Independent Auditor's Report

Plan Administrator and Participants
Nivel Parts 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements
We have performed an audit of the financial statements of Nivel Parts 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA
The supplemental schedules of delinquent contributions for the year ended December 31, 2021 and schedules of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the Nivel Parts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Nivel Parts, LLC (the Company, Plan Sponsor or Employer) who meet the eligibility requirements. Employees become eligible to participate in the Plan after completing six months of service and reaching age 21. The Plan administrator is responsible for oversight of the Plan. The Plan committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: Effective January 1, 2021, the Plan was amended to change the frequency of discretionary-matching contributions from yearly to each payroll period.

Contributions: Plan participants may make contributions to the Plan up to the dollar limitation as defined by the Internal Revenue Service (IRS) for each taxable year, but not greater than 90% of the participant's compensation. Participants are automatically enrolled in the Plan and will defer 4% of their annual eligible compensation, as defined, as a pretax contribution, unless they inform the Plan Sponsor to contribute a different percentage or elect not to participate in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make after-tax Roth contributions to the Plan and rollover amounts representing distributions from other eligible retirement plans into the Plan. Contributions are subject to certain IRS limitations.

The Plan Sponsor may, at its discretion, contribute a discretionary-matching contribution. The discretionary-matching contribution for 2021 was 50% of the participants' contributions up to a maximum of $2,500. The Plan Sponsor may make additional nonelective contributions, at the discretion of the Company, within various limitations specified by the Internal Revenue Code (IRC). Participants must be eligible at the end of the Plan year to receive a nonelective contribution. No additional nonelective contributions were made for the year ended December 31, 2021.

Investment options: Upon enrollment in the Plan, participants may direct their contributions and the employer contributions into various investments offered by the Plan. Participants may change their contribution percentages and their investment options any time throughout the year via internet or direct phone access.

Participant accounts: Each participant's account is credited with the participant's contributions, their portion of Plan Sponsor's discretionary-matching contributions, allocations of Company nonelective contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants' contributions, plus or minus actual earnings and losses, have full and immediate vesting. Employer contributions, plus earnings or losses thereon, vest according to the following schedule:

Years of Service	Vested Percentage
Less than one	0%
One but less than two	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five but less than six	90%
Six or more	100%

Participant accounts become fully vested (regardless of the above vesting schedule) upon death, disability, attainment of normal or early retirement age (65 or 55 respectively) or termination of the Plan.

Payment of benefits: Upon termination or retirement of service, vested account balances less than $5,000 will be paid in a lump sum as soon as practicable, after allowing a participant sufficient time within which to elect whether to receive the distribution in cash or as a rollover to another qualified plan. Vested account balances greater than $5,000, at the election of the participant, may remain in the Plan or be distributed. When a participant meets retirement age, benefits will be paid from the vested account balance based upon the election of the participant either in the form of a lump-sum cash payment or a nontransferable annuity contract providing for installment payments. The normal retirement age, as defined by the Plan, is 65. In addition, under certain circumstances, a participant may receive a financial hardship distribution.

Forfeited accounts: Any nonvested account balance after the distribution of a terminated participant's vested account balance is forfeited. Forfeitures of participants' nonvested account balances are used to reduce administrative expenses of the Plan or to reduce future Plan Sponsor's contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled $38,136 and $18,017, respectively. During 2021, $19,080 was used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses.

Notes from participants: Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of up to 50% of the vested account balance or $50,000. Such notes are collateralized by each respective participant's account and bear fixed interest rates based on rates available for similar notes from commercial lending institutions. Interest rates are determined as of the first day of each calendar quarter for new notes. Participant note interest rates ranged from 4.25% to 6.50% as of December 31, 2021, and mature through 2029. Notes generally must be repaid within five years, except for notes used for the purchase of a participant's principal residence, which may be repaid over a period not to exceed 30 years. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Excess contributions payable: All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain record-keeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2021) through March 24, 2023, which is the date the financial statements were available to be issued.

Change in Trustees: The Plan changed its trustee and recordkeeper from Great-West Trust Company to Newport Group effective July 25, 2022. Net assets were wired to the new trustee on July 26, 2022.

Note 3. Information Certified or Provided by Great-West Trust Company, LLC, the Trustee

The following is a summary of the Plan's asset information, as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Great-West Trust Company (Great-West), the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2021	2020
Investments at fair value:		
Registered investments companies (mutual funds)	$ 11,847,671	$ 8,645,312
Common collective trust fund	553,296	446,507
	$ 12,400,967	$ 9,091,819
Notes receivable from participants	$ 138,395	$ 114,083

Great-West also certified to the completeness and accuracy of $607,494 of net appreciation in fair value of investments and $813,084 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,847,671	$ -	$ -	$ 11,847,671
Investments measured at NAV (a)				553,296
				$ 12,400,967

	Assets at Fair Value as of December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,645,312	$ -	$ -	$ 8,645,312
Investments measured at NAV (a)				446,507
				$ 9,091,819

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments whose fair value is estimated using the NAV per share (or its equivalent) as a practical expedient of December 31:

	Fair Value Estimated Using NAV Per Share				
	Fair Value December 31		Unfunded	Redemption	Redemption
	2021	2020	Commitment	Frequency	Notice Period
Common collective trust fund:					
Putnam stable value trust fund (a)	$ 553,296	$ 446,507	None	Daily	None

(a) This category consists of a common collective trust fund comprising of primarily guaranteed investment contracts and security-backed investment contracts. The objective of investments in this category are to provide participants with an array of investment vehicles for which there are various risk and reward options available for selection based on a participant's individual retirement goals.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Party-in-Interest Transactions

Great-West is the trustee and recordkeeper of the Plan and, therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to Great-West totaled $16,808 for the year ended December 31, 2021. Fees paid by the Plan to its investment advisors and investment manager totaled $30,208 for the year ended December 31, 2021, which are included in administrative expenses. Certain other administrative expenses are paid by the Plan Sponsor on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Great-West. The prototype plan has received an opinion letter from the IRS, dated March 31, 2014, as to the prototype plan's qualified status and the prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31	
	2021	2020
Net assets available for benefits per the financial statements	$ 12,539,362	$ 9,486,576
Differences in:

Deemed distributed notes from participants	(37,657)	(14,263)
Net assets per the Form 5500	$ 12,501,705	$ 9,191,639

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500:

	Year Ended December 31, 2021
Net increase in net assets available for benefits per the financial statements	$ 3,052,786
Prior-year employer contribution receivable	280,674
Prior-year deemed distributed notes from participants	14,263
Current-year deemed distributed notes from participants	(37,657)
Net income per the Form 5500	$ 3,310,066

Note 9. Nonexempt Transactions

During 2021 and 2020, the Plan Sponsor inadvertently failed to deposit $261,763 and $163,211, respectively, of participant contributions and loan repayments within the required timeframe as stated by the U.S. DOL regulations. Lost earnings were deposited into the Plan and the Forms 5330 were filed with the applicable excise taxes paid during 2022. All lost earnings and excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.
