefits it was assumed that each employee would earn a full year of Credited Service in each future year. The employer contribution rate effective July 1, 2021 is \$4.04/HR and expected contributions per future year are 254 actives x 1,800 hours per active x \$4.04/hour = \$1,847,088.

Probability of Marriage (Adopted July 1, 2001)

80% of employees were assumed to be married at death or retirement.

Age Difference

Males are assumed to be three years older than their spouses.

Adjustments for Missing Data

Employees with a missing sex code in the data are assumed to be male. Employees with a missing date of birth are assigned an age consistent with the average age for employees with similar service and included in the valuation.

Active and Inactive Employees

Active employees are all Employees who have met the eligibility requirements and have at least 150 hours of service, if included in last year's valuation, or those with 1000 total hours in the most recent 2 Plan Years. Active employees will be included in the valuation for all purposes. Other Employees (including retirees) will be considered Inactive and will be included in the valuation only if vested.

CHANGES IN PLAN ASSUMPTIONS FROM THE PRIOR YEAR'S VALUATION

- The administrative expense assumption was changed from \$145,000 to \$125,000 payable as of the beginning of the year.
- For Current Liability purposes, the interest rate was changed from 2.68% to 1.99% in accordance with IRS guidance. (The statutory mortality tables also have been updated as required by law).

Appendix C – Summary of Principal Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Plan Name

Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)

Plan Effective Date

July 1, 1964. (Restated effective July 1, 2014 and amended by Amendments 1 through 5)

Type of Plan

Multi-employer, defined benefit plan with joint union management Board of Trustees.

Participation

All persons who were participating in the Plan on June 30, 1984 will continue to participate. All other persons will enter the Plan on the July 1 or January 1 (if employed in covered employment on that date) next following completion of 1,000 hours of service in the 12 month period measured from initial date of hire or anniversaries of that date, or on the July 1 or January 1 (if employed in covered employment on that date) next following completion of 1,000 hours of service in the 24 month period measured from initial date of hire or anniversaries of that date.

Employer Contributions

Employers contribute at rates specified in the collective bargaining agreements.

Employee Contributions

None.

Normal Retirement

Normal Retirement Age: The later of the employee's 65th birthday and the 5th anniversary of the Employee's participation in the plan.

Normal Retirement Date: First day of the month coincident with or next following the Normal Retirement Age.

Normal Retirement Benefit: An Employee's monthly Normal Retirement Benefit is the sum of the Years of Credited Service multiplied by the applicable rates from the following table:

Terminations After June 30, 2007	
Years of Credited Service Through June 30, 1983	\$20.00
Years of Credited Service Between July 1, 1983 and June 30, 1993	\$50.00
Years of Credited Service Between July 1, 1993 and June 30, 2015	\$75.00

Terminations After June 30, 2007	
Years of Credited Service Between July 1, 2015 and June 30, 2016	\$100.00
Years of Credited Service After July 1, 2016	\$107.00
Rates applicable for terminations prior to July 1, 2007 are those in effect at the date of termination.	

Years of Credited Service

An Employee will earn Years of Credited Service as follows:

For service prior to 7/1/1976: One Year of Credited Service for each service credit earned for benefit accrual purposes under the terms of the Plan in effect 6/30/1976.

For service after 7/1/1976: One tenth of a Year of Credited Service for each 150 hours in a Plan Year for which an Employer was required to make contributions (up to a maximum of one Year of Credited Service). Hours in excess of 1,500 in a given year may be applied to future years in which fewer than 1,500 hours are completed (or past years if such excess hours cannot be applied to any future year) if the Participant had at least 150 hours in such future year.

Early Retirement

Early Retirement Age: The Employee's 55th birthday and the completion of 10 years of Vesting Service.

Early Retirement Date: First day of the month coincident with or next following the Employee's Early Retirement Age.

Early Retirement Benefit: An Employee's Early Retirement Benefit will equal his Normal Retirement Benefit reduced by 5/9 of 1% for each month by which his Early Retirement Date precedes his Earliest Age for Unreduced Benefits (EAUB). An Employee's EAUB is age 62 if he has completed at least 20 Years of Vesting Service or age 60 if he has completed 25 Years of Vesting Service.

Effective July 1, 2001 an Employee who was active on June 30, 2001 and who completed at least eight hours of service on or after July 1, 2001 will be eligible for unreduced benefits as of the first day of any month following age 55 and the date upon which his age (determined on his most recent birthday) plus his Years of Vesting Service equals or exceeds 85.

Years of Vesting Service

An Employee will earn Years of Vesting Service as follows:

For service prior to 7/1/1976: One Year of Vesting Service for each credit earned for vesting purposes under the terms of the Plan in effect 6/30/1976.

For service after 7/1/1976: One Year of Vesting Service for each Plan Year during which an Employee completes at least 500 hours of service.

