REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator and Participants of the
Juilliard School Defined Contribution Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2022 financial statements

We were engaged to perform an audit of the financial statements of Juilliard School Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of opinion on the 2022 financial statements

We do not express an opinion on the accompanying 2022 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2022 financial statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2022 financial statements.

Basis for disclaimer of opinion on the 2022 financial statements

As described in Note 6 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to

January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the 2022 financial statements may have been affected by these conditions.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the basis for disclaimer of opinion on the 2022 financial statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matters*2022 supplemental schedule required by ERISA*

The supplemental schedules of delinquent participant contributions and assets (held at year end) as of June 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the basis for disclaimer of Opinion section on the 2022 financial statements of our report, it is inappropriate to and we do not express an opinion on the 2022 supplemental schedules referred to above.

Auditor's report on the 2021 financial statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 14, 2022, we indicated that because of the significance of the information that we did not audit and because the Plan had not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements.

The Juilliard School Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of The Juilliard School ("Juilliard") Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan agreement is the governing document with respect to the operation of the Plan.

General

The Plan is a qualified defined contribution plan covering all eligible employees of Juilliard and was established on July 1, 1976. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Plan assets are held in trust at the Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF") (together referred to as "TIAA and CREF") (the "Custodian"), as directed by Plan participants. The Plan has formal agreements with the Custodian to perform custodial and certain administrative services. The Plan administrator is responsible to oversee and ensure compliance with the Plan agreement. Effective June 1, 2021, the plan was amended to allow Roth deferrals, mandatory distributions on vested balances less than \$5,000 and automatic individual retirement account rollover of certain account balances.

Participation/Vesting

Juilliard employees are eligible to begin making pretax contributions to the Plan on the first of the month following employment. Full time employees, faculty members who complete at least 300 hours of service during the Plan year, and staff members who complete 1000 hours of service during the Plan year are eligible to receive employer contributions assuming that they are least 21 years of age, have completed at least two years of eligible service, and are not part of an excluded class of employees (as defined by the Plan document). Employees are immediately 100% vested in their deferrals and employer contributions plus actual earnings thereon.

Contributions

Participants may make pretax contributions to the Plan subject to certain Internal Revenue Code ("IRC") limitations. Effective June 1, 2021, as amended, participants may make roth contributions to the Plan subject to certain IRC limitations. Juilliard contributes 10% of an employee's base compensation as defined in the Plan agreement for eligible employees. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer contributions (if eligible) and investment earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct contributions to any investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicle. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

June 30, 2022 and 2021

Plan Loans

Prior to October 2020, plan loans were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity Contract ("Traditional Annuity") account balance was reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. See Note 3 for discussion of the Traditional Annuity. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

At June 30, 2022 and 2021, participants had outstanding plan loan balances due to TIAA of \$447,629 and \$667,818, respectively. These loans were collateralized by Traditional Annuity account balances of \$492,392 and \$734,599 as of June 30, 2022 and 2021, respectively.

Notes Receivable from Participants

Starting in October 2020, TIAA no longer issued plan loans in an effort to enhance their services to participants. The plan loans were replaced by participant loans. Participant loans are available to active employees subject to certain limitations. Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Participants may have a maximum of two loans outstanding at any time. Loan terms must not be less than one year and not greater than five years unless the loan principal is used for the acquisition of a primary residence. The loans are secured by the vested balance in the participants' account and bear a reasonable interest rate (Prime Rate plus 1.00%). Principal and interest are paid ratably through TIAA. At June 30, 2022, participants had outstanding participant loan balances of \$395,382 with maturity dates ranging from August 2022 to June 2031. At June 30, 2021, participants had outstanding participant loan balances of \$264,730 with maturity dates ranging from March 2022 to May 2026.

Payments of Benefits

The Plan permits participants whose employment has been terminated to remain in the Plan. These individuals do not continue to make contributions or to receive contributions from Juilliard after termination. Effective June 1, 2021, as amended, participants whose employment has been terminated and whose value of vested benefits does not exceed \$5,000 will automatically be distributed to the participant even if they do not consent. If a mandatory distribution is being made to a participant before the later of 62 or normal retirement age, the participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan.

A participant is eligible to receive a distribution on his/her vested account balance under any of the following circumstances: (a) retirement, (b) termination of employment, (c) death, or (d) disability. Lump-sum, annuity or fixed-period payouts are available on retirement or termination of service as permitted in the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements are presented on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

June 30, 2022 and 2021

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities ("SRA") and Group Supplemental Retirement Annuities ("GSRA"), are considered fully benefit-responsive, and contract value approximates fair value for the years ended June 30, 2022 and 2021. Other TIAA Traditional Annuity contract types, specifically Retirement Annuities ("RA"), are not considered fully-benefit responsive, however, these are also reported at contract value, which approximates fair value. See Note 3 and Note 4 for further discussion of the TIAA Traditional Annuity.

Investments are stated at fair value or contract value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as benefits paid to participants and beneficiaries on the accompanying statement of changes in net assets available for benefits in accordance with the provisions of the Plan. No allowance for credit losses has been recorded as of June 30, 2022 and 2021.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid directly by Juilliard and are excluded from these financial statements. Fees related to the administration of plan loans and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - TIAA TRADITIONAL ANNUITY

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including RA, SRA and GSRA. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's

The Juilliard School Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 5.00% and 3.70% as of June 30, 2022 and 2021, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate was 4.25% and 3.0% as of June 30, 2022 and 2021, respectively.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

- *Mutual Funds* - The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Juilliard School Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

- *TIAA Real Estate Account* - The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily net asset value ("NAV"), which is considered by plan management to be the best approximation of fair value. This investment is classified within Level 2 of the fair value hierarchy. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in this account.
- *CREF Registered Investment Companies* - The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily NAV, which is considered by plan management to be the best approximation of fair value. CREF accounts are not exchange traded and are classified within Level 2 of the fair value hierarchy. Data for NAVs are available daily to plan administrators and client investors on TIAA-CREF's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.
- *TIAA Traditional Annuity* - Investments in TIAA Traditional Annuity contracts are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. See also Note 3 for discussion of the TIAA Traditional Annuity. Contract value is deemed to approximate fair value for RA contracts based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts. Contract value is deemed to approximate fair value for SRA and GSRA contracts based on observation of recent participant investments at contract value and recent unrestricted participant withdrawals at contract value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30,:

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, insurance companies and issuers of certain annuity contract investment assets of the Plan, have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate (this certification extends to investments that were record kept by TIAA, but were held by the TIAA, FSB as directed trustee or custodian):

- Investments at fair value and fully benefit-responsive investments, at contract value, as shown in the statements of net assets available for benefits as of June 30, 2022 and 2021.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of June 30, 2022.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information.

NOTE 6 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan (established in 1976) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE 7 - RELATED PARTY TRANSACTIONS

Plan investments include investment contracts, registered investment companies, pooled separate accounts, and shares of mutual funds managed by the custodian. The Plan also permits notes receivable from participants. Transactions pertaining to these investments and notes receivable qualify as party-in-interest transactions for which statutory exemption exists under the DOL's Rules and Regulations.

NOTE 8 - PLAN TERMINATION

Juilliard intends to continue the Plan indefinitely but reserves the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. ERISA provides the manner in which the assets of a terminated plan are to be allocated.

The Juilliard School Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 9 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks, and also may be impacted by COVID-19, which has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through April 13, 2023, the date the financial statements were available to be issued. There were no subsequent events identified that would require recognition or disclosure in the financial statements as of June 30, 2022.
