INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Plan de Retiro de Salud Integral
en la Montaña

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **Plan de Retiro de Salud Integral en la Montaña (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Plan de Retiro de Salud Integral en la Montaña's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Plan de Retiro de Salud Integral en la Montaña** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Plan de Retiro de Salud Integral en la Montaña's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Plan de Retiro de Salud Integral en la Montaña's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Plan de Retiro de Salud Integral en la Montaña's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of **Plan de Retiro de Salud Integral en la Montaña**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 2, 2022, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (*b*) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Plan de Retiro de Salud Integral
en la Montaña

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **Plan de Retiro de Salud Integral en la Montaña (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Plan de Retiro de Salud Integral en la Montaña's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Plan de Retiro de Salud Integral en la Montaña** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Plan de Retiro de Salud Integral en la Montaña's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Plan de Retiro de Salud Integral en la Montaña's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Plan de Retiro de Salud Integral en la Montaña's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of **Plan de Retiro de Salud Integral en la Montaña**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 2, 2022, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (*b*) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PLAN DE RETIRO DE SALUD INTEGRAL EN LA MONTAÑA

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2022 AND 2021, AND FOR THE YEAR ENDED JUNE 30, 2022

1. DESCRIPTION OF THE PLAN

The following description of the **Plan de Retiro de Salud Integral en la Montaña** (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's information.

General — The Plan was established effective on May 24, 2006 with effective date July 1, 1997. The Plan is a defined contribution plan covering substantially all employees who are not covered by another plan of Salud Integral en la Montaña, Inc (the "Company" or "Sponsor"), a not for profit organization that operates a comprehensive primary health care program, which provides services to low income families, agricultural migrants and seasonal workers as well as to their dependents in the Barranquitas, Comerio, Toa Alta, Corozal, Naranjito, Orocovis and Bayamon. The Board of Directors of the Company has appointed the Retirement Plan Administration Committee to control and manage the operation and administration of the Plan.

The Plan is designed and operates in accordance regulations under the Puerto Rico Internal Revenue Code, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company, (iv) participant rollovers from another plan; and (v) profit sharing contribution made by the Company.

Participants may elect to contribute a percentage of their eligible compensation as defined by the Plan, to the Plan each year, subject to the limitations, as defined in the plan document. Such contributions are excluded from the participant's taxable income for Puerto Rico income tax purposes until received as a withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution.

The Plan Sponsor makes a matching contribution to each participant's account equal to 100% of each participant salary deferral contributions not to exceeding 3% of eligible compensation as defined by the Plan. Additional profit-sharing amounts may be contributed at the discretion of the Company's' board of directors. On November 22, 2018, the board of directors approved the new profit-sharing contribution policy and instructed the Plan sponsor's management to calculate annual profit-sharing amount based on results of operations each fiscal year. No contribution for profit-sharing is allowed when results of operations is negative. As of June 30, 2022 and 2021, the approved profit-sharing amount recoded as employer contribution receivable in the accompanying statement of net assets available for benefits amounted to $3,250,744 and $2,354,063, respectively.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related matching and nonelective contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers several mutual funds and a stable value fund.

Vesting — Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants — Effective July 1, 2015, the Plan provides for participants' loans. The applicant may not have more than one (1) loan outstanding under the Plan. Loans can be renewed after twelve payments made. Participants may barrow from their fund accounts a minimum of $1,000 up to maximum equal to the lesser of $5,000. The loans are secured by the balance in the participant's account. The loan interest shall be charged at the "Prime" rate plus one percent (1%). Loan shall be made for terms not to exceed five (5) years unless the loan is for the purpose of acquiring a principal residence for the participant. Principal and interest are paid ratably through monthly payroll deductions.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Payment of Benefits — On termination of service with the Companies (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments in monthly, quarterly, semiannual or annual installments over a period not exceed participant life expectancy or the joint life expectancy of participant and its beneficiary.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of twelve months.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future employer matching contributions or to pay administrative expenses for the plan year. At June 30, 2022 and 2021, forfeited nonvested accounts totaled $31,878 and $33,800, respectively. During 2022 and 2021, employer contributions were not reduced by forfeited nonvested accounts but rather used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan as provided in the plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. FASB ASC 962-205-50-1(i) requires disclosure for amounts allocated to accounts of persons who have elected to withdraw from the plan but have not yet been paid. These amounts shall not be reported as a liability on the statement of net assets available for benefits. Amount allocated to accounts of persons who have elected to withdraw from the Plan or terminated, but have not yet been paid, was $8,905 and $47,652 at June 30, 2022 and 2021, respectively.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits. Amounts payable to participants for excess contributions withheld by the Plan Sponsor are recorded as a liability with a corresponding reduction to contributions, due to the following: (1) an error in the deferral rate election, (2) withholdings in excess to the limits imposed by the 2011 PR Code, (3) failure to comply with ADP and ACP tests or (4) deferral withholdings for a period of up to 12 months following certain in-service withdrawals (financial hardship).

