Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Gridiron Fiber Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, the statement of accumulated plan benefits as of July 1, 2021, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules as of and for the year ended June 30, 2022 listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements; and (b) the form and content of the information included in the 2021 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations under ERISA.

Notes to Financial Statements

1. Description of Plan

The following description of the Gridiron Fiber Retirement Plan, (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan established by Gridiron Fiber Corp. (the "Company"). Effective October 1, 2003, the Plan was amended to freeze employees' entry into the Plan. Employees hired after October 1, 2003 are not eligible to participate in the Plan. Effective December 31, 2012, the Plan was amended to freeze all benefit accruals. The Plan Administration Committee controls and manages the operations and administration of the Plan.

John Hancock Trust Company serves as the trustee of the Plan (the "trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan status

In December 2020, the North State Communications Retirement Plan assets, in the amount of \$102,566,274, were merged into the Plan.

Funding

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in the amount as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended June 30, 2022 and 2021.

Although it has not expressed any intentions to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension benefits

Employees hired under NTELOS Inc. prior to October 1, 2003, automatically became participants in the Plan upon the later of (i) completion of 1 year of service with at least 1,000 hours of service or (ii) attainment of age 21.

Normal retirement age is 65, at which time a participant shall receive a monthly retirement annuity payable for the life of the participant, unless another payment form is in effect, equal to the sum of:

- 1.23% of monthly highest average compensation multiplied by total years of service; plus
- .50% of the participant's monthly highest average compensation in excess of covered compensation multiplied by total years of service.

A reduced early retirement annuity is available to participants at age 55, provided they have completed five years of service. Years of service for the limited purpose of calculating the amount of this benefit shall include years of service earned after June 30, 2012. An increased annuity is available to participants that delay retirement beyond the normal retirement date. A deferred annuity is available to participants that complete five years of service and terminate employment prior to retirement age.

Employees may elect to receive their pension benefits, based on the Plan's provisions, the form of a single life annuity, a qualified joint and survivor annuity or a ten-year certain and continuous annuity.

Death and disability benefits

If a participant with five years of service dies before their annuity starting date, a qualified pre-retirement survivor annuity shall be paid to the participant's surviving spouse during such spouse's lifetime. Unless the surviving spouse elects a later date, the qualified pre-retirement survivor annuity payments must begin during the month that includes what would have been the participant's early retirement date. No disability benefits are payable under the Plan.

Vesting

Participants with less than five years of service have no vesting in their accrued benefits. Participants with five or more years of service are fully vested in their accrued benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities, and the actuarial present value. Accordingly, actual results may differ from those estimates and assumptions.

Cash and cash equivalents

Cash equivalents consist of funds held in money market accounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Subsequent events

The Plan has evaluated subsequent events through April 17, 2023, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, that are attributable to the Plan. Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the actuarial equivalent of the balance of the participant's account as of the end of the month before the participant's termination of service. Benefits payable under all circumstances (retirement, death, and termination of employment) are included in accumulated benefits, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial value of accumulated plan benefits is determined by the Plan's actuary.

Significant assumptions used by the enrolled actuary in the valuations as of July 1, 2021 and 2020 were:

	<u>2021</u>	<u>2020</u>
Discount rate	6.00%	6.00%
Expected return on assets	6.00%	6.00%
Mortality	PRI-2012 projected using MP-2021	PRI-2012 projected using MP-2020
Termination and retirement	Graduated rates	Graduated rates

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Plan Termination

In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

5. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities in their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at June 30, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds

Money market funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Interest-bearing cash

Interest-bearing cash is valued daily at its closing cash balances as reported by the trustee.

Corporate bonds

The Plan utilizes a third-party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information, such as quotes from less-active markets and/or quoted prices of securities with similar characteristics.

Common collective trust fund

The Plan invests in a collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis at June 30:

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 1,840,711	\$ -	\$ -	\$ 1,840,711
Interest-bearing cash	950,731	-	-	950,731
Corporate bonds	-	65,215,799	-	65,215,799
Total assets in the fair value hierarchy	<u>\$ 2,791,442</u>	<u>\$ 65,215,799</u>	<u>\$ -</u>	<u>68,007,241</u>
Investments measured at net asset value (a)				<u>63,056,868</u>
Investments at fair value				<u>\$131,064,109</u>

