Independent Auditor's Report

To the Plan Administrator
403(b) Thrift Plan for Employees of The Arc Eastern Connecticut, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of 403(b) Thrift Plan for Employees of The Arc Eastern Connecticut, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 26, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following description of the 403(b) Thrift Plan for Employees of The Arc Eastern Connecticut, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution retirement plan established under Internal Revenue Code (the "Code") Section 403(b) covering all eligible employees of The Arc Eastern Connecticut, Inc. (the "Organization"). Nonresident aliens and employees eligible to make salary deferral contributions to another plan are excluded from participating in the Plan. Eligible employees may begin to make salary deferral contributions to the Plan on the first day of the month immediately following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Executive Team, in consultation with the Finance Committee and the Board of Directors, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined in the Plan, up to Code limits. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. The Plan has also elected to allow participants to make additional special Section 403(b) catch-up contributions, as defined by the Plan, provided they have completed at least 15 years of service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and an interest accumulation account as investment options for participants.

The Organization makes matching contributions to the Plan equal to 100% of the first 2% of participant salary deferral contributions. Participants must complete a year of service (with a minimum of 1,000 hours) in order to be eligible to receive the Organization's matching contributions. Participants will begin to receive matching contributions on the first day of the month following the satisfaction of the eligibility requirements. Participants also direct the investment of the Organization's matching contributions. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the Participant's contributions and Organization matching contributions, as well as an allocation of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**403(b) Thrift Plan for Employees of
The Arc Eastern Connecticut, Inc.**

**Notes to Financial Statements
June 30, 2022**

Vesting

Participants are vested immediately in their salary deferral and any rollover contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability or normal retirement, participants shall become 100% vested in the Organization's matching contribution portion of their account. For all other participants, vesting in the Organization's matching contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3	0%
3 or more	100%

Payment of benefits

On termination of service due to death, disability or normal retirement, a participant with an account balance of \$1,000 or less will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For terminated participants with account balances greater than \$1,000, participants may elect to receive the value of the participant's vested interest in his or her account in the form of a lump-sum distribution, installments, one of the forms of annuities offered by the Plan or defer payments of benefits until a later date. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals from a participant's account may also be made in the event of termination of employment, upon reaching age 59½ and for a financial hardship, in accordance with the provisions specified in the Plan.

Forfeited accounts

At June 30, 2022 and 2021, there were \$0 and \$0, respectively, of forfeited nonvested accounts. These accounts may first be used to pay certain Plan expenses and then used to reduce employer contributions. For the year ended June 30, 2022, employer contributions were reduced by \$1,937 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Organization's Finance Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's dividends, gains and losses on investments bought and sold, as well as held during the year.

**403(b) Thrift Plan for Employees of
The Arc Eastern Connecticut, Inc.**

**Notes to Financial Statements
June 30, 2022**

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the processing of distributions and other participant related expenses, as defined, are charged directly to the participant's account and are included in administrative expenses. Indirect investment related expenses are included in the net depreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through April 13, 2023, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at June 30, 2022 and 2021, and investment income (loss) for the year ended June 30, 2022, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company, the custodian of the Plan.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

**403(b) Thrift Plan for Employees of
The Arc Eastern Connecticut, Inc.**

**Notes to Financial Statements
June 30, 2022**

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Pooled separate accounts: Valued using the accumulation unit value, which is based on the fair value of the underlying assets of the account. The accumulation unit value is deemed equivalent to net asset value ("NAV"), which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Interest accumulation account: Valued based upon the accumulated cash contributions and interest credited to the account, less withdrawals and expenses. The crediting interest rate of the investment contract is based upon the combination of a guaranteed rate and an established discretionary rate agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a monthly basis for resetting. The interest accumulation account is not considered fully benefit-responsive. Although management has no intentions of terminating the group annuity contract, which provides for the investment contract in which the Plan invests, certain provisions could impact the liquidity and the value of the contract upon termination.

Financial assets carried at fair value at June 30, 2022 and 2021 are classified in the tables below in one of the three categories described above:

	June 30, 2022			
	Level 1	Level 2	Level 3	Total
Investments included in fair value hierarchy				
Interest accumulation account	\$ -	\$ 206,150	\$ -	\$ 206,150
Investments measured at NAV (a)				2,295,829
Total investments at fair value				\$ 2,501,979

**403(b) Thrift Plan for Employees of
The Arc Eastern Connecticut, Inc.**

**Notes to Financial Statements
June 30, 2022**

	June 30, 2021			
	Level 1	Level 2	Level 3	Total
Investments included in fair value hierarchy				
Interest accumulation account	\$ -	\$ 207,215	\$ -	\$ 207,215
Investments measured at NAV (a)				2,449,756
Total investments at fair value				\$ 2,656,971

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers into or out of Level 3 assets during the year ended June 30, 2022.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of June 30, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	June 30, 2022			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	\$ 2,295,829	None	Daily	31 days

	June 30, 2021			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	\$ 2,449,756	None	Daily	31 days

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Organization's matching contributions.

Note 6 - Tax status

The Plan has been designed using a prototype non-standardized 403(b) plan document designed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company received an opinion letter dated March 31, 2017, in which the IRS stated that the prototype non-standardized 403(b) plan document satisfies the applicable requirements of the Code. Although the Plan itself has not received an IRS determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

**403(b) Thrift Plan for Employees of
The Arc Eastern Connecticut, Inc.**

**Notes to Financial Statements
June 30, 2022**

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related party transactions and party-in-interest transactions

The Plan's investments in pooled separate accounts and the interest accumulation account are managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments. Administrative expenses paid directly by the Plan to the custodian amounted to \$890 for the year ended June 30, 2022. The Organization pays directly any other fees related to the Plan's operations.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent event

Effective February 1, 2023, the Plan was amended to 1) reduce the service requirement for the employer matching contribution from 1 year to 6 months of service and remove the 1,000 hour requirement, 2) increase the employer matching contribution from an amount equal to 100% of the first 2% of participant salary deferral contributions, to an amount equal to 100% of the first 5% of participant salary deferral contributions, and 3) changed the entry date for eligible employees to begin to make salary deferral contributions to the Plan from the first day of the month following their date of hire to immediately after their date hire.
