REPORT OF INDEPENDENT AUDITORS

Plan Administrator
Carey Services, Inc. Employees Retirement Plan
Marion, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We were engaged to perform an audit of the financial statements of Carey Services, Inc. Employees Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2022 Financial Statements

We do not express an opinion on the accompanying 2022 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2022 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2022 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2022 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule as listed in the accompanying table of contents is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2022 Financial

Plan Administrator

Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated April 4, 2022, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements.

CAREY SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of Carey Services, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering substantially all employees of Carey Services, Inc. (the Company). Employees are eligible to participate in the Plan on their date of hire. Participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, but no less than \$200 and limited to a maximum as established by the Internal Revenue Service (IRS). The Plan allows eligible participants to make catch-up contributions in accordance with the IRS regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants who are at least 21 years of age with at least two years of service and are active employees as of the last day of the plan year are eligible to receive the Company's matching contributions. The entry dates upon meeting the service and age requirements for the match are July 1 and January 1 of each plan year. Participants receive an employer matching contribution equal to 100% of the employee's contribution capped at a percentage of compensation detailed below.

<u>Years of service</u>	<u>Match %</u>
At least two years of service but less than 10 years of service	2.00%
At least 10 years of service but less than 20 years of service	2.50%
20 or more years of service	3.00%

The Plan also allows for additional discretionary employer contributions as determined by the Company's Board of Directors on an annual basis.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and of Plan earnings and charged with his or her withdrawals and administrative expenses, as applicable. Allocations are based on participant contributions, eligible compensation, participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

CAREY SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

Compensation

Participant compensation is defined by the Plan under Internal Revenue Code Section 3401(a) wages, which is generally wages subjected to withholding.

Vesting

Participants are immediately vested in their contributions and employer-matching contributions plus actual earnings thereon. Thus, employer-matching contributions are non-forfeitable.

Loans to Participants

During 2021, the Company amended the Plan to allow for loans to participants. However, the loans are not between the Plan and the participant, but rather between the custodian, Lincoln National Life Insurance Company (Lincoln) and the participant. One outstanding loan per participant is permitted and is limited to 50% of the participant's vested balance not to exceed \$50,000. Qualified Disaster Recovery Assistance loans are permitted in certain circumstances up to the lesser of \$100,000 or 100% of the participant vested balance.

The repayment period ranges from 3 to 5 years for general purpose loans and up to 20 years for loans to purchase a primary residence. The loan agreement with Lincoln requires a portion of the participant's account balance in the Plan to be transferred to a loan reserve account to serve as collateral sufficient to cover the outstanding balance in the event of default. The investments held for collateral of approximately \$22,000 and \$27,000 are included in fixed account investment contract as of June 30, 2022 and June 30, 2021, respectively. The interest rate on the loans is 7.0% while the participant's return on the funds in the loan reserve account is 4.5%. As of June 30, 2022 and 2021, there were 5 loans outstanding due through March 2026 totaling \$22,000 and \$27,000, respectively. Loan payments are made outside the Plan directly between the participant and Lincoln. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Upon a participant's retirement, disability or death, a participant (or their beneficiary) is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Upon termination of service for other reasons, a participant is eligible to receive a distribution of their account balance attributable to employee contributions and earnings thereon with the remainder of their account distributable to them upon reaching age 59 ½. Benefit amounts under \$1,000 are automatically distributed to participants upon termination. Participants may elect to receive their vested account balances as a single lump sum, installment payments or as an annuity. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

Plan Termination

Although the Company has not expressed intent to discontinue the Plan, it may do so at any time, upon resolution by Company's Board of Directors. The Plan provides that in the event of termination of the

Plan, all amounts credited to the participant accounts will be paid as directed in the plan agreement and the applicable regulations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are maintained in pooled separate accounts and represent the number of participation units owned by the Plan. The Plan values its investments at fair value for financial reporting purposes (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value of investments are reflected in the statement of changes in net assets available for benefits in the year in which such changes occur. Changes in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Fees related to the certain participant-initiated transactions are charged directly to the

CAREY SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

participant's account and are included in administrative expenses. Investment related expenses are included in net change in the fair value of investments.

Subsequent Events

The Plan evaluated subsequent events for recognition and disclosure through April 11, 2023, the date the financial statements were available to be issued.

3. INVESTMENTS AND INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln National Life Insurance Company (Lincoln), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2022 and 2021, and investment related activity reflected in the statements of changes in net assets available for benefits for the years then ended.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). However, in accordance with Subtopic 820-10, the pooled separate account investments that measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. There have been no changes in the methodologies used as of June 30, 2022 and 2021.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of June 30, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded	Redemption	Redemption
	2022	2021	Commitments	Frequency	Notice Period
Pooled separate accounts	\$ 2,559,457	\$ 3,448,850	Not applicable	Daily	None

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with Lincoln who maintains the contributions in a general account. Contributions are accumulated and interest is credited as stipulated in the contract and withdrawals and administrative expenses are deducted as reported to the Plan by Lincoln. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

CAREY SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

As described in the basis of accounting disclosure, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of June 30, 2022 and 2021 was approximately \$2,339,000 and \$2,269,000, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) premature termination of the contract, (3) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreements without the consent of the issuer.

The investment contract does not permit Lincoln to terminate the agreement prior to the scheduled maturity date. Average yield based on actual earnings and interest rate credited to participants is as follows:

	2022	2021
Average yield based on actual earnings	3.27%	3.26%
Interest credited to participants	3.27%	3.26%

6. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under the DOL's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transactions with parties-in-interest included administrative fees for the Plan's custodian, Lincoln and auditing fees paid to Blue & Co., LLC.

CAREY SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

Certain expenses of the Plan are paid by the plan sponsor. The Company pays the majority of expenses of the Plan, including administrative and accounting fees. These expenses qualify as party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service (IRS) has yet to establish its determination letter program for individual 403(b) plans. Therefore, the Plan has not submitted its plan document to the IRS to obtain an individual determination letter. However, the IRS does require that 403(b) plans conform to the guidelines of preapproved 403(b) plan documents. During 2019, the Plan restated its plan document to conform to the guidelines of a pre-approved 403(b) plan document, which incorporates changes from interim plan amendments that were adopted to reflect revisions in tax and pension law. Furthermore, the Plan Sponsor believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be substantiated upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions.

The Plan has filed its tax returns for periods through June 30, 2021. These tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. ACCOUNTING RECORDS

The Plan has not maintained sufficient accounting records and supporting documentation with regard to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As such, the extent to which the financial statements have been affected as a result of the exclusion of these custodial accounts and annuity contracts, if any, has not been determined.
