INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
University of the Sciences Retiree Health Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the University of the Sciences Retiree Health Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 7, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits for the period January 1, 2022 through September 7, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 7, 2022 and December 31, 2021, and for the period January 1, 2022 through September 7, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Board of Directors of the University of the Sciences in Philadelphia, the Plan Sponsor, voted in 2011 to terminate the Plan. During 2021, the University of the Sciences signed an agreement to merge with Saint Joseph's University. In connection with this merger, the Plan was fully liquidated as of September 7, 2022. As a result, the Plan has used the liquidation basis of accounting to present the 2022 and 2021 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related we identified during the audit.

Respectfully submitted,

THE UNIVERSITY OF THE SCIENCES RETIREE HEALTH PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 7, 2022 AND DECEMBER 31, 2021

***Note 1* Description of the Plan**

The following description of the University of the Sciences Retiree Health Plan (the Plan), formerly known as the Emeriti Retiree Health Plan for University of the Sciences in Philadelphia, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by the University of the Sciences in Philadelphia (the University). The Plan was established effective January 1, 2007. The Plan reimburses participants for the cost of eligible medical expenses, as set forth in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendment and Termination

On October 16, 2011, the University voted to terminate the Plan effective December 31, 2012. As a result of the decision to terminate the Plan, effective January 1, 2012, all participants, regardless of age, employment status or years of service became immediately eligible to use their account balance for Reimbursement Benefits, as defined. However, a participant shall not be eligible for Retirement Benefits unless the participant first exhausted the annual amount available in their Medical Spending Account for the plan year, or the expense is not eligible for reimbursement under the Medical Spending Account.

During 2021, the University signed an agreement to merge with Saint Joseph's University effective May 31, 2022 and a decision was made to move forward with liquidating the Plan. Participants were allowed to file outstanding claims through April 27, 2022. Account balances remaining as of April 28, 2022 were distributed to participants as a taxable distribution, and the plan was fully liquidated as of September 7, 2022.

The following information is for periods prior to plan termination.

Participant Accounts

Each participant's account is credited with allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Note 1* Description of the Plan - Continued**

Vesting and Forfeitures

Any residual balance (if any) remaining in a participant's account after a participant and any eligible dependents are deceased, is forfeited to the Plan. At the discretion of the Plan Administrator, forfeited funds may be: (a) reallocated to offset future employer contributions; (b) used to pay direct expenses of the Plan, or (c) reallocated to remaining accounts. During 2020, the Plan was amended to allow forfeitures to be transferred to fund benefits provided under the University of the Sciences Welfare Benefit Plan ("Welfare Benefit Plan"), to the extent that (b) and (c) above do not apply. During 2022, \$14,662 of forfeitures were used to cover Plan expenses. The remaining \$63,138 of forfeitures used were applied to the payment of health benefits provided under the Welfare Benefit Plan, which are presented as a Transfer Out on the Statement of Changes in Net Assets Available for Benefits. At September 7, 2022 and December 31, 2021, forfeited non-vested accounts were \$-0- and \$6,317, respectively.

Plan Administration

Under the terms of the Plan and related agreements, TIAA FSB, the Plan's trustee, has authority to execute investment transactions pursuant to participants' elections. Teachers Insurance and Annuity Association of America (TIAA), the recordkeeper, provides administrative services to the Plan and maintains Plan-related records. Connect Your Care (now known as Optum Financial) provides health claim administrative services to the Plan.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

Due to the decision to terminate the Plan in 2011, the financial statements have been prepared using the liquidation basis of accounting.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through April 4, 2023, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Note 2 Summary of Significant Accounting Policies - Continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan or the University can pay for administrative expenses incurred in connection with the operation of the Plan.

Note 4 Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE UNIVERSITY OF THE SCIENCES RETIREE HEALTH PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 7, 2022 AND DECEMBER 31, 2021

***Note 4* Investment Valuation and Income Recognition - Continued**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 7, 2022 and December 31, 2021.

Registered Investment Companies: These investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

THE UNIVERSITY OF THE SCIENCES RETIREE HEALTH PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 7, 2022 AND DECEMBER 31, 2021

Note 4 **Investment Valuation and Income Recognition - Continued**

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of September 7, 2022 and December 31, 2021:

	Investments at Fair Value	
	Level 1	
	2022	2021
Registered Investment Companies	\$ -	\$ 577,777

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Note 5 **Tax Status**

The Internal Revenue Service (IRS) determined and informed the University by a letter dated March 4, 2009, that the VEBA trust funding the Plan was tax exempt under §501(c)(9) of the Internal Revenue Code (IRC). The Plan Administrator and University believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 7, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Party-In-Interest Transactions**

The Plan invested in shares of registered investment companies managed by TIAA and, therefore, transactions involving these investments qualify as party-in-interest transactions. TIAA provides certain administrative services for the Plan and, therefore, transactions involving TIAA qualify as party-in-interest transactions. Fees paid to TIAA were \$7,057 for the period January 1, 2022 through September 7, 2022.
