INDEPENDENT AUDITOR'S REPORT

April 4, 2023

To the Retirement Plan Committee of the
University of Rochester Retirement Program:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of University of Rochester Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements
We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated January 28, 2022, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (*b*) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of the University of Rochester Retirement Program (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to employees of the University of Rochester (the University) who meet certain eligibility requirements. The Plan is administered by the Retirement Plan Committee appointed by the Board of Trustees of the University. Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) are the insurance companies of the Plan. TIAA, FSB is the directed custodian of certain assets of the Plan recordkept by TIAA. TIAA is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Changes

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan implemented included, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. A CARES Act distribution allowed Plan participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. A CARES Act loan allowed Plan participants to take a COVID-19 related loan from the Plan up to the lesser of $100,000 or 100% of their vested account balance beginning on or after March 27, 2020 and before September 23, 2020. The loan deferral provisions allowed Plan participants to defer payments on current and new loans through December 31, 2020. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan document to reflect the operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

All employees (except students whose employment is incidental to their education at the University) are eligible to participate in the Plan. Eligible employees are able to begin voluntary deferment as soon as administratively practicable upon employment.

Regular full-time or regular part-time faculty or staff members of the University (as defined in the Plan document) are eligible to receive University direct contributions after two years of service. Those staff defined as Time As Reported (“TAR”) are eligible to receive the University’s direct contribution if they satisfy the two-year service requirement and work a minimum of 1,000 hours per Plan year. For eligibility purposes, a year of service means a 12 month period starting with the date the employee commences employment and any anniversary date thereof during which 1,000 or more hours of service are completed. Service completed at any higher educational institution, teaching hospital, not-for-profit research foundation, or not-for-profit support organization(s) for higher educational institutions, F.F. Thompson Health System, Inc., as well as service at a member of the controlled group of the University, will count towards the two-year service requirement.

1. DESCRIPTION OF PLAN (Continued)

Contributions

Active participants may make voluntary pre-tax or Roth after-tax contributions in the form of salary reductions up to a maximum contribution of the lesser of 100% of the participant's total includible compensation for the Plan year or the maximum amount permitted by Section 415(d) of the Internal Revenue Code ($20,500 and $19,500 in 2022 and 2021, respectively) and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). Participants who are age 50 or over are also eligible to make catch-up contributions totaling a maximum of $6,500 in 2022 and 2021, beyond the basic limit on elective deferrals as governed by the IRC Section 403(b).

Employees hired by the University on or after July 1, 2017 are automatically enrolled in the Plan with a pre-tax voluntary contribution in the amount of 3% of eligible compensation. Employees can opt out of automatic enrollment at any time. If a participant opts out within 60 days of being eligible, no contributions will be taken from their paycheck. Once automatic voluntary contributions start, participants may elect to change or stop voluntary elections at any time. Effective July 1, 2020, deferrals for Plan participants subject to the automatic enrollment provisions of the Plan will increase by 1% annually, on the participant's anniversary hire date, until a deferral rate of 15% is reached.

The University makes contributions on behalf of eligible employees who have completed, or are scheduled to complete, a year of participation in the Plan during the Plan year. For the Plan year ended June 30, 2022, the amount contributed was equal to 6.2% of the eligible participant's base salary, up to $63,100, with an additional 10.5% of the eligible participant's base salary in excess of those amounts, subject to IRS limitations. For the Plan year ended June 30, 2021, the University temporarily changed the amounts contributed on behalf of eligible employees. Eligible faculty and staff who met the service requirement but were not actively employed on or after March 31, 2021, received a contribution equal to 6.2% of the eligible participant's base salary, up to $100,000. For eligible faculty and staff who met the service requirement and were actively employed on or after March 31, 2021, the University provided a contribution equal to 6.2% of eligible compensation up to a breakpoint of $61,300 and 10.5% of eligible compensation in excess of $61,300, up to a maximum compensation level of $140,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, the University's contribution and Plan earnings/losses on all contributions. Allocations of earnings/losses and administrative expenses are based on participant earnings or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Funding Vehicles

Plan contributions are invested in one or more of the funding vehicles offered by the Plan. The Plan does not permit plan-to-plan transfers or contract exchanges with any annuity contract or custodial account that is not a funding vehicle specifically approved by the Plan Administrator for use under the Plan.

