Independent Auditors' Report

To the Plan Administrator of
EYA Tax-Sheltered 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of EYA Tax-Sheltered 403(b) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from two qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by each institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated March 31, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EYA TAX-SHELTERED 403(B) PLAN

Notes to Financial Statements

June 30, 2022 and 2021

(1) Description of the Plan

The following description of EYA Tax-Sheltered 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering essentially all employees of Eckerd Youth Alternatives, Inc. (the “Organization”). Employees are immediately eligible to enroll in the Plan upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan currently operates under an agreement with Massachusetts Mutual Life Insurance Company (“MassMutual”). Effective December 31, 2020, Empower Retirement LLC acquired the retirement business of MassMutual. All current participant contributions, employer contributions, and rollovers from other qualified plans are deposited into MassMutual. The Plan previously operated under an agreement with The Variable Annuity Life Insurance Company (“VALIC”) as their custodian. Due to restrictions on distributions of funds held with VALIC, certain participants still have investments in the Plan which are held at VALIC. The assets included within the statements of net assets available for benefits include funds held at MassMutual and VALIC.

Effective November 3, 2021, the Plan was amended to exclude certain employees eligible for other retirement plans maintained by the Organization and to waive the service requirement for employees transferred from an affiliate, Odle Management Group, LLC, on December 26, 2021.

(b) Contributions

Each year, participants may contribute up to 100% of eligible compensation subject to Internal Revenue Service (“IRS”) limitations, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Plan participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization makes annual matching contributions to the account of each eligible employee equal to 50% of up to a maximum of 10% of eligible compensation that a participant contributes to the Plan. The Participants must have completed one year of service, as defined by the Plan, and be an active employee on the last day of the plan year to receive a matching or discretionary employer contribution.

The Organization automatically enrolls eligible participants in the Plan with participant contributions set at 3% of pretax compensation. Participants are able to opt-out of the automatic enrollment by contacting the custodian directly.

EYA TAX-SHELTERED 403(B) PLAN

Notes to Financial Statements - Continued

(1) Description of the Plan - Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching and discretionary contributions, and plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants may direct their contributions into a variety of investment options offered by MassMutual.

(d) Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

One hundred percent vesting also occurs, regardless of the number of years of service when a participant reaches normal retirement age (65), dies or becomes totally and permanently disabled.

(e) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to purchase an annuity of either a straight-life payment or joint and survivor payment, or may elect to receive a lump-sum distribution or rollover into another qualified plan. If a participant terminates prior to death, disability, or retirement, then the vested interest is available for distribution at any time upon separation of service in the form of a lump-sum distribution or rollover into another qualified plan. If the vested portion does not exceed \$5,000, the participant will receive a single lump-sum distribution of the entire account balance as soon as administratively feasible.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions. Interest rates were between 4.25% and 6.5% for the year ended June 30, 2022.

EYA TAX-SHELTERED 403(B) PLAN

Notes to Financial Statements - Continued

(1) Description of the Plan - Continued

(g) Assets Pledged as Collateral

Prior to January 1, 2016, participants were permitted to obtain loans directly from VALIC. The minimum amount of the loan was \$1,000 and the maximum amount was the lesser of \$50,000, or 50% of the participant's account balance. The loans are secured by assets held in the participant's VALIC Fixed Account Plus account. The amount of plan assets pledged as collateral for loans issued to participants by VALIC at June 30, 2022 and 2021, was \$91,433 and \$43,699, respectively.

(h) Hardship Withdrawals

In the event of financial hardship, participants may request a distribution from the Plan to the extent required to satisfy the immediate financial need of the participant. Such distributions are limited to the contributions of the employee. Qualifications to receive a hardship distribution are outlined in the plan document.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in shares of registered investment companies are stated at fair value. Shares of registered investment companies are valued at quoted market prices.

Investments in the guaranteed interest account held by MassMutual allow participants to invest money in a general account of MassMutual. The Sponsor has determined, based on recommendations from MassMutual, that this investment is fully benefit-responsive. Participant contributions are commingled with MassMutual's other assets and MassMutual assumes the risk of principal and accrued interest. Interest is credited to the general account obligation daily based on its daily value, at a rate of interest that is the daily equivalent of the effective annual rate of interest applicable for each month.

