Independent Auditors' Report

To the Board of Trustees of
HollyDELL, Inc.
Retirement Plan
Sewell, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of HollyDELL, Inc. Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Directors of
HollyDELL, Inc. Retirement Plan

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of HollyDELL Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HollyDELL Inc. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Directors of
HollyDELL, Inc. Retirement Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HollyDell Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HollyDell Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

To the Directors of
HollyDELL, Inc. Retirement Plan

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of HollyDELL, Inc. Retirement Plan, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any audited procedures with response to the information certified by a qualified institution. Their report, dated February 11, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule, than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

General

HollyDELL, Inc. Retirement Plan (the “Plan”) is a profit-sharing plan. The Plan and trust are intended to qualify as a tax-exempt profit-sharing plan and trust under sections 401(a) and 501(a) of the Internal Revenue Code (“IRC”). The deferred arrangement part of the Plan is intended to qualify under section 401(k) of the IRC. The Plan was established on July 1, 1991, and amended effective March 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. HollyDELL, Inc. (“HollyDELL”) is the Plan’s sponsor and serves as the Plan administrator. The custodian of the Plan is Principal Life Insurance Company (“Principal Life”).

Eligibility

An employee is eligible to participate in the Plan upon attaining age 21 and completing one (1) year of eligibility service. Prior to March 1, 2020, a year of service is credited upon working 1,000 hours or more in a calendar year (12 consecutive month period). An employee that makes or receives eligible contributions is a participant (Participant). Eligible contributions may start the first day of the first month of the Plan year or by the first day of the seventh month of the Plan year depending on timing of meeting the age and eligibility service.

The Plan permits HollyDELL to also make discretionary profit-sharing contributions. An employee is eligible to receive an allocation upon attaining age 21 and completing one (1) year of eligibility service. Prior to March 1, 2020, a year of service is credited upon working 1,000 hours or more in a calendar year (12 consecutive month period).

Any employee from the following class is not an eligible employee:

- i. Employee covered by a collective bargaining agreement if agreement does not provide for participation in The Plan.
- ii. Employee who is leased.
- iii. Employee who is a non-resident alien in receipt of no earned income for services performed in United States.

Contributions

There is no required minimum deferred employee contribution and participants can defer 100% of compensation up to the maximum allowed by the IRC; plus, additional catch-up contributions, for participants age 50 or over. A participant can make deferral contributions as Roth contributions (made on an after-tax basis). For those participants electing to make a deferral contribution, HollyDELL matches 100% of participant contributions up to, but not in excess of 5% of eligible compensation. Contributions are made to the Plan each pay period.

HollyDELL may elect to make a discretionary profit-sharing contribution to the Plan. HollyDELL did not make a discretionary profit-sharing contribution for the years ended June 30, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's matching contribution and Plan earnings. Allocations are based on contributions or account balances, as defined by the Plan document. Participants may direct their account balances into a variety investment option offered by Principal Life. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant accounts are valued each business day.

Vesting

Participants are immediately vested in their employee contributions and earnings thereon, and all employer safe harbor matching contributions and earnings thereon. Any discretionary matching contributions and profit-sharing contributions will be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

Participants receive immediate distribution of their account balances upon termination of employment. Benefits are paid in the form of a single lump sum payment. Benefit payments must begin no later than the April 1 following the calendar year in which the Participant attains age 72, or upon termination of employment, if later.

If the Participant passes away before distributions begin, the distribution of benefits must be completed by December 31 of the calendar year containing the fifth anniversary of Participant's death unless the beneficiary opts for a separate elected Plan distribution.

In-Service Withdrawals

Participants receive immediate distribution of their account balances upon termination of employment. Benefits are paid in the form of a single lump sum payment. Benefit payments must begin no later than the April 1 following the calendar year in which the Participant attains age 72, or upon termination of employment, if later.

If the Participant passes away before distributions begin, the distribution of benefits must be completed by December 31 of the calendar year containing the fifth anniversary of Participant's death unless the beneficiary opts for a separate elected Plan distribution.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan. These amounts are maintained in a forfeiture investment account. This account can be used to reduce future employer contributions, pay reasonable Plan expenses, as well as to restore forfeitures. On June 30, 2022 and 2021, forfeited non-vested accounts totaled \$0.

