INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Charles County School Bus Contractors Association
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statement

I have performed an audit of the financial statements of Charles County School Bus Contractors Association Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of my report. I am required to be independent of Charles County School Bus Contractors Association Retirement Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Charles County School Bus Contractors Association Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of my report, my objective was to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Charles County School Bus Contractor's Association Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Charles County School Bus Contractors Association Retirement Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of June 30, 2022, and schedule of Delinquent Participant Contributions for the year ended June 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

I was engaged to audit the 2021 financial statements of Charles County School Bus Contractors Association Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report dated April 15, 2022, I indicated that (a) because of the significance of the information that I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, I did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CHARLES COUNTY SCHOOL BUS CONTRACTORS ASSOCIATION
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

Note 1: Description of the Plan

The following description of Charles County School Bus Contractors Association Retirement Plan (The Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Association who have three months of continuous service and are 18 years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the participants may contribute an amount up to the maximum allowable under the Internal Revenue Code (the Code) (\$20,500 for the year ended June 30, 2022). Participants who have attained age 50 before the end of the Plan year can make additional contributions, subject to limitations imposed by the Code. For the year ended June 30, 2022, the maximum allowable amount for catch-up contributions totaled \$6,500. Participants are allowed to make rollover contributions to the Plan. Additionally, monthly contributions of \$65.00 per employee can be made to the Plan, consisting of \$56.88 per month provided by the employer and \$8.12 provided by the employee. Contributions for the plan year ended June 30, 2022 are equal to the minimum required contribution.

Participant Accounts

Each participant account is credited with the participant's and employer's contribution and allocation of plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Classification

Investments available to participants consist of various mutual funds made available to them through Nationwide.

Vesting

Participants are immediately vested in their participant contributions plus actual earnings thereon. Vesting in the remainder of their accounts is at the rate of 25% per year. A participant is 100% vested after four years of service.

Payments of Benefits

One year after termination of service, a participant may elect to receive a single lump-sum payment equal to the value of his or her vested account, annuity payments over the participant's life or as a qualified joint and survivor annuity, or in equal monthly, quarterly, semi-annual or annual installments. If a participants vested account balance

Payments of Benefits (Continued)

is less than \$5,000 upon termination of service, the plan administrator directs the trustee to make a lump sum distribution. Benefits are recorded when paid.

Forfeited Accounts

As of June 30, 2022 and 2021, forfeited nonvested accounts totaled \$1,136 and \$233, respectively. Forfeited amounts may be used first to pay administrative expenses of the Plan and then to reduce the employer contributions. During the year ended June 30, 2022, no forfeitures were used to pay Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit – responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Accounting Policies (Continued)

Date of Management's Review

The Plan has evaluated subsequent events through April 17, 2023 the date which the financial statements were available to be issued.

Payment of Plan Expenses

The Plan makes direct payment of expenses to service providers. Certain other expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. In addition, certain distribution processing and management fees are charged directly to the participant's account and are included in administrative expenses.

Note 3: Certified Investments

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Nationwide Trust Company, FSB, (Nationwide) the trustee of the Plan as of June 30, 2022 and 2021 and for the year ended June 30, 2022, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

Investments held and certified by Nationwide as of June 30:	<u>2022</u>	<u>2021</u>
Funds Held in Registered Investment Companies		
Mutual Funds, at Fair Value	<u>\$2,317,833</u>	<u>\$2,819,076</u>

The trustee also certified to the completeness and accuracy of \$516,809 of net depreciation in fair value of investments and \$179,364 of interest and dividend income for the year ended June 30, 2022.

Note 4: Credit Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Additionally, the Plan holds all of its assets at Nationwide as of June 30, 2022 and 2021 in mutual funds. These balances are not insured by Nationwide or FDIC Insurance.

Note 5: Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net assets values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended June 30, 2022, there were no transfers between Levels 1 and 2 and no transfers into or out of level 3.

The following table sets forth by level, within the fair value hierarchy, the plans assets at fair value.

Assets at Fair Value as of June 30, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at Fair Value as of June 30, 2022

Note 6: Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 8, 2008, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by U.S. federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Party-In-Interest Transactions

The Plan invests in shares of mutual funds managed by Nationwide. Nationwide acts as Trustee for the Plan, therefore these transactions qualify as party-in-interest transactions. Fees were paid by the Plan for administrative expenses to Nationwide and other third-party administrators and service providers of the Plan. Fees incurred by the Plan for the investment management services are included in the net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As discussed in Note 2, the Plan made direct payment of certain administrative expenses which were not covered by revenue sharing. Expenses for service providers amounted to \$59,008 for the year ended June 30, 2022. The trustee of the Plan is a participant in the Plan. Such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. The Association provides certain accounting and administrative services to the Plan for which no fees are charged. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

During the year ended June 30, 2022, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These contributions, in the amount of \$18,834, as disclosed on the accompanying supplementary schedule of Delinquent Participant Contributions, are considered nonexempt party-in-interest transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions. The Plan intends to compensate participants for any lost interest resulting from the delay in contributions. Plan management estimates that lost income associated with the delay in contributions amounts to \$19, computed at the applicable interest rates. These nonexempt transactions do not affect the tax status of the Plan, and the Plan sponsor intends to pay all fines imposed.
