Independent Auditors' Report

To the Participants and Plan Administrator of
Kingland Systems, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Kingland Systems, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of June 30, 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis), Schedule of Assets (Held at End of Year), and Schedule of Delinquent Participant Contributions as of and for the year ended June 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 25, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Kingland Systems, LLC 401(k) Plan

Notes to Financial Statements
June 30, 2022 and 2021

1. Description of the Plan

Kingland Systems, LLC 401(k) Plan (the Plan) is a defined contribution plan established to provide benefits to substantially all employees of Kingland Systems, LLC (the Company) who meet certain eligibility requirements. The following description of the Plan provides only general information. Participants should refer to the Plan's summary plan description for a more complete description of the Plan's provisions.

General

The Company is the administrator and sponsor of the Plan (Plan Sponsor). Fidelity Management Trust Company is the Plan's Trustee which manages the investments of the Plan and provides recordkeeping and reporting services for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Full-time U.S. based employees who are not residents of Puerto Rico or are not leased employees and are age 21 years or older are eligible to participate. Interns and part time employees are required to complete 1,000 hours of service within a year of being hired or within a Plan year to be eligible to participate. Upon satisfying these requirements, employees are eligible to participate in the Plan on the first day of each month. Upon automatic enrollment into the Plan, a participant may direct Company and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 60% of eligible compensation as pretax 401(k) contributions, or Roth 401(k) contributions, up to the annual limits defined by Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has an auto enrollment, where employees are automatically enrolled when eligible at a 2% deferral rate, increasing 1% annually up to 6%. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Company match contributions may be contributed at the discretion of the Company's Board of Managers. Company match contributions for the year ended June 30, 2022 were 50% of employee deferrals for up to 6% of each participant's total plan compensation.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, catch-up contributions, rollover contributions and an allocation of the Company's contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral, rollover contributions and catch-up contributions, plus any earnings thereon. Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1 year	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 or more	100 %

Kingland Systems, LLC 401(k) Plan

Notes to Financial Statements
June 30, 2022 and 2021

For purposes of determining the extent to which a participant is vested, the Company uses the elapsed time method. There are no hours of service requirement. For vesting purposes, a year of service is complete after 12 months of consecutive employment. Each participant also becomes 100% vested on termination of service due to death, disability, or upon early or normal retirement age as defined in the Plan.

Forfeited Accounts

As of June 30, 2022 and 2021, forfeited nonvested accounts totaled \$10,696 and \$13,803, respectively. Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions payable under the Plan. In 2022, \$25,096 of forfeited nonvested accounts were used to pay administrative expenses and reduce Company contributions.

Payment of Benefits

The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 59 1/2. Upon termination of service due to death, disability or retirement, the participant may elect to receive either a lump sum distribution, an annuity, a direct rollover or continue to maintain their account in the Plan. If the distribution amount exceeds \$1,000 without an election made, the distributions will be automatically rolled over by the Plan to an individual retirement account (IRA) with the Trustee. If the amount is \$1,000 or less without an election made, a lump sum distribution will be made. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid within five years except where the loan is used to purchase a principal residence, in which case the loan repayment period may be up to ten years. These loans are secured by the balance in the participant's account. The loans bore interest between 4.75% through 6.50% as of both June 30, 2022 and 2021, which was commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions with payments reinvested in accordance with the participant's ongoing investment elections. There were no loans in default as of June 30, 2022 and 2021.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

Notes to Financial Statements
June 30, 2022 and 2021

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed in law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of the CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions – Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken through December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans – Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans – Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the modified cash basis of accounting. The modified cash basis is used for the Plan's financial reporting under ERISA. The modified cash basis of accounting differs from the accrual basis in that revenues, except for unrealized gains and losses on investments, are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred. Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on investments are recognized as revenue or expense whenever fluctuations in the market value occur. The preparation of the financial statements in conformity with the modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are valued at net asset value based on unadjusted quoted prices in active markets.

Net change in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the year or the cost of the investment if purchased during the year.

Notes to Financial Statements
June 30, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. No allowance for credit losses has been recorded as of June 30, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by Trustee - Unaudited

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of June 30, 2022 and 2021 and the supplementary Schedule H, Line 4(i) - schedule of assets (held at end of year) as of June 30, 2022, and the related investment activity and interest income on notes receivable reported in the statement of changes in net assets available for benefits for the year ended June 30, 2022.

4. Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
June 30, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds are classified as Level 1 as they are traded in an active market for which closing prices are readily available and are valued at the net asset value (NAV) of shares held by the Plan at year end.

There have been no changes in the methodologies used as of June 30, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The tables below present the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

As of June 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,042,195	\$ -	\$ -	\$ 16,042,195

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

6. Party in Interest Transactions

Certain Plan investments are managed by the Trustee as defined by the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation or depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of June 30, 2022 and 2021, the Plan had concentrated investments in two funds valued at \$4,762,448 and two funds valued at \$4,833,497, respectively.

10. Delinquent Participant Contributions

For the year ended June 30, 2021, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions totaled \$39,596. In December 2021, the Plan corrected untimely remittances of \$39,596 related to August 2020 contributions by restoring lost earnings of \$52.

11. Subsequent Events

The Plan has evaluated subsequent events through April 10, 2023, which is the date that the financial statements were available to be issued, for events requiring disclosure in the Plan's financial statements.