Notes Receivable From Participants

Participants may apply for a loan from the Plan as contemplated under IRC section 72(p). Loans are only granted to a participant who the Plan administrator determines have the ability to repay the loan. Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the present value of their vested account balance, whichever is less. Loan terms cannot exceed five years.

Additional loan terms are permitted for the purchase of the participant's primary residence, but not in excess of 30 years. Loan payments must be made according to its amortization schedule. Partial early payoffs are not allowed, otherwise the loan should be repaid in full. The loan is repayable in full upon termination of employment.

At June 30, 2022 and 2021, participants had outstanding loan balances amounting to \$44,605 and \$76,468, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the amounts of assets and liabilities, revenues and expenses and changes therein, and disclosures of contingent assets and contingent liabilities and accompanying notes. It is reasonably possible that the Plans's estimates may change in the near term.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies using information provided by investment advisors and custodians. See Note 4 for fair value disclosure. Participant loans are valued at outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by HollyDELL. Expenses that are paid by HollyDELL are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative fees amounted to \$12,555 and \$12,400 during the years ended June 30, 2022 and 2021, respectively.

Subsequent Events

Management has reviewed subsequent events and transactions that occurred after June 30, 2022, through the date of the independent auditor's report and the date the financial statements were available to be issued, April 10, 2023. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Management has determined that there are no recognized subsequent events that require additional disclosure.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and investment expenses for the years ended June 30, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian.

	June 30,	
	2022	2021
Statement of Net Assets Available for Benefits:		
Investments, at fair value	\$ 6,527,805	\$ 7,976,096
Investments, at contract value	362,889	402,632
Notes receivable from participants	44,605	76,468
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation (depreciation) in fair value of investments	(1,117,858)	1,571,834
Dividends and interest income	319	708

Supplemental Schedule: All investment balances and information included in the schedule and in Note 4.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Furthermore, although the Plan believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair value of the Plan's twelve pooled separate accounts offered is based on the fund's daily NAV. The NAV is used as the practical expedient to estimate fair value. It can be used as an estimate of fair value since all pooled separate accounts can be redeemed by the reporting entity at NAV as of the measurement date. The pooled separate accounts offered by Principal Life Insurance Company are categorized as separate accounts balance at a predefined target allocation. There are no unfunded commitments from participants in the Plan who invest in this account.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. When the Plan initiates a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Principal Fixed Income Guaranteed Option

The Plan holds a traditional fully benefit-responsive guaranteed fixed income contract with Principal Life totaling \$362,889 and \$402,632 as of June 30, 2022 and 2021, respectively. The Principal Fixed Income Guaranteed Option is a guaranteed general account backed group annuity contract. The guarantee is backed by assets of the Principal Life. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed income guaranty option contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

A rate of interest contractually guaranteed by Principal Life is credited to each participant account balance. This net crediting rate is after the deduction of 0.00% for fees for administrative and recordkeeping services provided to the Plan. The net credit rating on was .90% on the first day of the fiscal year beginning July 1, 2021 and was 3.05% on the last day of the fiscal year ended June 30, 2022.

Currently this net crediting rate is a 4.05% effective annual rate, until May 31, 2023. The rate will be reset June 1, 2023, and semiannually thereafter.

Since the fixed income guaranty option contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement. According to contractual provisions, Principal Life calculates fair values of the general accounts in these contracts based on discounted cash flows to expected maturity, generally representing contract value adjusted to reflect current market interest rates. The contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay plan benefits and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Plan Termination

While it is expected that this Plan will continue indefinitely, HollyDELL reserves the right to amend, otherwise modify, or terminate the Plan, or to discontinue its contributions or payments under the Plan, by resolution of its board of trustees. As of the date of complete or partial termination, all accumulated amounts credited to participant accounts will become nonforfeitable to the extent that benefits are accrued.

7. Tax Status

The Internal Revenue Service has determined and informed HollyDELL by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America, require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party in Interest Transactions

Certain Plan investments are managed by Principal Life and companies affiliated with Principal Life, including Principal Global Investors Trust Company. Principal Life is the custodian as defined by the Plan, and therefore, these investments and investment transactions qualify as party-in-interest transactions.

Additionally, the Plan sponsor, HollyDELL, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

9. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
