INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan
Charleston, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held as of June 30, 2022, and schedule of reportable transactions for the year ended June 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2022 Supplemental Schedules Required by ERISA (continued)

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We have audited the statement of net assets available for benefits of Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan as of June 30, 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2021 (not presented herein), and in our report dated February 3, 2022, we expressed an unmodified opinion on those financial statements.

**NOTES TO FINANCIAL STATEMENTS
June 30, 2022**

Note 1. Plan Description

The following description of the Cabin Creek Health Systems, Inc., 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Cabin Creek Health Systems, Inc. (the Center). Fidelity served as the custodian of the Plan through October 7, 2021, on which date substantially all Plan assets were transferred to a new custodian, Empower Trust Company. Approximately \$19,000 of plan assets remain in Fidelity at June 30, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan does not cover employees covered by a collective bargaining agreement. Further, effective August 1, 2022, interns, temporary employees, and per diem employees, are also excluded from participation. Employees become eligible to participate in the plan upon completion of the initial enrollment period, not to exceed 90 calendar days from their date of hire. Effective January 1, 2023, the initial enrollment period was reduced to 60 days.

Contributions

The Employer contributes a non-elective 3% safe harbor amount to the plan based on a percentage of each participant's compensation annually. A discretionary profit-sharing contribution may also be made annually (2% for the year ended June 30, 2022) to those employees who complete 1,000 hours of service, and are employed at the end of the plan year.

Employees may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum allowable under the Internal Revenue Code (the "Code"). Participants may contribute to the Plan by a specific percentage or dollar amount on a pre-tax basis. The Plan includes an automatic salary deferral feature of 3% of compensation which applies unless a salary deferral agreement is already in effect. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan was amended September 1, 2020, to adopt a Roth provision.

Participate accounts

Each participant's account is credited with the participant's contribution, the Center's contribution, an allocation of Plan earnings, and charged with an allocation of administrative fees. Allocations are based upon the participant's share of the assets at the beginning of the Plan year, and the participant's share of the periodic deposits to the trust. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. As of October 7, 2021, certain allocations of deposits and earnings are no longer required, as the plan moved to participant directed investment accounts.

Note 1. Plan Description (Continued)

Vesting

Participants are immediately vested in their employee contributions and safe harbor non-elective employer contributions plus actual earnings thereon. Vesting in the Center's discretionary contribution is based on years of continuous service in which a participant completes 1,000 hours. A participant is 100% vested in their profit sharing account upon the attainment of their normal retirement age, death, permanent disability, or upon the completion of three years of credited service. As of August 1, 2022, the 1000 hour requirement is no longer present for the discretionary amount.

Forfeitures

Forfeitures of a terminated participant's non-vested account balance following a break in service are first applied to pay administrative expenses under the Plan. The remaining forfeiture balance is used to reduce employer contributions. During the year ended June 30, 2022, there were no forfeitures used. At June 30, 2022, approximately \$41,000 is available to reduce future contributions or pay plan expenses as applicable.

Plan termination

Although it has not expressed any intent to do so, the Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of benefits

Upon termination of service, a participant whose vested account balance is equal to or less than \$1,000 is required to receive a lump-sum payment, including interest, with or without participant's consent. If the vested portion of a participant's account balance is greater than \$1,000, the participant may receive a lump sum payment. Partial withdrawals and installments are allowed only with respect to minimum required distributions, over a period not exceeding the participant's or, if elected, their beneficiary's life expectancy. Such installments and payments would begin as soon as administratively feasible after the close of the Plan year after termination of employment or upon reaching normal retirement age.

Income tax status

The Plan adopted a prototype standardized profit sharing plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan further adopted a standardized profit sharing plan effective July 1, 2021, with the switch in service providers, with an updated opinion letter dated June 30, 2020, which indicated the prototype plan is designed in compliance with applicable provisions of the Internal Revenue Code. The Plan has been amended since that time, however, the plan administrator believes that the Plan is designed and continues to operate in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in conformity with the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Excess contributions payable

Excess contributions payable includes amounts contributed by the employer as safe harbor and profit sharing contributions in excess of the calculated amounts in the pooled investment account.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

All of the administrative expenses of the Plan are paid by the Plan after applying participant forfeitures.

Subsequent events

Subsequent events have been evaluated through April 5, 2023, the date the financial statements were available to be issued.

Note 3. Unaudited Information Certified by the Custodian

Certain information was certified as complete and accurate by the Plan's Custodian. That information is as follows:

- Investment assets
- Investment transactions for the period October 7, 2021 through June 30, 2022
- Investment income for the period October 7, 2021 through June 30, 2022
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

**NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Collective trust fund: Composed primarily of fully benefit-responsive investment contracts and valued at the net asset value of units of the collective trust. The fund is to provide consistent returns and provide capital preservation. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchase and sales) may occur daily. If the Plan initiates a withdrawal that will exceed \$1,000,000, advance written notice of five days is required. Full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, if the balance would exceed certain thresholds set by the issuer.

Assets measured at fair value on a recurring basis consisted of the following at June 30:

	2022	
	Level 1	Level 2
	Total	
Investments:		
Mutual funds	\$ 5,609,509	\$ -
U.S. government securities	-	3,944
Total assets in fair value hierarchy	<u>\$ 5,609,509</u>	<u>\$ 3,944</u>
Investments measured at net asset value:		
Stable value collective trust fund ^(a)		244,245
		<u>\$ 5,857,698</u>

	2021	
	Level 1	Level 2
	Total	
Investments:		
Mutual funds	\$ 6,607,900	\$ -
U.S. government securities	-	46,753
	<u>\$ 6,607,900</u>	<u>\$ 46,753</u>
		<u>\$ 6,654,653</u>

^(a) Investments in the stable value collective trust fund that are measured at net asset value per share equivalent are not classified in the fair value hierarchy. The fair value amounts presented are intended to reconcile the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Parties-in-Interest Transactions

The Center pays certain administrative expenses on behalf of the Plan, including legal and accounting fees. Also, the Employer provides certain administrative services at no cost to the Plan. Officers of the

Center serve as Plan administrators, one of whom is the trustee of the Plan.

Certain administrative functions are performed by officers or employees of the Center. These employees are also plan participants. No such officer or employee received compensation from the Plan.
