INDEPENDENT AUDITORS' REPORT

To The Plan Administrator
Riverside Industries, Inc. 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Riverside Industries, Inc. 403(b) Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section —

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the 2022 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the 2022 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the 2022 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the 2022 financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2022 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2022 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2022 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2022 financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 27, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements

June 30, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of Riverside Industries, Inc. 403(b) Thrift Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 403(b) plan covering all employees of Riverside Industries, Inc. (“Organization” or “Employer”), except those excluded by Section 1.2 of the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

CARES and SECURE Acts

In accordance with Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions as of March 27, 2020: increased loan limits for Participants impacted by COVID-19 (\$100,000 or 50% of participant account balance) during 2020; provision for COVID-19 related withdrawals up to \$100,000 for participants impacted by COVID-19; suspension of loan repayments due between March 27, 2020 and December 30, 2020 for up to one year for participants impacted by COVID-19; no minimum distribution requirement in 2020; increased the age for required minimum distributions from 70 ½ to 72 years; and allowed for in-service withdrawals for childbirth and adoption expenses.

Contributions

Each year, participants may contribute a percentage of their includable compensation to the Plan. Participants that are age 50 or older, may elect to defer additional amounts (age-50 catch-up contribution) to the Plan. However, a participant’s total deferral in any taxable year may not exceed a dollar limit which is set by law. In addition, participants who have completed at least 15 years of service are eligible to make an additional contribution (special catch-up contribution). Participants may also contribute amounts representing distributions from other eligible plans.

Effective January 1, 2021, long-term, part-time employees who are age twenty-one or older and have completed 1,000 hours of service within a twelve-month period, are given the opportunity to participate in the employee deferral component of the Plan. Each plan year, the Board of Directors will determine the amount of matching contribution (if any) and base contribution (if any) that will be made for all eligible participants who are actively employed on the last day of the plan year. The matching contribution will be allocated to each eligible participant based on the ratio of the participant’s salary reduction contribution to the total salary reduction contribution of all participants for the plan year. Age-50 catch up contributions are not eligible for a matching contribution. The base contribution will be allocated to each eligible participant based on the ratio of the participant’s compensation to the total compensation of all participants for the plan year. The base contribution will be made whether or not the participant elects to make a contribution.

NOTE 1 – DESCRIPTION OF PLAN – (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Organization's contributions and Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

A participant may direct the Organization to invest their contributions in a variety of investment options allowed by the Plan. All investments are participant directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's matching and base contributions plus actual earnings thereon is based on years of continuous service.

The vesting schedule for the Plan is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years or more	100%

Plan Loans

The Plan allows for loans to participants from Mutual of America Life Insurance Company ("Mutual of America") to participants which are secured by the participant's vested account balance that is segregated in the participant's interest accumulation account. Participants may borrow from Mutual of America a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance to collateralize loans. The interest rates on the loans range from 4.00% to 5.00%. Principal and interest are paid directly to Mutual of America in equal periodic payments through salary reduction. The amount of Plan assets used to collateralize loans at June 30, 2022 and 2021 was \$105,100 and \$112,620 respectively.

Payment of Benefits

On termination of employment, a participant is entitled to the full value of all the participant's contributions to the Plan, all vested Organization contributions and all related earnings. There are various options available for distributions. For vested account balances under \$5,000, lump sum distributions or direct rollovers will be made. Distributions or direct rollovers of vested account balances of more than \$5,000 cannot be made before the participant's normal retirement date without the participant's written consent. In addition, during employment, a participant may withdraw all or a portion of their vested account balance, to the extent necessary, to meet a qualifying financial hardship.

NOTE 1 – DESCRIPTION OF PLAN – (CONTINUED)

Forfeitures

If a participant leaves the Organization for any reason other than retirement, disability or death, they are entitled to all their contributions, the vested portion of Organization contributions and related earnings. The nonvested portion of Organization contributions and the related earnings will be forfeited. If a terminated participant is re-employed, the forfeited account will be restored upon re-employment if the break-in-service does not exceed five years. If the terminated participant received a distribution of their vested account, the Organization will restore the forfeited portion if the participant repays to the Plan the total amount of the distribution within five years of the date of re-employment.

