INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
St. Joseph's Villa 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of the St. Joseph's Villa 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from the qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2022 and Schedule H, Line 4a – Schedule of Delinquent Contributions for the year ended June 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures,

2022 Supplemental Schedules Required by ERISA, Continued

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the St. Joseph's Villa 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the St. Joseph's Villa 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all eligible employees of St. Joseph's Villa (the "Organization"). Employees are eligible to participate upon hire and become eligible to receive employer matching contributions after completing one year of service, during which they have completed at least 1,000 hours of service and attaining age 21. Employees begin receiving matching contributions on the first of the quarter following the date they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan provides for participant contributions of pre-tax annual compensation, as defined in the Plan. The Organization provides a discretionary contribution based on the participant's compensation. The Organization matches 100% of participant contributions, subject to a limit of 5% of the participant's compensation. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options: Participants may direct the custodians of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan.

Vesting: Participants are immediately vested in their contributions and the Organization's contributions, plus actual earnings thereon.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Notes Receivable from Participants: Participants may borrow from their Plan accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates as determined by the Variable Annuity Life Insurance Organization ("VALIC") and the American United Life Insurance Organization ("AUL"). Principal and interest on loans from VALIC are paid directly to VALIC by the participant. Principal and interest on loans from AUL are paid ratably through payroll deductions and remitted to AUL by the Organization. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Plan Administration: Overall responsibility for administering the Plan rests with the Organization. Participants' accounts are administered by either VALIC or AUL, the custodians. Three Organization employees serve as the trustees and are not compensated for these services.

Excess Contribution Liability: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits: Distribution of the portion of a participant's account will occur upon the participant's termination of service, death, disability, retirement, or hardship withdrawal, as defined in the Plan. Participants are entitled to receive a lump-sum, installment or annuity payments in amounts equal to the value of their account.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes the plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, Continued:

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through April 7, 2023, the date the financial statements were available to be issued, and has determined that there are no subsequent events to be reported in the accompanying financial statements.

3. Stable Value Fund:

The stable value fund (the "Fund") is sponsored by AUL. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's NAV, which is based on the market value of its underlying investments. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

3. Stable Value Fund, Continued:

Restrictions on the Plan

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to competing funds with a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any transfer of assets from the Fund directly into a competing investment option without meeting the equity wash provisions.
- Plan Sponsor withdrawals without the appropriate notice to the Fund and/or issuer.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merger with another plan.
- Implementation of an early retirement program.

Circumstances that Impact the Fund

The Fund invest in assets, typically fixed income securities or bond funds, and enters into "wrapper" contracts issued by third parties. A wrapper contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrapper contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrapper contract, the wrapper issuer agrees to pay the difference between the contract value and the market value of the underlying assets if the market value falls below the contract value.

The wrapper contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrapper issuer.
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow.
- Employer-initiated transactions by participant plans as described above.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

3. Stable Value Fund, Continued:

In the event that wrapper contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets decline. The Fund's ability to receive amounts due pursuant to these wrapper contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrapper issuer's ability to meet its contractual obligations under the wrapper contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrapper contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrapper contract following termination of a wrapper contract. Wrapper contracts are not transferable and have no trading market. There are a limited number of wrapper issuers. The Fund may lose the benefit of a wrapper contract on any portion of its assets in default in excess of a certain percentage of portfolio assets.

4. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed income annuity contracts: Unit value calculated based on the net assets or observable NAV of the underlying pool of securities or investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

4. Fair Value Measurements, Continued:

Stable value fund: Valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of the Plan's year-end date:

		Investments at Fair Value as of June 30, 2022	
		Level 1	Total
Investments:

4. Fair Value Measurements, Continued:

*In accordance with ASU 2015-07, certain investments that were measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of June 30, 2022 and 2021:

As of June 30, 2022				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	<u>\$ 199,511</u>	N/A	Daily	None

As of June 30, 2021				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	<u>\$ 133,814</u>	N/A	Daily	None

5. Related-Party Transactions:

The Plan invests in funds managed by the custodians. These are related-party transactions and are identified as a parties-in-interest in the accompanying schedule of assets held at end of year. The Plan paid administrative expenses to the custodians totaling \$1,363 during 2022 and \$889 during 2021.

6. Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

7. Tax Status:

The IRS does not currently intend to establish a determination letter program for individually designed 403(b) plans. Therefore, the Plan has not received a determination letter from the IRS stating that the Plan is qualified under Section 403(b) of the Internal Revenue Code ("IRC"). The Plan administrator believes the plan is designed and operated in accordance with IRC Section 403(b) and ERISA.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

7. Tax Status, Continued:

Management has evaluated the effect of FASB guidance surrounding uncertain income tax positions and concluded that the Plan has no significant financial statement exposure to uncertain income tax positions at June 30, 2022 and 2021. The Plan is not currently under audit by any tax jurisdiction.

8. Risk and Uncertainties:

Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

9. Financial Information Certified by the Custodians:

AUL and VALIC, the custodians of the Plan, have certified that the following information is complete and accurate:

- Investments, at fair value
- Investment income (loss)
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest income on notes receivable from participants

10. Prohibited Transactions:

During the plan year ended June 30, 2022, the Company failed to remit contributions to the Plan timely on one occasion, as reflected in the accompanying schedule of delinquent participant contributions. The Company has remitted the employee contributions during 2022 and is assessing the appropriate payments of any lost earnings related to these events. Management has determined the contributions receivable associated with the delinquent participant contributions amounts allocated for lost earnings on investments are immaterial, both individually and in the aggregate, to the financial statements as a whole, and therefore are not included on the accompanying statement of net assets available for benefits as of June 30, 2022.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