Disability Retirement

Disability Retirement Eligibility:

Schedule MB – Schedule of Principal Plan Provisions
Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)
EIN: 34-6682531
PIN: 001

- i. Total and permanent disability occurs before the commencement of retirement benefits, and
- ii. The Employee has completed 10 Years of Vesting Service.

Termination Benefit

An Employee who terminates his employment after completing 5 years of Vesting Service has the right to receive a vested benefit commencing on his Normal Retirement Date. The amount of vested benefit is equal to his Normal Retirement Date earned up to the date of termination.

Death Benefits

Pre-retirement Spouse's Death Benefit: If a vested, married Employee or former employee (who has been married to his spouse for at least one year) dies, the spouse is eligible for a monthly benefit commencing immediately. The amount of the benefit is 50% of the deceased Employee's accrued benefit reduced by $\frac{1}{2}\%$ for each year by which the surviving spouse is more than 5 years younger than the deceased Employee.

Pre-retirement Lump Sum Death Benefit: If an unmarried Employee (or an employee who has not been married to his spouse for at least one year) who has completed 10 years of vesting service dies, his beneficiary will receive a lump sum benefit equal to the contributions made to the Plan for the Employee.

Post-Retirement Death Benefit: Dependent upon the form of payment of the retirement benefit.

Normal Form of Benefit

Life Annuity.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Plan Participants
Pension Plan for Plumbers and Pipefitters
Local Union No. 776 (Lima, Ohio)
P.O. Box 1330
Holland, OH 43528

Opinion

We have audited the accompanying financial statements of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio) as of June 30, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio)'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2022, and the schedule of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN:

The following description of the Pension Plan for Plumbers and Pipefitters Local Union No. 776 (Lima, Ohio) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined benefit pension plan established under a collective bargaining agreement (CBA) between Local Union No. 776 of the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada (Local Union No. 776) and the Plumbing, Heating and Air Conditioning Contractors of Lima, Ohio. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and funding policy

The participating employers make monthly contributions to the Plan on behalf of covered employees in amounts determined by the CBA and subject to minimum funding requirements of ERISA and maximum deductibility of contributions by participating employers under the Internal Revenue Code (IRC). Participating employers are required to make monthly contributions at a fixed dollar amount for each hour worked by participants. No participant contributions to the Plan are permitted. The Plan Trustees design the benefit structure based on information from the actuarial consultants. The Plan's actuary has certified that the minimum funding requirements of ERISA have been met as of July 1, 2021.

Benefits

Under terms of the Plan, participants are eligible for normal retirement benefits at the earlier of age 60 and completion of 25 years of vesting service; age 62 and completion of 20 years of vesting service; age 65 and completion of 5 years of participation in the Plan for employees who become participants in the Plan within five years of age 65; or under the "Rule of 85", if the participant's age and years of service aggregate 85. Reduced early retirement benefits are available to participants upon reaching age 55 with 10 years of vesting service. The Plan also provides certain death, disability and termination benefits. Normal retirement benefits are determined based on years of service of the participant at specified benefit rates as established by the Board of Trustees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following significant accounting policies of the Plan are set forth to facilitate the understanding of data presented in the financial statements.

Basis of accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Investment valuation and income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion at Fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) include the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Investment contract with insurance company

Under the Plan's group annuity contract with Aetna Life Insurance Company (Aetna), assets are invested with Aetna in a general asset account which is stated at contract value, as reported by Aetna and in accordance with the FASB Codification topic 960, Plan Accounting – Defined Benefit Pension Plans. Contract value represents contributions made under the contract, as directed by the Plan's Board of Trustees, plus credit interest, less participant withdrawals used to pay pension benefits and administrative expenses. Assets are invested in the general asset account and earn interest at a contract rate (3.50% at June 30, 2022 and 2021) which is determined annually by Aetna based on the investment performance of the underlying investment pools.

Employer contributions receivable

Employer contributions receivable represents amounts due from employers that were received subsequent to year end. Therefore, the carrying amount of these receivables is not reduced by an allowance for amounts that will not be collected. In addition, it is impractical to estimate revenue recognition for amounts due but erroneously unreported by employers.

Employer contributions receivable from Northwestern Ohio Administrators

Employer contributions receivable from Northwestern Ohio Administrators, Inc. (NWOA), administrative manager for the Plan, represent employer contributions received by NWOA and maintained in NWOA's cash concentration account until such time as they are transferred to the Plan's cash account. Interest is earned on amounts maintained in the cash concentration account.

Benefits

Benefits are recorded when paid.

Reciprocity contributions

Participants of the Plan and participants of the benefit plans of other affiliated local unions may have temporary employment assignments outside the jurisdiction of their local union. Therefore, the Plan has entered into reciprocity agreements with other affiliated locals to ensure that employer contributions are forwarded to the benefit plans of the participant's local union. Reciprocal contributions received and reciprocal contributions paid have been recorded on the statements of changes in net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through April 3, 2023, the date on which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Aetna Life Insurance Company Contract: The assets in the Separate Account (SA-174) are money market investments used to pay non-guaranteed plan benefits and are classified as Level 2 Investments.

