Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report of Independent Auditors

To the Administrator of Cahill Gordon & Reindel LLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2022 financial statements of Cahill Gordon & Reindel LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2022 financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors'

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan, which comprise the statement of net assets available for benefits as of June 30, 2021, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.³

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.³

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2022 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cahill Gordon & Reindel LLP 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

1. Description of the Plan

The following brief description of the Cahill Gordon & Reindel LLP 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all partners, associates, and nonlegal employees of Cahill Gordon & Reindel LLP (the "Firm"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan administrator is the Firm. The Insurance and Pension Committee (the "Committee") of the Firm has responsibility to exercise discretionary control over the Plan's management and administration. The Committee is represented by not less than two partners of the Firm. Fidelity Management Trust Company ("Fidelity" or the "Trustee") is the trustee, and an affiliate of the Trustee is the recordkeeper of the Plan. Plan investments are held, invested, and administered by Fidelity as trustee.

Contributions

There are two types of contributions which can be made to the Plan:

Firm Contributions

Firm contributions are 4.5% of total compensation of eligible employees, which encompasses associate attorneys and partners that are not highly compensated (as defined in the Plan documents) and nonlegal staff employees, who have completed a period of employment extending at least through the January 1st or July 1st coinciding with or next following the date on which he or she have completed one year of eligible service.

Also, for nonlegal staff participants who have 20 or more years of service with the Firm as of December 31, 2009, the Firm contributes an additional 3% of each participant's compensation provided the participant is employed on the last day of the Plan year.

Elective Contributions

Participants, including employees and partners, may elect to have their compensation reduced by a specific percentage and the Firm will remit a tax-deferred contribution or an after-tax Roth contribution on their behalf. Participant contributions are subject to limitations determined by the Committee based on legal requirements. Participants who are at least age 50 may make an additional contribution called a catch-up contribution. Participants are permitted to make rollover contributions from certain other qualified plans.

Vesting

A participant is, at all times, 100% vested in the entire balance in the participant's account.

Transfers

Transfers between funds can be made daily and are based on the closing net asset value of the mutual fund being transferred from.

Cahill Gordon & Reindel LLP 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

Notes Receivable from Participants

A participant may borrow up to the least of the following: (i) one-half of the participant's account balance, (ii) \$50,000, or (iii) the participant's entire account balance reduced by the portion derived from basic and matching Firm contributions. All loans must be repaid within five years except for those used to acquire a principal residence. Loans are collateralized by the participant's account balance. Loans bear interest at 1% per annum above the annualized prime interest rate in effect as of the first day of the quarter in which the loan is made. Principal and interest are paid ratably through deductions. Repayment of the entire balance is permitted at any time.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act included several provisions that affect benefit plans. The Plan was modified to include the following changes permitted by the CARES Act: allowing eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic; increasing the loan limit to the lesser of 100% of vested account balance or \$100,000 (reduced by the highest outstanding loan balance within the past 12 months) until September 23, 2020; permitting suspension of loan payments due for up to one year; and permitting individuals to stop receiving 2020 required minimum distributions.

Revenue Credit Discounts

In the event that the Plan receives revenue credits from or in respect to the Plan, the Committee shall have the authority to use said revenue credits to defray the reasonable expenses of the Plan and/or allocate the revenue credits based on participants' accounts balance in the Plan and apply them proportionately across the investment options in the accounts. These credits are included within other expenses, net in the Statement of Changes in Net Assets Available for Benefits.

Distributions

Following retirement, death or termination of employment, the entire amount of a participant's account balance is distributed at the election of the participant (or beneficiary). Participants (or in the event of a participant's death, his or her beneficiary) may elect to receive their balance.

- (i) by payment in monthly, quarterly or annual installments over a stated period of time; or
- (ii) a single lump-sum payment. However, account balances of \$5,000 or less are automatically paid out in the form of an immediate lump-sum payment or a rollover.

Withdrawals

A participant is entitled to withdraw all or any portion of their after-tax contribution and rollover accounts at any time, subject to the Plan provisions. A participant may withdraw any portion of their account attributable to tax-deferred contributions upon attaining age 59-1/2 or, if needed, to meet financial hardship (as determined under the Plan). However, a hardship withdrawal may not include any post-1988 earnings on tax-deferred contributions. Withdrawal of any portion of a participant's account attributable to Firm contributions is not permitted until the participant terminates employment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cahill Gordon & Reindel LLP 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

Plan Investments and Income Recognition

Plan investments are recorded at fair value based on redemption values determined by the Trustee on the last business day of the Plan year or quoted prices in an active market.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. The Plan presents net appreciation (depreciation) in market value of investments which consists of realized gains and losses and unrealized appreciation (depreciation) on those investments in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. The significant estimates include the fair value of investments. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incurred by the Plan relate to Trustee administrative fees and audit fees. The Firm will pay administrative expenses incurred by the Plan to the extent not paid from revenue share credits from Fidelity or charged to Plan accounts. These expenses are included within other expenses, net in the Statement of Changes in Net Assets Available for Benefits.

3. Information Certified by the Trustee

The following is a summary of the Plan's financial information certified by Fidelity as of June 30, 2022 and 2021 and for the year ended June 30, 2022, as complete and accurate, in accordance with Section 2520.103-5(d) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification Topic 820 ("ASC 820"), "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Mutual Funds

Valued at the net asset value ("NAV") of shares held at year end and are classified in Level 1 of the fair value hierarchy.

Cahill Gordon & Reindel LLP 401(k) Plan

Notes to Financial Statements

June 30, 2022 and 2021

BrokerageLink Account

Investments in BrokerageLink include interest bearing cash and mutual funds all of which are valued at the closing price reported in the active market in which the securities are traded and are classified as Level 1.

Common Collective Trusts

Common collective trusts are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets. The underlying assets are valued based on the net asset value as provided by the investment account manager.

It is noted that the Plan can redeem all investment types noted above daily without restrictions. It is the Plan's policy to account for transfers between levels at the end of the year. During 2022 and 2021, there were no transfers between levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

Assets at Fair Value as of June 30, 2022				
	Level 1	Level 2	Level 2	Total

5. Federal Income Tax Status

Effective July 1, 2012, the Plan adopted a volume submitter plan document of an affiliate of Fidelity. The Internal Revenue Service issued an advisory letter dated June 30, 2020 that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since adopting the volume submitter plan. However, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan administrator believes it is no longer subject to income tax examinations for years beginning prior to July 1, 2018.

6. Plan Amendment or Termination

Although it has not expressed any intent to do so, the Firm has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, to the extent permitted by law, participants or their beneficiaries shall receive distributions as determined under the Plan. The Firm also has the right to amend the Plan at any time.

Notes to Financial Statements
June 30, 2022 and 2021

7. Related Party and Party-in-Interest Transactions

As of June 30, 2022, certain Plan investments are shares of funds managed by Fidelity or its affiliates. Fidelity is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. In addition, certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

8. Subsequent Events

The Plan has evaluated events or transactions that occurred through April 10, 2023, the date the financial statements were available to be issued, and has included required disclosures in the financial statements. No additional subsequent events have been noted.