Vesting

Participants are immediately vested in their account balance, which includes voluntary contributions, University contributions, and actual earnings/losses thereon.

1. DESCRIPTION OF PLAN (Continued)

Plan Loans

Plan loans are issued directly from the funds owned by TIAA and are not issued directly from a participant's account. Accordingly, these loans are not presented as part of the Plan assets on the accompanying statements of net assets available for benefits. An adequate portion of the participant's account is held in collateral to cover 110% of the outstanding loan, in case of default. The collateral is held in the fixed annuity contract investment option.

Total Plan loans outstanding at June 30, 2022 and 2021 were $2,558,956 and $4,291,888, respectively. Plan loans in default at June 30, 2022 and 2021 were $1,617,224 and $1,811,240, respectively. The plan does not allow for plan loans effective July 6, 2018.

Notes Receivable from Participants

During the Plan years ended June 30, 2014 and 2013, the University acquired Interlakes Oncology and Hematology (Interlakes) and Pluta Cancer Center, Inc. (Pluta), respectively. As part of these acquisitions, the benefit plans of Interlakes and Pluta were terminated. Participants had options of rolling balances to other retirement options including this Plan, or liquidating. Both benefit plans allowed for participants to borrow funds from their vested account balances. At the time of termination of Interlakes' and Pluta's plans, all outstanding notes receivable from participants were allowed to be rolled over into the University's Plan.

Beginning on July 6, 2018, participants may borrow from the funds attributable to their pre-tax accumulation in their TIAA Retirement Choice Plus account. Participants are allowed to borrow up to the lesser of 50% of their account balances or $50,000, reduced by the participant's highest outstanding loan balance during the preceding one-year period. Following the enactment of the CARES Act, qualifying participants were allowed to borrow up to $100,000 or 100% of the participants' vested accounts for those loans established from March 27, 2020 through September 22, 2020. A participant may borrow a minimum of $1,000. Loans are repayable over not more than five years except in the case of a loan taken for the purpose of purchasing a primary residence. Loans taken for the purpose of purchasing a primary residence are repayable over not more than 10 years. All loans bear interest at prime plus 1%. Defaulted loans are deemed as distributions to the extent the law allows.

Payment of Benefits

Vested funds may remain in the Plan or may be paid to participants when they retire or terminate employment with the University. Benefits are paid in the form of a single lump-sum, partial payments, periodic installment payments, in an annuity contract (if assets are held in a custodial account), or converted to an income option (if the assets are invested in an annuity contract).

Terminated participants with account balances of $5,000 or less can elect to receive a lump sum payment of their account balance or have it transferred directly to an individual retirement account (IRA) or another eligible retirement plan of their choice. If a participant fails to make an election, the value of their terminated account would automatically be rolled over to an IRA designated by the Retirement Plan Committee.

Hardship Withdrawals

Prior to age 59 ½, a participant may withdraw his or her participant Plan contributions for reasons of hardship. All hardship withdrawals must comply with the IRS rules relating to hardships, which are uniformly applicable to all participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

Investments

The Plan invests in registered investment companies, pooled separate accounts, and fixed annuity contracts. The Plan offers self-directed funds which are primarily invested in cash and cash equivalents and registered investment companies. Registered investment companies, pooled separate accounts, and non benefit-responsive fixed annuity contracts are reported at fair value. Fully benefit-responsive fixed annuity contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

Fair Value Measurement

Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement (Continued)
The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input (with level 3 being the lowest) that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodology used for assets measured at fair value.

Cash and cash equivalents (self-directed funds): Valued at cost, which approximates fair value.

Registered investment companies: Registered investment companies include mutual funds and variable annuities, which are valued at the net asset value of shares held at year end based on quoted market prices in active markets.