	2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 1,251,820	\$ -	\$ -	\$ 1,251,820
Interest-bearing cash	943,109	-	-	943,109
Corporate bonds	-	63,475,101	-	63,475,101
Total assets in the fair value hierarchy	<u>\$ 2,194,929</u>	<u>\$ 63,475,101</u>	<u>\$ -</u>	<u>65,670,030</u>
Investments measured at net asset value (a)				<u>98,901,214</u>
Investments at fair value				<u>\$164,571,244</u>

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) practical and expedient as of June 30, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of June 30, 2022 and 2021, and for the years then ended June 30, 2022, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2022</u>	<u>2021</u>
Investments	\$ <u>131,064,109</u>	\$ <u>164,571,244</u>
Net appreciation (depreciation) in fair value of investments	\$ <u>(20,891,533)</u>	\$ <u>15,223,193</u>
Dividends	\$ <u>3,842</u>	\$ <u>92,727</u>

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 23, 2022, that the Plan and related trust were designed in accordance with applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the latest determination letter; however, the Company and plan management believe that the Plan is currently designed and operated in compliance with applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of June 30, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan filed a Voluntary Correction Program ("VCP") with the IRS for certain operational errors and is pending final response from the IRS.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Actuarial cost method**Funding target and target normal cost**

An actuarial cost method allocates the expected cost of a pension plan on a year-by-year basis. The primary objective is to accumulate enough assets prior to each participant's retirement to provide the promised pension benefits.

The Pension Protection Act of 2006 (PPA) requires plan sponsors to use the Traditional Unit Credit actuarial cost method in which the estimated accrued benefit is based on service and, if applicable, earnings as of the valuation date. The funding target is equal to the actuarial present value of all accrued benefits as of the valuation date. The target normal cost is the actuarial present value, as of the valuation date, of the expected increases in projected accrued benefits attributable to service expected to be completed during the plan year (i.e., if applicable, one year's salary growth is reflected in the determination of target normal cost).

For tax deduction purposes, the funding target may reflect the value of future pay increases on accrued benefits, if applicable.

PPA discounting method

The plan sponsor must choose between full yield curve spot rates or a segmented yield curve of 24-month average corporate bond rates. If the segmented yield curve is selected, the plan sponsor can use either the rates as of the month of the valuation or as of a lookback month, up to 4 months prior to the valuation date. If the full yield curve is selected, the rates as of the month of valuation must be used.

For purposes of this valuation, the following discounting method was used and is assumed to be approved by the plan sponsor:

Segment rates through the month of June preceding the valuation date, adjusted so each segment rate is no less than the applicable minimum percentage* of the corresponding 25-year average segment rate for the calendar year that contains the first day of the plan year and no more than the applicable maximum percentage of that 25-year average segment rate. The 25-year average cannot be less than 5.0% prior to application of the corridor.**

Asset valuation method

Plan assets for purposes of this actuarial valuation are valued under the asset averaging method, including, if applicable, discounted receivable contributions. The value is equal to the average of the fair market value of assets on the valuation date and the adjusted fair market value (including expected earnings) for the two earlier annual determination dates. Expected earnings are calculated using a rate no greater than the third segment rate of the segmented yield-curve in effect at the beginning of each valuation year. The resulting average value must be fall between 90 and 110 percent of the fair market value of assets on the valuation date.

* Minimum is 95% through 2025, decreasing 5% per year beginning in 2026 until 70% is reached in 2030

** Maximum is 105% through 2025 and increasing 5% per year beginning in 2026 until 130% is reached in 2030

Spouse's Age: Wives assumed to be 2 years younger than husband

Rationale for significant assumptions

Economic assumptions

- **Expected return on plan assets:** The assumption was selected by the client with input from their investment advisor. We believe the assumption is reasonable as it falls within a reasonable range of expected returns for the plan's asset allocation based on capital market assumptions.
- **ASC 960 discount rate:** This assumption is based on the expected return on plan assets.

Demographic Assumptions

- **ASC 960 mortality:** The mortality base table and projection scale is based on the most recent mortality table and improvement scale published by the Society of Actuaries and in our judgement, adequately reflects expected mortality rates as of the measurement date. The plan's relatively small size would not support a credible mortality study.
- **Termination:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in termination patterns are not expected.

Actuarial assumptions

- **Retirement:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in retirement patterns are not expected.

Miscellaneous assumptions

- **Expenses:** The assumption is based on the expectation of expenses to be paid out during the plan year, based on actual PBGC expenses projected for the year, and assuming non-PBGC related expenses will be similar to the prior year.
- **Form of payment:** All optional forms are actuarially equivalent, and the assumption is based on the normal form of payment.
- **Spouse's age and percent married:** The employer does not have enough credible data to analyze spousal demographics. These assumptions are based on the actuary's experience with similar plans.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 7 - Explanation of Discrepancy in Prior Year Funding Standard Carryover Balance or Prefunding Balance

Plan name: Gridiron Fiber Retirement Plan
Plan sponsor: Gridiron Fiber Corp.

