Independent Auditors' Report

To the Finance Committee of
Columbia Lutheran Charities, dba Columbia Memorial Hospital

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of the Columbia Memorial Hospital 403(b) Tax-Deferred Annuity (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management of the Plan (Management), having determined that it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further as described in Note 4 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02). The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S.) (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit the Plan's financial statements in accordance with auditing standards generally accepted in the U.S. and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of content, as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to, and we do not, express an opinion on this supplemental schedule.

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2020 financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by FAB 2009-02. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. GAAP requires that these accounts and the related income and distributions be included in the 2020 financial statements.

In our report dated September 27, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Columbia Memorial Hospital 403(b) Tax-Deferred Annuity

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Description of the Plan

The following description of the Columbia Memorial Hospital 403(b) Tax-Deferred Annuity (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Columbia Lutheran Charities, dba Columbia Memorial Hospital (the Hospital). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by a committee designated by the Hospital's Board of Trustees. Delaware Charter Guarantee and Trust Company, dba Principal Trust Company, and Principal Life Insurance Company (Principal Life) – which are affiliates – are the custodians of the Plan (collectively, "the Custodians"). In addition, certain of the Plan's investments are held in annuity contracts and custodial accounts with other entities (see Note 4). Principal Life also performs recordkeeping services for the Plan. Participants may direct their contributions and account balances into various investment options offered by the Plan.

Eligibility

Substantially all employees of the Hospital are eligible to participate in the Plan.

Contributions

The Plan includes a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contributions. Participants may elect to defer a percentage of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year and/or who have completed 15 or more years of service are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5%, and such contributions are invested in an age-based target date retirement fund until changed by the participant. The 5% rate automatically increases annually by 1% as of the first payroll period of each Plan year – up to a maximum of 10% – unless the employee affirmatively elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

Hospital contributions to the Plan are not permitted. However, under provisions of the Columbia Memorial Hospital TSA/Thrift Plan (the TSA Plan) – a separate defined contribution plan established by the Hospital – the Hospital is required to make certain matching contributions to the TSA Plan based upon eligible participants' salary deferrals to the Plan.

Participant accounts

Each participant's account is credited (charged) with (a) the participant's contributions, (b) allocations of the Plan's net earnings (losses), and (c) an allocation of administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in all contributions to the Plan and allocations of the Plan's earnings (losses).

Columbia Memorial Hospital 403(b) Tax-Deferred Annuity

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

Notes receivable from participants

Participants who meet certain requirements of the Plan may elect to borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the total of their account balance or \$50,000, reduced by the highest outstanding note receivable balance in the preceding one-year period. Notes receivable from participants are secured by the balances in the respective participants' accounts. Terms of notes receivable from participants are generally repayable over a maximum of five years and may be extended to a period greater than five years, subject to the limitations of the IRC, if the loan is used to purchase a principal residence. The notes receivable from participants bear interest at fixed rates commensurate with local prevailing rates as determined by the plan administrator. Interest rates on notes receivable from participants outstanding as of December 31, 2021 ranged from 4.25% to 6.50%.

Benefits

Upon retirement, death, disability, or other separation of service, participants (or their beneficiaries) may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account, substantially equal installment payments over a period of five years, a single life or joint and survivor annuity, a period certain and life annuity, or a joint and survivor annuity with period certain, all as described in the Plan document, subject to the provisions of the IRC and applicable state laws. Upon separation of service, if a participant's account balance is \$1,000 or less (\$5,000 or less for beneficiaries or alternate payees), and the participant does not elect to receive a distribution, the Hospital may direct the Plan to automatically distribute the participant's account balance in a lump-sum. In addition, upon reaching age 59½, participants may make in-service withdrawals of part or all of their elective contributions, including the related earnings (losses).

Hardship withdrawals

Participants who are still employed by the Hospital are permitted to take withdrawals from their accounts under certain financial hardship conditions, as described in the Plan document.

Administrative expenses

At the Hospital's discretion, administrative expenses of the Plan may be paid directly by the Hospital; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Hospital are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are offset against net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S.) (GAAP) requires management of the Plan (Management) to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Columbia Memorial Hospital 403(b) Tax-Deferred Annuity

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

Investment valuation

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Custodians. See Note 6 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment income recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 12, 2022, which is the date that the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by Management and agreed to or derived from information certified as complete and accurate by the Custodians.

4. Excluded Custodial Accounts

The accompanying financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The plan administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of ERISA in accordance with the transition relief provided by DOL Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements*

Columbia Memorial Hospital 403(b) Tax-Deferred Annuity

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

for 403(b) Plans. Presentation of this information is required by GAAP. The effects of this departure from GAAP are not reasonably determinable.

