INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator
Miami Valley School DC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We were engaged to perform an audit of the financial statements of Miami Valley School DC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2022 Financial Statements

We do not express an opinion on the accompanying financial statements of Miami Valley School DC Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2022 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2022 Financial Statements.

Basis for Disclaimer of Opinion on the 2022 Financial Statements

Miami Valley School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Miami Valley School DC Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying 2022 Financial Statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Miami Valley School DC Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Our responsibility is to conduct an audit of Miami Valley School DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2022 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2022 Financial Statements.

We are required to be independent of Miami Valley School DC Retirement Plan, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year as of June 30, 2022) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer for Opinion on the 2022 Financial Statements section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 Financial Statements of Miami Valley School DC Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, Miami Valley School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Miami Valley School DC Retirement Plan has excluded from the 2021 Financial Statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2021 Financial Statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2021 Financial Statements.

In our report dated April 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 Financial Statements, and (b) the form and content of the information included in the 2021 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN:

The following description of the Miami Valley School DC Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution pension plan which covers all employees of Educational Resources, Inc. dba The Miami Valley School (the "Sponsor") except non-resident aliens and enrolled student employees. Participants may enter the Plan upon hire. Participants who have 1,000 hours of service and are age 21 or older are eligible for Sponsor matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2021, the Plan Sponsor amended the Plan provisions from a calendar year end to a June 30 year end in order to more closely align with the Plan Sponsor's operational cycle.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have 15 years of service are also eligible to make Qualified Organization catch-up contributions. Participants are also permitted to deposit into the Plan distributions from other qualified plans. The Sponsor makes matching contributions equal to 100% of the first 5% of eligible compensation that a participant contributes to the Plan. Prior to January 1, 2021, matching contributions were remitted on a pay period basis. Effective January 1, 2021, matching contributions were calculated and remitted subsequent to the end of the plan year. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and Sponsor matching contributions, as well as the allocation of Plan earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is also immediately 100% vested in all Sponsor contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment, partial payments, installment payments or a single life annuity payment. For termination of service for other reasons, a participant may receive a lump sum distribution. Participants may also make withdrawals of vested account balances prior to termination, upon attainment of age 59 1/2, or in the event of financial hardship, as defined by the Plan.

Loans collateralized by participant accounts

Participants may obtain loans from TIAA in amounts ranging from \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan proceeds are disbursed by TIAA and loans are collateralized by a portion of the participant's account balance. Upon the execution of a loan agreement, a portion of the participant's account balance equal to the unpaid loan is transferred into the unallocated insurance contract offered by TIAA. Loan repayments are made by the participants directly to TIAA. As loan payments are received by TIAA, a portion of the funds held as collateral are released. Defaults are determined in accordance with the terms of the Plan loan agreements between TIAA and the participant. Upon default, the Plan loan becomes taxable to the participant; however, the collateral

remains in the participant's account until the participant reaches a distributable event such as retirement or termination.

Plan loans outstanding at June 30, 2022 and 2021 were \$43,123 and \$118,828, respectively. As these loans are between TIAA and the participant, they do not appear on the statements of net assets available for benefits.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at a rate commensurate with local prevailing rates as determined by the administrator. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through April 14, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, the Plan's custodian, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2022 and 2021, and the supplemental schedule of assets (held at end of year) as of June 30, 2022; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended June 30, 2022.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: The TIAA Real Estate Pooled Separate Account is valued at the net asset value per accumulation unit of the investment. The underlying real estate holdings or other real estate related investments are value principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Unallocated insurance contracts: The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product that is fully and unconditionally guaranteed by TIAA, an insurance company. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA. A portion of the unallocated insurance contracts have surrender charges and other restrictions on withdrawals and are therefore, not considered to be fully benefit-responsive. The remaining portion of the unallocated insurance contracts do not have restrictions on withdrawals and are considered fully benefit-responsive. Unallocated insurance contracts considered to be fully benefit-responsive are presented at contract value, while unallocated insurance contracts that do not qualify as fully benefit-responsive are presented at fair value. Fair value is determined using a discounted cashflow analysis using projected future crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021.

