INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
St. John's College High School 403(b) Retirement Plan
Chevy Chase, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of St. John's College High School 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of St. John's College High School 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2022 financial statements, referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of St. John's College High School 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. John's College High School 403(b) Retirement Plan 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of St. John's College High School 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. John's College High School 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended as of June 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of St. John's College High School 403(b) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 18, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ST. JOHN'S COLLEGE HIGH SCHOOL 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
June 30, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of St. John's College High School 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document and amendments for a more complete description of the Plan's provisions.

General

St. John's College High School (the "School") established the Plan to provide employees with a systematic means of saving and investing for the future. Employees who normally work 20 hours per week or more are eligible to participate in the plan. Deferrals begin on the first payroll period subsequent to enrollment in the Plan. The Plan is a defined contribution plan subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA").

Plan Contributions

Participants may contribute a specified amount of their base pay by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. Following an employee's completion of three consecutive years of service, the School contributes 3% of the employee's annual base salary into the plan. Following five consecutive years of service, the School contributes 6% of an employee's annual base salary into the plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the School's contributions and Plan gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the School's contributions into various investment contracts and annuity options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, School contributions, and actual earnings thereon.

Distributions

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum, installments or an annuity. Participants may also elect to roll over their accounts to another tax-deferred account or remain in the Plan until they are legally required to begin taking distributions. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Participant Loans

The Plan allows participant loans in accordance with the plan document, from the portion of

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Loans (Continued)

the participant's vested account balance attributable to employer contributions, rollover contributions, direct transfers, and employee elected deferral contributions. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the School, the loan becomes due and payable in full immediately. If the loan is not repaid, it will automatically be treated as a distribution to the participant on the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Transfers from TIAA accounts

Participants are permitted to transfer funds between their CREF accounts and into their TIAA Traditional Annuity at any time. However, transfers out of the TIAA annuity into any CREF account by an active participant can only be made through a transfer payout annuity, which provides for the transfer of funds in substantially equal installments over a period of ten years.

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

CARES Act

In response to the pandemic, the United States Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law on March 27, 2020. As a result of the CARES Act, the Plan allowed employees who were financially impacted by COVID-19 and met certain criteria the option to take distributions up to \$100,000 (limited by the participant's balance) from the Plan through December 31, 2020. The mandatory withholding percentage did not apply to this withdrawal and the penalty tax for early withdrawal was waived. Additionally, the amount a qualified individual could borrow from the Plan was increased to \$100,000 (limited by the participant's balance) through December 31, 2020. Qualified individuals with an outstanding loan from the Plan on or after March 27, 2020 could defer loan payments due between March 27, 2020 and December 31, 2020 by one year. Required minimum distributions were suspended until 2021. The Plan will be formally amended to adopt these provisions retroactively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Accounting Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

ST. JOHN'S COLLEGE HIGH SCHOOL 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The net (depreciation) appreciation in fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Dividends are recorded on the ex-dividend date. Interest is accrued on a daily basis.

Management fees and operating expenses charged to the Plan for investments in variable annuities are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net (depreciation) appreciation in fair value of investments.

Participant Loans

Participant loans are reported on the statements of net assets available for benefits at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized monthly on loans. Loans are considered past due based on contractual payment terms. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Forfeitures

Forfeitures result from excess employer contributions and are used to reduce future employer contributions of the Plan. As of June 30, 2022 and 2021, there were no forfeited nonvested accounts. During the years ended June 30, 2022 and 2021, \$0 and \$3,405 forfeitures were used, respectively.

Contributions

Contributions from employees and the School are recorded in the period in which the School makes the payroll deductions from participant earnings.

Distributions

Distributions are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan, such as audit expense, are paid by the School.

ST. JOHN'S COLLEGE HIGH SCHOOL 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through April 7, 2023, which is the date the financial statements were available to be issued. None were noted.

NOTE 3 - INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held including investments held at June 30, 2022 and 2021 and net (depreciation) appreciation in fair value of investments and interest and dividend income for the years ended June 30, 2022 and 2021 was obtained or derived from information provided to the plan administrator and certified as complete and accurate by TIAA and CREF (collectively referred to as TIAA) and Empower Retirement, the custodians of the Plan.

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into benefit-responsive investment contracts with TIAA and Empower Retirement, some of which are fully benefit-responsive while others are not. The contributions are maintained in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the insurance company general account contract buys a guaranteed minimum amount of income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the investment contract. The fully benefit-responsive insurance contracts have been presented at contract value as of June 30, 2022 and 2021, as reported to the Plan by TIAA and Empower Retirement. Contract value represents the accumulated cash contributions and credited interest less charges for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on third-party issuer's ability to meet its financial obligations.