EYA TAX-SHELTERED 403(B) PLAN

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition - Continued

The Plan entered into an investment contract with VALIC which includes two fixed accounts that guarantee a certain rate of return. The contracts are fully-benefit responsive and are included in the financial statements at contract value, as reported to the Plan by VALIC. The contributions to the Fixed Account Plus and the Short-Term Fixed Account are maintained in a general account. Contract value of the accounts is the value paid when funds are withdrawn prior to their maturity except in limited circumstances. The minimum guaranteed rate varies by participant and depends on the date the participant established his or her account.

Certain events limit the ability of the Plan to transact at contract value with MassMutual and VALIC. Such events include the following: (1) amendments to the plan documents (including complete or partial termination); (2) bankruptcy of the Organization; (3) other Organization events that cause a significant withdrawal from the Plan; or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Organization does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Investments in the variable annuity contracts held with VALIC are valued based on net asset values reported by VALIC of the units held in the VALIC Separate Account A. The net asset values of the subaccounts are updated daily based upon the investment performance of the underlying mutual fund they invest in less a deduction for charges. VALIC Separate Account A, which is structured as a unit investment trust, is comprised of numerous subaccounts which each invest in a single open-end mutual fund and these underlying mutual funds include a variety of domestic equity funds, foreign equity funds, bond funds, blended funds, and money market mutual funds. These mutual funds are managed either by an affiliate of VALIC or a by an independent third party. Participants direct their investments to certain underlying "subaccounts" of the VALIC Separate Account A available to them under the Plan. Each subaccount provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

EYA TAX-SHELTERED 403(B) PLAN

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Plan recordkeeping and service provider fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the net depreciation in fair value of investments reported by the Plan.

(g) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Information Certified by the Custodians (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MassMutual, AIG Federal Savings Bank ("AIG"), and VALIC, the custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of June 30, 2022 and 2021;
- Total investment income and related investment activity as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2022;
- Assets held for investment purposes as of June 30, 2022 as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(4) **Fair Value Measurements**

ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value.

Shares in Registered Investment Companies

The fair values of shares in registered investment companies are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Variable Annuity Contracts

The variable annuity contracts are valued based on the net asset value of units held by the Plan, as determined by VALIC at year end.

(4) Fair Value Measurements - Continued

As of June 30, 2022 and 2021, the Plan's investments measured at fair value on a recurring basis were as follows:

Description	Assets Measured at Fair Value at June 30, 2022	Fair Value Measurements at June 30, 2022 Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Shares in registered investment companies	\$ 16,361,406	16,361,406	-	-
Variable annuity contracts at NAV	5,394,399 (a)			
	<u>\$ 21,755,805</u>			
Description	Assets Measured at Fair Value at June 30, 2021	Fair Value Measurements at June 30, 2021 Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Shares in registered investment companies	\$ 17,088,456	17,088,456	-	-
Variable annuity contracts at NAV	7,098,818 (a)			
	<u>\$ 24,187,274</u>			

(a) Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

(5) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

(6) Tax Status

The plan document adopted by the Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the plan document, as then designed, constituted a qualified plan under Section 401(a) of the Internal Revenue Code and was thus exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

(6) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Party-in-Interest

The Plan invests in certain investments managed by MassMutual and VALIC, the custodians of the Plan. During 2022, the Plan paid MassMutual and VALIC approximately \$206,000 in fees. Additionally, the Organization paid a separate third party approximately \$39,000 for TPA services. While these activities qualify as party-in-interest activities as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules.

(8) Subsequent Events

The Plan evaluated subsequent events through April 13, 2023, the date the financial statements were available for issuance. Effective October 26, 2022, the Organization amended the plan document to remove minimum service requirements for discretionary employer contributions and added a separate employer discretionary contribution which may be paid quarterly. Participants will be 100% vested in any discretionary quarterly contributions.