Subsequent Events — Subsequent events were evaluated through March 24, 2023, the date the financial statements were available to be issued. Except for event disclosed in note 1, no events have occurred after June 30, 2022, but before March 24, 2023, the date the financial statements were available to be issued that require consideration as adjustments to or disclosures in the Plan's financial statements.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2019 Plan entered into a guaranteed investment contract with Nationwide Trust Company (Nationwide). Nationwide to maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The group annuity contract is not fully benefit-responsive as the contract does not meet the basic criteria to be considered a fully benefited responsive under FASB ASC 962-325-20 specifically, that all participant-initiated transactions with the plan (such as withdrawals, loans, or transfers allowed by the plan) to be made at contract value, without limitations, conditions, or restrictions. It offers investment options that, depending on the withdrawal amount and the reason for withdrawal, may be subject to a market value adjustment. For financial statement purposes contract that are not fully benefit responsive are to be reported at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at June 30, 2022 and 2021, was $1,980,772 and $1,237,296, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.5%. Such interest rates are reviewed on a quarterly basis for resetting. Though the interest rate will never go below 0.5%, a loss to the principal may result after fees and expenses are reflected

Certain events limit the Plan's ability to transact at contract value with Nationwide. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

Certain unaudited information regarding the Plan as of June 30, 2022 and 2021 and included in the Plan's financial statements and supplemental schedules, was prepared by Nationwide Trust Company, custodian of the Plan's assets for the years ended June 30, 2022 and 2021. The information was furnished to Oriental Bank, the trustee of the Plan and to the plan administrator. The plan administrator has obtained a certification from the trustee, that such information, disclosed below, is complete and accurate, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA:

• Investments, at fair value, including cash and cash equivalents included in the accompanying Statements of Net Assets Available for Benefits of $7,233,971 and $5,158,791 as of June 30, 2022 and 2021, respectively,

• Net depreciation in fair value of investments (including interest income), as reported in the accompanying Statement of Changes in Net Assets Available for Benefits of $725,738 for the year ended June 30, 2022.

• All investment balances and investment information disclosed in Notes 5 and 6, excluding the classification of investments by level,

• All investments-related information, included in the accompanying Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year).

5. INVESTMENTS

During the year ended June 30, 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $$725,738.

6. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Money Market Funds **—** Valued at the amortized cost which approximate fair value.

Mutual Funds **—** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Cash Equivalents **—** Held primarily in short-term money market commingled funds, which are valued at cost plus accrued interest.

Guaranteed Interest Account **—** Guaranteed Interest Accounts (GIA) cannot be sold to a third-party; thus, the only option to exit the GIAs is to withdraw the funds prior to maturity. Withdrawals taken from GIAs prior to the end of the guarantee period may be subject to a market value adjustment. is a group annuity contract designed for those who are looking for stability, who have low risk tolerance, and who are seeking the security of a fixed contract with the exchange potential of a mutual fund. It offers a competitive quarterly interest rate and features a net interest rate that will not go below 0.5%.1 It allows participants the ability to exchange into and out of the contract. It offers (1) competitive quarterly gross interest rate; 2) Net interest rate equals the gross rate less the cost of services; and 3) an interest rate that will not go below 0.5% Deposits that are guaranteed in both principal and interest, minus any applicable fees and expenses (subject to the claims-paying ability of Nationwide Life Insurance Company) Assets that are held in Nationwide Life Insurance Company's general account and are credited on a daily basis. Plan level liquidity options include either a two-way MVA or a 5-year book value out.

The following competing options cannot be offered with this product:

- Stable value collective funds
- Other fixed annuity products
- Money market funds
- Certain bond and index funds

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at June 30, 2022 and 2021.

2022	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:	$ 5,142,431	$ -	$ -	$ 5,142,431
Self-directed brokerage account:	6,202	-	-	6,202
Guaranteed interest account:	-	-	1,980,772	1,980,772
Total	$ 5,148,633	$ -	$ 1,980,772	$ 7,129,405
2021				
Mutual funds:	$ 3,828,961	$ -	$ -	$ 3,828,961
Self-directed brokerage account:	7,303	-	-	7,303
Guaranteed interest account:	-	-	1,237,296	1,237,296
Total	$ 3,836,264	$ -	$ 1,237,296	$ 5,073,560

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, June 30, 2022 and 2021, except for the guaranteed interest account, there were no transfers between levels.

