Independent Auditor's Report

To the Board of Trustees
Axis Health System 401(k) Plan
Durango, Colorado:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Axis Health System 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2022 (Schedule 1) and schedule of delinquent participant contributions for the year ended June 30, 2022 (Schedule 2) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by Seim Johnson, LLP, who joined Eide Bailly LLP on July 25, 2022. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated January 18, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2021 financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Axis Health System 401(k) Plan

Notes to Financial Statements June 30, 2022 and 2021

(1) Description of Plan

The following brief description of the Axis Health System 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of Axis Health System (the Employer), as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Employer is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors. The Plan was established to provide retirement benefits for the employees of the Employer.

B. Eligibility

Employees are eligible to participate in the Plan effective the first day of the month coinciding with or following their date of hire. Participants must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year to receive any Employer discretionary contribution.

C. Contributions

Contributions made to the Plan are as follows:

Participant contributions – Each year, participants may contribute a percentage of their eligible pre-tax or post-tax compensation, as defined by the Plan. Contributions are subject to certain dollar limitations, as imposed by the Internal Revenue Service (IRS). Participants may also rollover amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are additionally eligible to make catch-up contributions. Participants direct the investment of participant and Employer contributions into various investment options offered by the Plan.

Employer matching contributions – The Employer contributes a safe harbor matching contribution equal to 100% of the participants' salary deferral up to 6% of compensation.

Employer discretionary contributions – The Employer may contribute discretionary profit-sharing contributions to the Plan. No such contributions were made during the year ended June 30, 2022.

D. Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers) and the Employer matching contributions, as well as allocations of the Employer discretionary contributions (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transaction, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Axis Health System 401(k) Plan

Notes to Financial Statements June 30, 2022 and 2021

E. Vesting

Participants are immediately vested in their voluntary contributions (including rollovers) and the Employer's safe harbor matching contributions. Vesting in the Employer's discretionary contribution portion of their accounts plus earnings is based on credited years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Separate provisions apply in the event of death, disability, or attainment of normal retirement age as defined by the Plan.

F. Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant is entitled to receive 100% of their account. If a participant is not 100% vested in the Employer contributions, they will forfeit the nonvested portion of their Employer contributions. With certain exceptions, distribution payments will be lump sum cash payments or annual annuity installment payments (if the participant is subject to receiving lifetime required minimum distributions). If the participant's account balance does not exceed \$5,000, the Plan can automatically cash out the account upon the participant's termination. In the event of a mandatory distribution greater than \$1,000 made in accordance with the small amount payment provisions of the Plan, if the participant does not elect to have the distribution paid directly to an eligible plan specified by the participant or to receive the distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account. For account balances greater than \$5,000, a participant must elect to receive the distribution or the vested benefit will continue to be invested in the Plan's assets.

G. Forfeited Amounts

At June 30, 2022 and 2021, forfeited nonvested accounts totaled \$1,514 and \$424, respectively. These accounts will be used to reduce future Employer contributions. During the year ended June 30, 2022, Employer contributions were reduced by \$1,054 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Axis Health System 401(k) Plan

Notes to Financial Statements June 30, 2022 and 2021

C. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

D. Payment of Benefits

Benefit payments to participants are recorded when paid.

E. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Employer. Certain administrative fees are paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

F. Subsequent Events

The Plan has evaluated subsequent events through April 12, 2023, the date the financial statements were available to be issued.

(3) Information Certified by Great-West Trust Company, LLC (Trustee)

The following is a summary of the Plan's asset information as of June 30, 2022 and 2021, and for the year ended June 30, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Great-West Trust Company, LLC, the trustee.

The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets.

The trustee certified to the completeness and accuracy of \$9,856,630 and \$10,808,338 of investments at June 30, 2022 and 2021, respectively; \$2,172,273 of net depreciation in fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year), and \$637,814 of interest and dividend income from investments for the year ended June 30, 2022.

Axis Health System 401(k) Plan

Notes to Financial Statements June 30, 2022 and 2021

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets• Inputs other than quoted prices that are observable for the asset or liability• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds: Valued at fair value as determined by quoted market prices, which represents the net asset value (NAV) of shares held by the Plan at year end.

Stable value fund: Valued at the Plan's share of the NAV of the collective investment trust's underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Axis Health System 401(k) Plan

Notes to Financial Statements June 30, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at June 30, 2022 and 2021:

June 30, 2022			
	Level 1	Level 2	Level 3
Mutual funds	\$ 9,128,732	--	--
Stable value fund (a)			
Total investments at fair value			\$ 9,856,630

June 30, 2021			
	Level 1	Level 2	Level 3
Mutual funds	\$ 9,812,563	--	--
Stable value fund (a)			
Total investments at fair value			\$ 10,808,338

- (a) In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Fair Value of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) at June 30, 2022 and 2021:

2022			
Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Stable value fund	\$ 727,898	--	Daily
			None

2021			
Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Stable value fund	\$ 995,775	--	Daily
			None

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Axis Health System 401(k) Plan

Notes to Financial Statements June 30, 2022 and 2021

(7) Income Tax Status

The Plan has adopted a prototype plan. The prototype plan has received an opinion letter from the IRS dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has amended the prototype plan document, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Party-in-Interest Transactions

The Plan invests in a stable value fund managed by Putnam Investments, an affiliate of Great-West Trust Company, LLC, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Furthermore, the Plan paid administrative expenses of \$17,649 to parties-in-interest for the year ended June 30, 2022.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Prohibited Transactions

During the Plan year ended June 30, 2022, the Employer inadvertently failed to deposit \$36,583 of participant contributions within the required timeframe as stated by the DOL regulations. The Employer intends to deposit lost earnings to correct this failure in 2023. The DOL considers late deposits to be prohibited transactions. The Employer will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes will be made from the Employer's assets and not from assets of the Plan.

(11) Subsequent Events

Effective July 1, 2022 the EE Benefit Plan of Midwestern CO MH Center (CMH) was merged into the Axis Health System 401(k) Plan. As a result, assets of approximately \$5,881,000 were transferred into the Plan in July 2022 and the former employees of CMH acquired by the Employer became eligible to participate in the Plan.

Effective July 1, 2022 the Plan was amended and restated. The Plan adopted a non-standardized pre-approved plan document sponsored by Great-West Trust Company, LLC. The non-standardized pre-approved plan has received an opinion letter from the Internal Revenue Service as to the non-standardized pre-approved plan's qualified status dated June 30, 2020. The non-standardized pre-approved plan opinion has been relied upon by this Plan.

Also, effective July, 1, 2022 the Plan was amended to exclude bonus compensation from Plan compensation for all contribution types, a provision for early retirement was added, and the vesting schedule was modified to a 3-year graded schedule with vesting of 33% for one year of service, 66% for two years of service and 100% for three or more years of service.

Effective August 1, 2022, Great-West Trust Company, LLC was renamed Empower Trust Company, LLC.