EIN: 86-3776842
PN: 001

Explanation of Discrepancy in Prior Year Funding Standard Carryover Balance or Prefunding Balance

The North State Communications Retirement Plan (EIN 56-0341710/PN 001) (North State) merged into the Gridiron Fiber Retirement Plan (EIN 86-3776842/PN 001) (Gridiron), formerly the Lumos Networks Retirement Plan, effective December 18, 2020. Gridiron has a plan year beginning July 1 and North State had a plan year beginning January 1. Due to the merger, an interim valuation as of January 1, 2021 was performed for North State and the minimum required contribution for the plan year beginning July 1, 2020 and ending June 30, 2021 for Gridiron was adjusted to reflect costs of North State from the date of the merger through the end of the 2020 plan year. In addition, North State had a prefunding balance as of the date of the merger. The roll forward of the prefunding balance from the beginning of the prior year to the beginning of the current year reflects the North State prefunding balance as of the January 1, 2021 interim valuation date and portion elected for use to offset the prior year's funding requirement attributable to North State. As such, the beginning of year prefunding balance on the 2021 Schedule SB reflects the prefunding balance which merged in from North State, hence the discrepancy with line 13 of the 2020 Schedule SB.

Summary of plan provisions

Summary of plan provisions

Former Lumos Networks Retirement Plan

Effective Dates:	October 1, 2011. Amended and restated effective January 1, 2021 to reflect the merger of the North State Communications Retirement Plan as of December 18, 2020. The plan was last amended effective September 16, 2021 to change the plan sponsorship to Gridiron Fiber Corp. and the plan name to Gridiron Fiber Retirement Plan.
Employee:	Any person employed by Lumos Networks Operating Company.
Eligibility Requirements:	All employees and former employees participating in the Revised Retirement Plan for the Employees of NTELOS Inc. whose benefits were transferred shall be participants effective November 1, 2011. No new employees hired or rehired after October 31, 2011, except "delayed transfer employees" will become participants in the plan.
Plan Entry Date:	An eligible employee will enter the plan on the first day of the month following completion of the eligibility requirements.
Year of Service:	12-consecutive month computation period in which an employee is credited with 1,000 or more hours of service. Computation period commences on employee's date of hire for eligibility and on the first day of the plan year for vesting and benefit accrual purposes. Former employees of Roanoke-Botetourt Telephone Company receive service for benefit accrual purposes only from August 1, 2001. Former employees of PrimeCo receive service for benefit accrual purposes only from date of acquisition (July 26, 2000). Benefit Accruals are frozen as of December 31, 2012, however Years of Service earned after December 31, 2012 shall be credited for determining eligibility for early retirement benefits.
Normal Retirement Date:	First of the month coincident with or next following attained age 65 and 5 years of plan participation.
Compensation:	The total remuneration paid to an employee by the Employer for personal services actually rendered and which is includable as gross income on Form W-2 plus deferrals. (Compensation earned after December 31, 2012 is not taken into consideration.)

Summary of plan provisions

Monthly Highest Average Compensation:	Compensation averaged over 5 consecutive years producing the highest average prior to termination of employment. Compensation earned by any participant following December 31, 2012 shall not be taken into account for purposes of determining the participant's average monthly compensation.
Normal Retirement Benefit:	<p>An amount equal to the greater of (A) and (B)</p> <p>(A) the sum of:</p> <ul style="list-style-type: none">(i) accrued benefit as of June 30, 1989 plus(ii) an amount determined in (B) below, based on years of service accrued after June 30, 1989 <p>(B) the sum of:</p> <ul style="list-style-type: none">(i) 1.23% of monthly highest average compensation times years of service plus(ii) 0.50% of monthly highest average compensation in excess of covered compensation times years of service. <p>Effective December 31, 2012, benefit accruals are frozen.</p>
Normal Form of Benefit:	<p>Unmarried: Single Life Annuity</p> <p>Married: 50% Joint and Survivor Annuity</p>
Optional Forms of Benefit:	50%, 66 2/3%, 75% or 100% Joint and Survivor Annuity or 10 Year Certain and Life Annuity or Lump Sum if present value is \$50,000 or less.
Accrued Benefit:	As of any date of determination, the Normal Retirement Benefit based on the Employee's monthly highest average compensation and years of service to that date. Effective December 31, 2012, benefit accruals are frozen.
Early Retirement Benefit:	<p>A person may elect to retire and commence receipt of a reduced pension on the first day of any month subsequent to his 55th birthday and completion of 5 years of vesting service. The benefit is the Normal Retirement benefit reduced by 1/180 for each of the first 60 months and 1/360 for each of the next 60 months by which early retirement precedes normal retirement date. There is no reduction for early retirement if the participant is over age 62 and has at least 25 years of service. The following schedule applies if the sum of the participant's age and service is greater than or equal to 85:</p>