Pooled separate accounts: The fair values of pooled separate accounts are measured based upon net asset value published on a daily basis using quoted prices in active markets.

Self-directed funds: Self-directed funds include cash and cash equivalents, which are valued as described above, and registered investment companies, which are valued at the net asset value of shares held at year end based on quoted market prices in active markets.

Non benefit-responsive fixed annuity contracts: Value is calculated based on discounted cash flows using risk-adjusted discount rates.

See footnote 4 for further discussion of valuation methodologies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Payment of Benefits
Benefit payments to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses
Certain administrative expenses associated with the Plan are paid by the Plan and certain expenses are paid by the Plan participants. Investment advisory management fees and other recordkeeping and distribution fees are charged to the Plan participants and are deducted from income earned on a daily basis and are not separately reflected. Consequently, these fees, which amounted to approximately $8,900,000 and $13,300,000 for the years ended June 30, 2022 and 2021, respectively, are reflected as a reduction of net appreciation (depreciation) in fair value of investments.

Plan service expenses paid to vendors amounted to $1,700,432 and $2,011,435 for the years ended June 30, 2022 and 2021, respectively.

Plan Servicing Credit
The Plan servicing credit represents a return of administrative and recordkeeping fees charged to participant accounts by TIAA and CREF. Plan servicing credits were used to pay vendor expenses in 2022 and 2021. Plan servicing credits in excess of vendor expenses are allocated to participant accounts based on participant account balances.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

* Unobservable inputs include discount rate applied.

5. FIXED ANNUITY CONTRACTS

The Plan's investment in fixed annuity contracts is comprised of guaranteed insurance contracts established between the Plan's participants and TIAA. These contracts guarantee the participants' principal and a minimum interest rate. In addition, participants have the opportunity to earn amounts in excess of the guaranteed rate.

The Plan had non benefit-responsive fixed annuity contracts with TIAA, totaling $680,577,099 and $674,245,448 at June 30, 2022 and 2021, respectively and fully benefit-responsive fixed annuity contracts with TIAA totaling $360,325,970 and $348,465,615 at June 30, 2022 and 2021, respectively. Non benefit-responsive annuity contracts are reported at fair value. Fully benefit-responsive annuity contracts are reported at contract value. TIAA maintains Plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals.

For fixed annuity contracts, TIAA determines contract value, using two different methods; a discounted cash flow model and a theoretical transfer value. The discounted cash flow method is calculated using a risk-adjusted market discount rate which correlates closely with the Plan's fixed annuity
interest rate. The interest rate associated with the Plan's fixed annuity contracts ranged from 3.00% to 3.80% for the year ended June 30, 2022 and from 3.00% to 4.45% for the year ended June 30, 2021, based on the current market environment. The theoretical transfer value method presumes that contributions into the annuity represent transactions between a willing buyer and seller, and therefore, establish a market.

The fixed annuity contracts guaranteed minimum returns are supported by the TIAA General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however, is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as future annuity payments.

The TIAA Traditional Annuity Account may have redemption restrictions based on the terms of the underlying contract selected by the participant and loan agreements with participants, and is an unfunded commitment as claims against the contracts are solely supported by TIAA and CREF's ability to pay on such claims. The redemption restrictions do not have a material impact on the contract value of the TIAA Traditional Annuity Account.

6. TAX STATUS

The Plan is exempt from federal income tax under Section 403(b) of the Code.

The Plan is required to operate in conformity with the Internal Revenue Code to maintain its exempt status. The Plan Administrator and legal counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Therefore, no provision for income tax has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

TIAA and CREF are the insurance companies of the Plan and TIAA is the recordkeeper of the Plan's assets. TIAA, FSB is the directed custodian of certain assets of the Plan recordkept by TIAA. Therefore, transactions between TIAA, CREF, TIAA, FSB, and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants and plan loans qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

9. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to Form 5500 in total as of and for the years ended June 30, 2022 and 2021.

10. SUBSEQUENT EVENTS
