INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
the Pathfinder Services Retirement Plan
Huntington, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Pathfinder Services Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Pathfinder Services Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2022 and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pathfinder Services Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pathfinder Services Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pathfinder Services Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pathfinder Services Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Pathfinder Services Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 1: Description of plan - The following description of the Pathfinder Services Retirement Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

- a. **General** - The Plan is a defined contribution plan covering all employees of the Organization. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. **Plan Reinstated** - The Plan was reinstated and amended effective as of January 1, 2022. Employer match and non-elective eligibility is immediate upon hire and the matching contribution is made on a payroll basis.
- c. **Contributions** - Employees may contribute on day one of employment. The Plan allows participants to contribute up to the maximum percentage allowable of their gross wages not to exceed the limits of Code Sections 401(a)(17) and 404, and to allow elective deferral contributions under code Section 414(v) for those participants who have attained age 50 by the close of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Organization determines from year to year the percentage of match to be contributed to the Plan. If a contribution is made, the matching employer contributions are based on a percentage of eligible employee compensation. The employer match will not exceed the annual employees' elective contribution. The employer may make a non-matching discretionary contribution based on employee compensation.
- d. **Participant Accounts** - Each participant's account is credited with the participant's contribution and the Organization's contribution and allocations of plan earnings. Allocations are based on participant account balances. As defined by the Plan, forfeited balances of terminated participants' nonvested accounts are used to reduce employer contributions and then plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- e. **Vesting** - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The following is the vesting schedule for matching employer contributions and non-matching employer contributions.

<u>Years of Service</u>	<u>Vested</u>

PATHFINDER SERVICES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 1: Description of plan (Continued)

- f. **Investment Options** - Upon enrollment in the Plan, a participant may direct employee contributions to any of the investment options in various funds. Participants may change their investment options daily.
- g. **Notes Receivable - Participants** - Active participants may apply to the trustee for a participant loan in amounts limited by the Plan. Participant loans are secured by the participant's non-forfeitable interest in his or her accrued benefit, as defined. Interest is charged on loans at rates determined from time to time by the trustee and range from 4.25% to 6.5% for loans outstanding at plan year end and have terms not to exceed five years from the effective date of the loan, excluding primary residence loans with terms not to exceed ten years from the effective date of the loan. Principal and interest is paid ratably through bi-weekly payroll deductions.

Participant's loans cannot exceed the lesser of 50% of the participant's vested interest in the Plan or \$50,000 at the time the loan is granted, subject to certain other restrictions. As of June 30, 2022 and 2021, the Plan had outstanding loans to participants with principal balances totaling \$133,656 and \$154,718, respectively.

- h. **Payment of Benefits** - On termination of service due to death, disability or retirement, participants receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account in a lump-sum distribution or, if eligible, defer the lump-sum distribution until age 70-1/2.
- i. **Forfeited Accounts** - Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions or payment of plan expenses. At June 30, 2022 and 2021, the forfeiture balance was \$1 and \$4,640, respectively.

Note 2: Summary of accounting policies -

Basis of accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Administrative expenses - The Plan bears administrative expenses to the extent that the Organization does not pay them. Administrative expenses of \$57,067 and \$53,416 were incurred by the Plan for the years ended June 30, 2022 and 2021, respectively. Certain professional fees for the administration and audit of the Plan were paid by the Organization on behalf of the Plan. Investment fees charged are deducted from investment income.

PATHFINDER SERVICES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 2: Summary of Accounting Policies (Continued)

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of benefits - Benefits are recorded when paid.

Risks and Uncertainties - The Plan provides for certain investment options in mutual funds. The investments are exposed to various risks, such as interest rate, market, credit, and liquidity risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balance.

Note 3: Plan Termination - Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 4: Tax Status - Since the Plan is maintained under IRC Section 403(b), rather than Section 401(a), there is no IRS program pursuant to which an individual determination letter may be

PATHFINDER SERVICES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 4: Tax Status (Continued)

obtained for the Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 5: Fair Value Measurements - FASC 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions. FASC 820 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 Inputs: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 Inputs: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 Inputs: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Note 5: Fair Value Measurements (Continued)

The following description of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan. There have been no changes in methodologies used at June 30, 2022 and 2021.

Money Market and Mutual Funds: The fair values of money market and mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 8: Party-in-Interest Transactions - Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Substantially all of the money market and mutual funds held by the Plan are party-in-interest investments, as they are either issued by or managed by the custodian of the Plan or an affiliate of a plan custodian. Notes receivable from participants also reflect party-in-interest transactions. During the plan year, \$57,067 was paid in fees for services provided by parties-in-interest. All fees not paid by the Plan are paid by the Organization. In addition, the Plan pays investment management and transaction fees to parties-in-interest which are reflected in the investment returns reported by the Plan.

Note 9: Subsequent Events - Management has evaluated the activities and transactions subsequent to June 30, 2022 for potential recognition and/or disclosure within the financial statements for the year ended June 30, 2022. This analysis was performed through April 10, 2023, the date the financial statements were available to be issued.
