INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2021, 2020, 2019 AND 2018

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
CST Industries, Inc. 401(k) Profit Sharing Plan and Trust
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of CST Industries, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, 2020, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years ended 2021, 2020 and 2019, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2021, 2020, 2019 and 2018, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the years ended December 31, 2021, 2020 and 2019, and the supplemental Schedule of Assets as of December 31, 2021, 2020 and 2019, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CST INDUSTRIES, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021, 2020, 2019 AND 2018

1. DESCRIPTION OF THE PLAN

The following description of the CST Industries, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of CST Industries, Inc. (the "Company") with a minimum of one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was restated on April 15, 2020, and changed the match to a discretionary match.

Prudential Retirement Insurance and Annuity Company is a custodian of the Plan, and Prudential Bank & Trust, F.S.B. serves as the trustee to the Plan and is a custodian of the Plan. Prudential Retirement Insurance and Annuity Company serves as the Plan's recordkeeper.

Eligibility – An employee must complete one month of service and reach age 21 to be eligible for the Plan. The employees may enroll in the Plan beginning on the first day of January, April, July or October that coincides with or immediately follows the date the eligibility requirements are met.

Contributions – Participants may elect to contribute up to 50% of pretax annual compensation, as defined in the Plan and subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. New employees are automatically enrolled in the Plan, and contribute 3% of their eligible wages, unless the employee opts out of participation, or chooses a different deferral rate. Each successive year on the 1st day of the June, the deferral will increase by 1%, to a maximum amount of 6%. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan.

The Company contributed 50% of the first 6% of eligible compensation that a participant contributed to the Plan from January 1, 2019 through April 15, 2020. Beginning April 16, 2020, there was no match contribution. Effective September 11, 2021, the Company contributed 50% of the first 2% of eligible compensation that a participant contributed to the Plan. Additionally, the Company may opt to make discretionary profit sharing contributions. A participant is eligible for the profit sharing contribution if the participant is 21, worked 1,000 hours during the year, and is employed on the last day of the Plan year (except in instances of death, disability, or retirement at or after normal retirement age, as defined in the Plan). An employee must have 3 months of service to be eligible for the profit sharing contribution. There was no profit sharing contribution in 2021, 2020 and 2019.

Participant Accounts – Each participant's account is credited with the participant's and Company's contributions, and allocations of Plan earnings, and is charged with the participant's withdrawals and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – The Plan offers a variety of mutual funds, pooled separate accounts, and an insurance company general account as investment options for participants.

Vesting – Participants’ tax deferred and rollover contributions are fully vested at all times. Qualified non-elective contributions are also fully vested at all times. Other employer contributions vest 33% after one year of service, an additional 34% after two years of service and are fully vested after the third year. In the event of permanent disability, death, reaching normal retirement age, or termination of the Plan, the Company contributions will become fully vested.

Forfeitures – At December 31, 2021, 2020, 2019 and 2018, forfeited non-vested accounts totaled \$24,797, \$18,555, \$6,443 and \$0, respectively. These accounts may be used to reduce future employer contributions and to pay Plan expenses. During these years no forfeitures were utilized.

Payment of Benefits – Upon termination of service due to any reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-Service Withdrawals – Certain participants may elect to receive a distribution of all or part of the value of their rollover contributions. Participants who have obtained the age of 59 ½ may elect to receive a distribution of all or any portion of their tax deferred contributions or qualified non-elective contributions in a single lump sum payment. Hardship withdrawals are available to Plan participants for reasons as defined in the Plan Document.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term is five years (or ten years for the purchase of a primary residence). The loans are secured by the balance in the participant’s account and bear interest rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses – The Company pays certain of the expenses incurred by the Plan. The Plan’s expenses are as follows at December 31, 2021, 2020 and 2019:

	2021	2020	2019
Investment advisory	\$ 86,667	\$ 58,253	\$ 77,823
Participant loan fees	8,025	8,926	13,085
Administrative expenses	<u>192,363</u>	<u>190,408</u>	<u>8,204</u>
Total expenses	<u>\$ 287,055</u>	<u>\$ 257,587</u>	<u>\$ 99,112</u>

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments in mutual funds and pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, interest is accrued when earned.