Assets at Fair Value at June 30, 2022					
Description	Level 1	Level 2	Level 3	Assets at NAV	Total
Registered investment companies \$	12,718,554	-	-	-	12,718,554

Pooled separate account	-	-	-	1,060,611	1,060,611
Total	\$ 12,718,554	-	4,757,109	1,060,611	18,536,274

Assets at Fair Value at June 30, 2021					
Description	Level 1	Level 2	Level 3	Assets at NAV	Total
Registered investment companies \$	16,919,594	-	-	-	16,919,594
Unallocated insurance contracts	-	-	4,851,246	-	4,851,246

Total	\$ 16,919,594	-	4,851,246	955,932	22,726,772

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2022 and 2021.

<u>June 30, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate account	\$ 1,060,611	None	Limited to one per quarter	None

<u>June 30, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate account	\$ 955,932	None	Limited to one per quarter	None

The pooled separate account held by the Plan is a direct filing entity ("DFE"). The Plan is not required to disclose the investment strategies of DFEs that file a Form 5500 annual report directly with the U.S. Department of Labor.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits.

During 2022, the Plan purchased \$179,886 (including reinvested earnings) and sold \$274,023 of the unallocated insurance contracts.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range</u>
<u>June 30, 2022</u>				
Unallocated insurance contracts	\$ 4,757,109	Discounted cash flow	Discount rate	2.00%-3.90%
<u>June 30, 2021</u>				
Unallocated insurance contracts	\$ 4,851,246	Discounted cash flow	Discount rate	2.50%-4.25%

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS:

Certain funds invested in the TIAA Traditional Annuity totaling \$357,943 and \$433,235 at June 30, 2022 and 2021, respectively, are considered fully benefit-responsive.

TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan. The guaranteed investment contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all of a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's abilities to meet their financial obligations. The issuer's abilities to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition or competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without consent of the issuer.

6. TAX STATUS:

The Plan has not been submitted to the Internal Revenue Service for a determination of its compliance with the Internal Revenue Code. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. RELATED PARTY TRANSACTIONS:

All plan investments are managed by TIAA. TIAA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. The Sponsor pays directly any other fees related to the Plan's operations.

9. RISKS AND UNCERTAINTIES:

The Plan investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. COMPLETENESS OF RECORDS:

The Plan has been in operation since 1969. As a result of regulatory changes, the Plan became subject to the requirement to file a full Form 5500 beginning in 2009 and to have an annual audit of its financial statements beginning in 2016. Due to the extensive length of time from the beginning of Plan operations until the requirement to file a full Form 5500, the Sponsor is unable to determine whether sufficient records were maintained to verify the completeness of the annuity and custodial accounts issued prior to January 1, 2009. Accordingly, the Plan elected to omit any unidentified contracts from financial activity of the Plan in its Form 5500 filings in accordance with the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements of 403(b) Plans*. However, accounting principles generally accepted in the United States of America require that all accounts and the related income and distributions be included in the accompanying financial statements. The 2022 financial statements and Form 5500 include all annuity and custodial accounts of which the Sponsor is aware. However, due to the inability to verify the completeness of the annuity and custodial accounts, the Sponsor is unable to determine the impact of this omission, if any, on the Plan's financial statements.

11. CONTINGENCY:

The Plan Sponsor has identified several instances in which the Plan was not operated in a manner consistent with the Plan Document, including determining eligibility for participation and the calculation of employer contributions. The Sponsor is utilizing the Voluntary Fiduciary Correction Program ("VFCP") provided by the U.S. Department of Labor Employee Benefits Security Administration to report and correct the identified operational errors. The Plan has accrued a \$52,339 and \$90,000 corrective contribution receivable at June 30, 2022 and 2021, respectively, from the Sponsor representing the estimated amount required to compensate for missed employee deferrals, related Sponsor matching contributions, and lost earnings on those contributions. In November 2021, the Internal Revenue Service approved the correction methods outlined in the Plan Sponsor's VFCP submission. The Plan Sponsor has sent communications to all affected participants. For those who have been located and responded to those communications, corrective contributions and lost earnings payments have been submitted. The Plan Sponsor is continuing its efforts to provide the necessary corrective contributions to a certain number of participants who have not responded to communications or cannot be located.