Each year, if there are any forfeitures, they are used to reduce future Employer contributions to the Plan. During the year ended June 30, 2022, \$1,037 forfeitures were used to reduce Employer contributions. At June 30, 2022 and 2021, unallocated nonvested accounts totaled \$11,187.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for a fully benefit responsive investment contract and the interest accumulation account, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in the fully benefit responsive investment contract and the Interest Accumulation Account are reported at contract value, which approximates fair value and is comparable to a cash equivalent. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by Mutual of America and Brighthouse Life Insurance Company ("Brighthouse"). See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes interest and dividends and the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Expenses

The Organization pays certain administrative expenses incurred in the administration of the Plan. Expenses that are paid by the Organization are excluded from the financial statements. Certain other expenses, including loan set-up fees and other transactional costs, are charged to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan monitored and evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended June 30, 2022 through April 13, 2023, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Separate Account Funds:

Unit value calculated based on the observable net asset value of the underlying investment, which consist solely of mutual funds.

NOTE 3 – FAIR VALUE MEASUREMENTS – (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30,:

	Assets at Fair Value as of	
	2022	2021
	Level 1	Level 1
Separate Account Funds	<u>\$ 5,871,018</u>	<u>\$ 6,927,795</u>

NOTE 4 – GROUP ANNUITY CONTRACT WITH BRIGHTHOUSE

The Plan has a fully benefit-responsive guaranteed investment contract with Brighthouse totaling \$48,680 and \$47,034 at June 30, 2022 and 2021, respectively. Brighthouse maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.5%. Such interest rates are viewed on a periodic basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Brighthouse, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2022 and 2021, and net depreciation in fair value of investments for the year ended June 30, 2022, was obtained by management and agreed to or derived from information certified to the plan administrator and certified as complete and accurate by Mutual of America and Brighthouse, the custodians of the Plan.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Substantially all the costs and expenses incurred in connection with the operations of the Plan are paid by the Organization. Mutual of America and Brighthouse are the custodians of the Plan's assets and manage the Plan's investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Organization has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007 - 71. The Plan is required to operate in conformity with the Code to maintain its tax-exempt status for plan participants under Section 403(b). The sponsor and Plan Administrator believe the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore believe the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To The Plan Administrator
Riverside Industries, Inc. 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Riverside Industries, Inc. 403(b) Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section —

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the 2022 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the 2022 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the 2022 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the 2022 financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2022 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2022 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2022 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2022 financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 27, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RIVERSIDE INDUSTRIES, INC. 403(b) THRIFT PLAN

Notes to the Financial Statements

June 30, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of Riverside Industries, Inc. 403(b) Thrift Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 403(b) plan covering all employees of Riverside Industries, Inc. (“Organization” or “Employer”), except those excluded by Section 1.2 of the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

CARES and SECURE Acts

In accordance with Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions as of March 27, 2020: increased loan limits for Participants impacted by COVID-19 (\$100,000 or 50% of participant account balance) during 2020; provision for COVID-19 related withdrawals up to \$100,000 for participants impacted by COVID-19; suspension of loan repayments due between March 27, 2020 and December 30, 2020 for up to one year for participants impacted by COVID-19; no minimum distribution requirement in 2020; increased the age for required minimum distributions from 70 ½ to 72 years; and allowed for in-service withdrawals for childbirth and adoption expenses.

Contributions

Each year, participants may contribute a percentage of their includable compensation to the Plan. Participants that are age 50 or older, may elect to defer additional amounts (age-50 catch-up contribution) to the Plan. However, a participant’s total deferral in any taxable year may not exceed a dollar limit which is set by law. In addition, participants who have completed at least 15 years of service are eligible to make an additional contribution (special catch-up contribution). Participants may also contribute amounts representing distributions from other eligible plans.

Effective January 1, 2021, long-term, part-time employees who are age twenty-one or older and have completed 1,000 hours of service within a twelve-month period, are given the opportunity to participate in the employee deferral component of the Plan. Each plan year, the Board of Directors will determine the amount of matching contribution (if any) and base contribution (if any) that will be made for all eligible participants who are actively employed on the last day of the plan year. The matching contribution will be allocated to each eligible participant based on the ratio of the participant’s salary reduction contribution to the total salary reduction contribution of all participants for the plan year. Age-50 catch up contributions are not eligible for a matching contribution. The base contribution will be allocated to each eligible participant based on the ratio of the participant’s compensation to the total compensation of all participants for the plan year. The base contribution will be made whether or not the participant elects to make a contribution.

