We have performed an audit of the accompanying financial statements of St. Mark's School Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 St. Mark's School Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 Financial Statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of St. Mark's School Retirement Savings Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Mark's School Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of St. Mark's School Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Mark's School Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of St. Mark's School Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

ST. MARK'S SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2022

Note 1 - Description of the Plan

The following brief description of the St. Mark's School Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established on November 1, 1927, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of St. Mark's School of Southborough, Inc. (the School), except student employees and employees who normally work less than twenty hours a week, are eligible to participate in the Plan on the first day of employment with the School. The School is the plan sponsor and the plan administrator. Charles Schwab Trust Bank ("Charles Schwab"), TIAA, FSB ("TIAA") and Fidelity Management Trust Company ("Fidelity") are the custodians of the Plan. Wells Fargo Bank, N.A. ("Wells Fargo") was a custodian until November 20, 2020, at which time there was a change in custodians to Charles Schwab. USI Consulting Group, TIAA and CREF are the third-party administrators who maintain individual participant account records and advise the Plan on other matters related to the operations of the Plan.

Contributions - Participants may elect to defer a portion of their eligible compensation as contributions to the Plan up to the maximum permitted by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified plans. Each year, the School makes non-discretionary contributions to the Plan. To be eligible for the non-discretionary contributions, the employees must have completed one year of service (1,000 hours of service) and have attained the age of 18. Contributions are subject to certain limitations and eligibility requirements apply to such contributions. For the year ended June 30, 2022, the School made contributions totaling \$1,133,094. The School's non-discretionary contributions are equal to 10% to 13% of the participant's eligible compensation. The contribution percentage is based on the participant's years of service as follows.

<u>Years of Service</u>	<u>Contribution Percentage</u>
Less than or equal to 10 years	10%
Greater than 10 years but less than or equal to 15 years	11%
Greater than 15 years but less than or equal to 20 years	12%
Greater than 20 years	13%

Participant Accounts - Each participant account is credited with (a) the participant's elective deferral contributions, (b) employer non-discretionary contributions, (c) earnings, and (d) expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately fully vested in their elective deferral contributions, the School's contributions, and actual earnings thereon.

Investment Options - Upon enrollment in the Plan, and at any time during the plan year, participants may direct the investment of their elective deferral contributions, as well as the School's contributions, into various mutual funds, pooled separate accounts, variable annuity accounts, a guaranteed income fund and investment and annuity contracts offered by the Plan.

ST. MARK'S SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2022

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants - Notes receivable from participants were issued by Wells Fargo until November 20, 2020. Effective November 21, 2020, all notes receivable from participants are issued by Charles Schwab. Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Generally, notes must be repaid within five years unless being used to purchase a primary residence. Participants may have only one note outstanding at a time. No allowance for credit losses has been recorded as of June 30, 2022 and 2021.

Payment of Benefits - Upon termination of service, retirement, disability or death, participants or beneficiaries are entitled to a distribution equal to the total value of the participant's vested account. A participant or beneficiary may elect to receive the value of the vested account in a lump-sum cash payment, installments, or an annuity option that is available under the applicable funding vehicle. Annuities are purchased through TIAA and CREF. Such annuities are fully guaranteed by TIAA and CREF and therefore, excluded from plan assets. Terminated participant account balances less than \$5,000 can be automatically distributed by the plan administrator without the participant's consent if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly.

Participants may withdraw from their deferral accounts upon certain hardship situations defined in the Plan. Participants may withdraw from all vested accounts upon attainment of age 59-1/2. Participants are limited to two in-service withdrawals in a plan year.

Plan Amendment and Termination - The Plan may be amended at any time by the Board of Directors, provided that no such amendment may deprive participants of their vested benefits. Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will remain 100% vested in their accounts.

Administrative Expenses - Generally, the Plan Sponsor pays administrative expenses relating to the Plan except for management fees and operating expenses which are borne by the participants. Administrative expenses paid by participants amounted to \$24,095 for the year ended June 30, 2022.

Management fees and certain operating expenses charged to the Plan for investments are deducted from income earned daily and are not separately reflected. Accordingly, management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of investments. Management fees and operating expenses amounted to \$66,122 for the year ended June 30, 2022. Certain operating expenses, participant distribution fees, participant loan fees, and investment and recordkeeping fees, are separately reflected and paid by the participants directly.

Unallocated Account - The Plan receives plan expense reimbursement credit from USI each year in which the fund is included in an unallocated account. At June 30, 2022 and 2021, the Plan had unallocated amounts of \$52,592 and \$18,526, respectively. These funds can be used to reduce plan expenses related to the administration of the Plan or to reduce future employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value in these financial statements, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is measured in accordance with U.S. generally accepted accounting principles as more fully described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has fully benefit responsive and non-benefit responsive investment contracts with TIAA. Non-benefit responsive contracts are recorded at fair value due to the restrictions on withdrawals from the contract.

Fully benefit responsive contracts held by a defined-contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Unit Values - Individual participant accounts for the pooled separate account are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust but do have an interest therein represented by units which are valued daily. The trust earns interest which is automatically reinvested in additional units. Generally, contributions to and withdrawals from the trust are converted to units by dividing the amount of such transactions by the unit values as last determined and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions in accordance with the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The date to which events occurring after June 30, 2022 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, at fair value, fully benefit responsive investment contracts, at contract value, and cash at June 30, 2022 and 2021, and realized and unrealized depreciation in fair value of investments and interest and dividend income for the year ended June 30, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank and Fidelity Management Trust Company (the custodians of the Plan), and TIAA and CREF (the insurance carriers).

