Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Ascensus, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended June 30, 2022 and 2021, that the information provided to the plan administrator by the trustee is complete and accurate.

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at June 30, 2022, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

AMERICAN LEARNING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND JUNE 30, 2021

NOTE A – DESCRIPTION OF PLAN

The following description of the American Learning Systems, Inc. Savings Plan, (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan (with an effective date of September 1, 1985) covering all full-time employees of American Learning Systems, Inc. (Company) who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On June 27, 2010, the Company merged plan assets of American Learning Systems of Boca Delray, Inc. Savings Plan with those assets of the American Learning Systems, Inc. Savings Plan. According to plan administrators, this merger will not affect its tax status with the Internal Revenue Service and the Plan, as amended, continues to qualify in accordance with applicable provisions of the Internal Revenue Code.

Contributions. Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. In addition, if you are age 50 or older, you are entitled to contribute an additional "catch-up" contribution as determined each year by the Internal Revenue Service. The maximum "catch-up" contribution for 2022 is \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 1% of base compensation into the profit-sharing plan. Additionally, if a participant contributes 2% or more, the Company will contribute an additional 1%. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. Contributions are subject to certain limitations as set by the Internal Revenue Service.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate plus one percent.

AMERICAN LEARNING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND JUNE 30, 2021

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Excess Contributions. Amounts payable to participants for contributions in excess of amounts permitted by the IRS are recorded as a liability with a corresponding reduction to contributions, if material.

Forfeited Accounts. Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. Forfeitures of terminated account balances allocated to remaining participants at June 30, 2022 and June 30, 2021 were -0-.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life expectancy of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The Financial Statements of the plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America (GAAP).

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE C for discussion of fair value measurements. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of June 30, 2022 and June 30, 2021.

See Auditor's Report

AMERICAN LEARNING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND JUNE 30, 2021

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to contributions.

Payment of Benefits. Benefits are recorded when paid.

Operating Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

In determining fair value, the Plan uses various valuation approaches. FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1-Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgement.

Level 2-Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3-Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the market place, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the Fund in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2022 and June 30, 2021;

NOTE D- INVESTMENTS

The June 30, 2022 and June 30, 2021 “Statements of Net Assets Available For Benefits”, the investment activities included on the “Statement of Changes In Net Assets Available For Benefits”, and the accompanying notes to the financial statements were prepared in part from information certified by the Plan trustee, Ascensus Trust Company, as being complete and accurate., This explicit statement of authorization permits the limited scope audit pursuant to 29 CFR 2520.103-5(C) of the Internal Revenue Code. As instructed by the Plan administrator, no auditing procedures have been applied to the investment activities, other than comparing the information with related information included in these financial statements.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND JUNE 30, 2021

NOTE E – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the program subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated November 19, 2001, that the Plan is designed in accordance with applicable Sections (401) of the Internal Revenue Code (IRC). Though the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is currently being operated in compliance with the applicable requirements of the IRC. The plan is subject to routine audits by taxing jurisdiction, however, there are currently no audits for any tax periods in progress.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – DATE OF MANAGEMENT REVIEW

Management has evaluated subsequent events through April 3, 2023, which is the date the financial statements became available to be issued. There were no such events requiring recognition or disclosure in the financial statements, except for the following:

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The resulting economic events that have transpired has created stock market volatility which may not be considered reasonable and supportable in forecasts of future conditions. The coronavirus pandemic and government responses have had significant impacts to business activities around the world and has caused severe market disruptions. This event continues to be an evolving situation that the Plan needs to monitor and assess. The outbreak could have a continued material adverse impact on social, economic and financial markets and trigger a period of global economic slowdown. The Plan cannot reasonably estimate the overall length or severity of this pandemic, which if prolonged for a longer duration, could potentially have a material impact to the financial statements.