7. ADMINISTRATIVE EXPENSES

Administrative expenses consist of John Hancock and Nationwide deduction charges, including the following: assets charge, participant fee and TPA service fee. The amount paid for administrative expenses for the year ended June 30, 2022, amounted to approximately $16,975.

8. RELATED PARTY TRANSACTION AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwide is the trustee as defined by the plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the plan's operations. The cash management trust primarily consists of a cash account that is used to facilitate the trustee in purchasing shares. These transactions qualify as party-in-interest transactions. At June 30, 2022, the Plan has a non interest bearing deposit with Nationwide, the Trustee and Custodian for the Plan.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

10. INCOME TAX STATUS

Effective August 1, 2012, the Plan adopted a plan document sponsored by Oriental Financial Group (d/b/a 401K, Inc). and received an opinion letter from the IRS, dated February 4, 2014, which states that the document and amendment satisfies the applicable provisions of the IRC. As discussed on note 1, on November 2019, the Plan was amendment and requested a determination letter form the Puerto Rico Treasury department. No response has been received however, the Plan Sponsor and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code, as amended, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department (the "PRTD"). The Plan is subject to routine audits by the PRTD; however, there are currently no audits for any tax periods in progress.

11. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. UNUSUAL AND INFREQUENT EVENTS

Effect of COVID-19 in financial markets

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. The world-wide spread of the pandemic is having serious economic implications in numerous sectors of the economy, including most businesses, governmental entities and non-profit organizations in the United States of America and Puerto Rico. The impact on these sectors will depend on certain developments, including the duration and future spread of the outbreak. As a result of the spread of the disease, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Special Disaster Relief Distributions - Earthquakes and COVID-19

On February 19, 2020, the Puerto Rico Department of Treasury ("PRDT") issued Internal Revenue Circular Letter No. 20-09 ("CL 20-09") to establish the rules to allow participants affected by financial hardships as a result of the January 7, 2020 earthquake and subsequent aftershocks ("Natural Disaster"), to request early distributions from Puerto Rico qualified retirement plans ("PR Retirement Plans") and Puerto Rico Individual Retirement Accounts ("PR IRAs"), subject to a special tax treatment ("Eligible Distributions"). Eligible distributions must be made for "Eligible Expenses" as defined by the PRDT. Furthermore, on March 29, 2020, the PRDT issued Circular Letter No. 20-23 ("CL 20-23") to amend CL 20-09 to include within the definition of Eligible Expenses certain expenses incurred due to the state of emergency declared by the Governor of Puerto Rico as a result of COVID-19.

Eligible distributions should be made for any earthquake and COVID-19-related expenses, not just those hardship reasons listed in existing regulations. Those distributions must have to be made between February 20, 2020 through June 30, 2022 (the "Eligible Period"). On June 22, 2020 the PRDT issued Internal Revenue Circular Letter No. 20-29 ("CL 20-29") to extend the Eligible Period due date from June 30, 2022 to December 31, 2020.

The standard 12-month suspension of contributions following hardship distributions does not apply in these situations. The first $10,000 distributed during the eligible period is exempt from income tax and the alternate basic tax (ABT) under the P.R. 2011 Code. Therefore, this amount would not be subject to Puerto Rico income tax withholding. Distributions in excess of the first $10,000 are subject to a flat 10% income tax rate with mandatory 10% withholding. An individual may make several eligible distributions within the eligible period, but total eligible distributions, taken from all eligible plans, cannot exceed $100,000.

The Plan Sponsor decided to apply the provisions of CL 20-09, CL 20-23 and CL 20-29. Those Retirement Plans that adopt the provisions of the Circulars must be formally amended to those effects not later than December 31, 2020. However, it is permissible to approve and disburse distributions in accordance with CL 20-09 and CL 20-23 prior to the date of adoption of such amendments. Retirement Plans that adopted the provisions of Administrative Determination No. 17-29 ("AD 17-29") issued on November 15, 2017 to allow distributions for the passing of Hurricane María will be deemed to have been amended and, therefore, they may disburse distributions pursuant to CL 20-09 and CL 20-23 without the need to amend the Retirement Plan. The Plan will amend the plan document before December 31, 2020. Eligible distributions under CL 20-09 and CL 20-23 during the Eligible Period through June 30, 2020 amounted to $1,640,142 and from July 1, 2020 thru December 31, 2020, the due date for the eligible period amounted to $608,778.