NOTE 1 – DESCRIPTION OF PLAN – (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Organization's contributions and Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

A participant may direct the Organization to invest their contributions in a variety of investment options allowed by the Plan. All investments are participant directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's matching and base contributions plus actual earnings thereon is based on years of continuous service.

The vesting schedule for the Plan is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years or more	100%

Plan Loans

The Plan allows for loans to participants from Mutual of America Life Insurance Company ("Mutual of America") to participants which are secured by the participant's vested account balance that is segregated in the participant's interest accumulation account. Participants may borrow from Mutual of America a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance to collateralize loans. The interest rates on the loans range from 4.00% to 5.00%. Principal and interest are paid directly to Mutual of America in equal periodic payments through salary reduction. The amount of Plan assets used to collateralize loans at June 30, 2022 and 2021 was \$105,100 and \$112,620 respectively.

Payment of Benefits

On termination of employment, a participant is entitled to the full value of all the participant's contributions to the Plan, all vested Organization contributions and all related earnings. There are various options available for distributions. For vested account balances under \$5,000, lump sum distributions or direct rollovers will be made. Distributions or direct rollovers of vested account balances of more than \$5,000 cannot be made before the participant's normal retirement date without the participant's written consent. In addition, during employment, a participant may withdraw all or a portion of their vested account balance, to the extent necessary, to meet a qualifying financial hardship.

NOTE 1 – DESCRIPTION OF PLAN – (CONTINUED)

Forfeitures

If a participant leaves the Organization for any reason other than retirement, disability or death, they are entitled to all their contributions, the vested portion of Organization contributions and related earnings. The nonvested portion of Organization contributions and the related earnings will be forfeited. If a terminated participant is re-employed, the forfeited account will be restored upon re-employment if the break-in-service does not exceed five years. If the terminated participant received a distribution of their vested account, the Organization will restore the forfeited portion if the participant repays to the Plan the total amount of the distribution within five years of the date of re-employment.

Each year, if there are any forfeitures, they are used to reduce future Employer contributions to the Plan. During the year ended June 30, 2022, \$1,037 forfeitures were used to reduce Employer contributions. At June 30, 2022 and 2021, unallocated nonvested accounts totaled \$11,187.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for a fully benefit responsive investment contract and the interest accumulation account, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in the fully benefit responsive investment contract and the Interest Accumulation Account are reported at contract value, which approximates fair value and is comparable to a cash equivalent. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by Mutual of America and Brighthouse Life Insurance Company ("Brighthouse"). See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes interest and dividends and the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Expenses

The Organization pays certain administrative expenses incurred in the administration of the Plan. Expenses that are paid by the Organization are excluded from the financial statements. Certain other expenses, including loan set-up fees and other transactional costs, are charged to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan monitored and evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended June 30, 2022 through April 13, 2023, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Separate Account Funds:

Unit value calculated based on the observable net asset value of the underlying investment, which consist solely of mutual funds.

NOTE 3 – FAIR VALUE MEASUREMENTS – (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30,:

	Assets at Fair Value as of	
	2022	2021
	Level 1	Level 1
Separate Account Funds	<u>\$ 5,871,018</u>	<u>\$ 6,927,795</u>

NOTE 4 – GROUP ANNUITY CONTRACT WITH BRIGHTHOUSE

The Plan has a fully benefit-responsive guaranteed investment contract with Brighthouse totaling \$48,680 and \$47,034 at June 30, 2022 and 2021, respectively. Brighthouse maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.5%. Such interest rates are viewed on a periodic basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Brighthouse, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2022 and 2021, and net depreciation in fair value of investments for the year ended June 30, 2022, was obtained by management and agreed to or derived from information certified to the plan administrator and certified as complete and accurate by Mutual of America and Brighthouse, the custodians of the Plan.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Substantially all the costs and expenses incurred in connection with the operations of the Plan are paid by the Organization. Mutual of America and Brighthouse are the custodians of the Plan's assets and manage the Plan's investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Organization has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007 - 71. The Plan is required to operate in conformity with the Code to maintain its tax-exempt status for plan participants under Section 403(b). The sponsor and Plan Administrator believe the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore believe the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