The Plan invests in an insurance company general account through the Prudential Guaranteed Income Fund, which is fully benefit-responsive. Prudential Life Insurance and Annuity Company determined that contract value is an appropriate determination of fair value for the Guaranteed Income Fund.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distribution based upon the terms of the Plan document. No allowance for doubtful account is considered necessary.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through March 9, 2023, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021, 2020, 2019 and 2018:

Mutual Funds – Valued at the published net asset value (NAV) of shares held by the plan at year end.

Pooled Separate Accounts – The investment advisors calculate a unit value (similar to a net asset value “NAV”) of a separate account. It is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan’s investments are reported at fair value as follows at December 31:

	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
December 31, 2021:				
Mutual Funds	\$ 33,849,335			\$ 33,849,335
Total investments in the fair value heirarchy	\$ 33,849,335	\$ -	\$ -	33,849,335
Investments measured at net asset value (a)				7,821,599
Investments measured at fair value				<u>\$ 41,670,934</u>
December 31, 2020:				
Mutual Funds	\$ 30,740,213			\$ 30,740,213
Total investments in the fair value heirarchy	\$ 30,740,213	\$ -	\$ -	30,740,213
Investments measured at net asset value (a)				8,377,027
Investments measured at fair value				<u>\$ 39,117,240</u>

	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
December 31, 2019:				
Mutual Funds	\$ 30,633,477			\$ 30,633,477
Total investments in the fair value hierarchy	\$ 30,633,477	\$ -	\$ -	30,633,477
Investments measured at net asset value (a)				8,217,041
Investments measured at fair value				\$ 38,850,518
December 31, 2018:				
Mutual Funds	\$ 25,876,482			\$ 25,876,482
Total investments in the fair value hierarchy	\$ 25,876,482	\$ -	\$ -	25,876,482
Investments measured at net asset value (a)				7,041,433
Investments measured at fair value				\$ 32,917,915

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments as of December 31, 2021, 2020, 2019 and 201, and for the years ended December 31, 2021, 2020 and 2019:

- Investments, at fair value and contract value
- Notes receivable from participants and related interest income
- Net appreciation in fair value of investments
- Interest and dividends
- Schedules of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. INSURANCE COMPANY GENERAL ACCOUNT

The Plan has entered into a group annuity contract issued by Prudential Retirement Insurance and Annuity Company, which is a fully benefit-responsive investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value, which approximates fair value. Contract value is the sum of amounts invested, less withdrawals, plus interest computed at the guaranteed interest rate. These contracts do not hold any specific assets.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

When establishing interest crediting rates, Prudential considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include pooled separate accounts, mutual funds, and an insurance company general account managed by the custodians of the Plan, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays certain fees to Prudential Bank and Prudential Insurance to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

8. TAX STATUS

The Company adopted a Prototype Non-Standardized 401(k) Plan which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2021, 2020 and 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2020, employee deferrals and loan payments of \$23,028 were withheld from one payroll and not remitted on a timely basis (as defined by the Department of Labor “DOL”) by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trust, will file and pay the appropriate excise tax, and contribute lost earnings to the affected participants. These transactions were prohibited according to the provisions of the DOL.

During the year ended December 31, 2019, employee deferrals and loan payments of \$90,325 were withheld from payrolls and not remitted on a timely basis (as defined by the Department of Labor “DOL”) by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trust, will file and pay the appropriate excise tax, and contribute lost earnings to the affected participants. These transactions were prohibited according to the provisions of the DOL.

10. SUBSEQUENT EVENTS

The Plan has adopted the Third Cycle Restatement effective January 1, 2022.

On April 4, 2022, Empower Retirement LLC (“Empower Retirement”) acquired the retirement business of Prudential Financial, Inc. Following an initial transition period in 2022, Empower Retirement became the sole administrator of the Plan, and Great-West Trust Company and Great-West Life & Annuity Insurance Company became the custodians of the Plan.
