## INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the  
University of the Sciences Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements**

We have performed audits of the financial statements of the University of the Sciences Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 28, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through June 28, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 28, 2022 and December 31, 2021, and for the period January 1, 2022 through June 28, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Emphasis of Matter**

As discussed in Note 1 to the financial statements, the Board of Directors of the University of the Sciences in Philadelphia, voted in 2021 to merge the Plan into Saint Joseph's University Retirement Plan effective in 2022. All plan assets were transferred into Saint Joseph's University Retirement Plan on June 28, 2022. Our opinion is not modified with respect to this matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Respectfully submitted,

## **NOTES TO FINANCIAL STATEMENTS JUNE 28, 2022 AND DECEMBER 31, 2021**

### ***Note 1*** **Description of Plan**

The following brief description of the University of the Sciences Retirement Plan (the Plan), formerly known as the University of the Sciences in Philadelphia Basic Retirement Plan, sponsored by the University of the Sciences in Philadelphia (the University) is provided for general information purposes only. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution retirement plan covering all employees of the University other than students and those scheduled to work less than 20 hours per week. The University, as administrator, is responsible for the control and administration of the Plan. TIAA serves as a recordkeeper for the Plan. TIAA, FSB, is the custodian of the Plan assets. Vanguard Fiduciary Trust Company (Vanguard) is also a recordkeeper and custodian for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Plan Merger**

During 2021, the University signed an agreement to merge with Saint Joseph's University. As a result, the Plan was merged into Saint Joseph's University Retirement Plan on June 28, 2022. The following information is for periods prior to the Plan merger.

#### **Contributions**

An eligible employee can enter into a written salary reduction agreement with the University for up to 100% of eligible compensation, subject to the limitations established by the Internal Revenue Code (IRC). After completing one year of service the University shall begin making a contribution for each eligible employee. The contribution rate is equal to 8% of eligible compensation. In addition, the Plan will accept direct rollovers of eligible rollover distributions from qualified plans. Effective November 1, 2018, all contributions are directed to Vanguard.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution, and allocations of the University's contribution and Plan earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Plan Loans**

Plan loans are issued as separate contracts by TIAA and do not represent plan assets. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 45% of the participant's TIAA Traditional account balance subject to annuity contract and plan provisions. Principal and interest is paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$-0- and \$40,597 as of June 28, 2022 and December 31, 2021, respectively. Effective January 1, 2022, TIAA is no longer issuing plan loans.

# **UNIVERSITY OF THE SCIENCES**

## **RETIREMENT PLAN**

### **NOTES TO FINANCIAL STATEMENTS** **JUNE 28, 2022 AND DECEMBER 31, 2021**

#### **Note 1 Description of Plan - Continued**

##### **Vesting**

Participants are immediately vested in their contributions to the Plan as well as any University contributions and any earnings thereon.

##### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in previous 12 month period or 50% of their vested account balance. The period of repayment may not exceed five years unless the proceeds are for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of 1.00% above the prime rate. Principal and interest are paid ratably through payroll deductions.

##### **Benefit Payments**

A distribution of benefits can be made when a participant attains age 55, incurs a severance from employment, dies, becomes disabled or incurs a financial hardship.

#### **Note 2 Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

##### **Subsequent Events**

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through April 4, 2023, the date that the financial statements were available to be issued.

##### **Use of Estimates**

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

##### **Risks and Uncertainties**

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances.

# **UNIVERSITY OF THE SCIENCES RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS JUNE 28, 2022 AND DECEMBER 31, 2021**

**Note 2 Summary of Significant Accounting Policies - Continued**

Approximately 31% of the Plan's investments were held in two accounts at December 31, 2021, as noted below. As such, this is considered to be a concentration of credit risk.

	<b>2021</b>	
<b>Investments</b>	<b>Value</b>	<b>Percentage of Total Investments</b>
TIAA Fixed Annuity Contracts	\$28,277,468	18%
CREF Stock Fund	20,240,924	13%
	\$48,518,392	31%

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Expenses of the Plan can be paid by the Plan or the University.

**Revenue Credit Account**

The Plan has a Revenue Credit Account which is a suspense account funded with excess revenue generated by the Plan. These funds may be used to pay Plan expenses or be distributed to each participant who has a balance in the Plan at the time the funds are allocated. The unused balance of this account was \$120,855 as of December 31, 2021. During 2022, the Plan received revenue credits of \$43,951 which is included in other income on the statement of changes in net assets available for benefits. During 2022, \$72,565 of revenue credits were applied to the payment of Plan expenses. The balance in the revenue credit account as of the merger date, of approximately \$93,000, was transferred to the Saint Joseph's University Retirement Plan.

# **UNIVERSITY OF THE SCIENCES RETIREMENT PLAN**

**Note 4 Investment Valuation and Income Recognition**

Except for certain contracts held by TIAA described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# ***UNIVERSITY OF THE SCIENCES RETIREMENT PLAN***

## **NOTES TO FINANCIAL STATEMENTS JUNE 28, 2022 AND DECEMBER 31, 2021**

### ***Note 4* Investment Valuation and Income Recognition - Continued**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

**Fixed Annuity Contracts- Non Fully Benefit Responsive:** Non Fully Benefit Responsive Fixed annuity contracts are reported at contract value, which approximates fair value (see Note 5). This determination is based on TIAA's credit rating and yield during 2022 and 2021 being comparable to similar alternative investments and the interest rate which re-sets annually being comparable to a ten year treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant.

**Insurance Company Separate Account:** The Insurance Company Separate Account is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

# **UNIVERSITY OF THE SCIENCES RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS JUNE 28, 2022 AND DECEMBER 31, 2021**

### **Note 4 Investment Valuation and Income Recognition - Continued**

Variable Annuity Contracts: Valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund. The underlying investments consist principally of equity securities, fixed-income instruments and short-term investments.

Registered Investment Companies: Valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<b>Investments, at Fair Value as of December 31, 2021</b>		
	<b>Level 1</b>	<b>Level 3</b>	<b>Total</b>
Fixed Annuity Contracts-			
Non Fully Benefit Responsive	\$ -	\$ 19,256,169	\$ 19,256,169
Insurance Company Separate Account	3,186,535	-	3,186,535
Variable Annuity Contracts	41,082,038	-	41,082,038
Registered Investment Companies	84,570,563	-	84,570,563
	<u>\$ 128,839,136</u>	<u>\$ 19,256,169</u>	<u>\$ 148,095,305</u>

Purchases of Level 3 investments totaled \$1,100,679 for the period ended June 28, 2022.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## **NOTES TO FINANCIAL STATEMENTS JUNE 28, 2022 AND DECEMBER 31, 2021**

### ***Note 5* Investment Contracts with TIAA**

The Plan holds fixed annuity investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit responsive while others are not. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than an effective rate of generally 3.00%. Such interest rates are reviewed and re-set by the issuer on an annual basis.

All Retirement Annuity contracts require withdrawals in the form of either a life annuity or 10 installment annuity paid evenly over nine years.

### ***Note 6* Income Tax Status**

The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 28, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

### ***Note 7* Party-in-Interest Transactions**

Plan investments are managed by entities related to TIAA and CREF and Vanguard and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
