INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Barry Robinson Center Matching Tax Deferred Annuity Plan
Norfolk, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of **Barry Robinson Center Matching Tax Deferred Annuity Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of assets (held at end of year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institutions. In our report dated April 13, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BARRY ROBINSON CENTER MATCHING TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2022 and 2021

Note 1. Description of Plan

The following description of the **Barry Robinson Center Matching Tax Deferred Annuity Plan** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established by the Barry Robinson Center (the "Center") in September 1994 and was last amended and restated effective January 1, 2020. The Plan covers all employees of the Center, and employees may begin making contributions to the Plan immediately. Eligibility for employer contributions requires non-highly compensated employees to have completed one year of service (and one thousand hours of service), attained the age of eighteen, and been employed at the Plan Sponsor as of June 30, 2022. Highly compensated employees are not eligible for the employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration:

The Plan is administered by the Center, which serves without compensation. The Plan Administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Center has designated Variable Annuity Life Insurance Company (VALIC), a member of AIG Retirement Services, and CUNA Mutual Retirement Solutions (CUNA) to administer the Plan. All assets are held by VALIC and Matrix Trust Company (Matrix), the custodians of the Plan.

Contributions:

Each year, participants may contribute the maximum percentage allowed by the current law of pretax annual compensation, as defined by the Plan. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and investment contracts as investment options for participants. Effective January 1, 2020, the Plan was restated to add an automatic enrollment and escalation feature. Newly hired employees are automatically enrolled in the Plan and are defaulted to contribute 3% of their eligible compensation. The automatic deferral rate increases by 1% each year to a maximum of 6%, unless the participant specifically elects another contribution rate or not to participate. Employees hired prior to January 1, 2020 are not subject to the automatic enrollment feature. The Center has a discretionary matching contribution that is determined annually by the Center's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Center's matching contributions, and plan earnings, and is reduced by an allocation of administrative expenses, if not paid by the Center. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions as well as the Center's matching contributions plus earnings thereon.

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2022 and 2021

Note 1. Description of Plan (continued)

Notes receivable from participants:

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates comparable to the rates being charged for fully secured loans offered by area financial institutions as of June 30, 2022. Interest rates ranged from 3.00% to 6.50% on outstanding loans as of June 30, 2022. Principal and interest is paid directly to VALIC or through payroll deductions if loans are administered by CUNA.

Payment of benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive partial payment, installment payments, or an annuity. For termination of service for other reasons, participants with an account balance less than \$5,000, shall be entitled to receive a lump-sum benefit equal to their account balance. Participants with an account balance which exceeds \$5,000 must give written consent before the distribution may be made. The Plan also allows for distributions in the instance of certain financial hardships as defined in the Plan agreement.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and deductions during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value except for the fully-benefit responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors, custodians, and insurance companies.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold during the year as well as held at the end of the year.

See Independent Auditor's Report. Notes continued on next page.

BARRY ROBINSON CENTER MATCHING TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2022 and 2021

Note 2. Summary of Significant Accounting Policies (continued)

Notes receivables from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2022 or 2021.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses maintaining the Plan are paid by the Center and are excluded from these financial statements. However, most of the Plan's expenses are paid out of Plan assets; net depreciation in fair value of investments includes investment-related expenses for certain investment options, and expenses relating to specific participant transactions are charged directly to that participant's account.

Note 3. Information Certified by the Custodians

The following is a summary of the Plan's asset information at June 30, 2022 and 2021, and for the year ended June 30, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by VALIC and Matrix, the custodians, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ 3,088,982	\$ 4,455,051
Investments at contract value	2,186,283	2,611,007
Notes receivable from participants	<u>45,984</u>	<u>52,418</u>
	<u>\$ 5,321,249</u>	<u>\$ 7,118,476</u>

VALIC and Matrix also certified the completeness and accuracy totaling \$588,929 of net depreciation in fair value of investments and \$69,818 of interest income related to the aforementioned plan assets for the year ended June 30, 2022.

See Independent Auditor's Report. Notes continued on next page.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Independent Auditor's Report. Notes continued on next page.

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2022 and 2021

Note 4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of June 30, 2022 and 2021:

Assets at Fair Value as of June 30, 2022

	<u><i>Level 1</i></u>	<u><i>Level 2</i></u>	<u><i>Level 3</i></u>	<u><i>Total</i></u>
Mutual funds	\$ <u>3,088,982</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>3,088,982</u>
Total assets at fair value	\$ <u><u>3,088,982</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>3,088,982</u></u>

Assets at Fair Value as of June 30, 2021

	<u><i>Level 1</i></u>	<u><i>Level 2</i></u>	<u><i>Level 3</i></u>	<u><i>Total</i></u>
Mutual funds	\$ <u>4,455,051</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>4,455,051</u>
Total assets at fair value	\$ <u><u>4,455,051</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>4,455,051</u></u>

Note 5. Investment Contracts with Insurance Company

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The Plan's investment in traditional investment contracts total \$2,186,283 and \$2,611,007 at June 30, 2022 and 2021, respectively.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rates are based on a formula established by the contract issuer and are reviewed on a quarterly basis for resetting. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts are dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments, but the Plan Administrator has made no reserves against contract value for credit risk of the issuer or otherwise.

See Independent Auditor's Report. Notes continued on next page.

BARRY ROBINSON CENTER MATCHING TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2022 and 2021

Note 5. Investment Contracts with Insurance Company (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. amendment to the Plan documents (including complete or partial Plan termination or merger with another plan),
2. premature termination of the contract,
3. bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact as contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following:

1. an uncured violation of the Plan's investment guidelines
2. a breach of material obligation under the contract
3. a material misrepresentation
4. a material amendment to the agreements without the consent of the issuer.

Note 6. Transactions with Parties-In-Interest

Plan investments are shares of mutual funds and fully-benefit responsive investment contracts managed by CUNA, a custodian of the Plan. These transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to CUNA and an investment advisor amounted to \$30,909 for the year ended June 30, 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Center reserves the right to amend or terminate the Plan or discontinue contributions at any time subject to the provisions of ERISA.

Note 8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Services (IRS). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status, and management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

See Independent Auditor's Report. Notes continued on next page.

Years Ended June 30, 2022 and 2021

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. In March 2020, the World Health Organization declared the global novel coronavirus disease (COVID-19) outbreak a pandemic. As of the date the financial statements were available to be issued, the Plan's investment securities have not been significantly impacted by the COVID-19 outbreak. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through April 11, 2023, the date the financial statements were available to be issued.

See Independent Auditor's Report.