Summary of plan provisions

Number of Years From Annuity Starting Date to Normal Retirement Date Age 65	Percentage that Applies to Normal Retirement Benefit (B)(i)	Percentage that Applies to Normal Retirement Benefit (B)(ii)

8	100.00	75.00
9	100.00	68.80
10	100.00	63.20

Late Retirement:

A person may elect to retire and commence a benefit on first day of any month after normal retirement date. The late retirement benefit is the greater of the normal retirement benefit actuarially increased to reflect later commencement or continued accrual of the normal retirement benefit which is calculated using the monthly highest average compensation and years of service as of the late retirement date.

Death Benefit:

- (i) Upon the death of a vested participant with an eligible spouse prior to the participant's earliest retirement date, his spouse will be entitled to an annuity based on the participant's accrued benefit as of his date of death, survived to age 55, retired with the 50% Joint & Survivor Option and died on the following day.
- (ii) If the death occurs after the participant is eligible for early, normal or late retirement, the spouse's benefit commences on the first of the month immediately following his death based on the accrued benefit calculated as if the participant retired on the day before his death and had selected the 100% Joint & Survivor Option.

Vesting:

100% vesting after 5 Years of Service, disregarding service prior to age 18.

Summary of plan provisions

The (Former) North State Communications Retirement Plan

Participation:	Each Employee becomes a Participant on the first of the month on or next following the attainment of age 21 years and completion of 1 Qualifying Year of Service. Effective April 4, 2012, exclude employees hired or rehired after April 4, 2012 from participation in the plan. Effective, December 31, 2013, participation and future benefit accruals are frozen for all employees. The plan was merged into the Lumos Network Retirement Plan on December 18, 2020.
Compensation:	Compensation is the total Compensation received by the Participant for the prior Plan Year including earnings deferred under qualified Employer sponsored plans. Excluded are amounts for other fringe benefits, moving expenses, automobile allowances, overtime (effective January 1, 2011), taxable values of Employer paid group term life insurance, and Christmas Annual Bonuses (effective January 1, 2014).
Average Compensation:	Highest average using 60 full consecutive calendar months within the last 120 months.
Qualifying Year of Service:	An eligibility computation period during which an employee completes at least 1,000 hours of Service.
Service:	Service prior to January 1, 1976: all completed years and months of continuous Service. Service on or after January 1976: calendar years with at least 1,000 Hours of Service.
Vesting Service:	An employee earns Vesting Service credit for all years of Service as defined above.
Benefit Service:	Except as noted below, an employee earns Benefit Service credit for all years of Service as defined above. Service after December 31, 2013 shall be disregarded.
Social Security Covered Compensation:	The average of the Social Security Maximum Taxable Wage Bases for the 35-year period ending with and including the year in which Social Security Retirement Age is attained, rounded to the next lower multiple of \$12. Social Security Retirement Age is 65 for employees born before 1938, 67 for those born after 1954, and 66 for those born in intermediate years.

Summary of plan provisions

Accrued Benefit:

Effective, December 31, 2013, benefit accruals ceased under the plan. In no event will a participant's normal retirement benefit be less than their frozen accrued benefit at December 31, 2013. The amount of Annual Retirement Benefit payable in the Normal Annuity Form is calculated in the amount equal to the sum of (1) + (2) below:

(1) Grandfathered Group: (a) Participants who have completed at least 20 Years of Vesting Service or the sum of the Participant's exact age and completed Years of Vesting Service shall equal at least 65, as of January 1, 2011:

- 1.3% of Final Average Compensation (FAC), multiplied by the number of Years of Benefit Service,

Non-Grandfathered Group: (b) Participants who have not completed 20 Years of Vesting Service or the sum of the Participant's exact age and completed Years of Vesting Service is less than 65, as of January 1, 2011:

- 1.3% of Final Average Compensation (FAC), multiplied by the number of Years of Benefit Service earned as of January 1, 2011, plus
- 1.0% of Final Average Compensation (FAC), multiplied by the number of Years of Benefit Service earned after January 1, 2011,

(2) For all Participants

- 0.65% of Final Average Compensation (FAC) in excess of the applicable Covered Compensation, multiplied by the number of Years of Benefit Service, subject to a maximum of 35 years.

The Accrued Benefit, with respect to the formula above, as of any date, is calculated using actual Years of Benefit Service and Final Average Compensation as of the date of determination.

Normal Retirement Benefit:

Eligibility

The Normal Retirement Date for each Participant is the first of the month coincident with or next following the later of the attainment of age 65, or the 5-year anniversary of Plan Participation.

Monthly Benefit

The Accrued Benefit calculated at the normal retirement date. Effective, December 31, 2013, benefit accrual ceased under the plan. In no event will participants normal retirement benefit be less than their frozen accrued benefit at December 31, 2013.

Summary of plan provisions

Delayed Retirement Benefit:

Eligibility

Eligibility is the first of the month next following the actual date the Participant terminates employment after Normal Retirement Date.

Monthly Benefit

The benefit is based on Years of Benefit Service and Final Average Compensation as of the actual retirement date or the Actuarial Equivalent of the Normal Retirement Benefit, if greater.

Early Retirement Benefit:

Eligibility

Eligibility is the earlier of (a) attainment of age 60 and the completion of 20 Years of Vesting Service, or (b) attainment of age 55 and the completion of 25 Years of Vesting Service, or (c) completion of 30 Years of Vesting Service.

Monthly Benefit

Benefit (Grandfathered Group)

The Early Retirement Benefit is the Accrued Benefit unreduced for early commencement. The integrated portion of Accrued Benefit is reduced to comply with permitted disparity rules. (This applies to all early retirement calculations including those without early reductions).

The Grandfathered Group is defined as Participants who, as of January 1, 2007, had either 20 Years of Vesting Service or whose age plus Years of Vesting Service was at least 65.

Monthly Benefit

Benefit (Non-Grandfathered Group)

The Early Retirement Benefit is the greater of the Participant's Accrued Benefit as of January 1, 2007 or the Accrued Benefit actuarially reduced. The reduction is 1/180 for each of the first 60 months and 1/360 for each of the next 60 months by which the benefit commences prior to Normal Retirement Date.

Disability Benefit:

None.

Summary of plan provisions

Termination Benefit:

Eligibility

Termination of employment prior to retirement with at least five years of Vesting Service.

Monthly Benefit

The vested Accrued Benefit commences in full at age 65. If the Participant had met the service requirements for Early Retirement, but not the age requirement, at the election of the Participant, a reduced benefit would be payable at the Early Retirement Age.

Pre-Retirement Death Benefit:

Eligibility

The deceased participant must have attained a vested right to a benefit from the plan prior to their date of death and a minimum of 1 year of marriage.

Monthly Benefit for Participants who Die Prior to their Earliest Retirement Date

The monthly benefit payable to the participant's surviving beneficiary is a lifetime annuity commencing at the earliest date that the participant would have been eligible to retire. The benefit is equal to the benefit that would be paid to the beneficiary, calculated as if the participant separated from service on the date of death, survived to the earliest retirement age under the plan, retired electing a 50% joint & survivor annuity, and died the next day. In lieu of monthly payments, the beneficiary may elect to receive their benefit in the form of a one-time lump sum payment if the Actuarially Equivalent present value of the Survivor's Benefit is \$1,000 or less.

Monthly Benefit for Participants who Die After their Earliest Retirement Date

The monthly benefit payable to the participant's surviving beneficiary is a lifetime annuity commencing on the first of the month after the participant's death. The benefit is equal to the benefit that would be paid to the beneficiary, calculated as if the participant retired on the date of death, elected a 100% joint and survivor annuity, and died the next day. In lieu of monthly payments, the beneficiary may elect to receive their benefit in the form of a lump sum payment if the Actuarially Equivalent present value of the Survivor's Benefit is \$1,000 or less.

Summary of plan provisions

Plan name: Gridiron Fiber Retirement Plan

EIN: 86-3776842

Plan sponsor: Gridiron Fiber Corp.

PN: 001

Changes in actuarial assumptions and methods

There was a change in the funding method used to determine the actuarial value of assets for the plan year beginning July 1, 2021 (the first valuation date after the merger of the North State Communication Retirement Plan into the Gridiron Fiber Retirement Plan). The IRS approved the request for the method change on July 14, 2022.

There were no other changes in assumptions and methods other than those mandated to remain in compliance with IRS standards (specifically, the interest discounting rates and mortality table).
