Pioneer Concrete Pumping Service, Inc. 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
September 30, 2020 and 2019

Note 1: Description of the Plan

The following description of Pioneer Concrete Pumping Service, Inc. (the “Plan Sponsor”) 401(k) Profit Sharing Plan (the “Plan”) is provided for general information only. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan for the benefit of all the eligible employees of Pioneer Concrete Pumping Services, Inc., Enviro-Systems, Inc., Concrete Pump Supply, and Pioneer Concrete Pumping, LLC (collectively the “Company”), and their beneficiaries. The purpose of the Plan is to enable participants and their beneficiaries to share in the Company’s profits and to encourage the loyalty and continuity of service of the participants. An employee becomes eligible to participate in the Plan upon obtaining the age of 21 and completing six months of service and is then able to enter the Plan on the first day of the following Plan year or the first day of the seventh month of the Plan year thereafter. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Eligible participants may make annual contributions to the Plan through a salary deferral election of up to 100% of eligible pretax annual compensation. The participants may contribute up to the federal maximum of \$19,500 and \$19,000 for 2020 and 2019, respectively, of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also “roll over” amounts representing distributions from other qualified plans. The Company may make discretionary matching and profit sharing contributions to all eligible participants’ accounts. Profit sharing contributions are allocated to eligible participants based upon the percentage of the participant’s compensation to the total compensation of all eligible participants. The Company made discretionary matching contributions of \$89,523 and \$76,131 for the years ended September 30, 2020 and 2019. The Company also made a corrective qualified nonelective contribution (“QNEC”) of \$0 and \$25,323 for the years ended September 30, 2020 and 2019. The QNEC was necessary to voluntarily correct a failed ADP/ACP plan compliance test. Contributions are subject to certain limitations.

Forfeitures are used to either pay administrative expenses, or reduce future discretionary contributions.

Participant Investment Account Options

The Plan offers several investment account options that include various types of investment securities and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Each participant may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of the Company’s discretionary contributions (if any), Plan earnings (losses), and forfeited balances of terminated participants’ non-vested amounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
September 30, 2020 and 2019

Note 1: Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing and matching contributions plus actual earnings thereon is based on years of credited continuous service. The Plan provides for all employer matching and discretionary profit sharing contributions and earnings, an employee is vested 20 percent after two years of credited service, increasing by 20 percent each year thereafter until 100 percent vesting is reached after the sixth year of service. The non-vested balance is forfeited upon termination of service.

Notes Receivable from Participants

The Plan does not permit participants to borrow any amounts from their vested account balances.

Payment of Benefits

On termination of service due to disability, retirement, or other reason, a participant may elect a lump sum distribution of his/her vested account equal to the value of the participant's vested balance in their account if the balance does not exceed \$5,000. If the vested account balance exceeds \$5,000, participants may elect to receive a distribution of the vested balance in a single lump sum payment, installments over a period of not more than assumed life expectancy or partial withdrawals.

Forfeited Accounts

Forfeitures consist of unvested company contributions in participants' accounts at the conclusion of their participation in the Plan. Forfeitures are held in the Plan and are used to reduce future Company contributions or pay Plan administrative expenses. At September 30, 2020 and 2019, there were \$7,160 and \$4,996 in forfeited non-vested accounts, respectively. For the years ended September 30, 2020 and 2019, forfeitures used to pay Plan administrative expenses totaled \$2,411 and \$1,845, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, including the pooled separate accounts and the non-benefit-responsive guaranteed investment contracts. Fair value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to pooled separate accounts and non-benefit-responsive guaranteed investment contracts because fair value less a surrender or withdrawal charge is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS
September 30, 2020 and 2019

Note 2: Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Shares of pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company has certified the following information for the years ended September 30, 2020 and 2019, included in the accompanying financial statements and supplemental schedule, is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for plan benefits as of September 30, 2020 and 2019
- Investment income as shown in the accompanying statements of changes in net assets available for plan benefits for the years ended September 30, 2020 and 2019
- Investment information included in the accompanying schedule of assets (held at end of year) as of September 30, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Note 4: Disclosure about Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall as of September 30, 2020:

<u>Assets at Fair Value as of September 30, 2020:</u>						
	<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ 2,648,714	\$	-0-	\$	-0-	\$ 2,648,714
Guaranteed Interest Accounts	-0-		-0-		723,125	723,125
	<u>\$ 2,648,714</u>	\$	<u>-0-</u>	\$	<u>723,125</u>	<u>\$ 3,371,839</u>

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall as of September 30, 2019:

<u>Assets at Fair Value as of September 30, 2019:</u>						
	<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ 2,030,011	\$	-0-	\$	-0-	\$ 2,030,011
Guaranteed Interest Accounts	-0-		-0-		753,657	753,657
	<u>\$ 2,030,011</u>	\$	<u>-0-</u>	\$	<u>753,657</u>	<u>\$ 2,783,688</u>

The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

The Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated (depreciated) in value by \$357,241 and \$47,782 during the years ended September 30, 2020 and 2019, respectively.

NOTES TO FINANCIAL STATEMENTS
September 30, 2020 and 2019

Note 4: Disclosure about Fair Value of Plan Assets (continued)

Recurring Measurements (continued)

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended September 30, 2020 and 2019.

The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases, where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 5: Guaranteed Investment Contracts

The Plan is a participant in non-benefit-responsive guaranteed investment contracts with American United Life Insurance Company. Fair value is the relevant measurement for these contracts. Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The guaranteed investment contracts fair value as of September 30, 2020 and 2019 is \$723,125 and \$753,657, respectively. The guaranteed investment contracts' average interest rate being credited to this investment as September 30, 2020 was 1.09%.

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

American United Life Insurance Company is the Plan custodian and financial advisor as defined by the Plan during the years ended September 30, 2020 and 2019. Therefore, these transactions qualify as party-in-interest transactions.

Pioneer Concrete Pumping Service, Inc. 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
September 30, 2020 and 2019

Note 6: Related-Party and Party-in-Interest Transactions (continued)

Direct expenses paid to service providers during the years ended September 30, 2020 and 2019 were \$2,758 and \$2,045, respectively. Indirect expenses paid to service providers during the years ended September 30, 2020 and 2019 were approximately \$27,300 and \$19,400, respectively.

The Company provides certain administrative services at no cost to the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

Note 8: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 19, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.