5. Fully Benefit-Responsive Investment Contract

The Plan's guaranteed investment contract is invested in the Principal Life Group Annuity Contract - Custodial Guaranteed Interest Contract (the Contract), which is a fully benefit-responsive investment contract. Principal Life maintains the related contributions in its general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal Life is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the Contract, plus interest, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The crediting interest rate is initially based on an average of certain U.S. Treasury interest rates, subsequently adjusted based on a formula determined by Principal Life as agreed upon in the contract between Principal Life and the Plan. The crediting interest rate may not be less than 1%. Such interest rates are reviewed by Principal Life on a semi-annual basis for resetting. The crediting rate of the Contract is intended to reflect current market yields on a trailing basis.

There are no reserves against the contract value for credit risk associated with Principal Life or the underlying investments. However, the Plan's ability to receive amounts due is dependent on Principal Life's ability to meet its financial obligations. Principal Life's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Principal Life. Such events include additions by the Plan of competing investment options, a complete or partial plan termination, or events that cause a significant withdrawal from the Contract. If the Plan were to request a liquidation of the Contract, a market value adjustment may apply. Management does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

6. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

- Level 1: Fair value of the asset or liability is determined using unadjusted quoted prices in active markets (that the Plan has the ability to access) for identical assets or liabilities;
- Level 2: Fair value of the asset or liability is determined using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and
- Level 3: Fair value of the asset or liability is determined using unobservable inputs that are significant to the fair value measurement and reflect the Plan's own assumptions regarding the applicable asset or liability.

Columbia Memorial Hospital

403(b) Tax-Deferred Annuity

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Mutual Funds – The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Deferred income annuities – The Plan holds an investment in the Principal Pension Builder (the Pension Builder), which is an investment option that allows participants to purchase deferred income annuities issued by Principal Life. Participants may transfer investments in the Pension Builder to other investment options within the Plan. Transactions that occur prior to the commencement of guaranteed income payments are realized at the lower of contract value (or return of premium) or an adjusted contract value that takes into account the current rates of interest available in the marketplace as well as mortality factors. The fair value of the annuities is the value paid when funds are withdrawn prior to the income start date.

The methods above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Management believes that the valuation methods used by the Plan are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements as of the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total
2021				
Mutual funds	\$ 39,984,399	\$ -	\$ -	\$ 39,984,399
Deferred income annuities	-	-	52,435	52,435
Total investments at fair value	<u>\$ 39,984,399</u>	<u>\$ -</u>	<u>\$ 52,435</u>	<u>\$ 40,036,834</u>
2020				
Mutual funds	\$ 33,651,962	\$ -	\$ -	\$ 33,651,962
Deferred income annuities	-	-	49,677	49,677
Total investments at fair value	<u>\$ 33,651,962</u>	<u>\$ -</u>	<u>\$ 49,677</u>	<u>\$ 33,701,639</u>

The Plan's investment in the guaranteed investment contract provides for daily redemption at the prior day's ending NAV, with no advance notification requirements. Under certain circumstances, as disclosed in Note 5, redemption restrictions may apply.

7. Related Party Transactions

Certain of the Plan's investments are invested in mutual funds offered by Principal Funds, Inc. (an affiliate of the Custodians) and in the Contract and Pension Builder with Principal Life. Therefore, transactions involving these investments qualify as party-in-interest.

The Hospital is the sponsor of the Plan and paid certain administrative expenses of the Plan during the years ended December 31, 2021 and 2020. In addition, the plan administrator is a participant in the Plan.

Columbia Memorial Hospital 403(b) Tax-Deferred Annuity

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

The Custodians provide certain administrative services to the Plan and receive revenue from investments held by the Plan for the services that the Custodians provide. This revenue is used to offset certain amounts owed to the Custodians for their administrative services to the Plan. The Plan or the Hospital may make a payment to the Custodians for administrative services not covered by revenue sharing.

8. Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain fully vested in their accounts.

9. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC in order to maintain the tax-exempt status for Plan participants under Section 403(b).

GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule.

On March 11, 2020, the World Health Organization recognized COVID-19 as a global pandemic which adversely affected economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have continued to fluctuate significantly. As the pandemic continues to progress, Management is closely monitoring the effects of COVID-19, if any, on the Plan.

11. Reconciliation of Financial Statements to the Form 5500

The following are reconciliations of net assets available for benefits and total interest income on notes receivable from participants according to the financial statements to the Form 5500 as of and for the years ended December 31, 2021 and 2020:
