Independent Auditor's Report

Administrative Committee
AADAP, Inc. 401(k) Profit Sharing Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of AADAP, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a qualified institution, such as the bank or similar institution or insurance carrier, in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3, to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit* of the 2022 financial statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of AADAP, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution, except for comparing such information with the related information included in the financial statements. In our report dated April 12, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021

financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

Notes to Financial Statements
June 30, 2022

Note 1—Summary Description of Plan

The following description of the AADAP, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan Sponsor is the Asian American Drug Abuse Program, Inc. ("Company"). Reliance Trust Company is the trustee of the Plan. The trustee holds the Plan investment assets and executes investment transactions. The Plan is administered by ADP Plan Services.

General—The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service in which 1,000 hours have been worked and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Each year, the participants may make annual contributions of pre-tax compensation limited to a maximum amount of the lesser of \$20,500 or 100% of the participants' compensation as defined by the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year have the option to make an additional contribution of up to \$6,500 during the year ended June 30, 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employee are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate of 3% of eligible compensation for the first year which increases 1% per year to a maximum of 10%. Contributions are automatically invested in a designated target mutual fund, based on the participant's age of birth and normal retirement age of the Plan. The Company provides a matching contribution of 100% of deferrals up to 2% of eligible compensation. The Company contributed a 3% safe harbor non-elective employer contribution, which is not subject to vesting. Compensation in excess of \$305,000 is not taken into account.

Participant Accounts—Each participant's account is credited with the participant's contribution, an allocation of (a) the Company's matching and discretionary contribution and (b) Plan earnings. Each account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully invested in their Safe Harbor Non-Elective Employer Contribution. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, which is 0% in the first year and then 20% per year thereafter.

Investing Options—Upon enrollment in the Plan, a participant may direct their contribution to a variety of mutual funds and self-directed investment accounts with Reliance Trust, trustee. Participants are also allowed to direct employer contributions made to the Plan. A listing of investment options is included in the supplemental schedule of assets (held at end of year) at June 30, 2022.

Notes to Financial Statements—Continued

Note 1—Summary Description of Plan—Continued

Notes Receivable from Participants—Notes receivable from participants represent the amount due to the Plan from the participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All loans bear a reasonable rate of interest as determined by the plan administrator and must be repaid within five years unless used for the purchase of the participant's principal residence (for which the repayment period is ten years). The participant's vested balance serves as the collateral for the loan. Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest rates ranged from 4.25% to 6.50% for the year ended June 30, 2022. Principal and interest is paid ratably through semi-monthly payroll deductions. Loans are offset against the participant's account and the related portion does not share in any income, expenses, gains, or losses (other than the interest on the loan) which are realized by the Plan. The entire unpaid principal amount of the loan will become immediately due upon either the participant's termination of employment or a default in payment of either principal or interest.

Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrative Committee deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. During the year ended June 30, 2022, deemed distributions of participant loans totaled \$3,183.

Forfeited Accounts—The Plan states that the non-vested portion of a participant's account that is forfeited may be allocated to other participants, used to defray administrative expenses of the Plan, or may be considered as part of the Employer's contribution. Forfeited non-vested accounts at June 30, 2022 and 2021 totaled \$4,339 and \$15,667, respectively. Forfeiture activity during the year ended June 30, 2022 consisted of deductions totaling \$11,328.

Payment of Benefits—Participants may withdraw a certain portion of their account while employed. The portion that can be withdrawn depends whether the employee is aged 59½ and upon the source of funds. The withdrawal cannot exceed the current value of the total account. Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity or a lump-sum amount equal to the value of the participant's vested amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, rollover the account to another plan or remain in the Plan.

Excess Contributions Payable—There were no excess contributions payable at June 30, 2022 and 2021, respectively.

Administrative Expenses—The Company pays the majority of administrative expenses associated with the Plan. The Company is not obligated to pay these costs in the future and may, at its discretion, elect to have the Plan pay these costs.