The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

(the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code, premature termination of the contracts, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plans' normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, a material amendment of the agreements without the consent of the issuer.

NOTE 5 - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB Accounting Standards Codification establishes a common definition for fair value to be applied to U.S. generally accepted accounting principles requiring use of fair value, establishes a framework for measuring fair value, and expands disclosures about such fair value measurements.

That framework establishes a hierarchy for ranking the quality and reliability of the information used to determine fair values. The framework requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted market prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. As required by these provisions, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2022 and 2021.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Insurance company general account contract (non-fully benefit responsive):

The TIAA Traditional Investment (Traditional Annuity) is reported at contract value, which approximates fair value. Each premium allocated to the Traditional Annuity buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Pooled Separate Account:

The pooled separate account is invested in the TIAA Real Estate Account (REA). The REA generally invests in real estate properties and real estate-related investments. The pooled separate account is valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

CREF Variable annuities:

Variable annuities invest principally in equity securities, fixed-income instruments, and short-term instruments in accordance with each portfolio's investment objective. The variable annuities are valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

Variable Annuities (held at Empower):

These accounts invest principally in equity securities, fixed-income instruments, and short-term instruments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing. Each account determines its unit value each day.

Access annuities:

Variable annuities whose subaccount unit values are calculated daily and are available on the TIAA website. The underlying investments are generally valued using market quotations obtained from independent pricing services.

The following presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of June 30, 2022 and 2021:

1 In accordance with ASC 820, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this total are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net asset available for benefits.

The table below sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the years ended June 30, 2022 and 2021:

TIAA Access Variable Annuities	\$4,316,174	\$ -	Daily	None

The significant investment strategies of the TIAA Access Variable Annuities valued at net asset value per share by class are as follows:

Multi-Asset: To invest in domestic and foreign stocks, bonds, and other equity securities of companies that meet certain social criteria including specified environmental, social, and governance criteria.

Equities: To invest in a board diversified portfolio of foreign and domestic common stocks to meet a specified favorable long-term rate of return.

Fixed Income: To invest in a broad range of fixed income securities with high income yields, returns that outpace inflation, or returns that are designated to track a specified inflation index.

Money Market: To invest in short-term securities or instruments that present minimal credit risk to provide liquidity and preserve capital.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Internal Revenue Service has not developed a process to determine that the Plan has been designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and final regulations.

As of June 30, 2022, the federal statute of limitations remains open for the June 30, 2019 through June 30, 2022 tax years.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. There were no concentrations of credit risk at June 30, 2022 and 2021.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

The Plans investments in variable annuities, the pooled separate account, and insurance company general account contracts are managed by TIAA and Empower Retirement. The Plan issues loans to participants, which are secured by the balances in the participants' accounts.

The School paid certain administrative expenses of the Plan, including record-keeping and audit fees. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

NOTE 10 - PLAN LOANS

Participants were allowed borrow from TIAA using a portion of their plan account as security for the loan. The minimum loan was \$1,000 and may be up to the lesser of \$50,000 or 45% of their account balance. The loans bear interest at rates that range from 4.0% to 4.31% at June 30, 2022 and 2021, which are commensurate with local prevailing rates as determined periodically by TIAA. Principal and interest is paid ratably through monthly or quarterly payments by the participant to TIAA. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions.

The balances as of June 30, 2022 and 2021 were \$54,136 and \$70,773, respectively. Under the borrowing terms, Plan assets of 110% of the loan amount serve as collateral to these loans.

In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of June 30, 2022, there were four plan loans totaling \$13,135 in default. As of June 30, 2021, there were no loans in default.

TIAA no longer offers Plan loans, however, existing loans at June 30, 2022 will remain in effect until they are paid off. Participants that wish to borrow from the plan will now do so under a participant loan program as described in Note 1.

NOTE 11 - PROHIBITED TRANSACTIONS – DELINQUENT CONTRIBUTIONS

During the year ended June 30, 2022, employee contributions totaling \$2,181 were not remitted to TIAA and Empower Retirement on a timely basis. Subsequent to June 30, 2022, the lost earnings on these contributions were credited to the participant accounts.

During the year ended June 30, 2021, all employee contributions were remitted to the Plan on timely basis.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Assets, income, expenses, and changes in net assets per Schedule H of Form 5500 for the years ended June 30, 2022 and 2021 agree to the audited financial statements of the Plan.
