## Independent Auditors' Report

To the Participants and Plan Administrator of  
Raceway Management Co. Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Raceway Management Co. Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2022 and December 31, 2021 and for the period from January 1, 2022 to June 30, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Emphasis of Matter**

As disclosed in Note 1 to the financial statements, the Plan was merged into the Liberty Truck Center & Tafton Fuel Stop 401(k) Plan, effective July 1, 2022. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audits.

# Raceway Management Co. Inc. 401(k) Plan

---

Notes to Financial Statements

June 30, 2022 and December 31, 2021

## 1. Description of the Plan

The following description of the Raceway Management Co. Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### General/Plan Merger

The Plan was a defined contribution plan covering substantially all employees of Raceway Management Co., Inc. and Raceway Management NY, Inc. (the Companies) except for employees who were covered under a collective bargaining agreement, leased employees, nonresident aliens and residents of Puerto Rico. Employees who completed one year of service and attained age 21 were eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator was responsible for oversight of the Plan and determined the appropriateness of the Plan's investments offerings and monitored investment performance.

Effective July 1, 2022, the Plan merged with and into the Liberty Truck Center & Tafton Fuel Stop 401(k) Plan.

### Contributions

Each year, participants could contribute up to 90% of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants could designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Companies contributed 100% of the first 4% of base compensation that a participant contributed to the Plan. Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

### Participant Accounts

Each participant's account was credited with the participant's contributions and the Companies' matching contribution, as well as allocations of the Plan's earnings. Participants were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's account.

### Vesting

Participants were vested immediately in their contributions and the Companies' contributions plus actual earnings thereon.

### Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account and bore interest at the prime rate plus 2% and were 5.25% at June 30, 2022. Principal and interest was paid ratably through weekly and bi-weekly payroll deductions. Terms ranged from one to five years or greater for the purchase of a primary residence.

### **Payment of Benefits**

On termination of service due to death, disability, retirement or other reasons, a participant could receive a lump-sum distribution equal to the value of the participant's interest in their account. In addition, the Plan allowed for hardship distributions if certain criteria were met.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan were prepared on the accrual basis of accounting.

### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determined the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net depreciation included the gains and losses on investments bought and sold as well as held during the year.

### **Notes Receivable From Participants**

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed when they were incurred. Interest income was recorded on the accrual basis. No allowance for credit losses was recorded as of June 30, 2022 and December 31, 2021.

### **Expenses**

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Companies. Expenses that were paid by the Companies were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net depreciation of fair value of investments.

### **Payment of Benefits**

Benefits were recorded when paid.

### **Subsequent Events**

The Plan evaluated subsequent events for recognition or disclosure through April 10, 2023, the date the financial statements were available to be issued.

### 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,677,172	\$ -	\$ -	\$ 1,677,172

### 4. Administration of Plan Assets

The Plan's assets were administered under a contract with Reliance Trust Company, the trustee of the Plan. The trustee invested funds received from contributions, investment sales, interest and dividend income and made distribution payments to participants.

### **5. Related-Party and Party In Interest Transactions**

Certain of the Plan's investments were managed by the trustee, and therefore, these transactions qualified as party in interest transactions. Fees incurred by the Plan for the investment manager services were included in net depreciation in the fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party in interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Companies. No such officer or employee received compensation from the Plan.

### **6. Tax Status**

The Plan adopted a nonstandardized pre-approved profit sharing/money purchase plan with cash or deferred arrangement provision, prepared by ADP, LLC. The volume submitter plan received an advisory letter dated October 6, 2020 that the Plan, and related trust were designed in accordance with the applicable sections of the IRC. The plan administrator believed that the Plan was designed and was operated in compliance with the applicable requirements of the IRC, and therefore, believed that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America required management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods audited.

### **7. Risks and Uncertainties**

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021, the Plan had investments of \$1,089,554 that were concentrated in four funds.

### **8. Information Certified by Trustee**

The plan administrator had elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Reliance Trust Company, the trustee of the Plan, had certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of June 30, 2022 and December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2022 to June 30, 2022.