AADAP, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements—Continued

Note 1—Summary Description of Plan—Continued

Basis of Accounting—Management has prepared the accompanying financial statements of the Plan in compliance with the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Note 2—Summary of Significant Accounting Policies

Income Tax Status—The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trusts are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt, therefore no provision for income tax has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require the Plan’s management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Investment Valuation and Income Recognition—The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefit payments to participants are recorded when paid. Participant loans are measured at their unpaid principal balance, plus any accrued but unpaid interest.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

The Plan’s exposure to a concentration of credit risk includes both self-directed investments and plan-directed fund elections. The Plan’s exposure to a concentration of credit risk for participant-directed funds is limited by the diversification of investments across all participant-directed fund elections.

Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

Note 2—Summary of Significant Accounting Policies—Continued

Use of Estimates—The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America and the DOL's Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 3—Information Prepared and Certified by the Trustee

The following summary of unaudited information relating to the Plan was included in the financial statements and supplemental schedule, and prepared by or derived from information prepared by Reliance Trust Company, the Plan trustee, and furnished by the plan administrator, ADP Plan Services. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

- a. Investments as indicated on the statements of net assets available for benefits as of June 30, 2022 and 2021 and in Note 4;
- b. Investment income and net appreciation in fair value of investments indicated on the statement of changes in net assets available for benefits for the year ended June 30, 2022;
- c. Supplemental schedule of assets (held at end of year) as of June 30, 2022.

Note 4—Fair Value Measurements

In determining the fair value of assets and liabilities, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are characterized in one of the following levels:

Level 1—Quoted market prices in active markets for identical assets or liabilities. Level 1 assets include equity securities and mutual funds valued at the closing price reported on the active market on which the individual securities are traded.

Level 2—Observable market-based inputs, either directly or indirectly, but are other than quoted prices in actively traded markets. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and other observable inputs that can be corroborated by observable market data.

Level 3—Unobservable inputs that are supported by little or no market activity which are significant to the fair value of the asset or liability. Unobservable inputs reflect the best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

AADAP, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements—Continued

Note 4—Fair Value Measurements—Continued

The Plan may utilize a practical expedient for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value. The practical expedient used by the Plan to value private investments is the Net Asset Value (NAV) per share, or its equivalent. In some instances, the NAV may not equal the fair value that would be calculated under fair value accounting standards. The Plan had no assets or liabilities classified at NAV as a practical expedient during the years ended June 30, 2022 and 2021.

The Plan's investment platform uses registered investment companies. These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded. The Plan also allows for the participant directed investments in brokerage accounts which included investments in insured deposit accounts, stocks and mutual funds and are valued on the basis of readily determinable market prices.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis as of June 30, 2022:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Note 4—Fair Value Measurements—Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis as of June 30, 2021:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Totals	\$ 13,432,354	\$ 13,432,354	\$	\$

The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. In such instances, the transfer is reported at the beginning of the reporting period.

Note 5—Party-in-Interest

Assets of the Plan are invested with and valued by the trustee, which is considered a party-in-interest as a provider of administrative investment management and accounting services to the funds. These transactions are exempt from the prohibited transaction rules.

Note 6—Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Note 7—Risks and Uncertainties

In early March 2020, the COVID-19 virus was declared a global pandemic. Business continuity, including supply chains and consumer demand across a broad range of industries and countries, has been, and continues to be, severely impacted, as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. The Plan has continued to conduct its activities, primarily on a remote basis, and to monitor the ongoing impact of the pandemic response on its overall operations. At the time of this reporting, the cumulative financial impact of the pandemic on the Plan, if any, cannot be fully determined, therefore no related adjustment has been made to these financial statements.

Note 8—Subsequent Events

Management evaluated all activities of AADAP, Inc. 401(k) Profit Sharing Plan through April 11, 2023, which is the date the financial statements were available to be issued, and concluded that no material subsequent events have occurred that would require adjustment to the financial statements or disclosure in the notes to the financial statements.
