Southside FIRE/EMS Retirement Plan
Savannah, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Southside FIRE/EMS Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the period from September 1, 2021 to June 30, 2022, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of June 30, 2022, and for the period from September 1, 2021 to June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2022 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The 2022 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the 2022 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2021 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of August 31, 2021. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 25, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Southside FIRE/EMS Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by Southside Communities Fire Protection, Inc. (the Company) effective September 1, 1980, and subsequently restated on September 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2020, Empower Retirement, LLC (Empower Retirement) acquired the Massachusetts Mutual Life Insurance Company's (Mass Mutual) retirement business. Pursuant to this transaction, business written and administered by Mass Mutual is reinsured by Great-West Life & Annuity Insurance Company (Great-West). The certified information, described in Note 3, was certified for the entire 2022 plan year by Great-West.

Effective July 1, 2022, the definition of plan year was amended to mean each 12 month period ending on June 30, and the Plan had a short plan year from September 1, 2021 to June 30, 2022.

Eligibility

The Plan covers all employees of the Company that have attained age eighteen and have completed at least 90 days of service. Participation in the Plan can be elected as of the first day of the Plan year quarter following the date when eligibility requirements are met.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code (IRC) in effect at the beginning of the plan year. Eligible employees who have attained age 50, before the close of the Plan year, are allowed to make catch-up contributions up to the maximum allowed under the IRC. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund unless changed by the participant.

The Company may make discretionary matching contributions in an amount, and allocation formula, as determined by the Company. Participants are eligible for these contributions if they are considered an eligible participant and are employed on the last day of the Plan year. The Company made matching contributions of \$199,180 for the period from September 1, 2021 to June 30, 2022.

The Company may also make discretionary profit-sharing contributions in an amount it determines in its sole discretion at the end of the Plan year. Eligibility requirements for these contributions are the same as the Company matching contributions. There were no profit-sharing contributions for the period from September 1, 2021 to June 30, 2022.

Notes to Financial Statements

1. Description of the Plan (cont.)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

The Plan provides that loans are available to all Plan participants on a nondiscriminatory basis. Participants may borrow, from their fund accounts, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have only one loan outstanding at a time. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime interest rate. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence. Loans outstanding at June 30, 2022 bore interest rates ranging from 4.25% - 6.50%.

Vesting

Participants are immediately and fully vested in their employee deferrals, their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is vested 20% after 2 years of service, 40% after 3 years of service, 60% after 4 years of service, 80% after 5 years of service, and 100% after 6 years of service.

Payment of Benefits

A participant's contributions and vested Company contributions may be withdrawn upon retirement on or after the attainment of normal retirement age of fifty-five, termination of employment, disability, or death. Distributions may be made in the form of lump-sums, substantially equal installment payments or partial withdrawals. Distributions from the Plan will be made as soon as administratively feasible after the last day of the plan year coincident with or next following termination of employment. Hardship withdrawals and in-service distributions are not permitted.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company.

Forfeitures

Forfeited non-vested accounts were \$21,386 and \$12,054 at June 30, 2022 and August 31, 2021, respectively. Forfeited funds can be used to offset Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During the period from September 1, 2021 to June 30, 2022, forfeited funds of \$12,054 were used to the offset the employer match from the year ended August 31, 2021. The employer match at August 31, 2021 was properly recorded net of the use of these forfeited funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, except for the fully-benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits because contract value is the amount participants normally would receive if they initiated permitted transactions under the terms of the Plan.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's fiduciary committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and August 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively Great-West) as of June 30, 2022 and August 31, 2021, and for the period from September 1, 2021 through June 30, 2022, that all of the information provided by them is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of June 30, 2022 and August 31, 2021, and for the period from September 1, 2021 through June 30, 2022, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

Basis of Fair Value Measurement

The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2022 and August 31, 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (cont.)

The following tables present by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and August 31, 2021.

Investments at Fair Value as of June 30, 2022

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	6,447,324	\$	-	\$	-	\$ 6,447,324
Total investments at fair value	\$	6,447,324	\$	-	\$	-	\$ 6,447,324

Investments at Fair Value as of August 31, 2021

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	7,591,817	\$	-	\$	-	\$ 7,591,817
Total investments at fair value	\$	7,591,817	\$	-	\$	-	\$ 7,591,817

5. Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive guaranteed investment contract, originally with MassMutual, and now with Great-West. Great-West maintains contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractual obligation to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on an agreed upon formula, but it may not be less than three percent. The crediting rate is reviewed on a semi-annual basis for resetting. The investment contract does not permit the contract to terminate the agreement prior to the scheduled maturity date.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: amendments to the Plan documents, changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

Southside FIRE/EMS Retirement Plan

Notes to Financial Statements

6. Tax Status

The Plan is based on a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA sponsored by Ascensus LLC. The IRS has opined and informed Ascensus LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become or remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

9. Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Certain Plan investments are units of guaranteed investment contracts managed by Great-West and mutual funds issued by Great-West Trust Company, custodian of the Plan, and therefore qualify as party-in-interest transactions. The notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

10. Subsequent Events

Management has evaluated subsequent events through April 10, 2023, which is the date the financial statements were available to be issued.

Effective July 1, 2022, the Company's discretionary matching contribution changed from a solely flexible discretionary match to a rigid discretionary match at 6% percent of the participant's compensation. The computation period of the match will change from the plan year to each payroll period. Additionally, newly eligible participants, hired after July 1, 2022, will now be automatically enrolled at 4%.