Common/collective trusts: Valued at the net asset value (NAV) of units of the collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

Partnership/joint venture interests: Valued at the net asset value per share or unit. The NAV, as provided by the investment manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV.

Mutual Funds: Valued at the daily closing prices as reported by the funds. The funds held by the Plan are registered with the Securities and Exchange Commission and are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of June 30, 2022 and 2021.

*Direct filing entity (DFE). The Plan is not required to disclose the investment strategies of DFE's that file a Form 5500 annual report directly with the U.S. Department of Labor.

(a) The Fund was formed to acquire, develop, own, and operate a diversified portfolio of real estate investments in commercial property. The Fund was formed to operate as a perpetual life, open-end, commingled collective investment fund and intends to invest primarily in real estate primarily leased to the U.S. federal government either through the General Services Administration (GSA) or other federal government agencies.

4. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Assets in the immediate participation guarantee contract with Aetna are managed by Aetna. Consequently, fees paid to Aetna qualify as party-in-interest. Fees for these investment management and administrative services aggregated \$42,691 and \$35,974 for the years ended 2022 and 2021, respectively.

This Plan is related through common management and trustees with Northwestern Ohio Administrators, Inc. which provides administrative services to the Plan. Included in the statements of changes in net assets available for plan benefits are gross administrative fees charged by Northwestern Ohio Administrators, Inc.

5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated participants or their beneficiaries, beneficiaries of participants who have died and present participants or their beneficiaries. Benefits payable under circumstances including retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits of the Plan is determined by an enrolled actuary of Milliman and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of June 30, 2021 were:

- assumed net investment return rate of 6.75%
- assumed Pri-2012 Blue Collar Dataset Mortality tables with generational improvement using Projection Scale MP-2020 from 2012
- assumed annual operating expenses of the Plan of \$125,000
- assumed retirement age at various rates between ages 55 and 65

The forgoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. ACCUMULATED PLAN BENEFITS (CONTINUED):

Based on the latest actuarial information available, which is as of July 1, 2021, the actuarial present value of accumulated plan benefits is summarized as follows:

Vested benefits:	
Participants currently receiving benefits	\$ 26,678,058
Other participants	<u>18,192,406</u>
Total	44,870,464
 Non-vested benefits	 <u>1,188,929</u>
Total actuarial present value of accumulated plan benefits	\$ <u>46,059,393</u>

Changes in the actuarial present value of accumulated plan benefits since July 1, 2020 are summarized as follows:

Actuarial present value of accumulated Plan benefits as of July 1, 2020	\$ 44,791,239
Increase (decrease) during the year attributable to:	
Reduction in discount period	2,931,130
Benefits accumulated	1,347,309
Change in actuarial assumptions	-
Actuarial (gains)/losses	(230,730)
Benefits paid to participants or their beneficiaries	<u>(2,779,555)</u>
Net increase	1,268,154
Actuarial present value of accumulated Plan benefits as of July 1, 2021	\$ <u>46,059,393</u>

Changes in actuarial assumptions reflected in the July 1, 2021 valuation include changing the assumed annual operating expenses from \$145,000 to \$125,000.

6. PLAN TERMINATION:

In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in order of priority determined in accordance with ERISA, applicable regulations thereunder, and the plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefits protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

6. PLAN TERMINATION (CONTINUED):

Whether all participants receive their benefits should the Plan terminate at some time in the future will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

7. PLAN STATUS:

The Plan's actuary determined that the Plan was not in endangered, seriously endangered or critical status for the Plan years beginning July 1, 2021 and 2020.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated September 11, 2015 that the Plan, as amended, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code and the Employee Retirement Income Securities Act of 1974 to maintain its tax exempt status. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. IMMEDIATE PARTICIPATION GUARANTEE CONTRACT WITH AETNA:

The Plan has an immediate participation guarantee contract with Aetna Life Insurance Company (Aetna) as an investment of the Plan, under which the Plan must maintain a minimum balance equal to the present value of future annuity payments for all participants, beneficiaries, and joint annuitants receiving annuity payment and any accrued expense charges. The total amount invested at contract value totaled \$1,167,025 and \$1,215,424 at June 30, 2022 and 2021, respectively. Aetna maintains the contributions in a general account, which is unallocated. The account is credited with earnings on the underlying investment pools and charged for benefit withdrawals and administrative expenses.

10. IMMEDIATE PARTICIPATION GUARANTEE CONTRACT WITH AETNA (CONTINUED):

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on an annual basis for resetting. At the direction of the Plan, benefit payments to participants may be made by purchasing an annuity with funds from the general account or making annuity payments directly from the general account itself.