Note 4 - Fair Value Measurements

Fair value is defined under U.S. generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan is required to maximize the use of observable inputs, minimize the use of unobservable inputs, and disclose in the form of an outlined hierarchy the details of such fair value measurements. The hierarchy of valuation techniques is based on whether the inputs to fair value measurements are considered to be observable or unobservable in a marketplace. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The hierarchy requires the use of observable market data when available. These inputs have created the following fair value hierarchy:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

Following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

Note 4 - Fair Value Measurements (Continued)

Variable Annuity Accounts

The eight CREF investment options are registered investment companies which invest principally in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. The fair values of accumulation units held by the Plan in CREF variable annuity contracts are based on each account's daily Net Asset Value ("NAV") as reported on NASDAQ or on the issuers' website. Investments in CREF variable annuities are classified within Level 1 of the valuation hierarchy. There is a lock up period of 90 days if a purchase, sale and repurchase within that account is made within a 60-day period, other than for the CREF money market account.

Pooled Separate Account

The participants units held in pooled separate account, TIAA Real Estate, are based on their net asset values, as reported on NASDAQ. The value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Investments in TIAA Real Estate are classified within level 1 of the valuation hierarchy. Transfers out of the TIAA Real Estate account are limited to one per calendar quarter.

Investment and Annuity Contracts

The TIAA Traditional Annuity - Non-Benefit Responsive is a fixed annuity contract fully and unconditionally guaranteed by TIAA. This Traditional Annuity is offered through a Retirement Annuities (RA) contract and is a non-benefit responsive contract reported at fair value which approximates contract value according to TIAA. Investments in the TIAA Traditional Annuity - Non-Benefit Responsive are classified within Level 3 of the valuation hierarchy.

The following tables present the financial instruments carried at fair value, by caption on the Statements of Net Assets Available for Benefits and by the valuation hierarchy (as previously described) as of June 30, 2022 and 2021:

Note 5 - Fully Benefit Responsive Investment Contracts

The Plan has investments in the TIAA Traditional Supplemental Retirement Annuities ("SRA") and Group Supplemental Retirement Annuity ("GSRA") which are fully benefit responsive investment contracts. These investments are guaranteed annuity accounts backed by the claims-paying ability of TIAA. They guarantee the principal and contractually specified minimum interest rate, plus the opportunity for additional amounts in excess of the guaranteed rate. The additional amounts are declared on a year-by-year basis by the TIAA Board of Trustees. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on the net investment earnings rate of certain TIAA assets, accounting for targets for expenses, risks, and contract liquidity. Such interest rates are reviewed monthly for funds deposited during the year and then set at year end for each vintage. Certain conditions may limit the ability of the Plan to transact at contract value with TIAA. Such circumstances include but are not limited to market value adjustments, surrender charges, plan termination, plan merger and certain other employer-initiated events. The Plan administrator does not believe that the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is probable. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Because the SRA and GSRA contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest rate is 3% for the Plan years ended June 30, 2022 and 2021. Investment in TIAA Traditional fully benefit responsive investment contracts amounted to \$1,160,811 and \$1,172,463 at June 30, 2022 and 2021, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 6 - Guaranteed Income Fund

The Plan has a benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). Amounts contributed to this contract are deposited in PRIAC's general account. Payment obligations and the fulfillment of any guaranteed specific in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC. This guaranteed income fund is considered an evergreen group annuity contract with no maturity date. There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value. There are no reserve against contract value for credit risk of the contract issuer or otherwise. The value of the guaranteed income fund at June 30, 2022 and 2021 was \$307,535 and \$560,235, respectively.

Note 7 - Related Party Transaction

Certain plan investments including mutual funds, a pooled separate account, variable annuity accounts, investment and annuity contracts and a guaranteed income fund are managed by Charles Schwab Trust Bank, TIAA Trust Company and Fidelity Management Trust Company, the custodians of the Plan, and TIAA and CREF, insurance carriers and record-keeper. Accordingly, certain transactions qualify as party-in-interest transactions. During the plan year ended June 30, 2022, fees from notes receivable from participants, maintenance fees, and other administrative expenses totaling \$24,095 were charged to participant accounts and paid to the Plan's custodians. Investment management services and record keeping fees of \$66,122 have been paid to TIAA and CREF and recorded as a reduction of net appreciation in fair value of investments. Notes receivable from participants also qualify as party-in-interest transactions. The plan sponsor elects to pay certain other administrative expenses.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Notes Receivable from Participants

As of June 30, 2022 and 2021, notes receivable from participants bear interest at rates ranging from 4.25% to 6.50%, with maturity dates ranging through July 2026.

NOTES TO FINANCIAL STATEMENTS

Note 10 - Tax Status

During 2019, the Plan was restated to utilize an ERISA 403(b) Volume Submitter Plan document. The volume submitter plan being utilized obtained its latest determination letter on March 31, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Since that date, the Plan has been amended and restated. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified as of the financial statement date. Therefore, no provision for income tax has been included in the Plan's financial statements.

In determining the recognition of uncertain tax positions, the Plan applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of June 30, 2022, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the prior three years. There are currently no audits for any tax periods in progress.
